

Kennebunkport Fire Department

SOG 3

VEHICLE OUT OF SERVICE

JAN 1990
SEPT 1999

Any apparatus that is mechanically out of service or does not have a valid inspection sticker will be considered to be out of service and the following actions taken;

- A. Apparatus is to be posted on the steering wheel as being out of service
- B. The Fire Chief will be notified and advised of the problem with the apparatus and the actions being taken to place the unit back in service.

Any apparatus that would pose a danger to the driver or any of the firefighters riding same will be placed out of service, and dispatch notified.
