April, Matt and I had an open moment to check the site distance. It is 390 feet looking towards the West and 570 feet looking towards the East, as the vehicle is parked in the Blackrock's driveway. It may be possible to get more distance looking towards the West if some tree work could be done.

Subject: Site Distance - 293 Goose Rocks Rd (Blackrock Farm)

Good morning!

The Nonantum submitted an application to the Planning Board requesting permission to host events at Blackrock.

At last night's meeting, the PB requested the site distance be determined.

That being said, would you all be available to meet on Friday, April 26th at 2:00 p.m. to determine the same? Tina and Helene, you are more than welcome to join if you wish to do so.

Matt, are you able to cover for Chris is he is unavailable?

Thank you. I look forward to hearing back from you all.
