

Town of Kennebunkport
Beach Advisory Committee Workshop
Goose Rocks Beach Fire Station
August 27, 2013 @ 5:30.

Members Present: Beth Ramsey, Bob Sherman, Paul Hogan, Richard Driver, Mike Weston, Meg Barry, Katie Nixon

There is a suggestion to check into a quality phone system for conference calls given that several members of the committee do not live full-time at GRB.

Proposed dates for meetings through June 2014:

September 24, October 22, November 7*, December 5*, January 2*, February 6*, March 20, April 17, May 1, June 16

*meeting if needed only

Meg introduced the compilation of comments from the 8/20/13 meeting held at the GRB Firehouse. Our top priority items are:

1. **Parking:** New Biddeford Rd (need to get off pavement but impossible in some areas because of obstacles), speeding along Kings Highway and Wildwood. Clean debris next to parking spaces on Kings Highway so that cars can be parked closer to the rocks therefore opening the road for more room and safety.

Ask Larry: what are the parking spaces that are not used now, but could replace problematic spaces so that we stay at 173 spaces?

2. **Dogs:** We discussed the enforcement of the ordinance that allows dogs to be on GRB between 6 and 8 am. There should not be dogs in active plover area because if a piping plover is "taken" there is a serious fine. Town of Kennebunk has off-leash time period. We will be watching the result of the taking of a piping plover at Scarborough Beach.

3. **Safety:** speeding, bikes, walking (To be discussed at meeting 9/24/2013)

4. **Trash:** (To be discussed at meeting 9/24/2013)

5. **Communication:** (To be discussed at meeting 9/24/2013)

Bob reported that the Good Humor truck had no permit. Paul encouraged him to lower the volume. Richard requested that we revisit the status of back lot owners for the 2014 agenda.

The next meeting for the BAC will be September 24, 2013 at the Conservation Trust.

Respectfully submitted,

Beth Ramsey

BAC Secretary
