¹ Certain prohibitions apply in Velocity Zones

□ 6. Conditional Use (Lobster/Fish Shed seaward of mean high tide)
Note: Conditional Use requires add'l. information due to specific standards, public hearing, and Planning Board review. Attach a Site Plan – Drawn to scale with north arrow.
 Show property boundaries, floodway, and floodplain lines. Show dimensions of the lot. Show dimensions and location of existing and/or proposed development on the site. Show areas to be cut and filled.
Attach Statement – describing in detail how each applicable development standard in Article VI will be met.
For New Construction or Substantial Improvement also show:
 Existing and proposed grade elevations adjacent to the walls of the structure done by a Professional land Surveyor, Architect, or Engineer. Location and elevation of temporary elevation reference marks on the site.
Special Note: Substantial Improvement is defined as any reconstruction, rehabilitation, addition or other improvement of a structure, the cost of which equals or exceeds 50 percent of the market value of the structure before the start of construction of the improvement. Please refer to the floodplain management ordinance, Article XIV, for more complete definitions of New Construction and Substantial Improvement.
Structures in Velocity Zones are not permitted on fill or excavations. Structures must be built on open foundation systems, i.e., columns, piles, posts. Certification of structural design, specifications, plans and construction methods completed by a Professional Engineer or Architect shall accompany the application as required in Article VI.L.3. of the floodplain management ordinance.
The applicant understands and agrees that:
 The permit applied for, if granted, is issued on the representations made herein; Any permit issued may be revoked because of any breach of representation; Once a permit is revoked all work shall cease until the permit is reissued or a new permit is issued; Any permit issued on this application will not grant any right or privilege to erect any structure or sue any premises described for any purposes or in any manner prohibited by the ordinances, codes, or regulations of the municipality; The applicant hereby gives consent to the Code Enforcement Officer to enter and inspect activity covered under the provisions of the Floodplain management Ordinance; If issued, the permit form will be posted in a conspicuous place on the premises in plain view; and, If issued, the permit will expire if no work is commenced within 180 days of issuance.
I hereby certify that all the statements in, and in the attachments to this application are a true description of the existing property and the proposed development project.

FLOOD HAZARD DEVELOPMENT PERMIT PART I

, M	laine
(For New Construction or Substantial Improver	nents)

For New Construction or Substantial Improvement of any structure, this Flood Hazard Development Permit allows construction only up to the establishment of the lowest floor. This permit is issued based on documentation that the information provided in the Flood Hazard Development Permit Application is in compliance with the Floodplain Management Ordinance. Once the lowest floor is established, the permittee must provide an Elevation Certificate establishing the as built lowest floor elevation. When the Code Enforcement Officer finds the documentation in the Elevation Certificate to be in compliance with the Floodplain Management Ordinance, the Part II Flood Hazard Development Permit shall be issued. The Part II Permit must be issued in order for construction to continue.

	opment Permit is hereby issued as j, Maine, for development as de	provided under Article V.F. of the Floodplain Management Ordinance fined in said ordinance.
