

Advisory_05_29_2013

May 29, 2013

The laboratory tests results are in for samples taken on May 28, 2013. The samples taken at the mouth of the Batson–Smith Rivers and the Little River are still elevated.. It is advised that you avoid water contact at these sites. This advisory is in place until further notice. Next water sample testing will be May 30.

The Town of Kennebunkport participates in the Maine Healthy Beaches Program which is a cooperative partnership to test the water quality of Maine beaches. Volunteers take tests once each week. If tests identify elevated bacteria levels, the public is notified to avoid water contact.

NOTE: An Advisory is posted with any sample result exceeding the EPA set limit of 104.

Colony Beach: 51

Mouth of the Little River: 216

Public Access at Broadway: 5
