

Beach Advisory June 3,2010

June 3, 2010

The laboratory tests results are in for samples taken on June 1, 2010. The retest sample taken at Colony Beach taken on June 2 continues to be elevated. It is advised that you avoid water contact at this site. This advisory is in place until further notice.

All sites At Goose Rocks Beach were within normal limits.

Next water sample testing at both beaches will be June 8. The Town of Kennebunkport participates in the Maine Healthy Beaches Program which is a cooperative partnership to test the water quality of Maine beaches. Volunteers take tests once each week. If tests identify elevated bacteria levels, the public is notified to avoid water contact.
