Goose Rocks & Colony Beach Water Status

June 25, 2014

The laboratory results are in for June 24, 2014.

All water samples from the test sites at Colony Beach and Goose Rocks Beach are within the acceptable range for water contact.

The town of Kennebunkport participates in the Healthy Maine Beaches Program, which is a cooperative partnership to test the water quality of Maine beaches. Volunteers take tests once each week. If tests identify elevated bacteria levels of over 104, the public is notified to avoid water contact. A repeat test is then conducted as soon as possible.

Colony Beach: 10

Goose Rocks Beach:

Mouth of the little River: 5

Public Access at Broadway: 5

177 Kings Highway: 5

Mouth of the Batson/Smith Rivers: 5

Boaters// K'Port is a **NO DISCHARGE ZONE**. Please use and encourage your boating friends to use the FREE pump-out in the Kennebunk River.

Next test day: July 1st

Judy Barrett

Kennebunkport's Healthy Maine Beach Program Manager
