

Advisory_07_25_2013

July 25, 2013

The laboratory tests results are in for samples taken on July 24, 2013. An Advisory is in place for Goose Rocks Beach. There continues to be an elevated bacteria level at the mouth of the Batson River. It is advised that you avoid water contact at this site. This advisory is in place until further notice.

Next water sample testing will be July 30, 2013

The Town of Kennebunkport participates in the Maine Healthy Beaches Program which is a cooperative partnership to test the water quality of Maine beaches. Volunteers take tests once each week. If tests identify elevated bacteria levels, the public is notified to avoid water contact.

NOTE: An Advisory is posted with any sample result exceeding the EPA set limit of 104.

Colony Beach :63
