14. Discussion of Fourth of July Fireworks.

Laurie Smith, Town Manager, informed the board that the fire works supplier is asking for a commitment within the next few weeks. Kennebunk officials are concerned about the Governor's executive orders and whether gatherings of this type will be allowed in July. Another concern is that high tide is around the time the fireworks would begin which will reduce space on the beach for spectators. In addition, Colony Beach parking lot will be closed this year for repairs so that will further reduce the space available for watching the fireworks. Kennebunk is still contemplating whether to proceed but would welcome our opinions. After discussion, it was decided to wait to see how Kennebunk decides to proceed.

15. Consider proposal of a contest for the creation of a Town flag to commemorate Kennebunkport's bicentennial (2021).

The idea for a town flag design contest was presented as a symbol of the Town's past, present and future. It would complement this year's bicentennial anniversary. A Town flag would be an opportunity to represent our community for residents and businesses alike.

The contest will be open to anyone who would like to make a submission. Criteria (according to the North American Vexillogogical Association) are:

- Keep it Simple (so simple that a child can draw it from memory)
- Use meaningful symbolism representing your community
- Use 2-3 basic colors (red, blue, green, black, yellow, white, purple, gray, orange)
- No lettering or seals (never use writing or town seal)
- Be distinctive (never duplicate other flags)

It was agreed to proceed and offer a prize to the winner. The deadline for submissions will be May 31st with an unveiling sometime during the summer.

16. Accept the donation of \$1,000 from the Goose Rocks Beach Fire Company to the nurse's general account.

Motion by Selectman Hutchins, seconded by Selectman Briggs to accept the donation of \$1,000 from the Goose Rocks Beach Fire Company to the nurse's general account. **Roll Call Vote**: Briggs, Matthews-Bull, Weston, Hutchins, and Daggett. **Voted**: 5-0. **Motion passed**.

Laurie Smith, Town Manager, brought forward a proposal to wrap the two new Kona electric cars to identify them as Town vehicles. The design would have the town seal on the hood and doors with green design advertising on the sides.

Motion by Selectman Weston, second by Hutchins to wrap both Kona electric vehicles with the design presented. **Roll Call Vote**: Briggs, Weston, Hutchins, and Daggett. Matthews-Bull-nay. **Voted:** 4-0. **Motion passed.**

Kennebunkport 2021 Mower Bid Review

Walker T27i Mower with 48" HD Collection Deck

FM Abbott, Waterboro Bid Price \$12,946

Chad Little, Scarborough Bid Price \$13,553

In our Equipment / Reserve Capital account we have a budget balance of \$14,837 to pay for a new mower. This mower replaces a 2008 John Deere Commercial Collection Mower with approximately 3,100 operation hours. The Walker mower has a deck and collection system set up for doing multiple lawn areas quickly. We utilize this mower for about 8 hours of run time per week during mowing season. Mowing areas and proposed mower purchase model are shown below. The fuel injection engine uses less fuel per hour than a carbureted engine. In speaking with local landscapers using this engine it has good power with low maintenance.

Both bids we received are based on the same mower and heavy-duty collection deck. The only other Walker dealer in the area is MB Tractor out of Plaistow, NH and they do not get an instate dealer discount from Walker for municipal sales. Our price quote is substantially discounted as a municipal sale. Our old John Deere mower will be utilized to mow rough areas such as the disc Golf Course next to Parsons Field. I recommend that the Town purchase the Walker 27i mower with 48"HD Collection Deck from the low bidder, FM Abbott of Waterboro for \$12,946.

MEMORANDUM

Date: April 2, 2021

To: Laurie Smith

From: Chris Simeoni, Deputy Director Public Works

Re: Agenda item for April 8th Selectmen's meeting- Clarifier Project Engineering

Agreement

We have received a proposal from Wright-Pierce for engineering services consisting of Bidding Administration and Construction Administration phases for the Secondary Clarifier Upgrade. (Please see attached.) The proposed Bidding Phase fee was \$5500.00 and the Construction Administration Phase fee was \$23,000.00 for a total fee of \$28,500.00. We would like to sole source this contract to Wright-Pierce as they are the firm that completed the final design for the upgrade. It would be unconventional to place this contract out to bid with other firms that did not complete the design work for the project.
