INTRODUCTORY SECTION

TOWN OF KENNEBUNKPORT, MAINE

– INCORPORATED 1653 –

MAINE'S FINEST RESORT

December 7, 2020

To the Board of Selectmen and Citizens of the Town of Kennebunkport:

State of Maine statutes require that every general purpose local government issue annually a financial report audited in accordance with auditing standards generally accepted in the United States of America. This report is published to fulfill that requirement for the fiscal year ended June 30, 2020.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal controls that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Runyon Kersteen Ouellette, Certified Public Accountants, have issued an unmodified ("clean") opinion on the Town of Kennebunkport's financial statements for the year ended June 30, 2020. The independent auditor's report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

Profile of the government

The Town was incorporated in 1653 as Cape Porpus, reincorporated in 1717 as Arundel and then changed its name February 19, 1821 to its current name – Town of Kennebunkport. The Town is located in the southeastern part of the state and is located 25 miles south of Portland. It currently occupies 22.0 square miles and has a year-round population of 3,548. The Town of Kennebunkport continues to be a key area within the State for summer tourism. The Town of Kennebunkport is empowered to levy a property tax on real and personal property located within its boundaries.

The Town of Kennebunkport operates under the Town Manager – Board of Selectmen form of government. Policy-making and legislative authority are vested in the governing Board consisting of the chairman and four other members, all of whom are elected at large. Board members serve three years each, with staggering terms. The Board of Selectmen appoints the Town Manager. The Town Manager is responsible for carrying out the policies and ordinances of the Board of Selectmen, for overseeing the day-to-day operations of the Town, and for appointing the heads of the Town's departments, some with Board of Selectmen confirmation.

The Town of Kennebunkport provides a full range of services, including police and fire protection, solid waste collection, the construction and maintenance of roads, health and welfare, recreation, general administration, sewer treatment plant, pier and parking lot.

The Town is required to adopt an annual budget for the fiscal year beginning on July 1. This annual budget serves as the foundation for the Town of Kennebunkport's financial planning and control. Budgets are prepared by fund, function and department. Department heads present their proposed budgets to the Town Manager and Treasurer in January. The Board of Selectmen and Budget Board review the proposed budgets in March and April and make recommendation for the annual Town Meeting in June. Registered voters of the Town adopt the annual budget in June.

Local Economy

The Town of Kennebunkport is a residential coastal town, whose local economy is somewhat seasonal, and tourism based, peaking in the summer. The local economy also includes an active fishing industry and agriculture.

Unemployment had been relatively stable until the effect of the last recession was felt in 2010 and the effects from the COVID 19 pandemic. During the last decade, the unemployment rate has seen a low of 2.4% in 2018 and 2019, and a high of 6.7% in 2020. York County's unemployment rate as of June 2020 was 6.7% compared to 11.1% nationally.

Median household incomes within the Town of Kennebunkport, York County are \$91,353, which is higher than the state as a whole. According to the 2020 Maine Home Town Locator, the median family income for the County was \$67,715 while the State was \$55,425. The Town's population was 3,548 as of 2019 census American community survey. The median price of a single-family home in the Town of Kennebunkport is \$650,910.

Long-term financial planning and major initiatives

The Town has contracted with H.M. Payson to manage its trust accounts and maximize the return on investment.

As part of its Comprehensive Plan, the Town envisions preserving Kennebunkport as a residential town, with a significant seasonal population, an active fishing industry, and a strong tourism economy. To achieve this, it is proposed to establish standards for new commercial growth and improve communications with the public. The Town will pursue policies that support measured commercial and residential growth. As the affordability of housing is stifling the available year-round population, the Town is establishing a housing trust to undertake affordable housing projects.

The Town also wishes to preserve the distinct character of Kennebunkport and its districts. This would be accomplished by maintaining neighborhoods, water dependent activities, preserve Goose Rocks Beach for public use, provide seasonal toilet facilities for the public, preserve waterfront views, protect the conservation property in Town including the lighthouse, and managing the spirit and atmosphere of community.

Managing and supporting the Town's largest economic factor by developing parking and traffic policies and ensuring the safety and enjoyment of residents and visitors.

The Town will support the fishing industry by continuing to support Government Wharf and the Cape Porpoise Pier. In fiscal year 2020, the Town's plans for capital investments in the Cape Porpoise Pier were continued.

The Board of Selectmen have adopted a five-year capital plan to maintain and invest wisely in equipment and infrastructure while stabilizing the impact on the tax rate. In 2020, the Town started on the Ocean Ave- Seawall reconstruction project.

The Town has continued to provide pedestrian and bicycle expansion on our roads while maintaining our winding tree lined roads.

The Board of Selectmen have adopted a fund balance policy to ensure a stable financial foundation while also reserving excess funds for future capital needs.

Currently, the Town is part of Regional School Unit (RSU) #21, which is comprised of the Towns of Kennebunkport, Kennebunk, and Arundel.

Awards and acknowledgements

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Town of Kennebunkport for its comprehensive annual financial report for the year ended June 30, 2019. The certificate recognizes that Kennebunkport published an easily readable and efficiently organized comprehensive annual financial report that satisfied both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year. We believe this year's comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the Government Finance Officers Association to determine its eligibility for a certificate.

We wish to thank all government departments for their assistance in providing the data necessary to prepare this report.

Respectfully submitted,

Laurie A. Smith

Independent Auditor's Report

Board of Selectmen
Town of Kennebunkport, Maine

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Kennebunkport, Maine, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Town of Kennebunkport, Maine
Board of Selectmen

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Kennebunkport, Maine, as of June 30, 2020, and the respective changes in financial position, and, where applicable, cash flows thereof and the budgetary comparison for the General Fund, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, and the schedules pertaining to the net pension and total OPEB liabilities, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Kennebunkport, Maine's basic financial statements. The introductory section, combining and individual fund financial statements, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements are fairly stated in all material respects in relation to the basic financial statements as a whole.

Town of Kennebunkport, Maine
Board of Selectmen

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 7, 2020, on our consideration of the Town of Kennebunkport, Maine's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town of Kennebunkport, Maine's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of Kennebunkport, Maine's internal control over financial reporting and compliance.

TOWN OF KENNEBUNKPORT, MAINE
Management's Discussion and Analysis
June 30, 2020

As management of the Town of Kennebunkport, we offer readers of the Town's financial statements this narrative overview and analysis of the financial activities of the Town for the fiscal year ended June 30, 2020. We encourage readers to consider the information presented in conjunction with additional information that we have furnished in the basic financial statements and the accompanying notes to those financial statements.

Financial Highlights

- The Town experienced an increase in overall financial position in fiscal year 2020.
- The Town's total net position increased by \$1,133,105 to \$31,517,759 (Statement 2).
- Net capital assets increased by \$944,297 (pages 41 and 42).
- General revenues accounted for \$20,399,403 in revenue, or 86.05% of all revenues. Program-specific revenues consisting of charges for services and grants and contributions accounted for \$3,309,391 in revenue, or 13.95% of \$23,708,794 in total revenues (statement 2).
- At the end of the current fiscal year, the fund balance for the general fund was \$5,191,297 of which \$2,606 was nonspendable, \$636,908 was committed, \$631,480 was assigned, and \$3,920,303 was unassigned. (See notes to the financial statements and Statement 3)

Overview of the Financial Statements

Below is a brief discussion of the basic financial statements, including the relationships of the statements to each other and the significant differences in the information they provide. The Town's basic financial statements are comprised of three components:

1. Government-wide financial statements,
2. Fund financial statements, and
3. Notes to the financial statements

This report also contains supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements

The government-wide financial statements include two main basic financial statements in accordance with Statement No. 34 of the Governmental Accounting Standards Board (GASB). The first is the *Statement of Net Position*, and the second is the *Statement of Activities*. These two statements are designed to provide readers with a broad overview of the Town's finances in a manner similar to a private-sector business. Both report information about the Town as a whole and about its activities during the fiscal year using the accrual basis of accounting used by most private-sector companies.

- Governmental Activities - Most of the Town's basic services are reported here, including public safety, public works, health and welfare, recreation and culture, and general government. Property taxes and excise taxes finance most of these activities.
- Business-type Activities - The Town charges a fee to customers to help it cover all or most of the cost of certain services it provides. The Town's Sewer Department, the Cape Porpoise Pier, Dock Square Parking Lot and the Government Wharf are reported here.

TOWN OF KENNEBUNKPORT, MAINE
Management's Discussion and Analysis, Continued

The *Statement of Net Position* presents information on all of the Town's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the difference between these items reported as net position. Infrastructure (roads, bridges, etc.) are Town assets if constructed and owned by the Town or maintained by the Town. The increase or decrease in net position may serve as a useful indicator of whether the financial position of the Town is improving or deteriorating. Other factors also need to be considered as well, such as changes in the Town's property tax base and the condition of the Town's infrastructure.

The *Statement of Activities* presents information showing how the Town's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. This statement shows the net cost of departmental services (i.e., the cost of departmental services less the revenues generated by those departments), that are funded by tax revenues, State aid, and other unrestricted revenues.

Fund Financial Statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Within the basic financial statements, fund financial statements focus on the Town's funds, rather than the Town as a whole.

Governmental funds - *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the Town's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statements of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*. The General Fund is the Town's only major fund within the governmental funds.

Since the Government-wide focus includes the long-term view and the Fund focus presents a shorter-term (yearly budget) view, we are required by GASB Statement No. 34 to present reconciliations between the two following each Governmental Fund financial statement.

Notes to the financial statements - The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

TOWN OF KENNEBUNKPORT, MAINE
Management's Discussion and Analysis, Continued

Financial Analysis of the Town as a Whole

The Statement of Net Position provides the perspective of the Town as a whole.

The Town's net position at fiscal year-end is \$31,517,759. This includes current assets (primarily cash, investments and taxes receivable), the cost (less accumulated depreciation) of all buildings, equipment and land owned by the Town (valued at historical cost, or an estimate thereof), less current liabilities and long-term debt. Changes in net position from year-to-year may be observed to analyze changing financial positions of the Town as a whole. The following table is presented in thousands (Statement 1).

	Governmental Activities		Business-type Activities		Primary Government Total	
	2020	2019	2020	2019	2020	2019
Current assets	\$ 9,764	9,279	2,492	2,490	12,256	11,769
Capital assets:						
Land	12,738	12,738	950	950	13,688	13,688
Construction in progress	1,531	134	477	383	2,008	517
Buildings and improvements	4,489	4,489	7,958	7,958	12,447	12,447
Land improvements	288	288	30	30	318	318
Furniture & fixtures	20	20	-	-	20	20
Equipment & vehicles	5,111	5,021	2,727	2,507	7,838	7,528
Infrastructure	10,708	10,520	8,091	8,091	18,799	18,611
Less: accumulated depreciation	(7,846)	(7,255)	(11,653)	(11,199)	(19,499)	(18,454)
Total assets	36,803	35,234	11,072	11,210	47,875	46,444
Deferred outflows of resources						
related to pensions	568	503	62	50	630	553
related to OPEB	100	51	-	-	100	51
Total deferred outflows of resources	668	554	62	50	730	604
Current liabilities	1,219	448	1,695	1,491	2,914	1,939
Long-term liabilities	13,418	13,876	346	455	13,764	14,331
Total liabilities	14,637	14,324	2,041	1,946	16,678	16,270
Deferred inflows of resources						
related to pensions	366	348	44	39	410	387
related to OPEB	-	7	-	-	-	7
Total deferred inflows of resources	366	355	44	39	410	394
Net investment in capital assets	15,264	14,853	6,793	6,975	22,057	21,828
Restricted	1,465	1,402	-	-	1,465	1,402
Unrestricted	5,739	4,854	2,256	2,300	7,995	7,154
Total net position	\$ 22,468	21,109	9,049	9,275	31,517	30,384

The largest portion of the Town's net position reflects investments in capital assets (i.e., buildings, vehicles, and land); less any related debt used to acquire those assets that is still outstanding. Currently, the Town owes debt related to the police station addition, parks and recreation building, sewer upgrades, land purchase, and seawall upgrades. The Town uses these capital assets to provide services to its citizens; consequently, those assets are not available for future spending. The resources needed to repay this debt must be provided from other sources, primarily tax dollars, since the capital assets themselves cannot be used to liquidate these liabilities. Unrestricted net position may be used to meet the Town's ongoing obligations to its creditors.

TOWN OF KENNEBUNKPORT, MAINE
Management's Discussion and Analysis, Continued

The statement of activities presents information showing how the Town's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in the statement for some items that will only result in cash flows in future periods such as uncollected taxes and earned but unused compensated absences. The following summarizes the changes in net position in thousands (Statement 2). Details on the overall general fund operational results can be found following the expenditure and revenue tables on pages 18 and 19. The business-type activities details can be found starting on page 29.

	Governmental Activities		Business-type Activities		Primary Government Total

TOWN OF KENNEBUNKPORT, MAINE
Management's Discussion and Analysis, Continued

The table below presents the total cost, for fiscal years 2020 and 2019, of each of the Town's largest programs: general government, public safety, public works, education and county tax, as well as each program's net cost (total cost less revenues generated by the activities). The net cost shows the financial burden that was placed on the Town's taxpayers by each of these functions (Statement 2).

Governmental Activities
(in thousands)

	2020				2019			
	Total		Net		Total		Net	
General govt.	\$ 2,147	10.4%	1,686	8.8%	\$ 1,495	7.8%	1,143	6.5%
Public safety	3,026	14.6%	2,735	14.2%	2,919	15.2%	2,746	15.6%

Totals	\$ 19,039	91.9%	17,979	93.3%	17,488	90.8%	16,301	92.4%

The Town's Funds

The Town has one major fund – the General Fund. Detailed information regarding this fund can be found on pages 25 and 26 of these financial statements. More funding has been assigned for use of fund balance in the subsequent year and therefore unassigned decreased. The changes in the fund balance of this fund is as follows (Statement 3):

Major Fund	Balance June 30, 2020	Balance June 30, 2019	\$ Change	% Change
General Fund	\$ 5,191,297	\$ 4,930,025	261,272	5.30%

Expenditures

The table below shows the Town's original and adjusted budgets for various departments and functions for the year ended June 30, 2020. The table also shows actual expenditures for each department and function as well as the variance between the adjusted budget and the actual expenditures for each category. The Town considers a variance to be significant if it exceeds \$20,000 and 10% of its adjusted budget (Statement 6).

General Fund Department/Function Expenditures	Original Budget	Adjusted Budget	Expenditures	Variance	
				Amount	%
General Government	\$ 1,988,397	2,089,161	1,856,579	232,582	11.13%
Public Safety	2,948,749	2,989,929	2,824,827	165,102	5.52%
Public Works	1,225,693	1,238,293	1,130,645	107,648	8.69%
Health and Welfare	737,959	737,959	667,300	70,659	9.57%
Recreation and Culture	510,620	510,636	495,158	15,478	3.03%

Education	11,249,250	11,249,250	11,249,250	-	0.00%
Debt Service	592,020	592,020	455,209	136,811	23.11%
Capital Improvements and Reserves	-	424,790	19,841	404,949	95.33%
Total expenditures	\$ 20,396,464	20,975,814	19,842,585	1,133,229	5.40%

TOWN OF KENNEBUNKPORT, MAINE
Management's Discussion and Analysis, Continued

All of the Department/Function expenditures of the Town came in at or under budget. Capital improvements and reserves include several completed projects that had funds carried forward as assigned fund balances.

Revenues

The table below shows the Town's final budget and actual revenues from various resources for the year ended June 30, 2020. The table also shows the variance between these figures for each category. The Town considers a variance to be significant if it exceeds \$20,000 and 10% of the final budget (Exhibit A-2).

General Fund Revenues	Final Budget	Actual Revenues	Variance	
			Amount	%
Property taxes	\$ 18,745,020	18,698,146	(46,874)	-0.25%
Excise taxes	994,600	1,098,012	103,412	10.40%
Interest on taxes	27,000	44,668	17,668	65.44%
Licenses, permits, and fees	325,750	417,948	92,198	28.30%
Charges for services	265,600	289,740	24,140	9.09%
Intergovernmental revenue	575,936	732,517	156,581	27.19%
Investment income	110,000	167,924	57,924	52.66%
Other revenues	23,500	37,223	13,723	58.40%
Total revenues	\$ 21,067,406	21,486,178	418,772	1.99%

Property taxes are shown as adjusted for the unavailable tax revenue activity.

Excise taxes are difficult to budget as actual collections depend upon a variety of factors unknown at the time the budget is prepared, particularly economic conditions six to eighteen months after budget preparation. The actual amount exceeded expectations.

Interest on taxes varies from year to year depending on when payments for taxes are made.

Intergovernmental revenues were over budget due to MDOT grants becoming available in fiscal year 2020.

Charges for services were over budget primarily due to parking violations fees coming in higher than anticipated.

Investment income came in higher than expected due to higher interest rates on negotiated accounts.

Other revenues came in higher due to the generous general assistance donations.

TOWN OF KENNEBUNKPORT, MAINE
Management's Discussion and Analysis, Continued

Capital Assets

As of June 30, 2020, the Town had \$35,619,904 invested in capital assets, net of accumulated depreciation, consisting of land, buildings, and equipment. (As previously noted, the Town is not required under GASB 34 to report infrastructure built or otherwise acquired prior to July 1, 2003). This amount represents a net increase (including additions, deletions, and less this year's depreciation) of approximately \$944,297, or 27.2% over last year. For additional information, see the Capital Assets section in the notes, pages 41 and 42.

This year's major additions/deletions included:

- Ongoing sewer upgrades.
- Road repairs, extension, and construction.
- New vehicles for the fire and public works departments.
- New equipment for the sewer and Dock Square Parking Lot departments.

All of the above were paid for with General Fund resources, except that the equipment was paid for with corresponding account fees and using existing net position. The sewer upgrades were bonded.

The Town's fiscal year 2021 budget, as approved at the annual Town Meeting held on July 14th and July 18th, includes approximately \$1,196,914 for various capital improvements, including new Public Works fuel depot equipment, one police vehicle, reserves for a new truck for the highway department, road and sidewalk improvement/construction, and fire apparatus reserve, communications reserve, and Cape Porpoise Pier construction funding.

Debt

The Town of Kennebunkport had \$11,628,895 in bonds outstanding at fiscal year-end, compared to \$11,765,826 last year (page 43). State law limits the Town's debt in the aggregate to 15% of its stated assessed valuation. The Town's outstanding debt at June 30, 2020 was within this statutory limit. For additional information, see the long-term debt section in the notes, pages 43 through 45.

Economic Factors and Next Year's Budget

The fiscal 2021 budget has been prepared and already approved at the July 14th and 18th annual town meeting. The municipal portion of the budget increased by approximately \$290,798 from last year. This was due to increases in overall operating costs.

This financial report is designed to provide our citizens, taxpayers, and creditors with a general overview of the Town's finances and to show the Town's accountability for the money it receives. If you have questions about this report or need financial information, contact the Town Manager or Treasurer, PO Box 566, Kennebunkport, Maine 04046.

TOWN OF KENNEBUNKPORT, MAINE
Reconciliation of the Statement of Revenues, Expenditures,
and Changes in Fund Balances of Governmental Funds
to the Statement of Activities
For the year ended June 30, 2020

Net change in fund balances - total governmental funds (from Statement 4)	\$ 341,947
Amounts reported for governmental activities in the statement of activities (Statement 2) are different because:	
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays (\$1,690,340) exceeded depreciation expense (\$606,669).	1,083,671
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	46,882
Some expenses reported in the statement of activities do not require the use of current financial resources and therefore, are not reported as expenditures in the governmental funds. This is the amount of the change in the net pension liability with related deferred inflows and outflows and outflows (\$140,460), accrued compensated absences (\$55,748), total OPEB liability with related deferred inflows and outflows (\$27,744), and accrued interest (\$31,902).	(255,854)
The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This is amount by which bond and lease repayments (\$89,169) and the amortization of bond premium (\$83,690) exceeded lease proceeds (\$30,207).	142,652
Change in net position of governmental activities (see Statement 2)	\$ 1,359,298

See accompanying notes to basic financial statements.

TOWN OF KENNEBUNKPORT, MAINE
Notes to Basic Financial Statements

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Town of Kennebunkport was incorporated under the laws of the State of Maine. The Town operates under the selectmen-manager form of government and provides the following services: general government services, public safety, public works, health and welfare, education and recreation.

The accounting policies of the Town of Kennebunkport, Maine conform to accounting principles generally accepted in the United States of America as applicable to governmental units. The following is a summary of the more significant of such policies:

The Reporting Entity

In evaluating how to define the reporting entity, for financial statement purposes, management has considered all potential component units. The decision to include a potential component unit was made by applying the criteria set forth in GAAP which defines the reporting entity as the primary government and those component units for which the primary government is financially accountable. Financial accountability is defined as appointment of a voting majority of the component unit's board, and either a) the ability to impose will by the primary government, or b) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government. Application of this criterion and determination of type of presentation involves considering whether the activity benefits the government and/or its citizens, or whether the activity is conducted within the geographic boundaries of the government and is generally available to its citizens. Based upon the application of these criteria, there were no potential component units required to be included in this report.

Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all activities of the Town. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. The Town has elected not to allocate indirect costs among the programs, functions, and segments. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

TOWN OF KENNEBUNKPORT, MAINE
Notes to Basic Financial Statements, Continued

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Measurement Focus, Basis of Accounting, and Basis of Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary funds. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period for property taxes and one year for all other revenues. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as certain compensated absences and claims and judgments, are recorded only when the payment is due.

Those revenues susceptible to accrual are property taxes, interest, and charges for services. Other receipts and taxes become measurable and available when cash is received by the Town and are recognized as revenue at that time. Entitlements and shared revenues are recorded at the time of receipt or earlier if the susceptible to accrual criteria are met. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met.

The Town reports the following major governmental fund:

The *General Fund* is the Town's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Town reports the following major proprietary funds:

Sewer Department Fund accounts for revenues earned and expenses incurred in the operation of the sewer department.

TOWN OF KENNEBUNKPORT, MAINE
Notes to Basic Financial Statements, Continued

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule include charges between the Town's sewer department fund and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Town's proprietary funds are charges to customers for sales and services; operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Cash and Investments - Cash includes amounts in demand deposits and savings accounts. State statutes authorize the Town to invest in obligations of the U.S. Treasury and U.S. agencies, repurchase agreements and certain corporate stocks and bonds.

Investments are reported at fair value. For the purposes of the statement of cash flows, all highly liquid investments with a maturity of three months or less when purchased are considered to be cash equivalents.

Short-term Interfund Receivables/Payables - During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as interfund loans on the balance sheet.

Receivables - All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible. This amount is based on a percentage of amounts older than one year.

Inventories - Inventories are valued at cost, which approximates market, using the first-in/first-out (FIFO) method. The costs of governmental fund-type inventories are generally recorded as expenditures when consumed rather than when purchased. The costs of business fund-type inventories are generally recorded as assets when purchased and expensed when consumed.

Prepaid Items - Payments made to vendors for services that will benefit periods beyond June 30, 2020 are recorded as prepaid items.

Capital Assets - Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the Town as assets with an initial, individual cost of more than \$10,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated acquisition value at the date of donation.

TOWN OF KENNEBUNKPORT, MAINE
Notes to Basic Financial Statements, Continued

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

The costs of normal repairs and maintenance that do not add to the value of the asset or materially extend assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant, and equipment of the primary government is depreciated using the straight-line method over the assets' estimated useful lives as shown in following table by asset type:

<u>Useful Life</u>	<u>Asset Type</u>
3-15 years	Land improvements
30-50 years	Buildings
5-50 years	Building improvements
5-50 years	Machinery and equipment
5-10 years	Furniture and fixtures
10-40 years	Vehicles
10-50 years	Infrastructure

Compensated Absences - Under terms of personnel policies and union contracts, vacation and sick leave is granted in varying amounts according to length of service and is accrued ratably over the year. Regular part-time employees receive vacation and sick leave on a pro-rated basis. Vacation and sick pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Governmental Fund Balance – Fund balance is reported in five classifications that comprise a hierarchy based primarily on the extent to which the Town is bound to honor constraints on the specific purposes for which those funds can be spent. The five classifications of fund balance for the Governmental Funds are as follows:

- *Nonspendable* – resources which cannot be spent because they are either a) not in spendable form or; b) legally or contractually required to be maintained intact.
- *Restricted* – resources with constraints placed on the use of resources which are either a) externally imposed by creditors (such as through debt covenants), grantors, contributors or laws or regulations of other governments or; b) imposed by law through constitutional provisions or enabling legislation.
- *Committed* – resources which are subject to limitations the government imposes on itself at its highest level of decision making authority, and that remain binding unless removed in the same manner. The passage of an ordinance is used to commit fund balance.
- *Assigned* – resources that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed.
- *Unassigned* – resources which have not been assigned to other funds and that have not been restricted, committed, or assigned to specific purposes within the General Fund. The General Fund should be the only fund that reports a positive unassigned fund balance amount.

Generally, all unexpended budgetary accounts lapse at the close of the fiscal year except some on-going projects which may be assigned for subsequent year expenditures and some non-lapsing accounts, which are carried forward to the next fiscal year upon approval of the voters.

TOWN OF KENNEBUNKPORT, MAINE
Notes to Basic Financial Statements, Continued

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

The responsibility for committing fund balance amounts rests with the voters and likewise would be required to modify or rescind those commitments at its annual or a special town meeting. The Town Manager has been given the authority to assign fund balance amounts at the end of the fiscal year.

When both restricted and unrestricted resources are available for use, it is the Town's intent to use restricted resources first, then unrestricted resources as they are needed. When committed, assigned, and unassigned resources are available for use, it is the Town's intent to use committed or assigned resources first, and then unassigned resources as they are needed.

It is the policy of the Town of Kennebunkport to maintain unassigned fund balance in the general fund at two months of general fund expenditures (or 16%) measured on a GAAP basis. In the event that the unassigned fund balance drops below this level, the Town will develop a plan, implemented through the annual budgetary process, to bring the balance to the target level over a period of five (5) years or less. As of June 30, 2020, the Town was in compliance with its policy.

Long-term Obligations - In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts, if material to basic financial statements, are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount.

Interfund Transactions - Interfund services provided and used are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly chargeable to another fund are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed. All other interfund transactions are reported as transfers.

Use of Estimates - Preparation of the Town's financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources and disclosure of contingent items at the date of the financial statements and the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results could differ from those estimates.

Comparative Data/Reclassifications - Comparative data for the prior year has been presented only for certain funds in the fund financial statements in order to provide an understanding of the changes in the financial position and operations of these funds. Also, certain amounts presented in the prior year data have been reclassified in order to be consistent with the current year's presentation.

Encumbrances - Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrance accounting - under which purchase orders, contracts, and other commitments for the expenditure of resources are recorded to assign that portion of the applicable appropriation - is utilized in the governmental funds. For reporting under accounting principles generally accepted in the United States of America, encumbrances outstanding at year end are reported as assignments of fund balances and do not constitute expenditures or liabilities because the commitments will be honored during the subsequent year.

TOWN OF KENNEBUNKPORT, MAINE
Notes to Basic Financial Statements, Continued

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Deferred Inflows and Outflows of Resources - In addition to assets and liabilities, the statement of net position and balance sheet will sometimes report separate sections for deferred outflows of resources and deferred inflows of resources. These separate financial statement elements, deferred outflows of resources and deferred inflows of resources, represent a consumption or acquisition of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) or inflow of resources (revenue) until that time. The governmental funds only report a deferred inflow of resources, unavailable revenue from property taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The governmental activities have deferred outflows and inflows that relate to the net pension and OPEB liabilities, which include the Town's contributions subsequent to the measurement date, which are recognized as a reduction of the net pension liability in the subsequent year. They also include changes in assumptions, differences between expected and actual experience, and changes in proportion and differences between Town contributions and proportionate share of contributions, which are deferred and amortized over the average expected remaining service lives of active and inactive members in the plan. They also include the net difference between projected and actual earnings on pension plan investments, which is deferred and amortized over a five-year period.

Pensions - For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Maine Public Employees Retirement System Consolidated Plan for Participating Local Districts (PLD Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Budgetary Information

Budgets are adopted for the General Fund only and are adopted using the budgetary basis of accounting, which includes encumbrances as expenditures. The level of control (level at which expenditures may not exceed budget) is the warrant article level. Generally, all unexpended budgetary accounts lapse at the close of the fiscal year except some on-going projects which may be assigned for subsequent year expenditure and some non-lapsing accounts which are carried forward to the next fiscal year.

The budgeted financial statements represented in this report reflect the final budget authorization, including all amendments.

TOWN OF KENNEBUNKPORT, MAINE
Notes to Basic Financial Statements, Continued

STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY, CONTINUED

B. Revised Budget

The revised budget presented for the General Fund in the Statement of Revenues, Expenditures, and Changes in Fund Balance - Budget and Actual (Statement 6), includes various adjustments as follows:

	<u>Revenues</u>	<u>Expenditures</u>	<u>Other financing sources (uses)</u>
2020 budget as originally adopted	\$ 21,067,406	20,396,464	(670,942)
Budget adjustments	-	(8,000)	(8,000)
Assigned carryforward balances	-	587,350	587,350
Totals	\$ 21,067,406	20,975,814	(91,592)

DEPOSITS AND INVESTMENTS

A. Deposits

Custodial Credit Risk-Town Deposits: Custodial credit risk is the risk that in the event of a bank failure, the Town's deposits may not be returned to it. The Town does not have a policy regarding custodial credit risk. As of June 30, 2020, the Town reported deposits of \$9,885,422 with a bank balance of \$9,839,520. Of the Town's bank balances of \$9,839,520, none was exposed to custodial credit risk because all of the bank balance was covered by the F.D.I.C. or by additional insurance purchased on behalf of the Town by the respective banking institutions.

B. Investments

The Town categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. At June 30, 2020, the Town had the following investments:

	<u>Fair value</u>	<u>N/A</u>	<u>Less than 1 year</u>	<u>Fair value hierarchy</u>	<u>Credit rating</u>
Exchange traded funds	\$ 295,634	295,634	-	Level 1	A-
Mutual funds	151,506	151,506	-	Level 1	A-
Equities	893,934	893,934	-	Level 1	N/A
Total investments	\$ 1,341,074	1,341,074	-		

Custodial Credit Risk-Town's Investments: For investments, custodial credit risk is the risk that, in the event of failure of the counterparty, the Town will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.

TOWN OF KENNEBUNKPORT, MAINE
Notes to Basic Financial Statements, Continued

DEPOSITS AND INVESTMENTS, CONTINUED

Interest Rate Risk: It is the Town's policy that interest rate risk will be mitigated by structuring the Town's portfolio so that the securities mature to meet the Town's cash demands for ongoing operations, thereby precluding the need to sell securities on the open market prior to their maturity and by investing primarily in shorter-term securities.

Credit Risk: It is the Town's policy that credit risk will be mitigated by limiting investments to the types of securities authorized by the Town's policy, using financial institutions which have been evaluated and qualified by the Treasurer using key quantitative and qualitative factors as outlined in the Town's investment policy, and diversifying the investment portfolio.

PROPERTY TAX

Property taxes for the current period were committed on July 25, 2019, on the assessed value listed as of April 1, 2019, for all real and personal property located in the Town. Payment of taxes was due in equal installments on September 10, 2019 and March 10, 2020. Interest at the rate of 8% per annum was charged on any amounts remaining unpaid after this date. Assessed values are periodically established by the Assessor's agent at 100% of assumed market value. The 2020 assessed value of \$1,983,600,020 was 97% of the estimated market value and 86% of the 2020 state valuation of \$2,295,400,000.

The Town is permitted by the laws of the State of Maine to levy taxes up to 105% of its net budgeted expenditures for the related fiscal period. The amount raised in excess of 100% is referred to as overlay, and amounted to \$77,014 for the period ended June 30, 2020.

Tax liens are placed on real property within twelve months following the tax commitment date if taxes are delinquent. The Town has the authority to foreclose on property eighteen months after the filing of the lien if tax liens and associated costs remain unpaid. Property taxes levied during the year ended were recorded as receivables at the time the levy was made. The receivables collected during the year ended and in the first sixty days following the end of the fiscal year have been recorded as revenues. The remaining receivables have been recorded as unavailable revenues. The following summarizes the periods ended June 30, 2020 and 2019 levies:

	<u>2020</u>	<u>2019</u>
Assessed value	\$ 1,983,600,020	1,962,639,480
Tax rate (per \$1,000)	9.45	8.76
Commitment	18,745,020	17,192,722

INTERFUND LOAN BALANCES AND TRANSFERS

The purpose of interfund loans is to charge revenues and expenditures/expenses to the appropriate fund when that activity is accounted for through the centralized checking account. The balances represent each fund's portion of the centralized checking account.

Individual interfund loan receivable and payable balances at the year ended June 30, 2020 were as follows:

	<u>Interfund loans receivable</u>	<u>Interfund loans payable</u>
General Fund	\$ -	3,068,737
Proprietary Funds:		
Sewer Department	117,452	-
Cape Porpoise Pier	-	35,731
Dock Square Parking Lot	394,249	-
Government Wharf	4,357	-
Total proprietary funds	516,058	35,731
All Other Governmental Funds:		
Special revenue funds	431,409	34,958
Capital projects funds	2,181,398	-
Permanent funds	10,561	-
Total all other governmental funds	2,623,368	34,958
Total interfund loans receivable and payable	\$ 3,139,426	3,139,426

Individual fund transfers for the year ended June 30, 2020 were as follows:

	<u>Transfers in</u>	<u>Transfers out</u>
General Fund	\$ 465,707	1,845,318
Proprietary Funds:		
Sewer Department	35,642	30,000
Dock Square Parking Lot	-	255,000
Total proprietary funds	35,642	285,000
All Other Governmental Funds:

2023	565,371	346,648	912,019	56,470	2,674	59,144
2024	576,293	323,131	899,424	56,919	2,069	58,988
2025	7,537,226	187,501	7,724,727	-	-	-
2026-2030	967,381	189,858	1,157,239	-	-	-
2031-2035	325,000	73,125	398,125	-	-	-
2036-2040	325,000	24,375	349,375	-	-	-
Totals	\$ 11,404,315	1,907,320	13,311,635	224,580	11,997	236,577

In accordance with 30 MRSA, Section 5061, as amended, no municipality shall incur debt for specified purposes in excess of certain percentages of state valuation of such municipality. Additionally, no municipality shall incur debt in the aggregate in excess of 15% of its state assessed valuation. At June 30, 2020, the Town's outstanding debt did not exceed these limits.

TOWN OF KENNEBUNKPORT, MAINE
Notes to Basic Financial Statements, Continued

LONG-TERM DEBT, CONTINUED

Capital Leases

The following is a schedule, by year, of future minimum capital lease payments together with the present value of the net minimum payments as of June 30, 2020:

2021	\$ 6,540
2022	6,540
2023	6,540
2024	6,540
Total minimum lease payments	26,160
Less: Amount representing interest	(2,392)
<u>Present value of net minimum lease payments</u>	<u>\$ 23,768</u>

OPERATING LEASES

The Town leases buildings to provide facilities for the Fire Department. Total costs for the leases were \$24,350 for the year ended June 30, 2020. The future minimum lease payments for these leases are as follows:

Year ending <u>June 30,</u>	<u>Goose Rocks Beach Fire Co.</u>
<u>2021</u>	<u>\$ 24,910</u>
<u>Total</u>	<u>\$ 24,910</u>

OVERLAPPING DEBT

The Town's proportionate share of debt of all local government units which provide services within the Town's boundaries, and which must be borne by properties in the Town, is summarized as follows:

<u>Units</u>	<u>Net debt outstanding June 30, 2020</u>	<u>Percentage applicable to the Town</u>	<u>Town's proportionate share of debt</u>
York County	\$ 1,900,000	6.56%	124,725
Regional School Unit #21	51,008,779	41.09%	20,961,162

The Town's proportionate share of the County and RSU #21 debt is paid through annual assessments by the respective governmental entities.

TOWN OF KENNEBUNKPORT, MAINE
Notes to Basic Financial Statements, Continued

RISK MANAGEMENT

The Town is exposed to various risks of loss related to torts: theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the Town either carries commercial insurance, participates in public entity risk pools, or is effectively self-insured. Currently, the Town participates in several public entity and self-insured risk pools sponsored by the Maine Municipal Association (MMA).

Based on the coverage provided by these pools, as well as coverage provided by commercial insurance purchased, the Town is not aware of any material actual or potential claim liabilities, which should be recorded at June 30, 2020. There have been no significant reductions in commercial insurance coverage from the prior year and no settlements have exceeded commercial insurance coverage in any of the past three years.

NET POSITION

Net position represents the difference between assets and liabilities. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of bonds and capital leases payable and adding back any unspent proceeds. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislations adopted by the Town or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The Town's net investment in capital assets was calculated as follows at June 30, 2020:

	<u>Governmental activities</u>	<u>Business-type activities</u>
Capital assets	\$ 34,885,478	20,234,462
Accumulated depreciation	(7,846,726)	(11,653,310)
Bonds payable	(11,404,315)	(224,580)
Premium on bonds	(462,716)	-
Bond anticipation notes	-	(1,563,926)
Unspent proceeds	92,757	-
Total net investment in capital assets	\$ 15,264,478	6,792,646

Encumbrances at year end were \$31,480 in the General Fund for various projects.

TOWN OF KENNEBUNKPORT, MAINE
Notes to Basic Financial Statements, Continued

NET PENSION LIABILITY

General Information about the Pension Plan

Plan Description - Employees of the Town are provided with pensions through the Maine Public Employees Retirement System Consolidated Plan for Local Participating Districts (PLD Plan), a cost-sharing multiple-employer defined benefit pension plan, administered by the Maine Public Employees Retirement System (MPERS). Benefit terms are established in Maine statute; in the case of the PLD Plan, an advisory group, also established by statute, reviews the terms of the plan and periodically makes recommendations to the Maine State Legislature to amend the terms. MPERS issues a publicly available financial report that can be obtained at www.maineopers.org.

Benefits Provided - The PLD Plan provides defined retirement benefits based on members' average final compensation and service credit earned as of retirement. Vesting (i.e., eligibility for benefits upon reaching qualification) occurs upon the earning of five years of service credit. In some cases, vesting occurs on the earning of one year of service credit immediately preceding retirement at or after normal retirement age. Normal retirement age is 60 (65 for new members to the PLD Plan on or after July 1, 2014). The monthly benefit of members who retire before normal retirement age by virtue of having at least 25 years of service credit is reduced by a statutorily prescribed factor for each year of age that a member is below her/his normal retirement age at retirement. MPERS also provides disability and death benefits, which are established by contract under applicable statutory provisions.

Contributions - Employee contribution rates are defined by law or Board rule and depend on the terms of the plan under which an employee is covered. Employer contributions are determined by actuarial valuations. Employees are required to contribute 7.35% to 8.3% of their annual pay. The Town's contractually required contribution rate for the year ended June 30, 2020, was 10.0% for the AC plan and 16.2% for the 1C plan of annual payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the Town were \$308,830 for governmental activities and \$30,541 for business type activities for the year ended June 30, 2020.

Pension Liabilities, Pension Expense, and Deferred Outflows and Deferred Inflows of Resources Related to Pensions

At June 30, 2020, the Town reported a liability of \$1,460,386 for governmental activities and \$177,102 for business type activities for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Town's proportion of the net pension liability was based on a projection of the Town's long-term share of contributions to the pension plan relative to the projected contributions of all participating local districts, actuarially determined. At June 30, 2019, the Town's proportion of the plan's net pension liability was 0.5357%.

TOWN OF KENNEBUNKPORT, MAINE
Notes to Basic Financial Statements, Continued

NET PENSION LIABILITY, CONTINUED

For the year ended June 30, 2020, the Town recognized a pension expense of \$449,290 for governmental activities and a pension expense of \$58,527 for business type activities. At June 30, 2020, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 172,914	-	20,970	-
Changes in assumptions	73,959	-	8,969	-
Net difference between projected and actual earnings on pension plan investments	-	365,791	-	44,360
Changes in proportion and differences between Town contributions and proportionate share of contributions	12,980	-	1,575	-
Town contributions subsequent to the measurement date	308,830	-	30,541	-
Total	\$ 568,683	365,791	62,055	44,360

An amount of \$308,830 is reported as deferred outflows of resources in the governmental activities and \$30,541 is reported as deferred outflows of resources in the business-type activities related to pensions resulting from Town contributions subsequent to the measurement date and will be recognized as a reduction of the net pension liability in the year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense (credit) as follows:

	<u>Governmental Activities</u>	<u>Business-type Activities</u>
2021	\$ 52,270	6,339
2022	(145,581)	(17,654)
2023	(12,395)	(1,503)
2024	(232)	(28)

TOWN OF KENNEBUNKPORT, MAINE
Notes to Basic Financial Statements, Continued

NET PENSION LIABILITY, CONTINUED

Actuarial Assumptions - The total pension liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75%
Salary increases	2.75% to 9.0% per year
Investment return	6.75% per annum, compounded annually
Cost of living benefit increases	1.91% per annum

Mortality rates were based on the RP2014 Total Dataset Healthy Annuitant Mortality Table, for males and females.

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period June 30, 2012 to June 30, 2015.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2019 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-term Expected Real Rate of Return</u>
Public Equities	30.0%	6.0%
U.S. Government	7.5%	2.3%
Private Equity	15.0%	7.6%
Real Estate	10.0%	5.2%
Infrastructure	10.0%	5.3%
Natural Resources	5.0%	5.0%
Traditional Credit	7.5%	3.0%
Alternative Credit	5.0%	4.2%
Diversifiers	10.0%	5.9%

TOWN OF KENNEBUNKPORT, MAINE
Notes to Basic Financial Statements, Continued

NET PENSION LIABILITY, CONTINUED

Discount Rate - The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from participating local districts will be made at contractually required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Town's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following presents the Town's proportionate share of the net pension liability calculated using the discount rate of 6.75%, as well as what the Town's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.75%) or 1 percentage-point higher (7.75%) than the current rate:

	1% Decrease (5.75%)	Current Discount Rate (6.75%)	1% Increase (7.75%)
Town's proportionate share of the net pension liability	\$ 3,730,093	1,637,488	(319,943)

Pension Plan Fiduciary Net Position - Detailed information about the pension plan's fiduciary net position is available in the separately issued MPERS financial report.

Payables to the Pension Plan - None as of June 30, 2020.

457 RETIREMENT PLAN

The Town offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457, through the International City Management Association (ICMA). The plan, available to all Town employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. Assets of the plan are automatically placed in trust for the exclusive benefit of participants and their beneficiaries by ICMA. Accordingly, the assets and the liability for the compensation deferred by plan participants, including earnings on plan assets, are not included in the Town's financial statements. The Town's contributions to the plan for the year ended June 30, 2020 were \$84,305.

TOWN OF KENNEBUNKPORT, MAINE
Notes to Basic Financial Statements, Continued

OTHER POSTEMPLOYMENT BENEFITS

General Information about the OPEB Plans

Plan Description - The Town sponsors a post-retirement benefit plan providing health insurance to retiring employees. The plan is a single-employer defined benefit OPEB plan administered by the Maine Municipal Employees Health Trust (MMEHT). The Board of Selectmen have the authority to establish and amend the benefit terms and financing requirements. No assets are accumulated in a trust that meets the criteria of paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*.

Benefits Provided - MMEHT provides healthcare and life insurance benefits for retirees and their dependents. Town employees over the age of 55 with 5 years of continuous service are allowed to participate in the plan. Retirees that are designated in a plan pay 100% of the single coverage premium and 100% of the family coverage premium. For those Town employees eligible for Medicare (post-65 Retiree Plan), the plan is offered in conjunction with Medicare Parts A and B and the Companion Plan B.

Employees Covered by Benefit Terms – At January 1, 2020, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	3
Inactive employee entitled to but not yet receiving benefits	-
Active employees	42
Total	<u>45</u>

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The Town's total OPEB liability of \$430,387 was measured as of January 1, 2020, and was determined by an actuarial valuation as of that date.

Changes in the Total OPEB Liability

Balance at June 30, 2019	\$ 346,677
Changes for the year:	
Service cost	13,635
Interest	14,550
Changes of benefit terms	(8,627)
Differences between expected and actual experience	(10,207)
Changes in assumptions or other inputs	85,339
Benefit payments	(10,980)
Net changes	<u>83,710</u>
Balance at June 30, 2020	<u>\$ 430,387</u>

Change in assumptions reflects a change in the discount rate from 4.10% to 2.74%. Changes in benefit terms reflect the elimination of the Affordable Care Act's Cadillac tax.

TOWN OF KENNEBUNKPORT, MAINE
Notes to Basic Financial Statements, Continued

OTHER POSTEMPLOYMENT BENEFITS, CONTINUED

For the year ended June 30, 2020, the Town recognized OPEB expense of \$38,724. At June 30, 2020, The Town reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 32,096	-
Changes of assumption or other inputs	67,868	-
Total	\$ 99,964	-

Deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended June 30:	
2021	\$ 19,166
2022	19,166
2023	19,166
2024	19,162
2025	4,518
Thereafter	18,786

Actuarial Assumptions - The total OPEB liability in the January 1, 2020 actuarial valuation for the Health Plan was determined using the following assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.00% per year
Salary increases	2.75% per year
Discount rate	2.74% per annum
Healthcare cost trend rates	8.55% for 2020, decreasing to 3.53% for 2040
Retirees' share of the benefit related costs	100% of projected health insurance premiums

Mortality rates were based on the RP2014 Total Dataset Healthy Annuitant Mortality Table, for males and females.

The actuarial assumptions used in the January 1, 2020 valuation were based on the results of an actuarial experience study for the period June 30, 2012 through June 30, 2015.

Discount Rate - The rate used to measure the total OPEB liability was 2.74% per annum. Since the plan is pay as you go and is not funded, the discount rate will be based on a 20-year tax-exempt general obligation municipal bond index. The rate is assumed to be an index rate for 20-year tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher, for pay as you go plans.

Table 11

TOWN OF KENNEBUNKPORT, MAINE
Direct and Overlapping Governmental Activities Debt
As of June 30, 2020

Governmental Unit	Debt Outstanding	Estimated Percentage Applicable	Amount Applicable to Primary Government
York County	\$ 1,900,000	6.56%	\$ 124,725
RSU #21	51,008,779	41.09%	20,961,162
Subtotal, overlapping debt			21,085,887
Town of Kennebunkport direct debt	11,890,799	100.00%	11,890,799
Total direct and overlapping debt			\$ 32,976,686

Note: Overlapping governments are those that coincide, at least in part, with geographic boundaries of the Town. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the property taxpayers of the Town of Kennebunkport. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the property taxpayers should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.
