

# Town of Kennebunkport Annual Report 2022

## General Information

"Located sixteen miles east-southeast of Alfred, twenty miles from Portland. Formerly known as Arundel. Visited during the summer as early as 1602 by fishermen. First permanent settlement made by Richard Vines in 1629. Brought under the control of Massachusetts and incorporated in 1653. Placed under the jurisdiction of Saco for a short time in 1688. Re-incorporated under the name of Arundel in 1717. Name changed February 19, 1821."

# Dedication

## In Memory of James Fitzgerald, Jr.

Each year as we decide to whom we should dedicate the Town Report, we are amazed at the amount of fantastic people in our community. This was exemplified in Jim Fitzgerald. The news of Jim's passing was shocking to many.

Born in Baltimore, Maryland, and raised in Wildwood Crest, New Jersey, Jim moved to Maine after serving in the Air Force. Jim flew B-52's throughout the Vietnam War, first reporting to Craig Air Force Base in Selma, AL, then on to Guam, and remaining in southern Vietnam for the remainder of the war. After first moving to the Portland area, Jim made his way to Kennebunkport in 1997 where he met the love of his life, Betsy. They were married in Cape Porpoise and had one daughter, Cheyenne. Jim was not only committed to serving his country but also his local community.

He was a resident of Kennebunkport from 1997 until his passing in December of 2022. He was a committed volunteer on a number of Town Boards and Committees, including the Zoning Board of Appeals and the Growth Planning Committee, where he served as Vice-Chair. In addition to his work with the Town, he was a member of the Kennebunkport Business Association, served as President of the Kennebunk, Kennebunkport, Arundel Chamber of Commerce, and on the Board of Directors for the Kennebunkport Heritage Housing Trust. He served as the Chair of the York County Community College Board of Directors and was a Board Member of the United Way of York County and Chair of the Annual United Way Appeal in 2009, earning the Elise Kittredge Award in 2015 for his work with the organization.

His generosity and passion for giving back to the community will be remembered, as will his kindness, sense of humor, and warm nature.

**TOWN OF KENNEBUNKPORT**

**WARRANT  
ANNUAL TOWN MEETING  
June 13 and 17, 2023**

State of Maine

County of York, SS.

To: Rebecca Nolette, Constable of the Town of Kennebunkport, in the County of York, State of Maine.

You are hereby required in the name of the State of Maine to notify and warn the voters of the Town of Kennebunkport in said County and State of the Town Meeting described in this warrant.

**GREETINGS:**

To the voters of Kennebunkport: You are hereby notified that the Annual Town Meeting of this municipality will be held at Village Fire Station, located at 32 North Street, in said Town on Tuesday, June 13, 2023, at 8:00 a.m. for the purpose of acting on Articles numbered one a (1a) and one (1) as set out below. The polls for voting on Article 1 shall be opened immediately after the election of the Moderator at 8:00 a.m. on June 13, 2023, and shall close at 8:00 p.m. While the polls are open, the Registrar of Voters will hold office hours to accept the registration of any person eligible to vote, to accept new enrollments, and to make any necessary corrections or changes to any names or addresses on the voting list. The continuation of said meeting will be held in the gymnasium of the Kennebunkport Consolidated School located at 25 School Street on Saturday, June 17, 2023, at 9:00 a.m. for the purpose of acting on Articles numbered 2 through 12 as set out below.

**ARTICLE 1a.** To choose a Moderator to preside at said meeting.

**ARTICLE 1.** To elect under the provisions of Title 30-A, M.R.S.A. Section 2528, the following Town Officers: one (1) Selectmen, for a term of three years and one (1) Director of Regional School Unit No. 21, for a term of three years; and to vote on the following referendum questions 1-6.

*For each Question 1 through 4, a certified copy of the proposed ordinance is on file in the Town Clerk's Office and is incorporated by reference into each Question.*

\*\*\*\*\*

**QUESTION 1**  
**AMENDMENT TO THE KENNEBUNKPORT TOWN CODE,**  
**CHAPTER 5 – ADMINISTRATIVE CODE**

**Shall an ordinance entitled “June 2023 Amendment to the Administrative Code - Boards and Committees” be enacted?**

[Note of explanation: This amendment seeks to change the composition of the Cape Porpoise Pier Committee by having at least 75% of the membership made up of Commercial Fisherman instead of 75% of registered voters of Kennebunkport. It also adds a definition of Commercial fisherman.]

\*\*\*\*\*

**QUESTION 2**  
**AMENDMENT TO THE KENNEBUNKPORT TOWN CODE,**  
**CHAPTER 5 - ADMINISTRATIVE CODE**

**Shall an ordinance entitled “June 2023 Amendment to Administrative Code - Annual and Special Town Meetings” be enacted?**

[Note of explanation: This amendment changes annual town meeting from the Saturday following the 2<sup>nd</sup> Tuesday in June to the Wednesday evening following the 2<sup>nd</sup> Tuesday in June.]

\*\*\*\*\*

**QUESTION 3**  
**AMENDMENT TO THE KENNEBUNKPORT TOWN CODE**  
**CHAPTER 240 - LAND USE ORDINANCE –**  
**TERMINOLOGY, ACCESSORY APARTMENTS**

**Shall an ordinance entitled “June 2022 Amendment to Kennebunkport Town Code, Chapter 240 -Terminology (regarding Accessory Apartments)” be enacted?**

[Note of explanation: This amendment would revise the standards that govern Accessory Apartments, for the principal purpose of bringing them into compliance with a recently enacted state law governing housing also known as LD 2003.]

\*\*\*\*\*

\*\*\*\*\*

**QUESTION 4**  
**AMENDMENT TO KENNEBUNKPORT TOWN CODE,**  
**CHAPTER 240 - LAND USE ORDINANCE – TOWN-WIDE REGULATIONS**  
**(PRIVATE ROAD CONSTRUCTION)**

**Shall an ordinance entitled “June 2022 Amendment to the Kennebunkport Town Code, Chapter 240 – Land Use Ordinance – Town-wide Regulations (private road construction” be enacted?**

[Note of explanation: This amendment would add performance standards and technical diagrams regarding turn around requirements for new or expanded private roads. The turnaround requirements are based on the needs of a new ladder truck for which the town has entered into a lease purchase arrangement.]

\*\*\*\*\*

**QUESTION 5**  
**AUTHORIZE EASEMENT DEED FOR ST. ANN’S EPISCOPAL CHURCH**

Shall the Town grant an easement over Town-owned property from Ocean Avenue over Old Fort Avenue (Map 7/Block 1/Lot 8) to St. Ann’s Episcopal Church for the Church to reconstruct and perform ongoing maintenance of the existing seawall?

[Note of explanation: This would grant St. Ann’s Episcopal Church an easement to access the seawall for maintenance and reconstruction.]

\*\*\*\*\*

**QUESTION 6**  
**AUTHORIZE PURCHASE & SALE AGREEMENT TO PURCHASE LAND ON**  
**LANGSFORD ROAD FOR BOAT ACCESS**

Shall the Town expend \$275,000 from the Capital Reserve Account to purchase a ~0.1-acre parcel of land situated on Langsford Road at Map 29/Block 1/Lot 3 to provide boat access to Cape Porpoise Harbor for Town residents and Cape Porpoise mooring holders?

[Note of explanation: This would authorize the Board of Selectmen to purchase land situated on Langsford Road to provide boat access to Cape Porpoise Harbor. This purchase would not increase the tax rate because the funds will come from the Capital Reserve Fund.]

\*\*\*\*\*

**ARTICLE 2:** To see if the Town will vote to approve the following:

- A. To authorize the Town Treasurer, with the advice and approval of the Municipal Officers on behalf of the Town to sell and dispose of Real Estate acquired by the Town for nonpayment of taxes thereon, and to execute quitclaim deeds on such terms as they deem advisable, and to authorize the Treasurer to discharge unmatured liens on payment of taxes, interest and costs.
- B. To authorize the Town Treasurer, with the advice and approval of the Municipal Officers on behalf of the Town, to waive the foreclosure of any tax lien mortgage by recording a waiver of foreclosure in the York County Registry of Deeds for any real estate title to which they deem not in the best financial interest of the Town to hold, said authorization to waive not to prevent the Town Treasurer, with the advice and approval of the Municipal Officers, from later foreclosing on said tax lien pursuant to law, as they deem advisable.
- C. To make all real and personal property taxes due and payable upon presentment of bills and to charge eight percent (8.00%) per annum on the first half if unpaid after September 11, 2023 (or 45 days after the date of commitment if commitment is after July 21, 2023) and on the second half if unpaid after March 10, 2024.
- D. To set the interest rate to be paid by the Town on abated taxes at eight percent (8.00%) for the fiscal year 2024.
- E. To see if the Town will vote to authorize the Tax Collector to enter into a standard agreement with taxpayers establishing a “tax club” payment plan for commercial and/or residential real estate property taxes. (*Explanation: This article allows the Town to establish a tax club for citizens, similar to a Christmas club. Citizens establish a payment plan so that they can make monthly payments throughout the year without risk of penalties or interest charges.*)

***Selectmen recommend adoption of this article– Voted: 5-0***

**ARTICLE 3:** To see if the Town will vote to approve the following:

- A. To authorize the Selectmen to pay for tax abatements and applicable interest granted during the fiscal year of 2023/2024 from Overlay. (*Explanation: The Selectmen, as Assessors, are authorized to raise Overlay under Title 36 MRSA section 710 but require voter authorization to spend Overlay. Overlay cannot be more than 5% of the Tax Commitment.*)
- B. To authorize the Selectmen to apply for, accept and expend from the following categories of funds as provided by the State of Maine: Municipal Revenue Sharing, Educational Certification Block Grant, Educational Tax Relief Grant, Public Library State Aid, Urban Rural Road Initiative Program, Civil Emergency Funds, Snowmobile Registration Funds, Tree Growth Reimbursement, General Assistance Reimbursement, Veterans Exemption Reimbursement, Department of Economic & Community Development Grant Program, Maine Emergency Management Agency, Homestead Exemption Reimbursement, and all other state and federal grants and funds including, when necessary, the authority to sign grant contracts, documents or other paperwork?

- C. To authorize the Selectmen to carry forward unencumbered surplus fund balances on June 30, 2024, for the purposes originally appropriated and to appropriate such fund balances for such purposes to the extent the Selectmen deem advisable, such determination to be made at a properly noticed meeting of the Board of Selectmen.

***Selectmen recommend adoption of this article– Voted: 5-0***

***Budget Board recommends adoption of this article – Voted: 11-0***

**ARTICLE 4:** To see if the Town will vote to approve the following:

- A. To authorize the Tax Collector or Treasurer to accept prepayments of taxes not yet committed pursuant to 36 M.R.S.A. § 506.
- B. To authorize the Selectmen to accept easement deeds on behalf of the Town granting the Town the right to plant and maintain certain trees on private property located within the Town.
- C. To authorize the Selectmen to accept unconditional and conditional gifts of money or property on behalf of the Town, other than gifts of sewer extensions, subject to ratification by the Town at an annual or special town meeting held within one year of the Selectmen's acceptance, except that such ratification shall not be required for a donation of money to the Town to supplement a specific appropriation already made, to reduce the tax assessment, or to reduce the permanent debt.

***Selectmen recommend adoption of this article– Voted: 5-0***

**ARTICLE 5:** To see what sum the Town will vote to raise and appropriate for General Government Program expenses.

**Amount requested: \$2,313,526**

***Selectmen recommend adoption of this article– Voted 5-0***

***Budget Board recommends adoption of this article – Voted 11-0***

# Budget Overview

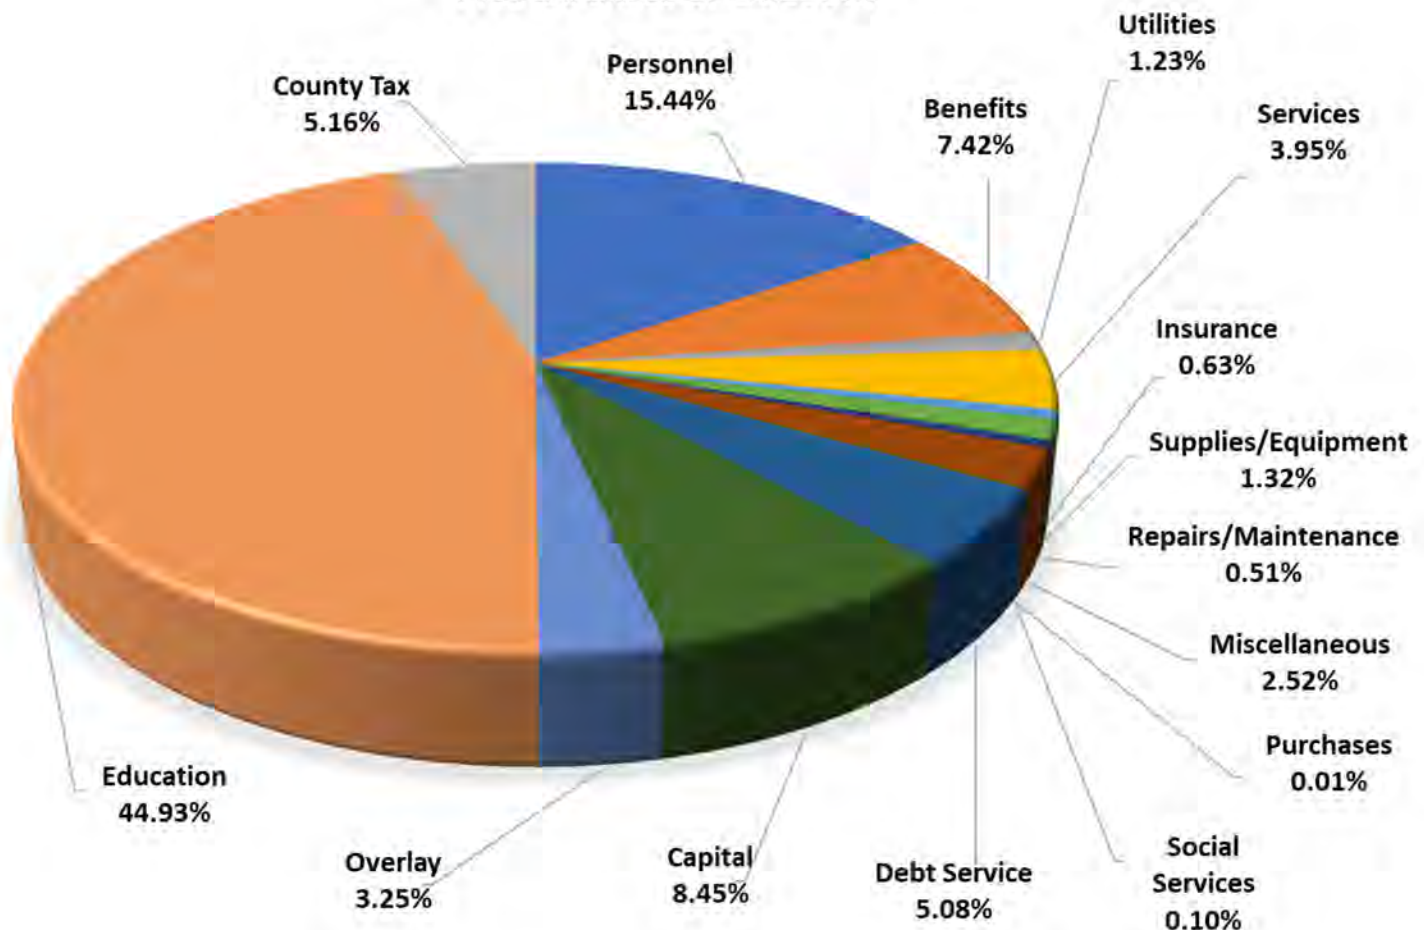

A budget can appear to merely be a book full of numbers, each one adding to the grand total. The truth is a budget document tells the story of a community's values. Where we choose to expend our funds defines our principles and our goals for the future. If this is true, then what does this budget tell you about Kennebunkport?

The budgetary pie chart shows that we value education, with almost 45% of our expenditures in support of RSU 21. Kennebunkport, much like other towns in Maine, values service delivery to residents, with just over 30% directed towards the labor and supplies necessary to fulfill these municipal functions. Our town values partners in service, as almost 3% funds KEMS, our two libraries and multiple social service agencies. Where we might differ from other towns and cities is the value we place on future planning.

Almost 9% of our budget is spent on capital expenditures. Our capital accounts are often funding reserves for future needs and our determination to adequately fund capital and debt, at 5%, signifies the importance of maintaining assets. This forward approach allows us to deftly handle emergency situations and provide a plan for future generations.

Each budget year has its own unique fiscal challenges. It would be easy to budget if funding was not a concern; however, a budget that addresses the needs of the community while balancing the ability of property owners to pay is the real challenge. While wrestling with this fact it is easy to get swept away with singular year thinking. What do we absolutely need today?

**FY24 EXPENSES BY CATEGORY**

A good budget, though, builds upon the foundational work of previous years and creates a sound platform for the following year budget. The FY24 proposed budget continues the work of climate change, enhanced service delivery, capital investment, and future planning, and creates a sustainable model on which the FY25 budget may rest.

The municipal budget has an estimated tax rate increase of \$0.14 for municipal operations. Municipal expenditures are \$12.3 million, up by \$557,401 or 4.7%. Operations are up \$427,352 or 5.12%; whereas capital is increasing by \$30,700 or 1.41%, and debt service has increased by \$99,349. **Once the revenues and transfers have been taken into account, the total tax rate increase is projected at \$0.22 or a 3.73% increase.** Appreciating that the consumer price index increased by 6.5% in December 2022, this budget is under the current fiscal climate.

## Expenses

The expenses in the budget are up \$557,401. The following items are primary drivers of that increase.

Account	\$ Amount
Legal Fees	\$ 12,000
Public Works Salt	\$ 15,800
Heating Fuel	\$ 21,750
Gas & Diesel	\$ 28,450
Graves Library	\$ 30,000
KEMS Request	\$ 50,000
Capital	\$ 30,700
Debt Service	\$ 99,349
Wages	\$ 225,196
<b>Total:</b>	<b>\$ 513,245</b>

Legal fees have gone up as the hourly rate charges have increased over the past two years. Current billable rates range from \$195 to \$220 per hour depending upon the experience of the attorney. It is imperative that the Town have legal advice available for a wide range of issues.

The Public Works salt line increased by \$15,800 as salt prices increased from \$58/ton to \$78/ton or 34%. The department normally uses approximately 1,200 tons each winter to treat the roads. The FY24 budget accounts for only 1,100 tons, as staff anticipate savings from the mild 22-23 winter.

The increases in fuel lines are attributable to the rising cost of heating fuel (oil and propane) and gas and diesel. You can see the differences in budget prices below:

Fuel	FY 23 Price	FY 24 Price
Heating Fuel	\$ 2.75	\$ 4.25
Propane	\$ 1.75	\$ 2.50
Gasoline	\$ 2.75	\$ 3.25
Diesel	\$ 3.00	\$ 4.50

Graves Library has requested an additional \$30,000 appropriation in FY24. The Town provides just under 40% of their annual budget. The library has seen inflationary costs impact their operations, most notably wage increases.

KEMS has requested an additional \$50,000 to support emergency medical services. Their organization depends on paramedic level service, and they are competing with other emergency services for the same pool of employees. Much of this increase is related to the labor costs of their service and the declining reimbursements from insurance companies. The Town's contribution has grown from 32% to 39% of their total budget and is expected to continue to grow.

Capital increases reflect the ever-increasing costs for vehicles and pavement. The road and sidewalk projects equate to almost 38% of the capital budget.

The \$99,349 increase in debt service funding is due to the new annual lease payment to purchase a ladder truck. Due to the ever-increasing pace of equipment prices the Board of Selectmen decided in 2022 to purchase a new ladder truck a year early using the reserve funds and a lease-purchase agreement for the balance of the truck. The lease purchase requires a yearly payment over the next five years. The funding for the Fire apparatus reserve has been reduced to compensate for the new ladder truck lease payment.

Wage increases amount to over \$225,196 across all general fund departments. These wages reflect a cost-of-living adjustment for all positions along with \$17,000 in hiring bonuses for new police officers. Just like all employers, the town has found itself in a very competitive labor market and we are using all available incentives to attract good team members. FY24 is the last year of our current labor contract and as such we have been spared some of the wage increases neighboring communities are experiencing, which have averaged between 5 – 8% over the last two years.

## Debt Service

The debt service account is increasing by \$99,349 due to the new annual lease payment to purchase a ladder truck. The lease purchase requires a yearly payment over the next five years. The funding for the Fire apparatus reserve has been reduced to compensate for the new ladder truck lease payment. In FY25 the debt payments will increase as we finalize the \$6.0 million wastewater bond. Together the capital and debt service budgets create a long-term capital investment plan.

The use of debt is integral to our capital planning. Due to their longevity, sometimes expenditures are better shared with future users of the investment. A school building or a seawall are both very expensive items that serve current and future residents. Financing expenditures allows the Town to take advantage of current costs while sharing the cost of an investment with all the people who will benefit from it.

The Town's debt service schedule is in the chart to the right. In FY25, a balloon payment on the Village Parcel bond will be due. The debt was structured in this manner to allow the Town the most flexibility in bonding. The Town has the option of refinancing all or a portion of the debt. The current plan is to refinance it over 15 years. The next debt retirement will be in 2024 when the \$1.0 million wastewater bond retires.

## Debt Service Retirement Schedule

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2024	1,049,774.78	424,854.52	1,474,629.31

2037	304,330.89	34,644.94	338,975.83
2038	304,330.89	28,921.96	333,252.85
2039	304,330.89	23,198.99	327,529.88
2040	304,330.89	17,476.01	321,806.91
2041	239,330.89	12,728.03	252,058.93
2042	180,000.00	6,300.00	186,300.00
2043	180,000.00	3,150.00	183,150.00
	<hr/>	<hr/>	<hr/>
	15,233,006.98	1,681,576.38	16,914,583.35
	<hr/>	<hr/>	<hr/>

This schedule includes the following:

- 2003 - \$1,000,000 Wastewater maturing in 2024
- 2016 - \$400,000 Police Building maturing in 2027
- 2018 - \$450,000 Parks & Recreation Building maturing in 2028
- 2020 - \$955,000 Ocean Ave maturing in 2029
- 2020 - \$1,300,000 Village Parcel (exempt) maturing in 2040
- 2020 - \$8,500,000 Village Parcel (taxable) maturing in 2025
- 2021 - Wastewater maturing in 2041
- 2022 - Radio Tower maturing in 2027
- 2024 - Wastewater maturing in 2043

## Capital

The capital accounts maintain our continued commitment to reserve accounts and road and sidewalk funding. Below is a table of these type of accounts:

Account	Description	\$ Amount
Administration	Historical record preservation	\$ 7,000
Police	Vehicle and equipment replacement	\$ 60,000
Communications	Building repairs	\$ 15,000
Fire	Vehicle and equipment reserve	\$ 138,000
Highway	Vehicle and equipment reserve	\$ 352,500
Recreation	Parks maintenance and upgrades	\$ 20,000
Roads	Reclamation, drainage, and overlay	\$ 716,000
Piers	Infrastructure maintenance	\$ 107,500
Sidewalks	Repair and maintenance	\$ 125,000
<b>Total:</b>		<b>\$ 1,541,000</b>

Beyond the normal capital items, I am also proposing new projects which are detailed below:

- Administration is requesting \$15,000 for a website overhaul. The current website was last updated approximately 9 years ago. Although it was a vast improvement from our original site, our citizens dependence on the information contained on our website has grown dramatically. The industry standard is a revamp every 3-5 years, so we are overdue.

- The Fire capital request includes \$80,000 for the design and engineering of the new Village Fire Station and \$30,000 for a Public Safety study. The Village Fire Station is one of our four fire stations. It is home to our administrative space and holds the largest number of vehicles and equipment. As the demands on fire services expand and our number of qualified volunteer firefighters decrease, the need to transition to a per diem firefighter workforce is on the horizon. The renovations will provide the space to accommodate per diem fire fighters, consolidate equipment between stations, and provide offices for the Fire Department and KEMS.

There is also a \$30,000 request for a public safety study. With the shrinking available paramedic and firefighter labor force, and the declining reimbursements for ambulance calls, it is imperative that the Town examine the best ways to address its future needs. The study will review the manner in which fire services and EMS services are provided within the Town of Kennebunkport. This includes a review of response metrics, staffing patterns, budgeting, service levels, response times, current facilities, equipment, and an evaluation of the level of risk facing the Town. Using this review as a basis, the study will assess the effectiveness and efficiency of the current model, while identifying the costs, barriers, and potential benefits of different organizational models.

- Emergency Management is requesting \$10,000 to purchase additional supplies to barricade roadways during flooding incidents. We are experiencing street flooding due to higher tides and storm surge on a more frequent basis. There are approximately a dozen places in Town that flood about 10 times a year, and the frequency seems to be increasing. The ability of our staff to respond to each area is hampered by the lack of available barricades, traffic cones and appropriate signage. The request for FY24 would allow us to ensure we have an adequate supply. We may request a trailer for easier transport in FY25.

- The special projects request is \$535,000 this year. This includes \$385,000 for the purchase of waste and recycling bins, \$100,000 for engineering and design on Ocean Avenue, and \$50,000 for streetlight replacements.

The Town currently contracts with Casella for waste and recycling collection. This contract will expire at the end of August in 2024. The Town will likely need to move to automated collection in order to secure a contract with a vendor. Cities and Towns are moving to automated collection due to a reduction in work-related injuries, difficulties in finding workers for manual trash collection, the shortage of truck drivers, and the efficiencies realized in the automated process. For towns, the system can maintain cleanliness and sanitation throughout the community as the cans help keep pests out of trash bags. Although the contract won't end until the beginning of FY25, the Town must have the funds in place in order to procure the bins in time.

The request for engineering and design on Ocean Avenue deals with a flooding issue at Wandby Beach and at the entrance to Walker's Point. Ocean Avenue experiences flooding with high tides and storm surge at these two locations. In the recent December 23, 2022 storm our culvert system that drains water from the pond on the other side of Ocean Avenue was devastated by years of high flows. Although the culvert was repaired temporarily, the roadway needs a long-term solution.

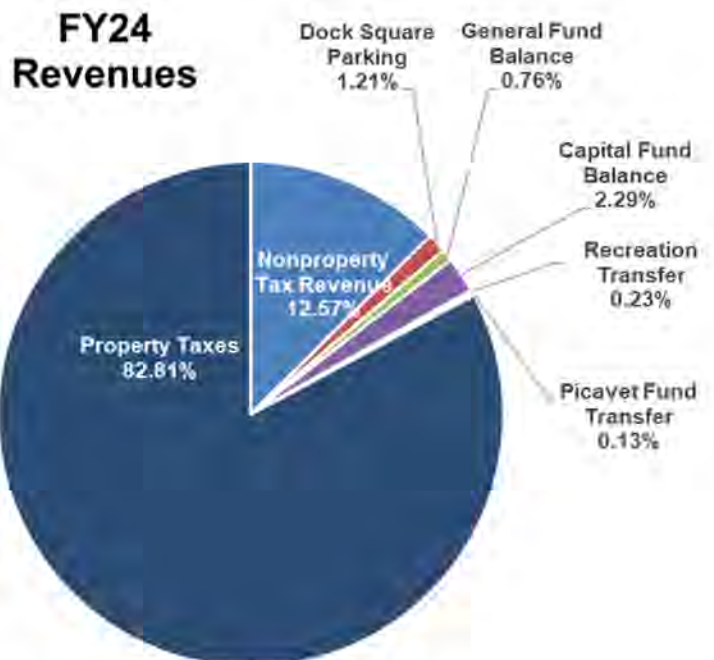

Two years ago the Town purchased the streetlights from Central Maine Power. Although the Town replaced the lightbulbs with LEDS to save energy, the light fixtures still need replacing as they have exceeded their lifecycle and the Town can no longer procure parts for them. The \$50,000 in funding will allow for a five-year replacement schedule.

## Revenues

FY24 nonproperty tax revenues are projected to decrease by (\$96,700) or 2.15%. These types of revenues account for just over 16% of the total budget. The rest is accounted for in property taxes.

In the State of Maine, local governments are dependent on property taxes to fund the majority of local expenses, as the use of local option sales taxes, lodging taxes, etc. are not allowed under state law. Intergovernmental revenue (from the state or federal government), to fund roads, schools, or to provide economic support are modest in Kennebunkport due to the size of our valuation and population.

Staff have reviewed all revenue accounts including, our historical performance over the past few years. The revenues have been adjusted to reflect our best estimates considering current economic activity, the proposed State budget, and recent history. We have increased revenue numbers significantly from our more conservative approach during the pandemic years. This is due to the continued growth in economic activity and State revenue sharing.

Excise tax revenue is rising as the value of vehicles increase and the contribution from this revenue is up by \$50,000. The building permit fees are increasing by \$90,000, while short-term rental accounts are maintaining their current levels. Goose Rocks Beach parking permit fees will increase both in sales as well as individual fee levels contributing an additional \$70,000.

Intergovernmental revenue has increased by almost \$60,900 as the State has returned their contribution from revenue sharing to 5% of sales taxes. This will increase Kennebunkport's share by \$40,000. There is also an anticipated increase of just under \$10,000 in the homestead exemption reimbursement. The State reimburses municipalities 76% of each \$25,000 exemption for residents who qualify for the homestead exemption. The exemption total is then multiplied by the municipal tax rate to determine the value of property taxes "lost" by the exemption.

The largest revenue increase is our investment income account. In one year, we have seen interest rates for our cash balance raise from 1.0% to over 4.0%. This account changes dramatically from year to year depending upon the actions of the Federal Reserve.

In May of 2021, the federal government passed the American Rescue Plan Act (ARPA), which contained significant funding for state and local governments. Kennebunkport was allocated \$385,600 which was used in the FY23 budget to offset the increased costs of capital. As this was a one-time funding source it is no longer available for FY24.

Over the past eight years, I have recommended a reduction in the use of the Undesignated Fund Balance to offset the tax rate. A Fund Balance contribution toward the budget is deemed "normal" in most circumstances; however, in practice it is counting on savings in the year ahead to balance the budget. The Town did reduce the contribution by \$25,000 each year, and this resulted in moving from a \$300,000 transfer to a \$200,000 transfer. To meet the budget goal of a flat tax rate in FY21, the Town authorized a \$600,000 Fund Balance contribution toward the budget. Over the past two years we have brought this down to \$200,000.

Our Fund Balance Policy requires us to maintain 18%, or a little over 2 months of expenditures available in our General Fund Balance. Each year, as part of the audit process, the Board of Selectmen take action to transfer any additional funds to our Capital Reserve Account. These funds are still available in an emergency; however, they are reserved for future capital projects.

The FY24 budget also contains a transfer from the capital reserve fund balance to assist with the many capital needs proposed in the budget document. The Town was fortunate to bring FY22 to a successful financial conclusion which included reduced expenditures (thanks to the hard work of department directors) and higher than anticipated revenues. This allowed for a transfer in January of 2023, once the audit for FY22 was complete, to the capital reserve account of \$468,351, bringing the balance to \$1.17 million. This transfer was done in accordance with the Town's Fund Balance Policy.

## Independent Auditor's Report

Board of Selectmen  
Town of Kennebunkport, Maine

### **Report on the Audit of the Financial Statements**

#### ***Opinions***

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Kennebunkport, Maine, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Town of Kennebunkport, Maine's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Kennebunkport, Maine, as of June 30, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town of Kennebunkport, Maine and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town of Kennebunkport, Maine's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town of Kennebunkport, Maine's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town of Kennebunkport, Maine's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit

***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and schedules related to the pension and OPEB liabilities, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, is the responsibility of management and although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

The combining and individual fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

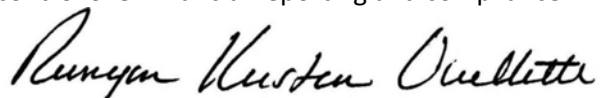

### ***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 21, 2022 on our consideration of the Town of Kennebunkport, Maine's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town of Kennebunkport, Maine's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of Kennebunkport, Maine's internal control over financial reporting and compliance.

# Board of Selectmen

*Back, L-R: Allen Daggett, Edward Hutchins, D. Michael Weston, and Jon Dykstra  
Front: Sheila Matthews-Bull*

The year 2022 saw much activity in Kennebunkport, not the least of which was to put the COVID-19 pandemic in the rear-view mirror. While we still saw some spikes of the virus throughout the year, we were able to regain a sense of normalcy we have been missing the past several years. We were able to use 2022 to get a number of delayed projects back on track and continue to move forward.

One such project was the completion of the Sales Market Analysis. After being postponed in 2020, we were able to complete it in 2022 thanks to the hard work of staff, especially Becky Nolette, the Town Assessor. The last analysis was completed in 2009, and, as you can imagine, there have been many changes throughout town. The Town's total value rose to over \$3 Billion dollars, and, as a result, the town's mill rate dropped to 6.0 - the lowest in the state among full-service municipalities.

Another project that was on hold for many years was a new Town Hall. Efforts to build a new Town Hall began in 1999 when the Town Hall staff moved into the old fire station at 6 Elm Street. Recently, the Selectboard authorized the Town Manager to form a committee comprised of town staff, board members, and members of the community to study and evaluate the construction of a new Town Hall. The Town continues to grow, and a new town hall is not only necessary to properly house staff, but also to allow us to serve citizens as best we can.

Although it is easy to see the negative effects of the pandemic, as there are many, we have tried to find the positives as well.

Having become adept at hosting remote meetings during the height of COVID-19, the Selectboard voted to implement a hybrid meeting format for many of the Town's Boards and Committees. With this change, we hope to encourage a higher rate of participation from the community and enable anyone who may be unable to attend in person, to still have their voice heard.

Besides the challenges above, we overcame many other hardships. One of them was a lawsuit brought by the RSU21 board challenging the town's ability to recall its elected School Board members by means of a citizens' petition. Another was a completion of a Comprehensive Plan, which was originally planned for 2020.

2022 saw two seats on the Board of Selectmen come to the end of their term. Patrick Briggs, a long-time member of the Board of Selectmen did not seek re-election. Sheila Matthews-Bull, another long-term member, having joined in 2007, sought re-election. Patrick Briggs served on the Board of Selectmen for three terms, from 2013 to 2022. During his tenure, he served as the selectmen representative to the Investment Committee, Planning Board, and the Emergency Management Committee. He has also served as the Town Forester and Tree Warden and is a member of the board of directors for KEMS and the Kennebunkport Heritage Housing Trust. Patrick Briggs was also awarded Kennebunkport's Spirit of America award in 2022 for his volunteer work in the community, particularly with the Kennebunkport Heritage Housing Trust.

Sheila has been on the board for 15 years and has been a resident of Kennebunkport for 30 years. She has been involved with the Kennebunkport Business Association since 1995 and has been a big part of Christmas Prelude ever since. During her terms on the Board of Selectmen, Sheila has been involved with many projects and committees, such as the Planning Board, the Zoning Board of Appeals, and the recent Short Term Rental licensing project.

She has worked hard to balance the needs of the residents with the needs of businesses.

John Dykstra was elected to the other available seat. Jon has served on the Budget Board, the Goose Rocks Beach Advisory Committee, and chaired the Solid Waste/Recycling Committee, bringing curbside recycling back to town. Jon is also a member of the Cape Porpoise Atlantic Hall Board and the Kennebunkport Conservation Trust. He is also treasurer of the Maine Mineralogical and Geological Society and co-chairs the Island Stewards program.

As life in our small town slowly returned to normal, Kennebunkport continued to move forward. We had a few projects funded through the capital budget including the lease purchase of a new ladder truck, the implementation of the communications radio system and new radio towers, and the replacement of the Wastewater clarifier equipment.

We also had a project funded through a federal grant program: Kennebunkport received grants to replace not only the Cape Porpoise pier but also the causeway leading to Bickford Island. This is an especially important project after the December 23rd storm: a southeast gale blew in from the Gulf of Maine, causing unprecedented flooding in Cape Porpoise, Goose Rocks Beach, and Dock Square. During this time of high-water levels and power outages, Kennebunkport's emergency responders rose to the challenge and made sure that everyone was safe.

The year 2022 presented Kennebunkport with both new challenges and opportunities. Many visitors to our town see its natural beauty as the reason people want to live here. However, to those who call Kennebunkport 'home,' we know that the residents are its greatest asset. In our 369-year history, our town has always come together when necessity requires. Looking forward, I only see this spirit of a community rising and getting stronger.

Respectfully Submitted

Edward W. Hutchins II, Chair of the Selectboard

Joe Rafferty  
Senator, District 34

THE MAINE SENATE  
131st Legislature

3 State House Station  
Augusta, Maine 0433

February 15, 2023

Dear Neighbors of Kennebunkport,

I trust that you and your family are safe and healthy. I deeply appreciate the opportunity to continue serving as your State Senator. It remains the highest honor of my life to represent you in the Maine Legislature and I remain committed to working hard for you every single day. Now that we've emerged from the worst of the pandemic, I'm excited that the activities and operations at the State House have returned to normal.

Members of the 131st Legislature were sworn in on Wednesday, December 7, 2022. I'm thrilled to report that President Jackson has appointed me to serve as the Senate Chair of the Joint Standing Committee on Education and Cultural Affairs once again. This committee oversees matters relating to the Department of Education, career and technical education, school facilities, student health and so much more. As someone who has dedicated their life to improving the lives of Maine children, I take this role very seriously. I will continue to support our students and teachers in every way that I can.

Looking ahead, it's clear that we need to build on our work from the 130th Legislature and continue to address the housing crisis that has displaced too many of our neighbors, alleviate the rising costs of electricity, heating fuel and food, and advance freedom and justice for all. On the very first day of the 131st Legislature, I'm proud to share that my colleagues and I voted in support of LD 1, which was a bill that would have provided immediate heating and housing relief for Mainers. Although the bill did not get a two-thirds vote in the Maine Senate, we did not give up. We held a public hearing for a nearly identical bill – LD 3 – before the winter holidays. That way, we were able to debate and vote on LD 3 when the Legislature reconvened on January 4, 2023. Fortunately, LD 3 received a two-thirds vote and took effect immediately.

However, LD 3 was a one-time action. I want to remind you that I am a resource for you all year. If you need to contact a state agency or department or want to share a comment, please don't hesitate to reach out. You can send me an email at [Joe.Rafferty@legislature.maine.gov](mailto:Joe.Rafferty@legislature.maine.gov) or call my office at 287-1515.

Sincerely,

A handwritten signature in black ink that reads "Joseph E. Rafferty Jr.".

Joe Rafferty  
State Senator

# HOUSE OF REPRESENTATIVES

2 STATE HOUSE STATION

AUGUSTA, MAINE 04333-0002

(207) 287-1400

TTY: MAINE RELAY 711

Dear Kennebunkport Neighbors,

It is an honor to again have the opportunity to serve you in the Maine House of Representatives. I am proud to be your advocate in Augusta, and I am working alongside my colleagues to find thoughtful solutions for the many challenges facing our community and our state.

As I write this, we are in the second month of the 131st Legislature. We have a lot of work to do in the coming months, from taking important steps to address the rising cost of living and the threat of climate change to improving access to affordable housing and health care. We are in the midst of conversations, committee hearings, and work sessions, hearing from people from across the state regarding issues that matter to them, including many of you.

Our most significant priority will be creating a balanced two-year state budget, which will play a critical role in shaping Maine's direction in the near future. I am pushing to ensure the budget improves the lives of all Mainers, including our most vulnerable and historically marginalized neighbors. Some of my other goals for the budget include continuing to invest in education and career development for the young people who represent the future of our state and making sure that Maine people have the resources they need to lead their communities and adapt to changes in the climate, technology, and our economy. Working together, I know we can solve big problems and build a brighter future.

It is my distinct honor to have been appointed by Speaker of the House Rachel Talbot Ross to serve as the House Chair of the Joint Select Committee on Housing. This newly created committee will work to address both the short-term and systemic challenges we face in making affordable and attainable housing a reality for Maine people. Additionally, I will be serving on the Labor and Housing Committee, where we will oversee the Maine Department of Labor, the Maine Public Employees Retirement System, and policies relating to business regulation, wages, and workplace health and safety.

Please feel free to contact me if I can ever be of assistance to you or your family or if you would like to discuss or testify on any upcoming legislation. My email is [traci.gere@legislature.maine.gov](mailto:traci.gere@legislature.maine.gov), and my phone number is 207-967-6175. I also send out monthly email newsletters that provide insight into our work at the State House, offer helpful information and resources and aim to connect you with your state government. Please let me know if you would like to receive them.

I am so thankful that you have again entrusted me with this great responsibility, and I look forward to connecting with you over the next two years.

Respectfully,

A handwritten signature in cursive script that reads "Traci Gere".

January 1, 2023

Dear Friends,

I've often thought that Maine is just one big small town connected by long roads. Well, in the past year or two, those roads have gotten steeper and bumpier as we dealt with an unprecedented pandemic and the resulting economic troubles.

As we faced the historic challenges, something impressive happened. We came together and lent a hand to our neighbors wherever we could to keep things running and spirits high.

Down in Washington, Congress tried to help Maine communities get through this struggle, so that our state would come out stronger. To do that, we put in the work and set some things into motion that are already helping Maine people. That's why you hired us, after all.

The pandemic made something we'd known for a while clear: those roads and networks that connect our big town needed repair, improvements, and expansion – from bridges to broadband. So, while Maine was uniting towards a common purpose, Congress came together to pass the *Bipartisan Infrastructure Law* – legislation that makes generational investments in physical infrastructure, broadband connections, harbors, and the energy grid. These efforts will lay the foundation for Maine's 21<sup>st</sup> century economy and make sure even the most rural areas aren't left behind.

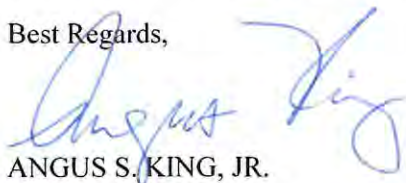

Over the last two years, as we drove up and down our state, you couldn't help but see storefronts in trouble and prices rising as the economy struggled through a global recession. And again, while you focused your efforts on getting through the difficult times, Congress took meaningful action. We passed the *American Rescue Plan* in 2021, which enabled Governor Mills and the state of Maine to better meet the health and economic difficulties of the pandemic. At a critical moment it expanded healthcare efforts to confront COVID and invested in the state to keep the economy in far better shape than most others nationwide.

Congress didn't stop there. This year, we took even more concrete steps to cut costs, create jobs, and provide more affordable, cleaner energy. The bipartisan *CHIPS Act* will bring home the manufacturing of the technical components known as "chips" that are used in everything these days – from smartphones to microwaves to cars – and in doing so reduce prices and create good American jobs. We also passed the *Inflation Reduction Act (IRA)* to lower healthcare costs, allow Medicare to negotiate drug prices, and cut energy bills with new rebates for things like heat pumps and solar panels.

Beyond these major investments, we also passed vital legislation to improve the day-to-day lives of Maine people and Americans nationwide. On a bipartisan basis, we expanded health care for veterans exposed to toxins, strengthened protections for marriage equality, supported Ukraine as it fought off a bloody Russian invasion, secured our elections and the peaceful transfer of power, and delivered millions in federal investments to projects up and down our state.

So, as Maine worked to get through hard times, Congress took steps to support our state – and we're already starting to see brighter days ahead. I'm proud to have played a small part down here; it's a true privilege to listen to you, work with you, and build a brighter future for all the incredible people up and down the roads that connect our big small town. Mary and I wish you a happy, and safe 2023.

Best Regards,

ANGUS S. KING, JR.  
United States Senator

LABOR, AND PENSIONS  
SELECT COMMITTEE  
ON INTELLIGENCE  
SPECIAL COMMITTEE  
ON AGING

Dear Friends:

It is an honor to represent Maine in the U.S. Senate. I am grateful for the trust that Mainers have placed in me and welcome this opportunity to share some key accomplishments for our state.

Last year, I secured more than \$500 million for 285 projects from Aroostook County to York County that will promote job creation, workforce training, and economic development; expand access to health care; improve public safety, infrastructure, and community resources; and protect our environment. To address the crisis of soaring inflation and high energy prices, I led efforts to provide \$2 billion in supplemental funds to the Low-Income Home Energy Assistance Program. In the new Congress that begins in 2023, I expect to be the Vice Chairman of the Appropriations Committee and will continue to champion investments to support Maine's communities and families.

Strengthening our economy and supporting good jobs remain a top priority. Along with the Governor and the rest of the Maine Delegation and the associations representing the lobster industry, I worked to protect our hardworking lobstermen and women by pausing for six years the onerous federal regulations that jeopardize our lobster fishery's very existence. Another ongoing threat to Maine's small businesses is the shortage of workers. That's why I led an effort to push the Administration to nearly double the number of H-2B visas that are critical to our hospitality industry. Additionally, when the Administration proposed to cut the construction of a destroyer to be built by Bath Iron Works, I restored this funding to protect Maine jobs and our national security.

When Maine Veterans' Homes announced last year that it planned to close its facilities in Caribou and Machias, I opposed that decision which would have had such a devastating effect on rural veterans and their families. I am glad that the decision was reversed, and I have secured \$3 million to help with upgrades to these facilities. My *AUTO for Vets Act* also became law, which will help disabled veterans maintain their independence by supporting the purchase of a new adaptive vehicle once a decade.

This past year, Congress demonstrated how effective it can be on behalf of the American people when both parties work together. A few of the bipartisan achievements that I was involved in include the *Respect for Marriage Act*, which will provide certainty to millions of loving couples in same-sex marriages while protecting religious liberties, and the *Electoral Count Reform Act*, which establishes clear guidelines for our system of certifying and counting electoral votes for President and Vice President.

No one works harder than the people of Maine, and I have honored that work ethic by showing up for every vote. During my Senate service, I have cast more than 8,500 consecutive votes, never having missed one. I remain committed to doing all that I can to address your community's concerns in 2023. If I may be of assistance to you in any way, I encourage you to contact one of my six state offices.

Sincerely,

Susan M. Collins  
United States Senator

Dear Friends,

I hope this letter finds you well. It is my honor and privilege to serve the people of Maine's First District in Washington, DC, and I appreciate the opportunity to share this annual update with you.

This past year, our state faced unprecedented challenges, mirroring the difficulties experienced by communities across the nation. High inflation rates, a rapidly changing climate, aging infrastructure, and increasing energy costs were among the top concerns I heard while home in the district. Keeping these in mind, I was proud to work with my colleagues in the Maine Delegation to pass historic legislation to bring federal dollars back to our communities.

One of the ways we delivered for Mainers was through the passage of the Inflation Reduction Act (IRA) in August. This law provides much-needed assistance to struggling families. With the help of the IRA, Americans will save an average of \$800 per year on health insurance and Medicare beneficiaries will have increased access to medication.

Additionally, the IRA offers billions of dollars to expand rebate programs for Americans who wish to make their homes more energy efficient. Homeowners can now receive up to a 30 percent tax incentive for the cost of home solar installations and a 30 percent incentive when investing in a heat pump. Over the next decade, these rebates will offer Mainers thousands of dollars in savings while decreasing fuel costs for winters to come.

In 2022, Congress also passed meaningful legislation to help create skilled jobs in the construction, manufacturing, and engineering sectors. The Creating Helpful Incentives to Produce Semiconductors (CHIPS) Act will allow the U.S. to advance its leadership in the development of semiconductors used in the manufacturing of computers, cell phones, cars, and numerous other technologies we rely on. By developing this industry at home, we can bolster our national security and lessen our reliance on foreign technology.

As I look toward this Congress, I am excited to work with my colleagues on both sides of the aisle to improve the lives of Maine people. It is critically important that we continue to take action to increase job growth, decrease inflation, take measures to promote our national security and invest in our health care and education systems.

Each year my office receives over 40,000 calls, letters, and emails from Mainers. I recognize the tremendous trust you place in having me represent you in Washington and by sharing your stories, thoughts, and concerns. Please rest assured, I will continue to fight for the interests of Mainers in Congress, and my staff and I will do everything we can to ensure your needs are met.

Sincerely,

Chellie Pingree  
Member of Congress

STATE OF MAINE  
OFFICE OF THE GOVERNOR  
1 STATE HOUSE STATION  
AUGUSTA, MAINE  
04333-0001

Dear Friends:

For four years it has been my privilege to guide our great state, working with the Legislature to keep Maine people safe and put our economy on a path to recovery.

Since the arrival of the COVID-19 vaccines in December 2020, we have worked hard to get as many shots into the arms of Maine people as quickly as possible. Since the COVID-19 vaccine became available, more than a million Maine people have gotten fully vaccinated from COVID-19. It is thanks to them that our state has one of the highest vaccination rates and one of the lowest death rates from COVID-19, despite having a much older population than other states. People are coming to Maine because we are one of the safest states in the nation.

Following the recommendations of the Economic Recovery Committee, our economy has not only fully recovered, but has surpassed pre-pandemic projections and unemployment claims have dropped to pre-pandemic levels. And, last year, I was pleased to sign a balanced, bipartisan budget that finally achieves the State's commitment to 55 percent education funding, fully restores revenue sharing, and expands property tax relief for Maine residents.

Maine can be proud of our nation-leading progress, but our work is far from done. Through the Maine Jobs & Recovery Plan, we will continue to address our longstanding workforce shortage, the expansion of broadband, education and job training opportunities, housing, child care, and transportation. Drawing on the hard work and resilience of Maine people, together we will rebuild our economy and rise from this unprecedented challenge a state that is stronger than ever.

In 2022, we focused on our economy, on our climate, on our kids, on keeping people safe and on the health and welfare of all Maine people. We have persevered, and, while challenges remain, we will get through them together. I am proud of the people of Maine, and I am proud to be your Governor.

Thank you,

A stylized blue ink signature of Janet T. Mills.

Janet T. Mills  
Governor

# Town Manager

It seems we haven't had a "normal" year since 2019, the year prior to the COVID-19 pandemic. With 2020 and 2021 representing the prime years of shutdown, social distancing, and delayed events, 2022 was supposed to be the year we resumed regular operations. In many ways it was. We celebrated public occasions like Prelude and summer concerts without masking and social distance, schools resumed activities and typical classrooms, and we returned to public in-person meetings. However, the COVID pandemic interrupted operations in ways which have not been so quick to return to "normal", these have included the impact to the labor force, challenges in securing supplies and equipment, and the expectation to participate remotely.

According to the US Chamber of Commerce, employers ended up adding an unprecedented 4.5 million jobs in 2022. But at the same time, millions of Americans have been leaving the labor force since before the pandemic. In fact, we have nearly three million fewer Americans participating in the labor force today compared to February of 2020. Kennebunkport and Southern Maine are feeling the same impacts experienced in the rest of America. Our experienced workforce is retiring and there don't seem to be enough workers to fill the vital roles in public service. We hired 16 year-round employees in 2022, replacing those who had retired or sought employment elsewhere. This is an unprecedented recruitment effort for a community our size and I can't thank Yanina Nickless, our Human Resource Manager, enough for her valiant efforts in finding employees with the right set of skills to serve our citizens.

The COVID pandemic negatively impacted the supply chain for equipment and supplies, whether medical or welding, materials needed to be ordered well in advance. We experienced this challenge in our wastewater plant upgrades, ordering generators, securing police cruisers, and even ordering computers. The Police Chief was searching high and low for vehicles to replace our cruisers.

The dealership notified us that a vehicle that had been on order for over a year was cancelled and we could try to order one again in a few months. Thanks to the persistence of the Chief and his willingness to look literally everywhere, we were able to secure the needed vehicles in Massachusetts. Public Works had a similar experience when searching for a new truck and the Board of Selectmen had to authorize our Public Works Director with the ability to expend a certain dollar amount so that when he found a truck he could purchase it on the spot.

The rising cost of equipment prompted the Selectmen to approve a lease purchase for our newest ladder truck. The Town had been reserving funds each year for the eventual replacement of Ladder 34. Unfortunately, the \$1,000,000 in savings did not meet the new truck price of \$1.5 million. The concern that prices were going to continue to outpace our budgeted reserve funds led the Board of Selectmen to enter into a lease purchase for the remaining funds, using our reserves as the down payment. The five year program will require a \$99,000 annual payment, but the budget reserve funds will be reduced to offset that cost.

In-person public meetings returned for all boards and committees in 2022, but with the new hybrid element. The new system, authorized by the State legislature, allows the public, board members, and even employees to participate via electronic programs such as Zoom. This new model allows citizens to have a voice even when they reside elsewhere during the winter and keeps the continuity of the meeting process when COVID-19 spikes in our community.

Building on the climate change goals adopted in 2021, the Town successfully received a State grant in partnership with Biddeford, Kittery, and Kennebunk to develop a climate action plan. The Selectmen appointed a task force to develop specific activities that reduce carbon emissions and vulnerabilities due to climate change.

The Plan will be developed through a community participatory process over a 14-month period. The group will be undertaking a robust public engagement process in 2023 in order to develop a plan that addresses the needs that Kennebunkport citizens identify.

In June, the Town voters approved the architectural and engineering fees to begin designing a new Town Hall. The Town of Kennebunkport has been housed at 6 Elm Street since 1960, or 62 years ago. During that time the Town considered rebuilding Town Hall at another location twice, once in the 1980's with a combined Police Department, and in 1999 with a combined Fire Department. For various reasons the Town did not move forward with a new town hall but renovated 6 Elm Street in 2002. Over the decades the Town has changed, and the Town Hall operations have outgrown the space. The Selectmen have appointed a Town Hall Building Committee which have begun the work of reviewing the programming needs and will bring forward the final concept design for voter consideration.

In the past year, Kennebunkport was awarded over \$5 million in grant funding to tackle two projects in Cape Porpoise. On April 26th, the Town of Kennebunkport was awarded funding in the amount of \$2,663,482. The amount came from two sources, a federal Economic Development Administration (EDA) grant of \$2,163,482 and a Maine Small Harbor Improvement Program (SHIP) grant of \$500,000. The scope of this project is to reconstruct the Cape Porpoise commercial pier to include widening of portions of the pier, replacement of the bait building with sewer service, installation of 8 floats and gangways, upgrades to electrical service, lighting, and communications, installation of solar panels, replacement and relocation of fuel tanks, and parking improvements. The design phase of the project is expected to be completed in early September. Once approval is gained from the EDA, the project will be placed out to bid. Construction is expected to begin sometime over the winter.

On July 19th, the Town of Kennebunkport was awarded funding in the amount of \$2.585 million. The grants were awarded by the Maine Department of Transportation through the Maine Infrastructure Adaptation Fund. The Fund, first announced by Governor Mills in December 2021, was a recommendation of the state's climate action plan, Maine Won't Wait, to support community efforts to build climate resilience in Maine. Maine Infrastructure Adaptation Fund recipients will use the funds for projects to address flooding along ocean and riverfronts, protect stormwater and wastewater systems, install culverts to reduce flooding; and ensure energy availability during extreme storms. It is our current intention to raise the causeway four to five feet to maintain access to Bickford Island. This project is currently in the design phase which is expected to be completed this winter. The project will then be placed out to bid after final design.

# Assessing

The Assessing Department is responsible for documenting and listing all taxable property, real and personal, within the Town of Kennebunkport. As the Tax Assessor, it is my job to ensure assessments are fair and equitable.

## Revaluation

2022 saw the completion of the Market Adjustment project. Revaluations are always a challenging project and as the Town's last revaluation was completed back in 2009, there were considerable changes in assessments throughout the town. I am grateful to all property owners in Kennebunkport for the patience shown throughout the project. I welcomed questions, listened to concerns and hope that I was able to make the process a smooth one. I continue to encourage taxpayers to ask questions as I enjoy explaining how assessing and my job works.

Knowledge is key, and though seeing your value increase can be scary, understanding how things work is an important piece of the assessment world.

The 2022 assessed valuation of the Town was \$3,463,221,040. The mill rate decreased from \$9.60 to \$6.00 for the 2022-2023 tax year. The sum of \$20,012,972 was committed to the Tax Collector on July 28, 2022.

## LD 290

In August, the State of Maine passed LD 290 a bill to Stabilize Taxes for Senior Citizens. I received over 400 applications, up to the deadline of December 1st. The law promised to freeze residents tax bill for the duration of ownership of their property. With any new law, come a lot of questions and uncertainty, and LD 290 was no exception.

LD 290 posed numerous questions to both municipalities and the legislature regarding implementation, so much so that the legislature is bringing LD 290 back to the drawing board to better streamline and simplify the bill. As I receive updated information from the State, I will pass the information on to the taxpayers of Kennebunkport. I encourage taxpayers to visit our website at [kennebunkportme.gov](http://kennebunkportme.gov) and sign up for e-alerts to stay informed with what is going on in Kennebunkport.

Current Exemptions available to help Maine residents reduce their property tax include:

- Veterans/Veterans' Widows exemption
- Homestead Exemption
- Blind Exemption

Applications must be received by April 1st. The forms, instructions and eligibility guidelines are available online. Feel free to contact the Assessor's Office at 207-967-4243 extension 103 if I can be of further assistance.

In closing, I would like to thank the Town Manager, Board of Selectmen, office staff, and the residents of the Town, for their ongoing cooperation and support during the past year.

Becky R. Nolette, CMA, Tax Assessor

**Becky Nolette**  
Assessor

# Code Enforcement, Planning & Development

What a year it has been! While COVID is still with us, it seems like most folks have managed to adapt their lives to it. Our team has continued to work hard on a variety of projects as our department covers code enforcement, planning, and development.

## Code Enforcement

Code Enforcement Officers are important local government professionals who play a vital role in keeping the community safe. The department is responsible for the inspection of plumbing and construction and for the enforcement of the Town's Land Use Ordinance.

## Building Permits and Project Costs

Building activity in terms of numbers of permits has decreased a bit from last year. What hasn't decreased is the cost of construction, despite the number of permits having decreased.

This number is directly influenced by the continued labor shortage, general inflation, and overall instability in the supply and cost of building materials. It is likely that the decrease in permits is also related to the increased interest rates set by the Federal Reserve in the second half of 2022. Our daily code enforcement activities include examining building plans, issuing permits, performing site inspections, meeting with property owners and their representatives on potential projects, responding to zoning complaints, and continued flood map reviews with property owners.

This year, with the passage of the Short-Term rental Ordinance, we now add the review of STR licenses as well as subsequent licensing inspections.

Year	*Total Permits	Project Costs
2010	454	\$19,097,798.00
2011	462	\$18,047,600.00
2012	424	\$13,162,047.00
2013	499	\$18,938,560.00
2014	515	\$24,851,433.00
2015	531	\$29,576,937.00
2016	655	\$35,709,639.00
2017	559	\$29,642,721.00
2018	629	\$41,852,888.00
2019	591	\$37,770,863.00
2020	580	\$36,895,911.00
2021	656	\$59,032,179.00
2022	547	\$72,795,757.00

\*Includes plumbing

## New Home Permits

Per the Land Use Ordinance, growth permits for new homes have been allocated into three zones: growth (7), rural (3), and transition (4).

  
372  
Total Building  
Permits Issued

  
774  
Inspections

  
\$72,795,757  
In Construction  
Costs

  
405  
Licensed Short  
Term Rentals

Our new home permits were issued in the following zones, as compared to the past couple of years:

NEW HOME PERMITS	2017	2018	2019	2020	2021	2022
<b>Zoning District</b>						
Cape Arundel	2	0	2	3	5	2
Village Residential	5	0	1	1	3	1
Village Residential East	1	1	1	0	5	0
Goose Rocks	4	6	7	5	10	3
Cape Porpoise East	0	0	1	2	1	0
Cape Porpoise West	0	2	2	0	8	0
Cape Porpoise Square	0	0	0	0	0	0
Free Enterprise	6	6	10	9	5	6
Farm & Forest	2	4	4	6	3	2
River Front	0	0	0	0	0	0
<b>Totals</b>	20	19	28	26	40	14

## Staffing Changes

Within Code Enforcement we've had some staffing changes. Andrew Welch has departed for a position with Spang Builders doing project management. Taking his place is David Gilcrest who comes to us from the city of Portsmouth, New Hampshire, where he performed plumbing and mechanical inspections. Greg Reid continues to work with us on a part time basis and helps to balance the workload to a more sustainable level. Werner Gilliam meets with many property owners prior to project plan submission and gives guidance on process and submission requirements. April Fortier provides us with excellent admin support and keeps us organized.

## Planning & Development

Our department is also responsible for planning and development. This covers a variety of tasks but focuses on preparing for and shaping the future of Kennebunkport.

When writing this report, I always look back at what I wrote the year before and am amazed at what we have done here in Planning and Development. As we transitioned out of the immediate dangers of COVID, we entered into seeing the economic effects that few could have predicted. During the first half of the year we were still experiencing the incredible uptick in construction related activity. As the year progressed, however, the increases in interest rates, skilled labor supply issues, and inflation driven instability caused permit issuance to slow down. We saw this most significantly in new housing starts going from 40 in 2021 to just 14 in 2022. However, construction is not all we do! Here are some notable highlights:

- The Silver Jackets, consisting of a collection of State and Federal partners organized by the Army Corp of Engineers, met with us, and explored practical solutions related to flood risks for property owners in the Dock Square and Lower Village area. The final report has yet to be released.

*Flooding in Dock Square during the December 23, 2022 storm.*

- With a now approved Short-Term Rental Licensing Ordinance, in partnership with Host Compliance staff, we successfully issued over 400 licenses and diligently worked through the implementation pains of doing our first year of renewals.
- We said goodbye to Eli Rubin who transitioned to South Portland as Community Planner and welcomed Michelle Radley who took his place! Michelle has jumped right into the management of the Short-Term Rental Ordinance and provides staff support to a number of Climate related planning initiatives on which the town is working.
- New for this year is Kennebunkport's participation in the Southern Maine Climate Action Planning Cohort, where the communities of Biddeford, Kennebunk, Kennebunkport and Kittery are working together to establish local climate action plans. Climate Action Plans help to lay out policies and programs for reducing communities' greenhouse gas emissions and adapting to climate change.
- We continue our coordinated efforts with other coastal communities regarding floodplain mapping with assistance from Maine's Congressional Delegation. The process of achieving accurate flood plain maps has been a long and technical process that we expect to be bringing to the voters in June 2023.

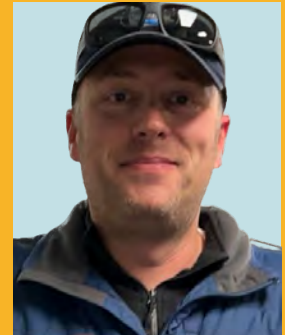

- With the guidance of the Growth Planning Committee and consultants Tom Morgan and Liz Durfee the town brought forward an updated Comprehensive Plan which was overwhelmingly approved by the voters.

Respectfully submitted,  
Werner Gilliam, Director of Planning & Development

# Emergency Management Agency

Emergency management for the past year was a repeat of 2022: we continued to deal with COVID response issues while coordinating with local partners to serve our citizens better. There was a continued effort among the town departments to track and account for supplies used, allowing the town to recover many costs associated with the pandemic. Many hours were spent testing town staff as well as citizens in hopes of keeping services up to levels needed to perform town work.

We also dealt with a number of storms that required all Fire, EMS, Police, and Public Works crews to work together as one team. Storms involving flooding of ocean water are getting more frequent while water levels increase. This increase has brought up much discussion on how town services respond as well as how we can close roads when needed. It is unfortunate, but we spend a large amount of time and effort trying to keep people from going into dangerous areas and, at times requiring unnecessary rescue work. This is why we try to prepare citizens for known weather events and possible flooding.

Preparation is the key to any emergency. Each of us has the responsibility to make sure that you and your family can survive for a few days. This means having a plan, getting supplies together, and watching out for loved ones. Many times, during these large-scale events, we receive numerous phone calls to check on family members or friends. Unfortunately, those calls may need to wait as all responding units are tied up with ongoing emergencies and cannot go right away. If you have a loved one close or far away, take the time now to get them prepared to leave the area or have a secondary method of having them checked on. During many recent storms, cell phone usage was poor, and the internet/power was out, making it difficult to contact loved ones. Plan ahead for everyone's benefit. Should you need assistance in planning for a disaster, we have helpful booklets located at the town hall and the police station for you.

Respectfully submitted,

Craig A. Sanford, EMA Director

*Storm Damage on the Road*

# Fire

*Kennebunkport firefighters attack a building fire off School Street (Feb. 2022)*

During 2022, as the impact of COVID diminished, we were able to resume our full schedule of training. For the last few years, we have benefitted greatly from having three training sessions per month, one each hosted by the three local departments: Arundel, Kennebunk, and Kennebunkport. These are generally the same training topic for the month, thus giving our members multiple opportunities to attend at least one session. In addition, we often have a fourth session each month on topics unique to our community. Many training sessions are “hands on,” such as vehicle extrication, water rescue with our two small rescue boats, and various aspects of structural firefighting.

We also encourage new members to take a full Firefighter 1 and 2 certification course, at least two of which are held in the area each year. These courses are normally held on nights and weekends to accommodate volunteer members who work full time. These courses are approximately 240 hours in duration and are required for those who wish to be qualified to wear air packs and work inside a burning structure.

Two of our recent graduates of these programs were hired in 2022 for career firefighter positions; one in Kennebunk, the other in Portland.

For more information on the Kennebunkport Fire Department, including a roster of our members, please see our webpages at: [www.kennebunkportme.gov](http://www.kennebunkportme.gov)

## KITREDGE FAMILY FIRE EQUIPMENT FUND

The people of Kennebunkport are the beneficiaries of a trust fund established by the Kittredge family to purchase fire trucks for the town.

For the foreseeable future, the four Fire Companies will need to pool their Kittredge Fund resources due to a significant increase in the cost of apparatus.

<b>Kittredge Account (Principal)</b>

# Cape Porpoise Pier Harbormaster

*The view in Cape Porpoise Harbor*

There was a change of watch at the Cape Porpoise Pier this year with Chris Mayo leaving to accept a job with the State. Jon Noyes did an admirable job as Interim Pier Manager and kept things running smoothly through summer and into the fall. At the end of November Frank Orr took on the role of Harbormaster and Pier Manager after 16 years as Assistant Harbormaster in Freeport.

While the staff at the Pier may have changed, the hours of operation will remain the same. The Summer hours will continue to be from 8:00 am to 4:00 pm, Tuesday through Saturday.

If you need gasoline or diesel for your vessel, we recommend calling ahead on VHF Channel 16 or by phone at (207) 967-5040 for scheduling.

Cape Porpoise and the coastal waters of Kennebunkport had a good year in 2022. Fuel revenue for 2022 increased by 63% over 2021. Pier Membership was steady, and the commercial fishing fleet was very active.

It was a challenging year for the fishermen working out of Kennebunkport because while the lobster catch was comparable to past years' harvests, the prices fell dramatically in 2022 and operating expenses were significantly higher due to the increased costs of fuel, equipment, and services.

For the new Harbormaster, it has been a busy fall in Cape Porpoise with several significant storms. The most serious of these was a storm on December 23 with strong southeast winds blowing straight into the harbor, and an over six-foot storm surge which peaked during the astronomical high tide. This caused flooding and damage both at the Pier itself and on Pier Road, where the causeway was completely under water. Flooding also extended into the neighborhoods at the top of the harbor and along the waterfront at Goose Rocks Beach.

*The effects of the December 23, 2022 storm*

Looking ahead to 2023, we expect it will be a very busy year in Cape Porpoise. The Pier Renovation Project is scheduled to start in the Fall of 2023. This project includes major renovation of the Pier, the addition of a new ramp and float system for improved water-level access, replacement and relocation of the fuel storage tanks to higher ground on Bickford Island, and significant improvements to the building and facilities. Included in the project plan is the intention to maintain normal services at the Pier during the construction period.

In December, you might have seen the beginning of seaweed harvesting. This winter you will also see activity related to seaweed harvesting that will be performed from now until early spring. This sustainable harvesting of rockweed is being performed by Hale Miller of Tenants Harbor. Over the course of the winter, you'll see his unusual looking boat and large green bags of seaweed floating in the harbor and tied up alongside the Pier. Mr. Miller's activity schedule is driven by the tide cycle, so you can expect to see his vessel underway at any hour of the day or night.

*Seaweed harvesting*

We look forward to a productive 2023 in Cape Porpoise with many positive changes expected for this year. I'm always happy to assist with questions about our working waterfront and am ready to assist with any business at the Pier. My office door is always open (but services here are limited so I recommend bringing your own coffee if you're stopping in for a chat).

Feel free to call, hail me on Channel 16, or flag me down underway once the boat is launched in the Spring.

# Kennebunk River Harbormaster

As I reflect on last year, I can't help but look at the storms we had and how it reflects that the location of our small tidal river community is very much on the "lee shore" of this planet's great North Atlantic Ocean. There were nine storms that had winds of over 40 mph. Five of those came with significant snow fall and four came with a significant tidal surge. The river also had nine high tides of over 11 feet. Add the annual rain run-off and the river for all of its shortcomings took her lumps well!

The river water quality improved last year but not on a large scale. To see the current "Kennebunk River Watershed Based Management Plan" please go to this link:

<https://www.wellsreserve.org/writable/files/KennebunkRiverWBMP.pdf>

Last spring in March and April, all 25 Commercial Moorings and 37 Recreational Moorings were inspected by Pepperrell Cove Marine Services. The Commercial moorings had a total of five moorings that needed tackle replaced, and the Recreational moorings had 27 moorings that need a variety of tackle replaced. To the Commercial mooring owners' credit, they have been "self-inspecting" on an annual basis for quite some time, and it shows! The recreational mooring owners have responded favorably to the new inspection protocols. My hope is to have mandatory inspections every other year starting next year.

I've found one of the paramount assets to being a harbormaster is that of listening. Taking initiative would be second, but not always. The safety of all those who work, play, visit or live on the river is a very deep concern of mine. Paying attention to the variety of concerns is extremely important to putting into place mechanisms that address those concerns as well as provide for a safer river environment.

The river committee consists of seven resident volunteers from the towns of Kennebunk & Kennebunkport. They are looking for new members, so if interested please contact the town clerk at Kennebunk town hall. These dedicated souls are my guiding light. Without their assistance as well as the two towns' administration my work would be much more difficult.

Thank you all for the support and advice. It's a privilege to serve these communities as their Harbormaster.

# Municipal Support

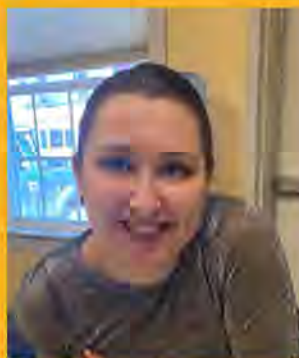

The Municipal Support Department is relatively new to Kennebunkport's government. It is unique by its nature because it consolidates three different branches - human resources, communications, and informational technology. While previously, various employees shared and filled these functions in addition to many other job duties; there was no one dedicated department to combine them under one umbrella. With the complexity of the municipal structure and increasing requests for services, it was time to shape a division that could support other employees. Thus, at the beginning of 2022, the Municipal Support Department saw its existence and included three people. These people are Yanina Nickless, the Special Projects Manager/HR Coordinator; Hope Mowry-Wall, the Communications and Events Specialist; and David Powell, the Technology Specialist.

The department filled many needs with one main goal: to support Kennebunkport's staff so they could do the best job possible for the citizens. Throughout 2022, the Municipal Support Department helped Finance with financial reports, the Town Managers office with the Leadership evaluation program, the Parks and Recreation Department with the Chalk the Port festival, the Public Works Department with Public Works Open House event, various other departments with the recruitment and hiring process for over 45 positions (full-time and seasonal), maintaining social media accounts, and much more.

All of that was just the beginning. The Department shaped many goals for 2023 that would benefit not only Town's employees but citizens too. We are hoping to incorporate more technological processes in the Town Clerks office, improve the website, conduct the labor market analysis, and work with Planning and Development on flood alert systems and climate educational programs. The Department will also continue to support many committees across the Town.

2022 was not an easy year in many aspects; it seemed that challenges waited at every corner, especially for a newly-established department. But we received incredible support from the Selectboard, the community, and other employees. We are still figuring out our ways and workflow. Still, we will keep working hard to prove that the new Municipal Support Department is a wonderful addition to the Town of Kennebunkport that will benefit everyone.

Respectfully submitted,  
Yanina Nickless, Special Projects Manager/HR Administrator

**Yanina Nickless**

**David Powell**  
Technology Specialist

# Parks & Recreation

As I reflect on the past year, there are many things the Recreation Department can be proud of. Post pandemic, the community was finally able to take full advantage of our events and programs, allowing residents and families to enjoy recreational time together.

## Special Events

Special events were a big highlight for the Recreation Department this year. We kicked off 2022 with the 2nd Annual Pond Hockey tournament. We had eight teams of adults vying for the coveted honor of champions. Families and players alike enjoyed all the goodies provided by the Kitchen Chicks, who ran the concessions stand for the entire event. It proved to be a great winter day with a picturesque snowfall accenting the bonfires, the rink, and all the festive activities surrounding the event.

*Teams playing during the 2022 Pond Hockey Tournament*

Spring began with the Kennebunkport Egg-Stravaganza. Over 100 children of all ages hunted for eggs in Parson's Field and made a visit to the Bunny to have their pictures taken.

Spring turned to summer, and we hit the ground running with our first Concert on the Lawn. For both concerts this summer, we had great bands that included the Dock Squares and the Chris Ross Band. No concert is complete without having some great food and beverage options. Food was provided through our concessions stand but we expanded the variety by bringing in several food trucks.

Additionally, we used our strong community partnerships with Batson River Brewing and Distilling and Banded Brewing Company to provide several different choices for beverages. The community came out to celebrate the start and finish of the wonderful summer season!

The fall brought back one of our most popular events, Chalk the 'Port. After having to postpone for two years, we were thrilled to once again host this event, this time with the theme of Kennebunkport: Past, Present, and Future. This year, in addition to artists working their magic on the pavement, four artists created recreated scenes of Kennebunkport on the four sides of a cube in Parson's Field, bringing the art into a new plane. Food trucks, breweries, and music highlighted the weekend as people were drawn out to Parson's Field for a great time with neighbors and friends.

In October, the Zombie Dash brought chills and thrills to over 100 locals brave enough to run the course through the woods at KCT while zombies chased them. Many “survived” and won prizes, and it made for a fun-filled evening for everyone!

## Prelude Craft Fairs

After a two-year hiatus, the beloved Prelude Craft Fairs returned, and the event did not disappoint. The two fairs were held on consecutive Saturdays in December at the Kennebunkport Consolidated School and were welcomed back by locals and visitors alike. Over 80 vendors attended each weekend and there were an estimated 3,000 total shoppers. The Kennebunk High School class of 2024 assisted with parking and admission, with door proceeds being split between their class and the Recreation Scholarship Fund.

## Senior Trips and Luncheons

In addition to special events, we had our senior programs up and running. We held seven luncheons this past year with a total of 154 lunches served. We also partnered with The Center offering a trip to Lights Aglow at the Maine Botanical Gardens.

The Kennebunk High School Chamber Choir performing at our December Senior Luncheon

## Pickleball

Pickleball continues to grow as we have offered 18 lessons this past year with 253 students. We have offered outdoor lessons at Rotary Park on Beachwood and indoor lessons at KCS. In addition to lessons, we had drop-in pickleball sessions at KCS this past fall and winter. It seems everyone is playing pickleball these days and it is well known and documented to be the fastest growing sport in the country. I can certainly attest to the fact that it is true here in Kennebunkport!

## Summer Camps

Our Summer Camps and After School Adventures Program also continue to grow. We have 88 children registered in our After School Adventures program up from 79 the previous school year. We offered several new camps this past summer and they proved to be popular as well. The Marine Science Camp, Art Camp and Slime Week Camp were great additions to our Summer Camp and Outdoor Adventures Camp. In total, we served 162 campers this past summer!

The K-1 groups and counselors from our 2022 Summer Camp

We hope you were able to get out and enjoy a program or a park this past year. Whether it was a walk in the park, taking kids to the playground, enjoying a t-ball game or relaxing and watching the boats on the river, I hope you had time to soak in the wonderful town you live in!

# Police

As I write this, it is hard to recall the number of changes that have occurred in the past year. The continuance of the COVID pandemic required constant adjustments to police operations while personnel moved in and out with the illness and its effects. We saw an increase in visitors to the Town of Kennebunkport and found numbers to be at or over those prior to the start of COVID.

We have had to adjust to the retirement of long-time employees Deb LaRoche and David Breault. Deb started out in Kennebunkport as a Patrol Officer while later becoming the Dispatch Supervisor. Deb knew every inch of Kennebunkport, and her institutional knowledge will be missed by all. Detective David Breault retired after 20 years of service. David was the agency's Detective for many years, and his investigative skills brought several tough cases to a close for the victims. Both will be missed, but we are all happy to see them move on to endeavors of their choosing.

With both employees leaving, the agency continues to struggle with staffing, as do most industries in the country. We have been very fortunate to attract officers from other parts of the country, but I see no change in the staffing challenges any time soon. That is why we referred to the help of technology to assist us in managing the ever-increasing volume of vehicular and foot traffic. We will be using electronic signs to help us in ensuring folks are safe when using our roadways.

As always, the relationship between our agency and the citizens we serve remains positive and supportive. We could not continue to be successful without our citizen's support. We strive for excellence and will continue to be an example of service to others. We are a team not only inside the agency but with the other town departments, and these combined efforts make Kennebunkport a great place to live and visit. Be safe.

# Public Health and Nursing

Happy Birthday to the Kennebunkport Town Nurse! This year was a special year for the town nurse and the Kennebunkport Public Health Department. The very first town nurse was hired May 1, 1947, and her name was Florence Poirier. We celebrated our 75th birthday all year long with monthly educational offerings. We had cake too! Thank you to our community who continues to support this department and the nurses of the community. We are very honored to work with and support our community.

*Our Public Health Staff at the June 16th Concert on the Lawn hosted by the Parks & Recreation Department  
L-R: Stacey Corsie, Alison Kenneway, Kim Noble, and Kristen Garvin*

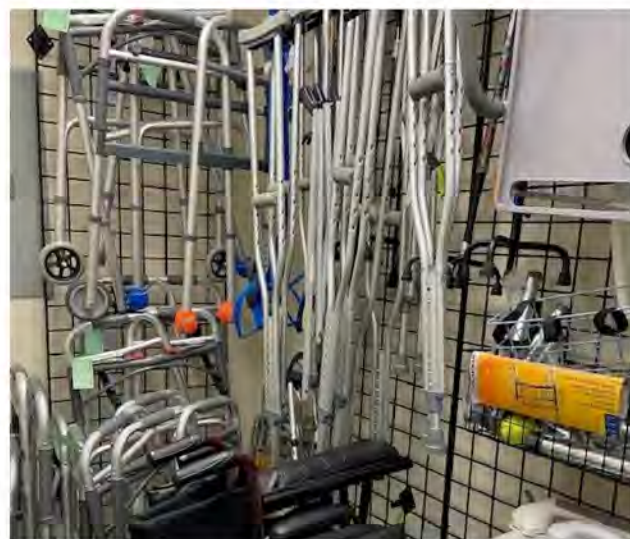

Two Health Officer complaints were filed and responded to by the Health Officer. The State of Maine legislature mandates that each Health Officer completes a six-hour certification program as well as continuing education through the year. The Health Officer is required to work closely with the Maine CDC to report, monitor, and follow up on treatment and precautions in order to prevent the spread of illness through a community.

## Programs & Services

The Public Health Department continues to actively promote programs that focus on improving the health and welfare of our community members. Our service provides skilled nursing care at the public health office as well as in residents' homes.

Outside agencies assist our staff in providing occupational therapy, physical therapy, home IV therapies, and hospice care. These agencies are usually covered by Medicare and private insurances. The nurses made 1,128 home nursing visits and residents made 485 office visits for treatment and consultations in 2022.

Residents are encouraged to visit the nurses during office hours for blood pressure readings, blood sugar evaluations, dressing changes, suture removal, treatments, and consultation. The office provides a variety of free resources and materials regarding disease prevention, health promotion/education, and community events. We would like to remind residents that the Public Health Department has a free durable medical equipment loan closet. This closet is funded by the Health Council and private donations. Available equipment includes wheelchairs, walkers, commodes, toilet seat risers, crutches, canes, and adaptive home equipment. In 2022, residents came by to utilize our medical loan closet 270 times. Stop by before you buy!

*A sneak peak inside our medical equipment loan closet*

*Alison Kenneway and Kim Noble assisting with the St. Patrick's Day Senior Luncheon at the Kennebunkport Parks and Recreation building*

The Public Health Department offers many outreach programs, clinics, and educational classes to the community. These offerings are a result of collaboration between the Public Health Department, the Kennebunkport and Kennebunk Police Departments, the Louis T. Graves Memorial Library, Kennebunkport Parks & Recreation, The Center, the University of New England, the Coastal Healthy Community Coalition, local businesses, and residents.

Throughout 2022, we continued to be faced with the challenges of COVID-19 and its many variants causing illness in our community and many others. Community education related to symptoms and prevention were a priority. Many precautions that were put into place during the pandemic have been discontinued. We teamed up with York County Emergency Management to offer community Covid vaccine clinics providing first time, or booster dosing of the Moderna, Pfizer, and Johnson & Johnson vaccines. The clinic was well attended, and we were able to offer vaccines to home bound seniors in Kennebunkport.

## Well Water Testing

In June 2022, the Public Health Department and Nelson Analytical Lab/Kennebunk sponsored our annual Well Water Testing. This year, due to lab staffing and the continued effects of the pandemic, residents were asked to drop off the well water kits at their leisure between June 1st and 15th to not overwhelm the lab with work. The Public Health Department continues to offer this yearly event. The kits are free and there is a reduced fee for testing for Kennebunkport residents. It is extremely important to have your well water tested every year for a dug well and every 5 years for an artesian well. There are over 1,000 households in Kennebunkport who rely on well water. And along with water goes sewer. The Public Health Department must encourage all residents to take care of your septic tanks with routine maintenance. Septic inspections, pumping septic systems out every 3-5 years, and water conservation is suggested to maintain your system. Many issues can be prevented with routine maintenance. Visit the Public Health website for more information on septic care/education.

## Medication Disposal

Residents are reminded not to discard unused prescription and over-the-counter medications in your household trash or sewer/septic systems. Please deposit your medications in the secured box located in the Police Department's lobby. Disposing medications in your septic or sewer system can adversely affect the systems efficiency as well as influence the status of our watersheds. Those who are using sharps such as syringes to treat Diabetes and various illnesses, please bring them to our office for disposal in our Hazardous Waste container or follow these guidelines set by Maine Environmental Protection agency,

[www.maine.gov/dep/waste/biomedical/sharps.html](http://www.maine.gov/dep/waste/biomedical/sharps.html). Kennebunkport Public Health and Police Department participated in the drug disposal project "Take Back Your Drugs" sponsored by the Maine Attorney General's Office this past June and October. Watch for it again this coming June 2023. Visit the public health website for more information on medication and hazardous waste disposal.

## Maine Healthy Beaches

Kennebunkport participated with the Maine Healthy Beach program again in 2022. Samples were collected at both Goose Rocks Beach and Colony Beach 2 times per week, from Memorial Day through Labor Day monitoring the water quality for bacteria.

Please visit

[www.maineoastdata.org/public/CurrentBeachStatus.aspx](http://www.maineoastdata.org/public/CurrentBeachStatus.aspx) (Maine Healthy Beaches) for beach status history along with current conditions of any coastal Maine beach participating in this program. The Goose Rocks Beach watershed was also monitored throughout the spring, summer, and fall. Data collected is to assist with determining bacteria sources for contamination.

This was done in collaboration with Maine Healthy Beaches program at the Maine Department of Environmental Protection. Our efforts will continue this coming season. Information related to our watershed studies can be found on the Public Health website under Maine Healthy Beaches and water quality tab.

*Alison Kenneway from the Public Health Department and Meagan Sims from Maine DEP and MHB collecting water samples.*

We wish to extend our appreciation to all Town of Kennebunkport employees, members of the Kennebunkport Health Council, and to all who have assisted us in our efforts to maintain a healthy community. Thank you to our medical director Dr Peter Tilney D.O. for your guidance. We also wish to thank all our community members who remembered our office with donations, whether it be to the emergency fund, public assist fund or nursing fund, we thank you for your support! Stay healthy and safe!

# General Assistance

The General Assistance Program is a State mandated service required in every municipality in the state of Maine. This program is designed to help individuals and families meet their basic needs including food, housing, fuel & utilities, and medical and dental services. Each town or city designates a General Assistance Administrator who is responsible for receiving applications, making decisions concerning an applicant's right to receive assistance, and preparing records and communications concerning assistance. In Kennebunkport, the Public Health Director serves as the General Assistance Administrator. As Kennebunkport's GA Administrator, I continue to focus on assisting residents with finding resources that meet the escalating housing, food, and heating costs.

Twelve General Assistance applications were submitted in 2022. Although none of the applicants qualified for assistance through the state, we were able to assist these applicants through our other resources. Kennebunkport General Assistance is audited yearly by the Department of Health and Human Services.

During the winter of 2021-2022 the Kennebunkport Emergency Fuel Program provided for 9 emergency fuel deliveries of 100 gallons and assisted with avoiding 2 CMP disconnects. This program is funded by donations. The Kennebunkport "general needs" account is also funded by donations. It allows us to help residents pay for basic needs if they don't qualify for General Assistance through the State of Maine.

York County is fortunate to have medical and dental services that provide care for those without insurance. Nasson Health Care is a community-based health center with locations in Springvale (15 Oak Street) and Biddeford (357 Elm Street).

Patients may pay for the offered services with flexible payment options and are accepted no matter the type of insurance, whether private insurance or Maine Care, as well as those who are uninsured. The Affordable Care Act continues to enable many of our working residents to have medical coverage.

## Food Distribution

Community Outreach Services in Kennebunk is our local food pantry. Since the start of the pandemic COS has changed how they provide food to residents in the community. COS has opened for "neighbors" in need the ability to shop for food at the food pantry for items that they wish for their family.

Appointments (online, or by phone) must be made to shop at the pantry. To access this program, residents must contact COS online: [coskennebunks.formstack.com/forms/gafoodpantry](https://coskennebunks.formstack.com/forms/gafoodpantry), or call: 207-604-0445.

This past summer/fall COS started a "food 4 kids" program, providing food for families with kids to help get them through summer break, school vacations and weekends when they couldn't get breakfast/lunch at school. We had 1 family participate in this program. No families from town participated in the York County Shelter food pantry program.

Stuff the Bus

## Other Assistance

- Stuff the Backpack project was supported by the Health Council, purchasing 3 back packs and gift cards to staples for school supplies for our school children.
- Secret Santa provided Christmas gifts for 6 Kennebunkport children.
- 10 holiday meal baskets were delivered from Community Outreach services. Community Harvest provided hot holiday meals to the community upon request for Thanksgiving and Christmas.
- There was no Salvation Army activity this past year.
- 7 seniors received special holiday gift bags from the Senior Elves at the Senior Center Lower Village.
- The Sea Coast Garden Club provided 6 box wood trees for our seniors.
- We still collect used cell phones for Shelter Alliance to assist Caring Unlimited. Please leave them at our door, and we will be sure to pass them along to the appropriate agency.
- Kennebunk Rotary's program "CS3" provides clothing for children in need going back to school. 4 children in our community received back to school clothing.
- We had 4 families participate in a new program "Healthy Harvest". They received a farm share at Frinklepod Farm for fresh produce.

*Stuff the Backpack Project*

## General Assistance Administrators

York County General Assistance Administrators continue to meet with various federal, state, and private sector representatives to review methods of funding and alternative resources to meet community residents' basic needs. General Assistance Administrators are also required to attend Department of Human Service classes to keep current with new legislation.

We would like to thank those in our community who donate their time and resources to help our neighbors in need. Any resident of Kennebunkport who is in need of assistance to meet a basic need, or who has questions concerning federal, state, or county programs is encouraged to call the Health Office, (207) 967-4401.

Alison Kenneway RN, BSN  
General Assistance Administrator

*Secret Santa Tree at Town Hall*

# Public Works

The Public Works Department provides snow plowing service for 52 miles of roads plus sidewalks, public parking lots, and other public facilities during the winter. In addition, the Department is also responsible for road repairs, storm drain systems, maintenance, and painting of crosswalks and parking spaces in Town.

The Town Mechanic is responsible for the maintenance and upkeep of all Town vehicles, including the Public Works equipment, Police and Fire vehicles, and the Recreation bus. Other responsibilities include the upkeep of the Public Works Department facility and the Town's tank farm.

The Public Works Department saw a few changes in 2022. The restructuring of the Public Works Department left a vacant position for Operations Manager, which was filled by the longtime operator Rick Merrill. Unfortunately, we lost another longtime operator, Scott Lantagne, to retirement. Scott was with the Public Works Department for 25 years and still actively serves on the Fire Department. We miss his dedication and experience but managed to convince him to stay on as a backup plow operator. Thank you, Scott! We hope you are enjoying retirement!

The Public Works Department had many accomplishments throughout the year. In addition to maintenance of all the roads and beaches, here are a few of the highlights:

In the spring, the Public Works Department and Wastewater Department hosted the first-ever Kennebunkport Public Works Open House during National Public Works Week on May 21. The departments worked with the Parks and Recreation Department, the Fire Department, the Solid Waste and Recycling Committee, the Planning Department, and Maine Clean Communities. This event allowed us to share the equipment, talent, and services offered by our departments.

Throughout the course of the summer, the Public Works Department completed initial tree removal, ditching, and drainage repairs ahead of paving operations. Roads paved and/or reconstructed this year included part of Beachwood Avenue, Old Cape Road, South Main Street, Pearl Street, and Elm Street. The crew also completed the shouldering work, with assistance from Kennebunk Public Works, in needed areas after the roads were paved. Many thanks to Kennebunk Public Works for supplying the shouldering machine and operator!

In the fall, the Public Works Department prepared and erected the temporary ice rink for the Parks & Recreational Department.

Also, Public Works and Robert Zuke Builders found, cut, and erected the Dock Square Christmas Tree for Kennebunkport's annual Prelude celebration. Thank you to Robert Zuke Builders and the Prelude Volunteers for all the work done preparing Dock Square and Cape Porpoise Square for the tree lights and decorations for Christmas Prelude.

Special thanks to the Public Works crew for all their efforts and hard work throughout the year to make all these necessary projects happen.

# Registrar of Voters

The number of registered voters in Kennebunkport is constantly changing as people move into or out of town, pass away, or come of voting age. Beginning in 2020, we had many new residents who came here to escape larger cities and seasonal property owners who decided to stay permanently. The trend of working remotely has made it easy for individuals to live almost anywhere.

As of December 31, 2022, the total registered voters were as follows:

1,383 Democratic  
967 Republican  
80 Green Independent  
906 Unenrolled Voters

---

**3,338 Total Registered Voters**

## Register

## VOTE

I would like to thank Audrey Williamson and Becky Nolette, my Deputy Registrars. Having them available to assist with voter registration, whether in the office or at the polls, is a great support to me.

If you have any questions about the election process, voting or registering to vote, please call me at (207) 967-1610. Please don't forget to exercise your right to vote!

Respectfully submitted,  
Tracey O'Roak, Registrar of Voters

# Town Clerk

The Town Clerk's Office continued adapting in 2022 as the world around us continues to change. Whether it is online offerings or communication methods, we work to meet our residents' and taxpayers' needs as efficiently and effectively as possible.

*Town Clerk staff at our 2022 Christmas Party*

I must thank the Clerk's staff, Audrey Williamson, Rose Wills and Becky Nolette. They work diligently to serve our current residents while welcoming the continued influx of new year-round residents. Fun fact, between the four of us, we have 68 years of experience with all things clerky!

The following is a summary of the 2022 town meetings and elections:

## **May 16, 2022 – R.S.U. #21 District Budget Meeting**

We voted on the school budget in a two-step process as required by the school consolidation law. The first step is to vote on the various segments of the budget at a district-wide meeting of Kennebunk, Kennebunkport and Arundel voters. The meeting was held at Kennebunk Elementary School at 7:00 p.m. for the purpose of approving the 2022/2023 school budget. The total budget proposed was \$54,148,467. All articles were approved as written in the Warrant.

## **June 14, 2022 – R.S.U. #21 Budget Validation**

The second part of the school budget process is the Budget Validation election. Kennebunkport, Kennebunk and Arundel each held elections at our own town polling places to approve the budget that was adopted at the district budget meeting. In Kennebunkport there were 1,005 ballots cast either in person or by absentee ballot. The budget passed in all three towns.

## **June 14, 2022 – Annual Town Meeting**

The first half of our Annual Town Meeting is a secret ballot vote to elect our Town officials and to vote on any referendum questions that the Selectmen propose. This year there were two seats for Board of Selectmen and one R.S.U. #21 Director seat open. Sheila Matthews-Bull and Jon Dykstra won the seats on the Board of Selectmen, each with a term of three years. Jameson Spang Davis ran unopposed for the R.S.U. #21 Director's seat, with a term of three years. There were 1,005 votes cast either in person or by absentee ballot.

*Town Clerk, Tracey O'Roak, swearing in Jon Dykstra and Sheila Matthews-Bull*

## **June 18, 2022 – Continuation of Annual Town Meeting**

On Saturday morning at 9:00 a.m. at Consolidated School, voters reconvened to vote on the 2022/2023 Town budget. We welcomed a new Moderator, E. Russell Grady. Mr. Grady did a wonderful job moderating the Town Meeting. All articles were approved as written in the Warrant.

### **June 14, 2022 – State Primary and Special Referendum Election**

The State of Maine held a primary election for Governor, United States Senator, Representative to Congress, State Senator, Representative to the Legislature, York County Sheriff and County Commissioner. There were 849 votes cast either in person or by absentee ballot.

### **September 22, 2022 – Special Town Meeting**

This was a special town meeting to vote to authorize the Board of Selectmen to execute a 20-year first priority mortgage lien on the Cape Porpoise Pier property in favor of the Federal Economic Development Administration as required for the Cape Porpoise Pier reconstruction project. There were 134 registered voters in attendance and the warrant article was approved as written.

### **November 8, 2022– Special Town Meeting**

There were five ordinance questions, all of which passed. There were 2,406 votes cast either in person or by absentee ballot.

### **November 8, 2022 – State of Maine Gubernatorial Election**

There were 2,428 total votes cast for this busy election! Kennebunkport voters elected Janet Mills (D) for Governor. Chellie Pingree (D) was chosen for Representative to Congress. Joseph Rafferty (D) was chosen as State Senator. Traci Gere (D) was chosen for Representative to the Legislature. Bobby J. Mills (D) was elected as County Treasurer. Nancy Hammond (D) was elected as York County Register of Deeds. William King, Jr. was elected as York County Sheriff. Kathryn Slattery (D) was elected as York County District Attorney. Richard Dutremble (D) was elected as York County Commissioner.

Thank you to Claire Julian, who served as Warden for our elections. She worked tirelessly to meet the ever-changing election law requirements. The ballot clerks deserve a special thank you. This year Anne Marie Briggs, Leslie Cargill, Carol Cook, Susanne Cayford, Doug Dicey, Jan Dicey, Connie Dykstra, Jane Evelyn, MaryJane Grant, Ki Leffler, Scott Nolette, Karen Schlegel, Richard Smith and Michael West all gave their time to work at the polls or assist with absentee ballot processing. They are loyal and dedicated citizens of the town, and we owe them a debt of gratitude for their service on election days.

*Photo courtesy of Shawn Sullivan and Seacoastonline*

And now the statistics for 2022... We issued 83 marriage licenses, 601 certified copies of vital records, and 19 burial permits. There were 37 recorded deaths and 21 recorded births, of which there were 6 boys 15 girls. We issued 850 dog licenses, 27 annual and 52 daily liquor licenses, 23 special amusement permits, 58 victualers licenses, 15 special event permits, 14 non-resident recreational clam licenses, 80 resident recreational clam licenses, 2 trolley permits, and many hunting and fishing licenses. We also processed thousands of Dock Square Parking Lot Vouchers and 3,709 Goose Rocks Beach parking stickers. In addition, we also processed over 7,000 tax payments, registered thousands of cars as well as 380 boats, 64 snowmobiles and 43 ATVs.

Lastly, I want to thank David Powell and Marc Cote who provided the sound and video at our open town meetings. Their expertise is greatly appreciated.

Feel free to call the Town Clerk's Office Monday – Friday, 8:00 am to 4:30 pm with your questions or concerns. My direct number is (207) 967-1610.

# Wastewater

It has been a busy year for the Wastewater Department, as we are continuing to advance the three projects approved for funding in June 2021. These include:

- Secondary clarifier's structural/mechanical systems
- Upgrade the sludge dewatering (necessary to meet regulatory requirements)
- Replace three major pump stations: Cape Porpoise, Paddy Creek, and Wildes District pump stations

## Clarifier Upgrades

*Putting the finishing touches on the new clarifiers*

The clarifier mechanisms and roof upgrades were completed in May of 2022. The mechanisms are working well.

## Dewatering of Biosolids

In Spring of 2022, the State legislature passed legislation outlawing municipalities rights to distribute compost due to concerns with Per- and Polyfluorinated Substances (PFAS). PFAS are used in a variety of household products and clothing and are also known as “forever chemicals” due to their high resistance to degradation. While the Town has no industrial sewer customers, PFAS was found in our biosolids in low concentrations. Therefore, we cannot currently dispose of our compost. An upgrade to the dewatering equipment should allow us to adequately reduce the amount of PFAS.

We are continuing to compost until we can upgrade the dewatering equipment. The compost is being stored and will be disposed of at a licensed landfill. Performance measures were developed for the dewatering equipment upgrades and bids were developed and advertised. Three centrifuge manufacturers submitted bids with life cycle costs. GEA Westfalia was selected as they met the performance standards and will have the lowest life cycle cost. Two centrifuges were ordered and are being manufactured.

## Pump Station Upgrades

Bids were developed and advertised for three pump stations: Cape Porpoise, Paddy Creek and Wildes District. After all bids were reviewed, the contract was awarded to Apex Construction. Work is expected to begin in February of 2023 and be completed by February 2024.

*The recently renovated pump station at Chicks Creek, having received similar renovations to those needed at Cape Porpoise, Paddy Creek, and Wildes District.*

## Public Works Open House

In May of 2022, during Public Works Week, we hosted our first ever Public Works Open House. In addition to tents and tables from other organizations, face painting, and public works vehicles on display, we offered tours of our Wastewater Treatment Plant. This offered a great opportunity for residents of all ages to truly understand what happens at the Wastewater Treatment Plant and through the pipes and pump stations throughout town.

## Wastewater Treatment

In 2022, the wastewater treatment plant processed a total of 122,505,000 gallons of wastewater. The wastewater treatment process generated a total of 1,967,160 gallons of biosolids that was turned into 1,200 yards of compost. Just for comparison, here are the numbers for recent past years:

Respectfully submitted,  
Chris Simeoni & Eric Labelle

*Eric Labelle leading a tour of the Wastewater Treatment Plant during the 2022 Public Works Open House.*

Year	Gallons Treated	Gallons of Biosolid Produced	Yards of Compost Produced
2022	122,505,000	1,967,160	1,200
2021	136,414,000	1,377,539	1,200
2020	109,961,000	1,328,000	1,200

# Goose Rocks Beach Advisory Committee

*The view at Goose Rocks Beach, Summer 2022*

The Goose Rocks Beach Advisory Committee was created 10 years ago, pursuant to an ordinance that voters overwhelmingly approved in June 2012. The committee is comprised of 7 elected representatives and one selected by the Selectboard. The purpose of the committee is to consider, propose and review regulations and article changes, to advise on related matters governing the use of the beach by all persons, and to perform other duties as described in the ordinance.

The committee had a busy and productive 2022. Our greatest challenges – sustaining the traditional use of the beach amid ever-growing demands on limited beach space, even as we begin to face up to the reality of a changing environment with sea level rise, storm intensification, and frequency. Many are aware that at high tides, there is no longer a dry beach in front of some rock walls.

One of the committee's top priorities was to preserve and enhance the beach's natural features. Our goal is to do what can and should be done to sustain the overall health of the beach and make the experience of visitors as positive as it can be. We partner with other town stakeholders and others to amplify our efforts. Those efforts included:

- Staking and installing twine from Dinghy Point eastward to past Jeffries Way to support dune grass and dune growth.
- Annual installation of kayak racks to keep the boats out of the dunes on land owned by the Kennebunkport Conservation Trust.
- Regular mapping of dunes by drone flights to create a database and visual imagery to guide future beach preservation efforts.
- Financial support to the Maine Geological Survey's Beach Profiling program, which would not exist without the great work of a group of year-round residents of Goose Rocks Beach.

- Our Natural Resources sub-committees continued support for the town's participation in the State's Healthy Beaches Program, which, thanks to town staff, volunteers, and citizen scientists from Goose Rocks Beach, are monitoring and investigating continuing water quality issues that come from the rivers at either end of the beach.
- Annual spring beach cleanup day.

#### Other 2022 Initiatives:

- Traffic Safety – responding to various traffic and road safety concerns, our sub-committee worked with the Police Department to monitor traffic flow and speeds. Conclusions: heavy traffic is a reality, more than 24,000 vehicles a day on Dyke Road and 8,000 on New Biddeford Road during the August test period. A surprising (but maybe not to residents in the west end) – 9,000 vehicles on Kings Highway in that neighborhood. And slower vehicle speeds than claimed at 4 test locations, with only 1% of vehicles clocking an enforceable speed violation. Also, a request from the committee led to the striping of the west end of Kings Highway in an attempt to slow vehicular speed.
- Committee members also regularly work with the town and with beach users over various enforcement or safety issues that are brought to individual committee members' attention (dogs off-leash, dead seals, overnight gear storage).
- The committee organized two educational programs over the summer to educate visitors and residents. This summer's topics were The Importance and Protection of Salt Marshes, a talk by Professor Pam Morgan, and Lobstering in the Gulf of Maine led by Cape Porpoise lobsterman Ed Hutchins.

#### BEACH ADVISORY COMMITTEE MEMBERS

Paul Hogan, Chair  
 Pam Czekanski, Vice-Chair  
 Carolyn Sherman, Secretary  
 Fred Stafford  
 Barry Engel  
 Paul Hayes  
 Thomas Ferrara

- We provided regular updates at our meetings on the status of plover and least tern protection efforts. BAC member Carol Sherman is our liaison with the town, Maine Inland Fisheries and Wildlife, and Maine Audubon to protect threatened and endangered species. Maine Audubon, which manages the statewide project, reported that GRB had 24 fledged plover chicks in 2022, the state had a total of 252. Unfortunately, we had no nesting of least terns, and the state's total was reduced to only 40 fledglings.
- Finally, we began to focus on the unintended consequence of having installed kayak racks on the beach – the racks are so popular that the number of kayaks left on the beach seems to be doubling each year. With limited beach space for visitors and locals in the eastern arc of the beach, particularly on weekends with middle-of-the-day high tides, we began to explore options to manage the competing interests of sunbathers and boat owners.

Respectfully submitted,  
 Goose Rocks Beach Advisory Committee

# Budget Board

Budget season is a time for the Board of Selectmen, the Budget Board, the Town Manager, the Department Heads, and the residents to discuss and analyze the priorities of our town. We look at providing the services our residents value and maintaining our buildings and infrastructure while planning for the town's future needs.

The increase in expenses this year is primarily driven by increases in fuel costs, an additional request by KEMS, vehicle repairs, maintenance of the 12 buildings/facilities that the town owns, landfill monitoring, wages, capital expenses, and debt. Nonproperty tax revenue was also expected to increase. The difference between the two is made up of property taxes. This is how the tax rate is set. We also had a revaluation done this year. The town valuation was increased by this market analysis which caused the tax rate to decrease. When all was said and done, the mill rate was set at \$6.00, the lowest in York County.

The Budget Board comprises of 12 members who represent all sections of Kennebunkport. Since the Town Moderator appoints us, we are entirely independent from the Board of Selectmen. This allows us to review the budget and make recommendations that will provide for the town's needs while keeping the tax rate as low as possible without any outside influences or politics.

For those citizens unfamiliar with the annual budget process, each Thursday in March, the Budget Board meets jointly with the Board of Selectmen to hear presentations by the Town Manager, the Town's Department Directors, boards and committees, and non-profit organizations. All these meetings are televised and can be viewed by the public, and all the meetings are open to the public.

After all the presentations are heard, each Board meets separately to review the requests and make recommendations. Should there be any disagreement between the Boards, a final meeting with both Boards is held.

The recommendations of each Board are incorporated into the Town Meeting Warrant to be voted by the Town's registered voters at the Annual Town Meeting. This process is in keeping with the longstanding New England custom and gives the Town voters confidence that all recommendations have been thoroughly reviewed. Should a Special Town Meeting be held involving any request for funds, again, both Boards meet to review and recommend the request.

As always, the Budget Board wishes to express our appreciation to all town employees, Department Heads, the Town Manager, and the Board of Selectmen for their commitment and dedication to the residents of the Town of Kennebunkport.

Our Annual Town Meeting to vote on the budget and any other necessary town business is the second Saturday in June at 9 AM. It is the purest form of local government. We hope to see you there.

Respectfully submitted,  
Budget Board

# Cemetery Committee

The Cemetery Committee continues to care for and oversee the more than 70 cemeteries in Kennebunkport. The larger Cemeteries are North Street, School Street and Merrill Cemetery which are maintained by Jim Burrows. You have probably noticed him mowing, raking and tending to these beautiful cemeteries throughout the year. You are more than welcome to walk these cemeteries and enjoy their beauty and peacefulness any time of the year.

This year we will be replacing a headstone in the Perkins Cemetery. This cemetery was open to the public last summer during the garden tour sponsored by the Graves Library. Many of the cemeteries in town are not seen by the public because they are on private property. The descendants of those buried there have the right to access the cemetery. Of course, the landowner needs to be made aware, whether you are a descendant or not.

We reviewed and revised information for the Comprehensive Plan. You can access this plan at Graves library – a great read covering all aspects of the town.

Research was done on the Stone Haven Hill Cemetery. There seemed to have been two cemeteries in that area – the Brown family and Mr. John Walker. Neither of these cemeteries remain there. The Brown headstones were moved to the Arundel Cemetery.

Major cleanup was done on the William and James Jeffrey Cemeteries off of Route 9. They are actually two cemeteries right next to each other of two brothers and their families. Turns out that in Kennebunkport there are five Jeffrey cemeteries – James, William, Isaac, Emmons Jeffrey and Eleazer. Work was done by committee members, volunteers and a high schooler getting community service hours.

A sincere thank you to those who mow, trim, cut trees, repair, etc. the cemeteries in town – those who are paid and all the known and unknown volunteers who remember and honor those who have come before us in Kennebunkport by caring for their graveyards. It makes a difference.

Respectfully submitted,  
Cemetery Committee

# Climate Action Planning Task Force

Kennebunkport is creating a Climate Action Plan through the SMPDC's Climate Action Planning Cohort – a group of southern Maine communities coordinating climate planning efforts. The group is composed of Kennebunkport, Kennebunk, Biddeford, and Kittery.

Southern Maine's Climate Action Planning Cohort is led by SMPDC in partnership with Local Governments for Sustainability (ICLEI) and Morris Communications. The CAP Cohort is a year-long, community-driven process that will generate local climate action plans developed through a robust planning and public engagement process with each of the four participating southern Maine communities. Additionally, each participating community has a Task Force of dedicated volunteers, subject matter experts, and municipal staff that are tasked with overseeing the climate action planning process and inviting public engagement, that will lead to the development of a climate action plan.

The taskforce is now moving to collect public input towards climate related issues and solutions. To provide your take, please complete the brief survey here: <https://www.surveymonkey.com/r/climate>. There are also paper copies available at the Town Office, Graves Library, Atlantic Hall & Bradbury's Market.

If you want to learn more about the plan and how to get involved visit the project website, [www.somainecapcohort.com](http://www.somainecapcohort.com). This website is the home for information on the cohort, the communities involved, events you can attend, and message boards to join in on the conversation.

## Conservation Commission

In 2022 the Kennebunkport Conservation Commission continued its mission to serve as a research, advisory, and advocacy group on environmental and conservation issues related to the Town of Kennebunkport. Below is an overview of focus areas and results in 2022.

### Invasives Removal Demonstration Project

In June, as part of a dune preservation and invasive plants management program, a gathering of volunteers removed invasives (mostly bittersweet and bush honeysuckle) from the entrance to Goose Rocks Beach at the intersection of Dyke Road and Kings Highway. As a demonstration project, the work was in a highly visible area and prompted many conversations about the identification and removal of tree-damaging invasives, such as bittersweet. A large number of lilacs are thriving where the invasive plants were removed.

## Grant Award

The Commission was awarded a grant in the amount of \$28,611.00 through the Maine Coastal and Marine Climate Action Fund to continue the program just mentioned. The grant will fund dune restoration – replanting of native dune grass at Goose Rocks Beach – as well as public education on dune restoration and invasive plant management.

## Healthy Ecosystem Survey

In spring, the Commission issued a town survey to understand better the community's opinions on the use of pesticides and fertilizers; a concern earlier identified in the town's 2018 survey. The Commission received 656 responses, and again, results indicated ongoing concern about the use of synthetic pesticides and fertilizers in our town. A compelling 85% had "lots or some concern" about the effects that pesticide use is having on air and water quality, human health, pollinators, or general ecological health. About the level of action the town should take, 72% wanted the town to take "some" or "a lot" of action to protect water, pollinators, and the environment. Full results are located at <https://www.kennebunkportme.gov/conservation-commission-0>

## Healthy Ecosystem Ordinance and Public Education

Based upon extensive research and as a result of the Healthy Ecosystem Survey results, the Commission put forward to the Board of Selectmen a draft Healthy Ecosystem Ordinance. After discussion, it became clear that there was a need for town staff (Werner Gilliam, Director of Planning and Development) to be more involved throughout the process and in the language and structure of an ordinance. This process continues, and the Commission continues to refine ordinance language while stepping up public education on healthier methods of lawn and garden maintenance. Steven Hanna, Ph.D., has written A Rationale for a Healthy Ecosystem Ordinance for Outside Pesticide and Fertilizer Regulations. This document will be a part of a multi-faceted education effort for town staff, the Board of Selectmen, and residents in 2023.

## Connection with Regional Collaborators

As part of a multi-group approach to conservation, the Commission met with members of the Kennebunk Conservation Commission and the Southern Maine Planetree to plan for jointly sponsored educational events and related projects. With Kennebunk and Arundel, the Commission is also a member of the Kennebunk River Restoration Committee, working to create awareness and action around the February 2021 Kennebunk River Watershed-based Management Plan.

## Other Activity

Other Activities from 2022 included:

- Completed research into the treatment of town parks and town school property
- Added comprehensive educational materials to the website
- Monitored King Tide events to illustrate the "sunny day flooding" along town areas

Respectfully submitted,

The 2022 Kennebunkport Conservation Commissioners

# Growth Planning Committee

In 2022, the Growth Planning Committee (GPC) completed its work on updating the Kennebunkport Comprehensive Plan. The plan was approved on November 8, 2022, by 79% of the Town's voters who took part in the election. On behalf of the members of the GPC, the Town of Kennebunkport Planning and Code Enforcement Department, and our planning consultants on this project, Thomas Morgan of TMZ Planning and Liz Durfee from EF Design & Planning, I would like to thank all of you that voted and all of you that participated in this four-year effort to update and modernize our Town's Comprehensive Plan.

When we set out to update the Plan, we identified key aspects which needed to be achieved. We first needed to modernize the Plan to make it a more readable and engaging document. Secondly, we needed a working summary of the Plan and its key strategies to make it more useful. Finally, we wanted to ensure that all the Departments, Boards, and Committees charged with implementing the strategies had the opportunity to review and agree to them prior to the approval of the Plan. We successfully met these objectives in the Plan that you approved.

In March of 2022, Jim Fitzgerald stepped down from the GPC. We were saddened to hear of his passing in December of last year. Jim was dedicated to his service as Vice Chair of the Committee. He could always be counted on to provide the right guidance when we were at an impasse on a subject being debated. His thoughtful insight and commitment to the Town of Kennebunkport will surely be missed.

I would like to thank each member of the GPC for their work and perseverance during the past year. They actively engaged on each topic, always debated respectfully, and had the willingness to reach a compromise to move the project forward.

I would like to thank Liz Durfee and Tom Morgan for their excellent work and flexibility in meeting our revised schedule due to the Pandemic. I would also like to thank Eli Rubin for his quality work coordinating the review of the strategies with the Town's Department, Boards, and Committees to get their agreement on each. We are also looking forward to working with Michelle Radley, who will be instrumental in helping all to achieve the Plan's goals. Finally, I would like to thank Werner Gilliam for his continued guidance. This is the second version of the Plan that I have had the pleasure to work with Werner on, and neither would have been successful without his leadership.

Respectfully Submitted,  
Daniel Saunders, Chair

# Kennebunkport Heritage Housing Trust

2022 was an incredible year for the Kennebunkport Heritage Housing Trust!

Our first neighborhood, Heritage Woods, is now complete with our final homeowner settling in in February 2022. Thanks to the excellent work of George Burr & Son Landscaping and Billy Goat Landscaping, the grounds surrounding the six homes are now looking great with grass, pathways, and native trees. Thyng Paving came in November to finish the final topcoat of paving and just a couple of days later we held our completion celebration.

*From top left, Board President Patrick Briggs, Board Vice President Pat Clancy, Select Board Chair Ed Hutchins, and State Representative Traci Gere address the crowd at the Heritage Woods completion celebration.*

Thank you to all who have supported our work! We are deeply grateful for the generous financial contributions, abundant goodwill, and shared commitment to attainable housing for working families and seniors that so many of you have shown! You can learn more about us at, [www.khht.org](http://www.khht.org). Stay tuned for our next neighborhood starting in 2023!

In June 2022 KHHT hired its first (and only) staff member, Executive Director Larissa Crockett. In August KHHT partnered with the amazing folks at Kennebunkport Parks and Recreation to host our 2nd annual Scoop-Off. Special thanks to Shaker Pond Ice Cream for donating the five giant tubs of delicious ice cream that members of the KHHT board served to a large crowd of happy people.

*Board members Julie Grady and Pat Clancy are joined by Supporter Adam Farrington scooping ice cream for the crowd enjoying the concert.*

Submitted,  
Larissa Crockett, Executive Director

# Lighting Committee

We see our mission as preserving the night sky for residents, visitors, and future generations in Kennebunkport.

2022 was the second year that the Town has owned all of the streetlights in town, purchased from Central Maine Power. This is in keeping with the Town's objective to be mindful of our energy usage. The Town is saving a lot of money and this is a first step in meeting one part of the climate change goals of the town.

You can help the town reduce energy and preserve the night sky by turning off your safety, security, or esthetic lights at your residence when you are away or asleep.

Leaving lights on all night can be a perceived convenience to you but an intrusion for your neighbor. The exception to this is if you fly the American flag all night; then it is to be illuminated. (Title 4, Chapter 1, Section #6 (a) "It is the universal custom to display the flag only from sunrise to sunset on buildings and on stationary flagstaffs in the open. However, when a patriotic effect is desired, the flag may be displayed 24 hours a day if properly illuminated during the hours of darkness.")

Due to the age and style of the existing platter radial wave lights, replacement parts are not available. We have not yet removed evaluation test fixtures for future upgrades since parts are non-existent for our existing incandescent platter lights.

The two test fixtures from Holophane Lighting have received the most positive feedback regarding their dimensions, esthetics, and performance. The light at Temple Street needs to have its optics changed so that less light is on the abutting properties.

The test fixtures are located as follows:

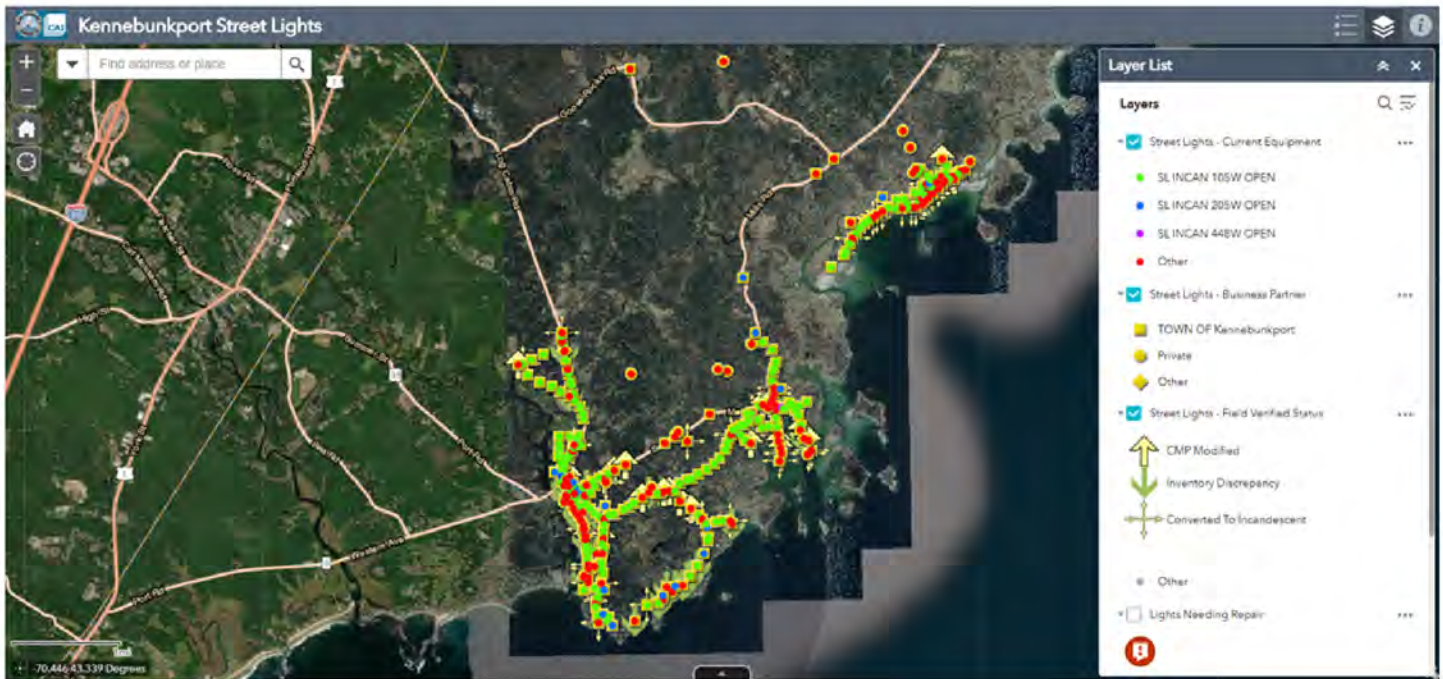

- Temple Street - CMP Pole 4 Corner of Temple and Spring Street

- Pier Road - CMP Pole 94 Corner of Langsford and Pier Roads

The Town has digital mapping of all streetlights in Kennebunkport. This gives the residents of the Town, the Lighting Committee, and the Public Works department easier access to determine the future of streetlights in town, including discovering lights on private property or lights that are serving private landowners rather than on more traveled streets in Town.

To access this map, open your browser to the Town website – <https://www.kennebunkportme.gov>. Select “Departments”, then “Public Works Department”. On the left side menu, select “Street Lights in Kennebunkport”. A map appears with all of the lights marked on the map.

The layers list on the right provides a legend for the symbols on the map. For example, squares (indicating Town of Kennebunkport owned fixture) with a green dot in the middle are the original platter radial wave lights, some dating back to 1947. Click on the symbol and a lot of information for that fixture appears on your screen including, in some cases, photos of the fixture and pole. We are in the process of proofing the information to be sure it is accurate. Notes are added when there are changes or problems to track in the future.

To report a street light that is out or needs repair, select “Street Light” on the “Public Works Department” web page. Scroll to the bottom of this page for the Public Works phone number. It is helpful to have the nearest street address and pole number for reference.

If there are any questions regarding street lights, please give our committee a call for assistance.

The Lighting Committee recognizes that the code as written is in need of update due to LED technology.

Anyone interested in our night environment in town is encouraged to join the Lighting Committee.

# Planning Board

Since April, we have held meetings at the Fire Station, with Zoom participation also enabled. It is a relief to finally have the board together in person.

The Trolley Museum had two applications approved before the board. They are installing a building to house a beautiful model railroad, which was donated to the museum. They are also replacing and improving one of their car barns.

The other major project reviewed and approved was an extensive revision to the Cape Porpoise Pier, funded by the Federal Government.

Three subdivisions reviewed over the year are still in the review process: The Glen at Goose Rocks, Woodland Drive, and Mills Road Subdivision. Other developments were modified to add or change lots. Three changes to driveways or walkways also were reviewed and approved. In addition, six non-conforming houses were approved for renovations to make them less non-conforming, including one with a dock, which was the only dock project this year.

We also granted Hidden Pond a change from seasonal to year-round use operation of several cottages, the event barn, and the spa. We allowed Nunan's Lobster Hut to utilize a portion of their parking lot to provide outside picnic tables as they had during the pandemic.

During this year, the Planning Board also met with the Town Planner to discuss the Comprehensive Plan and with the Kennebunkport Conservation Commission to discuss potential changes to pesticide use ordinances.

The board has five regular members and two alternate members. A quorum of three members (regular or alternate) is required for meetings. The membership of the board changed in 2022: Nina Pearlmuter, Vice Chair, Scott Mahoney, Ed Francis, and Larry Simmons, as well as alternate George Lichte. John Harcourt resigned as an alternate, and he was replaced by Mike West.

The applications before the Board in 2022 included the following:

Purpose of Application	Number of Cases						
	2016	2014	2018	2019	2020	2021	2022
Residential building renovation, rebuilding, or landscaping	4	2	4	3	6	4	8
Nonresidential construction, additions or change of use	7	3	7	9	4	5	5
Piers, ramps, wharves, and walkways	4	4	5	1	0	2	1
Revision or re-approval of previously approved subdivision or site plan approvals	5	3	3	3	3	3	5
Bank stabilization/dredging	1	3	5	1	5	1	1
New subdivisions	4	2	1	1	1	4	3
Extension of approved applications	0	2	0	0	0	1	0
Telecommunications	0	0	0	0	0	1	0
Total Plans	25	19	25	18	19	21	23

As always, we especially thank the Kennebunkport Code Enforcement Office: Werner Gilliam, Michelle Radley, April Fortier, and Patricia Saunders for their excellent support during the year.

# Solid Waste Committee

The Solid Waste/Recycling Committee was organized at the direction of the Board of Selectmen in June of 2019 to investigate the feasibility, and associated costs, of re-establishing a publicly funded recycling program in Kennebunkport.

In January of 2021 curbside recycling returned to Kennebunkport. Bi-weekly curbside collection is currently being performed by Casella, and ecomaine (<https://www.ecomaine.org>) is contracted to do the processing.

Kennebunkport residents have done an admirable job of keeping contamination out of our recycling stream. During 2022, the Town was charged a contamination fee only once, and that was during one of the summer (tourist-influenced) months. Other than that month, our recycling has met ecomaine's standards. The global economics of recycling have improved. The Town's contract with ecomaine provides a provision that allows a financial return to the Town proportional to ecomaine's net profits. This year, that return was \$31,000, largely off-setting the Town's 2022 recycling contract cost with ecomaine of just over \$40,000.

During 2022 the Committee members supported recycling education during two Town events: the March 21st Public Works Open House and the September 23rd-24th Chalk the Port event.

A significant Committee accomplishment this year was leading the Town in establishing an agreement with Apparel Impact (<https://www.apparelimpact.com>) to host collection bins for textile/apparel reuse and recycling. We currently have four collection bins, three at the Police Station at 101 Main Street, and one at the Town Fire Station at 32 North Street.

For more information regarding the Town's recycling program, including the "Do's and Don'ts" of Recycling, please visit the Town's recycling website ([www.kennebunkportme.gov/solid-waste-recycling](http://www.kennebunkportme.gov/solid-waste-recycling)) or the Facebook page (Kennebunkport Recycle).

Respectfully Submitted,  
Jon Dykstra

# Shade Tree Committee

Kennebunkport's tree canopy is not only beautiful, but it is also essential to the health and prosperity of the community. Trees benefit humans and communities in crucial and tangible ways. Here are some of those ways:

*Trees combat climate change.* In one year, an acre of mature trees absorbs the same amount of CO<sub>2</sub> equal to the CO<sub>2</sub> produced when driving a car 26,000 miles.

*Trees clean the air.* They absorb odors and pollutant gases (nitrogen oxides, ammonia, sulfur dioxide and ozone) and filter out particulates.

*Trees provide oxygen.* In one year, an acre of mature trees provide enough oxygen for 18 people.

*Trees cool streets and communities.* Trees cool communities by up to 10°F by shading streets and homes and releasing water vapor through their leaves.

*Trees conserve energy.* Trees planted strategically around a one-family home can reduce summer air-conditioning by 50 percent. And this also reduces the CO<sub>2</sub> released by energy produced by power plants.

*Trees save water.* Trees slow evaporation of water from thirsty lawns. Newly Planted trees need 15 gallons of water each week. Through transpiration, tree leaves add significant moisture to the atmosphere.

*Trees help with water pollution.* By breaking up rainfall, trees direct water down their trunks and filter it through their leaves. Trees prevent stormwater runoff into rivers and the ocean.

*Trees help prevent soil erosion.* On stream banks and along shorelines, trees slow runoff and keep soil in place.

*Trees add to home values.* Surveys show that mature trees on a well-landscaped property increase the value of homes by seven to 20 percent.

The Shade Tree Committee strives to preserve the Town's tree canopy. It has planted approximately thirty trees in the last two years: nine elms, five maples and 17 chestnut saplings. Again this year, scores of elms and many ash trees were treated to help minimize the impact of Dutch Elm Disease and Emerald Ash Borer. Since the beginning of the fiscal year in July 2022, the Shade Tree Committee (STC) has expended \$27,708.86 on the maintenance of the Town's trees.

The STC filed its final report for the state 2021 Project Canopy grant of \$6,000 for planting trees. The Town finished its work on improving the Ocean-Union "island." The STC produced a village Tree Walk brochure and distributed approximately 100 of them to hotels in Town. The committee also reviewed and updated the Town's tree practices and policy statement. These changes will need to be approved by the Board of Selectmen at a later date.

Respectfully submitted,  
Shade Tree Committee

# Shellfish Conservation Committee

## Licenses Issued

### **Recreational**

Resident	80
Non-resident	13
Shellfish Warden	1

### **Commercial**

Resident	1
Non-Resident	0

It was another hot, dry summer on the clam flats! Licenses became available on April 15th and sold out almost immediately.

There are currently six members on the Shellfish Conservation Committee, which leaves one available position. The ordinance requires a minimum of five and a maximum of seven members. We encourage those interested in becoming involved with the Committee to apply.

During my patrol throughout the season, I checked many harvesters. They were all in compliance of the allowable limits. I only had to inform a few that they were digging in a closed area.

I look forward to the beginning of another season.

Respectfully submitted,  
Everett Leach, Shellfish Warden

# Zoning Board of Appeals

Another year, another Annual Report from your Kennebunkport Zoning Board of Appeals.

The Board welcomed 2 new members, Marybeth Gilbert and Michelle Powell, replacing longtime members Gordon Ayer and Wayne Fessenden, whom we thank for their service. Sadly, the Board lost member Jim Fitzgerald, whose seat will be filled but who cannot be replaced.

In 2022, the Board heard a variety of Applications, including an Administrative Appeal of a Decision of the Code Enforcement Officer, three Conditional Use Applications for Residential Rental Accommodations, a Request for Relief from a Variance Condition, and a Conditional Use Application for Home Occupation. Yes, the excitement was palpable!

After a few years of living under the dark cloud of the pandemic, there was a quiet but still audible sigh of relief from the members because we could again function somewhat normally, meeting at North Street, in-person, with attendees and without reservation.

It was nice to be back.  
Paul W. Cadigan, Chair  
Zoning Board of Appeals

# Kennebunk, Kennebunkport & Wells Water District

## *Kennebunk, Kennebunkport & Wells Water District*

The Kennebunk, Kennebunkport and Wells Water District is a non-profit, quasi-municipal public water utility that was established in 1921 by an act of the Maine State Legislature. The Water District serves an area that encompasses the Towns of Kennebunk, Kennebunkport, Wells, Ogunquit, Arundel and small portions of Biddeford and York. The area includes a population which varies seasonally from about 30,000 to over 100,000. It is directed by a four-member Board of Trustees, one elected from each of the towns of Kennebunk, Kennebunkport, Wells and Ogunquit.

2022 was a record-breaking year for the District with regard to both water production and revenue generated. Compared with 2021, 2022 saw a 6.1% increase in water production and a 5.0% increase in total revenue, which included a 6.4% increase in metered revenue. The record-breaking 1,187.7 million gallons (MG) produced in 2022 exceeded the previous record of 1,124.8MG set in 2016 (now 2nd highest) by 5.4%, as well as the 1,119.3MG produced in 2021 (now 3rd highest all time). The significant drought experienced in June, July and most of August, along with customer growth are attributed to this new record water production.

From a financial perspective, we received \$8.794 million in total revenue, which included \$7.291 million in metered revenue as compared to \$8.370 million in total revenues (\$6.854 million in metered revenue), in 2021. All of this contributed to a projected (unaudited) net income for 2022 of approximately \$95,000, as compared to a net income of \$421,426 in 2021.

Overall, the primary drivers for water production and revenues are related to weather conditions during the warmer months as well as long-term customer growth. As noted above, the significant drought experienced during June, July and most of August further enhanced the normally high seasonal summertime demand. This record water production required the District to use its entire portfolio of water supply sources, which included surface water (712.48MG – 60.0%), groundwater (400.88MG – 333.7%) and utility interconnections (74.34MG – 6.3%).

Precipitation (liquid equivalent) during 2022, as measured at our Branch Brook Filtration Plant, finished the year substantially below average at 46.03" (the 18-year running average is 54.19"), which was ranked fourth driest over the last 18 years, which ranged from a low of 41.25" (2015) to a high of 69.42" ((2008). The combined precipitation for May, June, July and August totaled just 12.13" compared with the 18-year group average of 17.12".

Despite the cooling real estate market, customer growth remained strong with a net increase of 88 customers added in 2022. This compares with 153 customers added in 2021 and 133 in 2020, resulting in a continued customer growth rate of about 1%. Our customer base now stands at 14,498 metered accounts, ranking us as the third largest water utility in Maine.

The District's commitment to safety continues to be recognized by our Worker's Compensation insurance carrier (MEMIC) and by the Maine Department of Labor.

For 2022 we once again achieved the lowest "experience modification factor" (Mod Factor) that MEMIC has seen for a water utility. The Mod Factor, which measures the actual worker's compensation claim history of an employer, directly affects the insurance premium paid by that employer.

For us, the Mod Factor of 0.59 (same as 2021, 2020 and 2019 and down slightly from 0.60 in 2018 and 0.61 in 2017) will result in our worker's compensation insurance premium being reduced to 59% of the "standard industry average" amount. In addition to this premium deduction, the District received a \$2,941.65 dividend in 2022 which brings the dividend total to \$28,633.86 since 2016. The District was also successful renewing its SHAPE (Safety and Health Award for Public Employers) certification in 2022, making this our fifth consecutive renewal since receiving our first SHAPE certification award in 2009.

As reported in previous annual reports, the District discovered trace amounts of perfluorinated compounds (PFAS) in its Kennebunk River Well supply and even though the levels were below EPA health advisory levels, we stopped using water from that location to get a better understanding of this newly identified contaminant. We initially performed pilot studies to evaluate treatment technologies for removing PFAS. In June of 2018 we introduced and went online with a full-scale pilot study which achieved great results removing PFAS using pressurized granular activated carbon (GAC) filtration. Finally, in June of 2020, the new permanent PFAS removal facility went online and has been performing very well, treating 450.5MG of water through March 2nd when with PFAS removal facility was shut down in order to replace the filtration media. The detectable level of PFAS in the finished water entering the distribution at the time of shutdown was 11.30ppt (parts per trillion).

This was approximately 57% of the 20ppt level allowed in public drinking water by the State of Maine. The media replacement, which was approved by the Maine Drinking Water Program (DWP), included new virgin GAC (\$38,860) in the lead pressure filter (Filter #1) and CalRes resin (\$162,340) in the lag pressure filter (Filter #2). Although significantly more expensive than the GAC, the District opted to utilize resin in the lag pressure filter given its estimated ability to filter four times the volume of water as well as maintain undetectable levels of PFAS in the finished water significantly longer than GAC media.

In addition, the District had the good fortune of receiving a \$165,000 media replacement grant from the DWP in recognition of the progressive manner in which the District has remediated the PFAS contamination and the wealth of knowledge it has shared with regulators, consultants and other utilities who are dealing with PFAS contamination. Following the media replacement, the PFAS removal facility was restarted on June 30th.

The District is pleased to report that it completed the converting of all its customers' water meters over to the Automated Metering Infrastructure (AMI) technology platform this past July. The District began installing AMI meters in December 2015 using its own staff and as of this past July had completed 14,614 conversions. Using District staff not only saved money, but allowed for positive customer interaction as well as the ability to document the material type used on the privately-owned portion of the service line that enters the customers building. The AMI technology uses a very small, low-powered radio to transmit the water consumption data directly to our office on a daily basis. The radio is powered by a D-cell sized lithium ion battery which has an expected life of 20 years.

The AMI meters are capable of detecting abnormal water usage patterns, such as leaky plumbing, that has allowed the District to provide timely alerts to many customers. Prior to AMI, customer notification of leaky plumbing could only occur following the quarterly reading, which often lead to high water bills as well as property damage.

The District continues an aggressive water main replacement program based on evaluations of pipe material, condition, age, break history, hydraulic capacity, water quality, and potential system growth. In addition, we make every effort to coordinate with other State and local roadway projects to minimize disruption and pavement costs. We are pleased to report that for the past 29 years, the District has averaged replacing 0.86% of its distribution system per year. This is close to the desired water industry "gold standard" of 1% per year, based upon an expected 100-year useful life for water mains. Very few other water utilities have maintained such an aggressive (yet appropriate) water main replacement schedule.

We have accomplished this task while keeping water rates below that of the average Maine water utility.

The following is a partial list of distribution projects funded by the District and installed by our construction team during 2022.

- Colony Avenue and Ocean Avenue, Kennebunkport: Replaced ~1,343 feet of obsolete 8-inch cast iron pipe with new 12-inch PVC pipe in conjunction with the Colony Hotel's major renovation and expansion project. The new larger main enhances hydraulic capacity and system reliability in this high demand coastal location.
- Warrens Way, Kennebunk: Replaced ~573 feet of obsolete 6-inch cast iron pipe with new 8-inch PVC pipe.
- Laudholm Farm Road, Wells: Replaced ~3,969 feet of obsolete 10-inch AC pipe (circa 1937) with new 16-inch PVC pipe as the final phase of a major two-phase project begun in 2020 to enhance the hydraulic capacity of the secondary transmission/distribution main that serves the densely populated, high demand coastal areas of Wells and Ogunquit.

In addition to the above projects, individuals and developers funded numerous water main extensions totaling 4,762 feet in length, as compared to 2,013 feet installed in 2021.

Drinking water quality remains a top priority. We continue to improve operational strategies with our unique blending of groundwater and surface water to assure consistently high water quality. We have also been working closely with our neighboring water utilities to the north and south to assure reliable interconnections and high water quality compatibility for when we need to share resources. All State and Federal water quality standards were met during 2022, and full water quality details can be found in the District's annual Water Quality Report from the Summer 2022 issue of What's on Tap. By maintaining a dedicated, well-trained staff and continually upgrading our process equipment and control systems, we assure the highest degree of reliability in the quality of drinking water for our customers.

Our customers and all other interested parties are welcome to contact us by telephone (207-985-3385) or email ([info@kkw.org](mailto:info@kkw.org)) or visit our website at [www.kkw.org](http://www.kkw.org), like us on Facebook ([facebook.com/kkwwaterdist](https://facebook.com/kkwwaterdist)) or follow us on Twitter ([@kkwwaterdist](https://twitter.com/kkwwaterdist)). Electronic bill notifications, reminders, as well as online payment options are all available and tailored to suit our customers' needs. Current and past issues of our popular semi-annual newsletter What's on Tap are also on our website.

As always, we welcome your input, as our mission is to consistently provide the highest quality of water and customer service at the lowest reasonable cost.

The Trustees of the Kennebunk, Kennebunkport & Wells Water District appreciate the continuing extraordinary effort and dedication of their employees, as well as the support and cooperation of their customers, area contractors and state and local municipal officials.

Respectfully submitted,  
Thomas P. Oliver, President  
Robert A. Emmons, Vice President  
James E. Burrows, Trustee  
Frederick A. Lynk, Trustee

Scott J. Minor, P.E., Interim Superintendent  
Wayne A. Brockway, MBA, Treasurer

# Kennebunkport Conservation Trust

Once again, the Kennebunkport Conservation Trust is pleased to report another successful year. Our budget was met and our properties maintained. We also received with gratitude, conservation easements on properties owned by Emily and Robert Ingwersen.

One of our primary areas of focus was Meadow Woods Preserve, where Ward Feurt oversaw the planting of a large pollinator meadow. The field was dressed with four to eight inches of topsoil, fertilized and planted with a smother crop of winter oats. Showy New England and native wildflower seeds were later spread, which should produce a wonderful display of color and life. The meadow is being named in loving memory of Patsy Bray Mahoney.

*Granite Benches*

*The Pollinator Meadow at Meadow Woods Preserve*

Beautiful granite benches have been tastefully placed throughout the preserve, a “learning ledge” by the pond created, and a two acres parcel was groomed in preparation for a fenced in dog area. Our goal is to have MWP become a cherished part of our community.

Our Trail Stewards, under the direction of Bud Danis, continued to maintain and improve our 25 miles of trails throughout the community. Jon Dykstra and Carol Morris led the Island Stewards as they watched over our island holdings. Scott and Karen Dombrowski continued to look after Goat Island Lighthouse. In the fall, the cable bringing electricity to Goat Island succumbed to age and the island went dark, except for the light in the tower whose energy is produced by solar. A study is currently underway to discuss future options and directions.

At the Trust headquarters, Gail Roller, Lynn Jourdan and Kate Adams carefully tended to our gardens and managed another successful plant sale. Through the work of Elizabeth Spahr, KCT also watched over Ganny’s Garden and the Anchor to Windward, Kennebunkport’s tributes to President and Mrs. Bush.

In the office, Heather Magaw oversaw our many administrative needs. She was assisted by Carol Krauter who gave wonderful oversight to our income and disbursements, and Nikki Schlie, who organized the organization’s financial reports. The team also welcomed Shelly Wigglesworth to help us with outreach and the recording of our history. Isaac Schuchat directed our children’s programs which started to return to normal after the deepest days of COVID.

And we were delighted to establish even closer ties to the Kennebunk High School Alternative Education class which began work on the Emmons house so that it could be their new home. The Gulf of Maine class extended its partnership with the University of New England.

Officers elected for the year were: Russ Grady, President, Pam Morgan, Vice President, Christ Angelos, Treasurer and Jerry Mullen, Secretary. Keith Fletcher was named Volunteer of the Year, with thanks for his many years of service to the Trust through his work at the Maine Coast Heritage Trust and beyond.

Tim Spahr led the Cape Porpoise Archaeological Alliance, a collaboration between the Kennebunkport Conservation Trust and Brick Store Museum, as they explored the islands of Cape Porpoise in search of our past. Many exciting discoveries have been made, some of which are now on display at the museum.

Our sister organization, the Arundel Conservation Trust, enjoyed another amazing year, as they continue to grow and serve their community. The Trust's relationship with the Kennebunkport Heritage Housing Trust and the town's leaders, continues to grow stronger as we all work and plan to provide the best community possible to present and future residents of Kennebunkport.

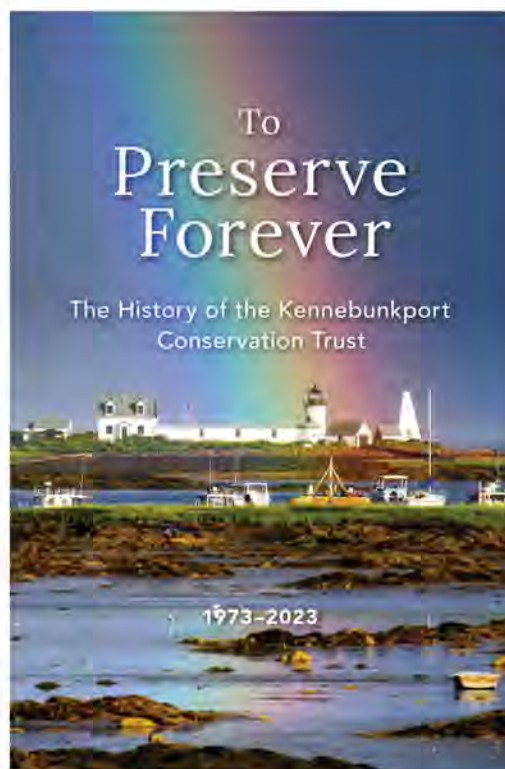

Another sister organization, with a separate 501-C-3, The Climate Initiative, continued its amazing work on a national scale. Find out more at: [thecclimateinitiative.org](http://thecclimateinitiative.org).

2023 will mark the 50th anniversary of KCT. In commemoration of that event the Trust published a coffee table book written by David Jourdan. In it is recorded our story filled history, and great thanks is given to the many who gave so much to make KCT a success. Copies are available for sale on our website: [kporttrust.org](http://kporttrust.org).

During the course of the year contributions were received in loving memory of: Dan Ruggles, Earl Beauchemin, David Strachan, Dr. Edward R. Bauman, Francis G. Collier, Gail Bakken, Joan & William Junker, Margaret Brill, Tim Dietz, Mark Roller, John Mathison, Wayne Adams, Robert Boucher, Shawman Meireis. Contributions were made in honor of: Gene & Terry Jones, Lee & Cathy Rockvam, Robert & Marjorie Ory, Scott & Karen Dombrowski, and Tom Bradbury.

The Trust remains especially thankful to its members, for the organization is nearly entirely funded through private contributions. Our members and volunteers are the basis of all of our accomplishments, and it's only by all of us working together for a common cause, in this special place, that so much can happen. We would encourage all to join us in protecting the places we all love. Together we can make a difference. Together we can do great things.

Respectfully Submitted,  
Tom Bradbury, Executive Director

*KEMS Ambulance 1*

Kennebunkport Emergency Medical Services is a private, not-for-profit organization that provides emergency medical care and transport to the citizens and visitors of Kennebunkport. In addition to providing medical care for our community, we also participate in mutual aid agreements with the towns of Arundel, Biddeford, Kennebunk, and Wells. KEMS operates out of the Cape Porpoise Fire Station, where space is leased from the Atlantic Volunteer Engine Company for ambulance housing, office space and employee living quarters.

KEMS began in 1979 with a small group of volunteers and an old Cadillac ambulance donated to the Town by the Bibber family. Over the years, KEMS has seen an exceptional amount of growth - from a volunteer organization to a payroll driven, not-for-profit per diem service. This change to our operational model allows KEMS to provide EMS coverage to Kennebunkport and our surrounding communities, 24 hours per day, 365 day per year with two paid staff at all times.

We employ a highly trained, professional group of 14 Paramedics and 22 Driver / EMT's of various levels. Our employees' professionalism, diverse levels of training and years of experience allow KEMS to provide the highest level of service possible through the skilled hands of our core group of dedicated EMS Professionals.

KEMS utilizes a tiered deployment response model that allows us to provide both Basic (BLS) and Advanced Life Support (ALS) levels of care. These care levels include but are not limited to immediate BLS access first response, life-saving CPR, and AED Defibrillation. This skill set is augmented by highly trained ALS providers that provide enhanced medical assessments, cardiac monitoring with EKG interpretation, defibrillation, IV/IO access, and medication administration. Combined BLS and ALS response makes KEMS a dynamic, effective and efficient pre-hospital resource to Kennebunkport and our surrounding communities.

Our EMS providers at all levels are the heartbeat of our organization. Their dedication to Kennebunkport has continued in the wake of the Global Coronavirus Pandemic we all currently face. Challenges associated with the pandemic have drastically altered how our providers respond and provide patient care under extremely difficult and stressful circumstances. Through it all, our EMS providers' dedication has remained steadfast as they continue to serve the community on the frontlines of the healthcare system, allowing our organization and community to continue to thrive, grow, and progress towards the future.

In 2022, KEMS responded to 464 calls for service both in Kennebunkport and through mutual aid provided to surrounding communities. In addition to emergency medical calls, we also provided support to the Kennebunkport Fire Department, Police Department and Public Health Department upon request. At KEMS, we take our mission of Emergency Medical Care, Treatment, and Transportation seriously. As a standard, our goal always has been and will continue to be to treat each call and every patient with the highest level of professionalism, compassion, and respect.

Our dedicated cadre of EMS professionals covered a total of 730 Paramedic shifts and 730 Driver / EMT shifts throughout 2022. Shift coverage is broken down into 12-hour blocks covering both day and nighttime periods. This totals 17,472 hours of EMS coverage at the combined EMT and Paramedic levels. While these coverage numbers are impressive, these figures do not include all the other various training hours, courses or functions attended by our employees throughout the year.

KEMS operating expenses come from a model that combines capital from multiple resources. These resources primarily are the appropriation allocated from the Town of Kennebunkport, ambulance billing revenue for service, generous donations from the people of Kennebunkport from our Fund Drive, our Subscription Program and the KEMS Endowment Fund. The funding, donations, and revenue we receive are essential to maintain our current operational levels and future sustainability.

As the dedicated EMS provider for the Town of Kennebunkport, we would also like to recognize the hard work and dedication of the voluntary Kennebunkport EMS Board of Directors, Kennebunkport Fire Department, Kennebunkport Police Department, Kennebunkport Public Health Department, and Emergency Dispatch Staff. They truly are professionals and make each call for service a coordinated and successful event as we all strive to provide the highest level of service possible to those we are sworn to serve.

I would like to take this opportunity to introduce you to our amazing staff.

Chief of Operations: Joseph B. Carroll, BS EMT-P

# Cape Porpoise Library

I would have to characterize 2022 as amazing and awesome. It was an amazing year because we managed to stay open on our regular schedule all year long and things were pretty much back to normal. We welcomed back our staff and volunteers and were able to host both a knitting group and a reading group every month in 2022; and the jigsaw puzzles returned to the delight of our patrons. It was an amazing year because our little Library did lots of good deeds and helped many people. It was also an amazing year because Androscoggin Baxter Butterbean Best Boy, aka Andy, joined us in February. He is working hard to be our eventual greeter, security guard, official story listener and foot warmer. While Andy works on acquiring Best Boy status, you can follow his exploits on the Library Facebook page. He is a frequent contributor.

*Andy with Nathan and Ruby in the Library*

During 2022 we served approximately 3,200 patrons and checked out approximately 2,200 book and media items. We also hosted 28 special events that were attended by 625 people.

We saw an increase in the number of people using our fax, print and notary services as well as many locals and visitors making use of our 24 hr. WiFi availability. As always, we want our patrons to have access to books and our team of volunteers will deliver books to homebound patrons. Just give us a call or contact us through our Facebook page, Cape Porpoise Library at Atlantic Hall.

The Cape Porpoise Library is small, but our friends and patrons are super generous, unfailingly kind, and exceptional good deed doers. We have always tried to support our local community and share our talents, but this past year was truly incredible in the quantity and diversity of our donations. Our donation drop off box yielded over 12 grocery bags of nonperishable food for area pantries; 75 lbs. of kitty litter, 42 cans of cat food and 64 lbs. of dog food for the local animal shelter; 15 boxes of baby products, hygiene essentials, band aids, soap, wound cleansers, first aid cream, lotions, sunscreen, bug spray, diapers and lip balm that were given to many area agencies for distribution; and several packages of lined paper, pencils, pens and notebooks that were donated to local schools.

Our knitters made and donated 18 hats to warm our neighbors, 6 hats to support the Ukraine and 27 blue hats to the Hats Not Hate antibullying initiative. We purchased and donated new books to the Kennebunkport Health Council's New Baby Welcome Program and donated several boxes of used books to area children.

*The hats made by our knitters*

*Mrs. Claus with Terri from Graves Library*

We collected and donated 5 bags of warm clothing to foreign college students in need, assisted the Maine Organic Farmers and Growers Association (MOFGA) by acquiring and delivering an SUV full of hats, gloves, coats, and sweaters for agricultural workers working in the state, and collected items to help a new family settle in town. Our Library is just one room, but Team CPL always answers the call to help others in extraordinary ways. I am so proud to be on this team. Go Team CPL!!!

The Library wants to thank our friends who generously provide us with monetary donations and memorial gifts, and the Town of Kennebunkport for inclusion of the Cape Porpoise Library in the annual town budget. Many thanks also to our volunteers, the Library and Atlantic Hall Board of Directors and our patrons. I'd like to leave you with some photographs of Mrs. Claus from the Cape Porpoise Library and Miss Terri from the Graves Library at our first combined library event this past Christmas. Transportation and fire hats were graciously provided by the Kennebunkport Fire Department. Mrs C. rode in style and everyone had fun. I've also included photos of Andy, just because.

Mary L.A. Giknis Ph.D., Library Director

# Graves Library

We had so many wonderful encounters with residents and visitors from all over the world in 2022. Shoppers in the Book Cellar came from many states and several countries. They found great bargains and timeless treasures. We performed six weddings, restarted monthly Movie Night, launched an ongoing community Art Show, and hosted some interesting discussions (e.g. Cybercrime, Death Cafe). In the Business Center, students young and old worked on projects, emails, and helping others with technology. The Dow Room was a great place for working on a puzzle or reading a local newspaper. The outdoor space provided a great setting for picnics, concerts, and coffee with friends. On any given Friday, you could get a glimpse of Miss Terri and Miss Isabelle reading and dancing around with young children and their parents, grandparents, and babysitters. The infectious sound of laughter could be heard all around the neighborhood.

All of the services offered are due in great part to our team of employees, volunteers and Board members: Terri Bauld, Barbara Ripton, Jennifer Gifford, Marina Pamplona, Shaun Rowe, Jenne James, Lisanne James, and Judy Merrill, Anne Adams, Jan Brennan, Rita Brown, Judy Cohen, Lisa Coppola, Ann Corbey, Judy Corrello, Joan Dawson, Mike Donaghy, Gayle Donahue, Connie Dykstra, George Emery, Else Engesser, Bud Fahey, Ruth Fernandez, Joe Frank, Jeff Gaulin, Marguerite Genest, Zoey Gott, Peter Graham, Claire Julian, Jamieson Kendrick, Mike Kelly, Allyn and Norma Lamb, Caroline Lovejoy, Betsy and Calvin Mahoney, Mindy Muse, Kathy Pence, Susan Pollard, Janet Powell, Gert Reoch, Alice Richard, Lillian Ross, Kathy Sanders, the Seacoast Garden Club, Vivi Schubert, Al Schultheis, Pat Smith, Ben Stephens, Janet Weston, and Janet Wolf.

With the addition of new staff members and more accessible outdoor space, we believe we provide an even greater resource to the wonderful people of Kennebunkport as well as to the many visitors to our town. We thank the Town Manager and Selectmen, patrons and supporters, and all residents of Kennebunkport for another fabulous year.

*David Maraniss and Peter Slen*

In July, we sold over 500 tickets to our Secret Garden Tour. It was a perfect day to explore the residences of some of the most beautiful properties in Kennebunkport. In September, David Maraniss and Peter Slen discussed David's new book on Jim Thorpe in front of a sold-out crowd at the Kennebunk River Club. At the end of the year, the Kennebunkport Fire Department escorted Mrs. Claus (a/k/a Mary Giknis) to offer Storytime goes a grand holiday reading.

Respectfully submitted,  
Mary-Lou Boucouvalas, Executive Director

---

February 22, 2023

To the Citizens of Kennebunkport:

It gives me great pleasure to provide an update on our Maine Regional School Unit 21 progress for our Kennebunkport students. With a focus on student achievement and a commitment to continual improvement, Maine RSU 21 has earned a reputation as a top-notch school system. This long history of excellence is evidenced by the many state and national honors bestowed on RSU 21's schools, staff and students.

Our school district and community are working in partnership to fulfill our mission of ensuring that all students achieve their highest personal potential. We are committed to creating a school system that prioritizes high achievement, student success, and preparing students to be productive citizens. I believe that every child should have the opportunity to dream, explore, and pursue whatever they want to become in life. Providing our children access to a high-quality education and caring adults can and will produce life-changing outcomes.

We are fortunate to have a dedicated group of people leading our school district for the 2022-2023 school year. I want to thank them for their leadership, commitment to our students and community, and support of our mission to continually improve the education system for our students. Maine Regional School Unit 21 is a great district because we have them on our team. Thank you to these sustained leaders and grounded decision makers. Board members representing Kennebunkport are Louis Braxton Jr., Megan Michaud, Jameson Davis; members representing Arundel are Board Chair Erin Nadeau, Ken Levesque, and Ryan McQueen; members representing Kennebunk are Vice Chair Art LeBlanc, Amanda Downing, Peter Sentner, Gayle Asmussen Spofford, Dawn Therrien, and Claudia Sayre. Student representatives are Matthew Ewy and Anne Murer.

In RSU 21 we are developing productive global citizens by building knowledge and character. To ensure our students' success, we have engaged in strategic and methodical steps that will lead to their continued progress. These steps include, but are not limited to, the following:

- Conducting a curriculum review for Social Studies and Mathematics.
- Utilizing the resource, Leverage Leadership 2.0 to implement the core coaching principles of effective leadership and practice the seven levers of leadership that allow transformational growth.
- Completing long-term projects, Athletic Complex and Inclusive Playground, to support recreation, health and well-being.
- Monitoring finances and ensuring expenditures are supporting the district's needs to support the district's operation.
- Developing a Communications Department to oversee the internal and external communication operations of the district.
- Engaging in partnerships that will further promote equity and inclusion throughout RSU 21.

- Providing social and emotional support to our students.
- Creating a safe and nurturing environment for all students.

Our schools are amazing and need no introduction. However, a sneak peak of their “awesomeness” will be provided below. Please know that there is so much more to learn about our schools and their offerings. I encourage you to visit their webpages to see the wonderful programs and activities that are extended to our students.

At Kennebunkport Consolidated School, students work and learn together across grade levels. Teachers collaborate, share students and provide support to expose students to rigorous learning and high expectations.

Students at the Middle School of the Kennebunks, are exposed to a wide variety of learning opportunities to help them grow and prosper. Unique experiential units and student participation in community service-learning projects help make our community and world a better place. Additionally, our students are able to engage in a variety of allied arts classes to help enhance their learning experiences.

Students at Kennebunk High School (KHS) are among the well-known in Maine. KHS has twice been awarded the U.S. Dept of Education Blue Ribbon School Award, was on the AP District Honor Roll, was the first high school in Maine to be authorized by IB, and has been ranked by U.S. News & World Report.

It is an honor to serve as superintendent of an amazing school district that is supported by the community. I look forward to our school’s continued success.

Respectfully,

A handwritten signature in cursive script that reads "Terri Cooper". The signature is written in dark ink and includes a long, horizontal flourish extending to the right.

Terri I. Cooper, Ed.D.  
Superintendent of Schools

# Scholarships Available

The Olympian Club of Kennebunkport Scholarship Fund was established in 1996 with gifts from friends and members of the Olympian Club of Kennebunkport. The fund is to benefit the University of Maine at Orono; however, campuses within the University of Maine system are eligible as well. Dedicated to "all the ladies who were ever members of the club" its purpose is to provide scholarship assistance for undergraduate students studying nursing. A second preference shall be for students in pre-medical/dental/optometry, and a third preference shall be for the students of any discipline. The minimum award is at least one-third of the tuition amount, including mandatory fees.

To qualify, recipients must be residents of Kennebunkport at the time of high school graduation and must have a financial need and a reasonable academic record. They must be of good character and show good work habits.

Interested students should contact the Office of Student Financial Aid at one of the following four locations, which have nursing programs:

University of Maine  
Orono, ME 04469

University of Southern Maine  
96 Falmouth Street  
PO Box 9300  
Portland, ME 04104-9300

University of Maine at Fort Kent  
25 Pleasant Street  
Fort Kent, ME 04743

University of Maine at Augusta  
46 University Drive  
Augusta, ME 04330-9410

John Everett, Deputy Director

## **PUBLIC SAFETY COMMITTEE**

Craig Sanford, Police Chief/EMA Director  
John Everett, Fire Chief  
Joseph Carroll, KEMS  
Chris Simeoni, Public Works Director  
Edward W. Hutchins, II, Selectmen's Rep

## **PUBLIC ACCESS OFFICER**

Tracey O'Roak

## **TOWN CLERK**

Tracey O'Roak

## **REGISTRAR OF VOTERS**

Tracey O'Roak

## **TREASURER**

Nicole Evangelista

## **TAX & EXCISE COLLECTOR**

Laurie Smith

## **TAX ASSESSOR**

Becky Nolette, CMA

## **PLANNING & DEVELOPMENT DIRECTOR**

Werner Gilliam

## **CODE ENFORCEMENT OFFICERS**

Werner Gilliam  
David Gilchrest, II, Asst. CEO  
Gregory Reid, Asst. CEO

## **ROAD COMMISSIONER**

Chris Simeoni

## **RECREATION DIRECTOR**

Stephanie Simpson

## **PUBLIC HEALTH OFFICE**

Alison Kenneway, B.S.N., R.N.

## **GENERAL ASSISTANCE DIRECTOR**

Alison Kenneway, B.S.N., R.N.

## **NURSING STAFF**

Alison Kenneway, B.S.N., R.N.  
Stacey Corsie, B.S.N., R.N.  
Kim Noble, M.B.A., B.S.N., R.N.  
Kristen Garvin, M.S., B.S.N., R.N.

## **HARBORMASTER - KENNEBUNK RIVER**

Jamie Houtz

## **HARBORMASTER - CAPE PORPOISE**

Frank Orr, II

## **PIER MANAGER, CAPE PORPOISE**

Frank Orr, II

## **Shellfish Warden**

Everett Leach

## **STREET NAMING & NUMBERING OFFICER**

John Everett

**ADMINISTRATIVE CODE COMMITTEE**

April Dufoe  
Richard Smith  
D. Michael Weston

**BEACH ADVISORY COMMITTEE**

Paul Hogan, Chair  
Pam Czekanski  
Barry Engel  
Thomas Ferrara  
Paul Hayes  
Carol Sherman  
Fred Stafford  
Jon Dykstra

**BOARD OF ASSESSMENT REVIEW**

Jean Conaty  
April Dufoe  
Marybeth Gilbert  
Loreta McDonnell  
Karen Schlegel

**BUDGET BOARD**

April Dufoe, Chair  
Michelle Powell, Vice-Chair  
Dan Beard  
David Betses  
Allan Evelyn  
David James  
Kathryn Leffler  
Steven Turner  
Dimitri Michaud  
Rick Wakeland

**CAPE PORPOISE PIER ADVISORY**

Peter Eaton, Chair  
Daniel Beard  
George Dow  
Kyle Emmons  
Charles McLaughling  
Ryder Noyes  
Julian Zuke

**CEMETERY COMMITTEE**

Ruth Fernandez, Chair  
Lynda Bryan  
Greg Pargellis  
Ann Sanders  
Rita Schlegel

**ANIMAL CONTROL OFFICER**

Deborah Higgins

**CONSERVATION COMMISSION**

Carol Morris, Chair  
Jennifer Comeau  
Karen Hall  
Steve Hanna  
Susan Kaagan  
Robin Phillips

**GOVERNMENT WHARF COMMITTEE**

Chris Welch, Chair  
Christopher Audley  
Ron Francoeur  
Andrew Welch

**GROWTH PLANNING COMMITTEE**

Daniel Saunders, Chair  
James Fitzgerald, Jr., Vice-Chair  
Paul Hogan  
James McMann  
Janet Powell  
Elizabeth Johnson

**KENNEBUNK RIVER COMMITTEE**

Mark Sutton  
Richard Woodman  
Susan Inoue

**LIGHTING COMMITTEE**

James Stockman, Chair  
Robert Fairbanks  
Jule Gerrish  
Todd Merolla

**PARSONS WAY COMMITTEE**

Louise Spang, Chair

**PLANNING BOARD**

Thomas Boak, Chair  
Nina Pearlmutter, Vice-Chair  
Edward Francis  
D. Scott Mahoney  
Charles "Larry" Simmons  
George Lichte  
Michael West

**RECREATION COMMITTEE**

Megan Bliss  
Bruce Donath  
Kyle Matthews  
Jamie Mitchell  
Susan Streiff

**SHADE TREE COMMITTEE**

Steven Hanna  
Nina Pearlmutter  
Stephen Powell  
Tricia Concannon  
John Ripton, Tree Warden

**SHELLFISH CONSERVATION  
COMMITTEE**

Everett Leach, Chair, Shellfish Warden  
David Conway  
Edward Jellison  
John Kraeuter  
Kevin Philbrick

James Fitzgerald, Jr.  
April Dufoe  
Kevin McDonnell

**DIRECTORS OF RSU #21**

Megan Michaud  
Louis Braxton, Jr.  
Loreta McDonnell

**TRUSTEE - KENNEBUNK,  
KENNEBUNKPORT, & WELLS  
WATER DISTRICT**

James Burrows

**REPRESENTATIVE TO S.M.R.P.C.**

Sheila Matthews-Bull

## TOWN ONLINE SERVICES

Pay online with a credit card or electronic check:

ATV or snowmobile renewals	Pier dues
Boat registration renewals	Pier fuel payments
Code enforcement office payments	Real estate taxes
Dog licensing (October 15 - January 31)	Recreation programs
Hunting/fishing licenses	Sewer bills
Parking tickets	Vehicle renewals
Personal property taxes	

There is a convenience fee for all online services

Electronic checks	\$2.95
Real estate and property tax	2.75% with a \$2.00 charge of \$2.00
Parking tickets and sewer bills:	

Payment amount	Fee
\$0.00 to \$50.00	\$2.00
\$50.01 to \$100.00	\$3.00
\$100.01 to \$200.00	\$6.00
\$200.01 to \$300.00	\$9.00
\$300.01 to \$400.00	\$12.00
\$400.01 and above	

Add \$3.00 to listed total for each \$100.00 range or portion thereof.

For online services, visit the Town website at [www.kennebunkportme.gov](http://www.kennebunkportme.gov) and select the top, online "E-Payments" tab.

The Town offers online availability as a public service to all town board and committee meetings that are broadcast on local cable channel 1301. These meetings may be viewed at the Town's Website at <http://www.kennebunkportme.gov> and click on the "Meeting Videos" tab. These meetings are also available on YouTube at Kennebunkport television.

All meetings broadcast on cable channel 1301 such as the Board of Selectmen, Planning Board, Growth Planning Committee, and RSU #21 are streamed "live" on the internet at the above address and available for viewing at any time for one year after the initial broadcast.

The web access is hosted by Town Hall Streaming, a Maine Company based in York. This service allows residents to view meetings at individual convenience. It benefits households that do not have cable service and also property owners who do not live year-round in Kennebunkport.

## FIND US ON FACEBOOK AND INSTAGRAM

The Town is hoping to communicate more directly with citizens and visitors on Facebook and Instagram.

Please like us at <https://www.facebook.com/townofkennebunkport> and follow us on Instagram @townofkennebunkport

## STAY CONNECTED WITH THE TOWN

Subscribe to receive email notifications on topics such as trash collection, meeting agendas, road closings, etc. by clicking the button on the bottom of the Town's homepage at [www.kennebunkportme.gov](http://www.kennebunkportme.gov).

Next, type your e-mail in the box under **Subscribe**, then type it again in the box below it to **Confirm Email**.

There are four sections of choices: **Urgent Alert**, **News or Announcement**, **Meeting Agenda**, and **Meeting Minutes**. Under each of those four topics, check the box next to the items you would like to receive an email alert.

Also check the box in front of

The meetings of the Board of Selectmen are televised live on Cable Channel 1301, at 6 p.m. on the second and fourth Thursdays of the month. Also broadcast are the Beach Advisory Committee, Growth Planning Committee, Planning Board, Village Parcel Master Plan Committee, and Zoning Board of Appeals meetings. Please check Channel 1301 for an up-to-date list of broadcast and rebroadcast scheduled times.

Board of Selectmen meetings and other committee meetings can also be streamed on YouTube on Kennebunkport Television.

Meeting agendas, minutes, and Board members' names are available on the Town's website at: <http://www.kennebunkportme.gov>.
