

Solid Waste Committee Meeting Minutes 06-21-21

Present: all are present other than Tom, who is away. Lissa joined the meeting at 10:30.

Schedule for Saturday, June 26 Recycling Event Committee Coverage: 9-11 Dave, 11-2 Kinder, Harvey all day, Jon all day, Paul will help with setup and will arrive by 8.

We will sell bins @ \$10 each for extra bins. We will give away 200 and bring an extra 50 bins to sell. The committee will sell bins at a separate location from the giveaway table if folks want more than one free bin.

Lissa and the team will arrive by 8:15. She suggested 100 bins upright with materials loaded in them. The rest can be stacked and loaded. Jon and Mike will get three tables from Rec. Center.

Lissa asked about stickers; Lissa will look for more stickers as the town may be out.

Intern for Recycling: \$1800-2000 for an intern. The person will be EcoMaine's employee. We will need an education piece to explain to realtors, and town-wide, that intern will be checking on recycling and leaving notices. So far, the problems we are having are plastic bags and styrofoam. Lissa suggested that Jon talk to Matt about arrangements for the intern and will ask Matt to call Jon.

Jon will send off a letter to the editor if the deadline is not missed, and that letter will be provided to send out for town-wide distribution.

We adjourned. Jon and Mike headed over to Rec. Building to make arrangements for Saturday.
