

Town of Kennebunkport

Annual Report 2010

Cape Porpoise Reflections

TOWN OF KENNEBUNKPORT, MAINE GENERAL INFORMATION

“Located sixteen miles east-southeast of Alfred, twenty-five miles from Portland. Formerly known as Arundel. Visited during the summer as early as 1602 by fishermen. First permanent settlement made by Richard Vines in 1629. Brought under the control of Massachusetts and incorporated in 1653. Placed under the jurisdiction of Saco for a short time in 1688. Re-incorporated under the name of Arundel in 1717. Name changed February 19, 1821.”

TOWN REPORT DEDICATION

In Appreciation of

Leo G. Martin

Leo Martin has spent most of his adult life in public service, both in education and in municipal government. He began his career in education in 1955 as a teacher at the Park Street School in Kennebunk and became Assistant Superintendent of the former SAD-71 in 1965. In 1976, he was named Superintendent of Schools where he served with distinction until 1992, when he was named Commissioner of Education for the State of Maine, serving until 1996.

In 1997, Leo was appointed to the Kennebunkport Budget Board, where he has served as Chair for the past 10 years. His steady hand, good humor, and thoughtful stewardship have been a great asset through that period.

In 2006, the Town tapped Leo to serve as Interim Town Manager from July through December, during which time he chaired the process for selecting a new Town Manager.

Leo remains extremely active in educational service, traveling throughout the state as a mediator for special education disputes, and across the globe performing accreditation reviews for international schools.

Leo's energy and knowledge have served the Town well over the years. Thank you Leo for your continuing service!

TOWN REPORT DEDICATION

In Memory of

Anita L. Troegner
April 24, 1943–July 24, 2010

Kennebunkport Tax Collector
2004–2010

Much loved and sadly missed by her colleagues, customers, friends, and residents.

TOWN OF KENNEBUNKPORT

TOWN WARRANT ANNUAL TOWN MEETING June 14 and 18, 2011

State of Maine

County of York, SS

To: April Dufoe, a resident of the Town of Kennebunkport, in the County of York, State of Maine.

GREETINGS:

You are hereby required in the name of the State of Maine to notify and warn the voters of the Town of Kennebunkport in said County of the Town Meeting described in this warrant.

To the voters of Kennebunkport: You are hereby notified that the Annual Town Meeting of this municipality will be held at the Village Fire Station, 32 North Street in said Town on Tuesday, the fourteenth day of June A.D. 2011, at 8:00 o'clock in the forenoon for the purpose of acting on Articles numbered one (1) and one a (1a) and Questions 1 through 4 as set out below. The polls for voting on Articles 1 and 1a and Questions 1 through 4 shall be opened immediately after election of the Moderator at 8:00 a.m. on June 14, 2011, and shall close at 8:00 p.m. While the polls are open, the Registrar of Voters will hold office hours to accept the registration of any person eligible to vote, to accept new enrollments, and to make any necessary corrections or changes to any names or addresses on the voting list. The continuation of said meeting will be held at the auditorium of the Consolidated School building in said Town on Saturday, the eighteenth day of June A.D. 2011, at 9:00 o'clock in the forenoon for the purpose of acting on Articles numbered 2 through 55 as set out below.

ARTICLE 1. To choose a Moderator to preside at said meeting.

ARTICLE 1a. To elect under the provisions of Title 30-A, M.R.S.A. Section 2528, the following Town Officers: one Selectman, Assessor, and Overseer of the Poor, for a term of three years; one Director of R.S.U. #21, for a term of three years, and to vote on the following referendum Questions 1 through 5:

QUESTION 1
AMENDMENT TO THE LAND USE ORDINANCE CONCERNING
THE DEFINITION OF A HALF STORY

Shall an ordinance entitled “2011 Amendment to the Kennebunkport Land Use Ordinance Concerning the Definition of a Half Story” be enacted? (A true copy of which is on file in the Town Clerk’s Office and is incorporated by reference.)

[Note of Explanation: The current definition of a half story specifies a ceiling height of 7½ feet. The State of Maine Uniform Building Code recognizes a minimum ceiling height of 7 feet for habitable spaces. This amendment provides consistency between the Land Use Ordinance definition of a half story and the minimum habitable ceiling height requirements specified in the Maine Uniform Building Code.]

QUESTION 2
RECREATIONAL EASEMENT

Shall the Town vote to authorize the Board of Selectmen to execute An Easement Deed with the residents of Stone Haven Drive for an easement and right-of-way for the general public for recreational purposes over property commonly known as the “Causeway” on Pier Road in consideration for the Town providing winter maintenance including snow plowing, sanding and spring cleanup to Stone Haven Drive, a private road in Kennebunkport, Maine? (A true copy of which is on file in the Town Clerk’s Office and is incorporated by reference.)

QUESTION 3
AMENDMENT TO THE COMPREHENSIVE PLAN

Shall an ordinance entitled “June 2011 Amendment to the Comprehensive Plan for the Town of Kennebunkport, Maine regarding Recreational and Cultural Resources” as submitted by the Town of Kennebunkport’s Growth Planning Committee be enacted? (A true copy of which is on file in the Town Clerk’s Office and is incorporated by reference.)

[Note of Explanation: This amendment would amend a chapter regarding Recreational and Cultural Resources to the Comprehensive Plan adopted by the Town in 1996 and amended in 2006, 2007, 2008, 2009 & 2010.]

QUESTION 4

PROPERTY ASSESSED CLEAN ENERGY (PACE) ORDINANCE

Shall a new ordinance entitled “Property Assessed Clean Energy (PACE) Ordinance” be enacted? (A true copy of which is on file in the Town Clerk’s Office and is incorporated by reference.)

[Note of Explanation: This Ordinance establishes a PACE program in the Town of Kennebunkport allowing owners of qualifying property located in the PACE district who so choose to access financing for energy savings improvements to their property through PACE loans administered by the Efficiency Maine Trust.]

Article 2: To see if the Town will vote to authorize the Town Treasurer, with the advice and approval of the Municipal Officers on behalf of the Town to sell and dispose of Real Estate acquired by the Town for nonpayment of taxes thereon, and to execute quitclaim deeds on such terms as they deem advisable, and to authorize the Treasurer to discharge unmatured liens on payment of taxes, interest and costs. All Real Estate to be sold by the Town for nonpayment of taxes to persons who were not the former owners thereof must be properly identified and advertised for sealed bids at least twice in any local newspaper, namely the Portland Press Herald, Biddeford Journal Tribune, or the York County Coast Star, the first advertisement to be not more than thirty days before the deadline for submitting bids and the last not less than fifteen days before said deadline. Former owners of Real Estate, as described above, shall be given first refusal to buy the property provided all back taxes, interest and lien costs have been paid. Notification of sale and request for sealed bids shall be publicly posted fifteen days prior to said deadline in three places within the Town, namely, the Town Office, the area known as the “Cape Square”, and Goose Rocks Beach Fire Station. Opening of sealed bids shall be open to the public and held within fifteen days after the deadline for submitting bids. The date, time, and place of opening the bids must be included in the newspaper advertisements.

Selectmen recommend adoption of this article – Voted 4-0.

Article 3: To see if the Town will vote to authorize the Town Treasurer, with the advice and approval of the Municipal Officers on behalf of the Town, to waive the foreclosure of any tax lien mortgage by recording a waiver of foreclosure in the York County Registry of Deeds for any real estate title to which they deem not in the best financial interest of the Town to hold, said authorization to waive not to prevent the Town Treasurer, with the advice and approval of the Municipal Officers, from later foreclosing on said tax lien pursuant to law, as they deem advisable.

Selectmen recommend adoption of this article – Voted 4-0.

Article 4: To see if the Town will vote to make all real and personal property taxes due and payable upon presentment of bills and to charge seven percent (7.00%) per annum on the first half if unpaid after September 12, 2011 (or 45 days after the date of commitment if commitment is after July 28, 2011) and on the second half if unpaid after March 12, 2012.

Selectmen recommend adoption of this article – Voted 4-0.

Article 5: To see if the Town will vote to set the interest rate to be paid by the town on abated taxes at five percent (5.00%) for the fiscal year 2012.

Selectmen recommend adoption of this article – Voted 4-0.

Article 6: To see if the Town will vote to authorize the Selectmen to accept easement deeds on behalf of the Town granting the Town the right to plant and maintain certain trees on private property located within the Town.

Selectmen recommend adoption of this article – Voted 4-0.

Article 7: To see if the Town will vote to authorize the Tax Collector or Treasurer to accept prepayments of taxes not yet committed pursuant to 36 M.R.S.A. § 506.

Selectmen recommend adoption of this article – Voted 4-0.

Article 8: To see if the Town will vote to authorize the Selectmen to accept unconditional and conditional gifts of money or property on behalf of the Town, other than gifts of sewer extensions, subject to ratification by the Town at an annual or special town meeting held within one year of the Selectmen's acceptance, except that such ratification shall not be required for a donation of money to the Town to supplement a specific appropriation already made, to reduce the tax assessment, or to reduce the permanent debt.

Selectmen recommend adoption of this article – Voted 4-0.

Article 9: To see if the Town will vote to authorize the reallocation of no more than \$8,315 in donations from a designated fund for the purpose of building and maintaining the Ice Skating Park, now to be used for any park or athletic field improvements.

Selectmen recommend adoption of this article – Voted 4-0.

Budget Board recommends adoption of this article – Voted 8-0.

Article 10: To see if the Town will vote to authorize the transfer of unencumbered surplus fund balance on June 30, 2011, for the Administration capital expense account, such unencumbered surplus fund balance to be estimated at \$14,000, but not to exceed the actual unencumbered balance for said purposes existing as of June 30, 2011.

Selectmen recommend adoption of this article – Voted 4-0.

Budget Board recommends adoption of this article – Voted 8-0.

Article 11: To see if the Town will vote to authorize the transfer of unencumbered surplus fund balance on June 30, 2011, for the Recreation capital expense account, such unencumbered surplus fund balance to be estimated at \$9,000, but not to exceed the actual unencumbered balance for said purposes existing as of June 30, 2011.

Selectmen recommend adoption of this article – Voted 4-0.

Budget Board recommends adoption of this article – Voted 8-0.

Article 12: To see if the Town will vote to authorize the transfer of unencumbered surplus fund balance on June 30, 2011, for the Fire Services capital expense account, such unencumbered surplus fund balance to be estimated at \$10,000, but not to exceed the actual unencumbered balance for said purposes existing as of June 30, 2011.

Selectmen recommend adoption of this article – Voted 4-0.

Budget Board recommends adoption of this article – Voted 8-0.

Article 13: To see what sum the Town will vote to raise and appropriate for the Administration account.

Amount requested: \$736,833

Selectmen recommend the amount requested – Voted 4-0.

Budget Board recommends the amount requested – Voted 8-0.

INTRODUCTION TO THE FISCAL YEAR 2012 BUDGET

The budget as proposed represents an increase on the municipal side of 6.4% in the total municipal tax commitment. It is not easy or pleasant to have to ask for additional tax effort; however, this budget reflects a deliberate effort to meet the infrastructure and other capital needs facing the Town. Last year during the budget reviews, both the Board of Selectmen and the Budget Board asked the Town Manager to put together a multi-year capital plan for the FY12 budget that would allow the Town to better plan for future expenditures. As a result, the capital budget as presented for FY12 is almost 65% higher than the budget approved in FY11. In addition, staff has projected anticipated capital projects and needs through FY17, which can serve as a starting point for future planning by the Board of Selectmen and the Budget Board.

On the operating side of the budget, the department heads endeavored to hold the line or reduce costs wherever possible. Almost all departmental increases are related to personnel and benefits, and are therefore unavoidable without reducing staff and services. Neither the Board of Selectmen nor the Budget Board requested reductions in staff to achieve budget savings. There is actually a decrease in the non-personnel costs within the operating departments, and the combined increase in budget for all municipal departments is 3.3%.

Overall, the FY12 municipal budget as submitted is \$6.9 million, an increase of \$585,804. The capital outlay budget accounts for 51% of that amount with an increase in expenditures of \$297,706. The increase in salaries and benefits is \$217,479. However, 34% of this amount (\$74,505) is grant funded and does not increase the property tax.

Overall, the projected increase in revenues is 15.6%. This includes, however, a \$200,000 increase in use of fund balance and \$74,505 in grant funding. Non-property tax revenues less use of fund balance will experience modest growth. Removing the fund balance growth brings the increase in revenues to 7.2%. The most encouraging aspect of revenue growth is in development fees, including building permits, plumbing permits and Planning Board fees, which reflect an increase in economic activity.

The County assessment increased 4% (\$30,482) despite the fact that the County kept its budget essentially the same as FY11. This reflects the continuing strength of property values in Kennebunkport in comparison to those in other York County municipalities. The county assessment is based strictly on the State equalized valuation in each community. It should be noted that the State uses two-year-old data to determine valuation.

The final assessment for education will be determined by voters in all three member towns of RSU-21. The assessment increase is projected to be between 1.4% and 4.1% depending on the outcome of the vote on a ballot initiative that would change the existing cost-sharing formula.

ANALYSIS OF EXPENDITURES

| Expense/Department | 2011 Approved Budget | 2012 Selectmen/ Budget Board | Increase (Decrease) | % Diff |
|-------------------------------|----------------------------|---------------------------------------|------------------------|--------------|
| Personnel salaries | 2,370,708 | 2,476,109 | 105,401 | 4.45% |

| Repairs & maintenance | 89,765 | 91,945 | 2,180 | 2.43% |
| Debt service | 431,346 | 415,839 | (15,507) | -3.60% |
| Outside Agencies | 247,766 | 278,252 | 30,486 | 12.30% |
| Other expenses | 216,086 | 179,135 | (36,951) | -17.10% |
| Social Services | 18,946 | 20,500 | 1,554 | 8.20% |
| Capital Outlay | 458,544 | 756,250 | 297,706 | 64.92% |
| Totals | 6,395,461 | 6,981,265 | 585,804 | 9.16% |

Personnel: Wages and salaries represent 38% of the operating budget. This year's increase of 4.4% includes a new grant-funded position in the Police Department. If the cost of this position is deducted from the proposed FY12 salary total, the increase from last year is \$58,268 or 2.4%. The budget reflects cost savings achieved through organizational restructuring in the Fire Department and in the Town office administration.

FY12 reflects the third and final year of the collective bargaining agreement with Town employees. The wage adjustments over the three-year period averaged 2.2% per year.

Staff Retirement and Health: Overall costs are up \$112,000. Over half of this increased cost is offset by revenues totaling \$60,000; including costs related to the grant-funded police officer and a required 30% increase in employer contributions to the Maine State Retirement System (MSRS). After taking into account these revenues, the net increase in this category is 6%. For many years, the Town has benefited from a positive credit balance with MSRS. This credit balance has remained stable because the annual cost to the Town for retirement contributions has been offset by investment growth in the MSRS account. The Town will need to monitor the sustainability of this credit balance in light of the decision by MSRS to increase municipal contributions to the retirement system. When the Town's credit balance fund is depleted, the Town would need to budget for the annual cost of retirement contributions. As this circumstance nears, the Town should begin a

phased increase in Town operating budget funding and a corresponding decrease in MSRS credit balance contributions.

This budget anticipates an 8% increase in health insurance costs over FY11, which equates to \$39,500.

Legal: The Town remains engaged in litigation with a number of beachfront property owners at Goose Rocks Beach. This is a complex and involved matter that requires extended legal work. The Judge has set a target date for trial in FY12. For this reason, the budget is increased \$50,000 over last year. The revenue budget includes a corresponding increase in the use of undesignated fund balance which would keep the contribution from property tax revenues equal to FY11.

Solid Waste: The 5% increase is primarily due to an increase in the cost of tipping fees for solid waste at the MERC plant (Maine Energy Recovery Company). For the past eight years, the annual adjustment to tipping fees has been tied to the CPI increase. This year, however, the tipping fee has increased an additional 20% because of the expiration of a temporary disposal credit that was implemented in 2004. The Town will work with its trash collection contractor, Oceanside Rubbish, to reduce tonnage directed to MERC by increasing the portion of waste that is recycled, particularly commercial waste.

Contracted Services: Down 4%. The Town is reducing the utilization of the Assessor's Agent over time as the Assessor's Assistant gains experience and additional training and certification.

Insurance: Up 13%. Workers Compensation insurance has increased \$12,000 due to an increase in the Town's experience rating over the past 18 months. One or two individual claims can have a large effect if the claims are lengthy and expensive.

Outside Agencies: Up 12%. The Town Manager's budget includes a \$16,000 increase for KEMS (the actual request was \$26,000). Graves Library is requesting an increase of \$12,000.

Other Expenses: Down 17%. Funding for the local circuit breaker program is reduced to \$20,000 which should be sufficient to fully meet the need. There are still sufficient funds available in a reserve account to fund this program without appropriating additional property tax dollars.

Capital Outlay: Capital costs are increased 65% from FY11 (\$297,706). The proposed capital budget represents 11% of total expenditures. Over the past two budgets, capital expenditures were reduced (5% and 7% respectively) to reflect the decline in revenues and the troubled economy. These levels are not adequate to the needs of the Town over time, and the proposed increase is reflective of that. By way of comparison, capital expenses represented 14.5% of the total in FY08 and 9% of the total in FY09. The capital budget is further discussed below.

Administration Capital

- Historic Preservation: \$5,000 allocation for ongoing preservation of historical documents at Town Hall.

Police Capital

- Equipment: \$7,500 is requested to purchase a mobile lap top unit for one of the new cruisers and to upgrade software and equipment for the video functions in all the cruisers.
- Vehicles: The Department is requesting funds to replace two cruisers. As of March 1, the 2008 vehicle had 105,000 miles and the 2009 had 89,000 miles. The repair experience of both vehicles is accelerating due to the high mileage and constant use.

Communications Capital

- Equipment: The Town is on schedule to make required upgrades to make all radios narrowband-capable prior to 2012. The requested allocation of \$12,500 will fund three base radios.

Fire Capital

- Equipment: The Fire Department has over 140 air bottles that must be replaced no later than 15 years from purchase. The Department has developed a replacement schedule through 2021 that will allow for a consistent budget allocation. Appropriation request is \$11,200.
- Equipment: The Department must perform annual testing of 100 personnel who may wear airtight masks in performance of duties. This allocation of \$8,500 allows the Department to acquire the equipment needed to perform this test in-house.
- Personal Protective Equipment: This allocation of \$16,500 will allow for the purchase of 9 sets of turn-out gear as either replacements to existing responders or first sets for new responders.
- Apparatus Reserve: The Department has completed a long-term replacement schedule for all fire apparatus through 2034. This plan projects the use of funding from the Kittredge and Seavey trust funds as well as town appropriations. The funding request is \$130,000. The initial purchase of replacement apparatus would be in FY13.

Highway Capital

- Building Improvements: A structural assessment of the Highway barn revealed that inadequate heating and ventilation functions were causing the metal structure to rust and deteriorate. The requested allocation of \$55,000 is part of a three-year plan for improvements. This initial allocation will be used as a local match for \$42,000 in grant

funds received for energy efficiency improvements. The grant funds must be expended by September 2011.

- Vehicles: \$100,000 is requested to contribute to the purchase of a dump/plow vehicle, fully equipped. The truck to be replaced is 11 years old. A replacement schedule for Highway Department vehicles has been completed through FY17.

Road Improvements Capital

- An allocation of \$170,000 is requested for the FY11 paving program. Thirty thousand dollars will be used to repave the public parking lot at the Village Fire Station. This parking lot has not been improved since it was first constructed. The remaining funds (\$140,000) will be used to supplement State MDOT funds for paving much of Rt. 9. The work will be done between Beechwood Avenue and the bridge at Dock Square.

Sidewalk Construction Capital

- Fifteen thousand dollars is requested for the sidewalk reserve fund in order to continue with the pedestrian and bicycle enhancements that are ongoing.

Recreation Capital

- Parson's Field Improvements: \$10,000 is requested for the final phase of drainage improvements to Parson's Field. This work continues to be done by the Highway Department crews, which reduces significantly the cost to the capital budget.

Piers/Rivers and Harbors Capital

- Reserve: At the end of FY11, there will be \$128,000 in the Piers, Rivers and Harbors reserve fund. This budget request is for \$40,000 in anticipation of future maintenance needs at both Cape Porpoise Pier and Government Wharf. Design, engineering and environmental permitting has already been completed for major rehabilitation of Government Wharf at a cost in excess of \$300,000. The Town plans on applying for State funding through MDOT when the next opportunity arises. However, without substantial matching funds, it is very unlikely that the Town's application will be considered. The Town's application this past year was not accepted because of insufficient matching funds.

Special Projects Capital

- S-Brook Drainage: A portion of S-Brook is directed underground over a distance of 850', beginning at the rear of the Maine Stay Inn and

continuing across Maine Street to Elm Street, and then behind a private residence to the large swale near Union Street. This underground structure is made of several different materials, including granite blocks, and is well over 100 years old. Sections of it have collapsed and sinkholes are now appearing. A camera inspection of the drainage structure revealed several problem areas. Although the entire length needs to be replaced, the most urgent repairs are needed where the structure runs across Elm Street at the intersection with Maine, and continues on toward Union Street. There are already several large sinkholes in this section, and it poses the threat of sinkholes within the Elm Street road surface. One hundred thousand dollars is requested to address the portion at Elm Street to Union. Additional funding will be needed next year to replace the remaining section.

State Growth Limit

State law establishes a limit on the growth in municipal tax commitment from year to year. The growth limit can only be exceeded if authorized by voters at Town Meeting. This year, the growth limit on the Town's municipal budget expenditures is \$4,291,317, or 102.5% of the FY11 base. The proposed FY12 tax commitment will exceed the growth limit by \$137,877. For this reason, Article 55 asks voters to authorize exceeding the limit in FY12.

Larry S. Mead, Town Manager

CAPITAL IMPROVEMENTS PROPOSED EXPENDITURES: FISCAL YEAR 2012

Administration – Historic Preservation \$5,000

Ongoing preservation of records.

Police – Equipment \$10,000

| | |
|---|----------|
| ID Maker – cost shared with Fire Department | \$ 2,500 |
| Cruiser Lap Top – Mobile Data Terminal | \$ 4,000 |
| Watchguard Video – cruiser video upgrades & repairs | \$ 3,500 |

Police – Vehicles \$50,000

| | |
|-----------------------------|------------|
| Cruisers (2): | |
| Vehicles (2) fully equipped | \$58,000 |
| Less trade-in x 2 | (\$ 8,000) |

Communications – Equipment \$12,500

Base radios–Federally required narrow band 100 watt. Will allow for conversion to narrow band capability as required in 2012. Includes 3 base radios between 20 and 36 years old.

Fire Department – Equipment \$22,200

| | |
|---|----------|
| SCBA air bottle replacement | \$11,200 |
| All SCBA bottles must be tested every 5 years and replaced every 15 years. Over the next 8 years, 138 bottles need to be replaced. Dept. will budget for 14 bottles per year to average cost. | |
| ID Maker | \$ 2,500 |
| Cost shared with Police Dept. ID pictures are out of date. This will allow use by all Town departments for photo ID. | |
| SCBA fit test machine | \$ 8,500 |
| 100 Fire and Police personnel must be tested annually with a fit test for mask on each individual. | |

Fire Department – Firefighter PPE \$16,550

To purchase required Personal Protective Equipment (turnout gear). Standards are stringent and annual inspection is required.

Fire Department – Radio Replacement \$15,000

To replace older pagers and purchase new ones for new members.

| | |
|---------------------------------------|----------------|
| Fire Department – Hose Reserve | \$5,000 |
|---------------------------------------|----------------|

To equip every engine with a lightweight high-rise pack hose and to replace existing damaged hose.

| | |
|--|------------------|
| Fire Department – Apparatus Reserve | \$130,000 |
|--|------------------|

To place in reserve funds to be used for the future purchase of fire apparatus. A replacement schedule has been developed for all apparatus through FY33. The increasing cost of fire apparatus will require that Town funds be allocated in addition to the Kittredge and Seavey funds for apparatus replacement.

| | |
|---|-----------------|
| Highway Department – Building Improvements | \$55,000 |
|---|-----------------|

Replacement of faulty door panels, worn tracks & rollers, and door adjustment. Initial year of a three-year allocation to replace oil fired heaters with efficient propane units, install ventilation, and replace ceiling and insulation. Lack of ventilation is rusting the metal roof deck and damaging insulation. Total cost of project is \$235,000.

| | |
|--------------------------------------|------------------|
| Highway Department – Vehicles | \$100,000 |
|--------------------------------------|------------------|

| | |
|---------------------------------------|-------------------------------|
| Replace 2000 INT 4940 dump/plow truck | \$147,000 fully equipped |
| | <u>(15,000)</u> Trade or Sale |
| | Cost: \$132,000 |

Balance of cost to be come from the vehicle reserve fund.

| | |
|-------------------------|------------------|
| Road Improvement | \$170,000 |
|-------------------------|------------------|

Continuation of overlay program on Town roads. Funds will be used to enhance planned maintenance of Rt. 9 by the State DOT. Also, includes a \$30,000 allocation to resurface the North Street parking lot. These funds to be appropriated from Dock Square parking lot fund balance.

| | |
|------------------------------|-----------------|
| Sidewalk Construction | \$15,000 |
|------------------------------|-----------------|

Continuation of sidewalk improvements and pedestrian/bicycle enhancements.

| | |
|--|-----------------|
| Recreation Department – Parsons Field | \$10,000 |
|--|-----------------|

To put in proper drainage on the fourth and final side of the field. This will complete the drainage improvements to Parson's Field.

| | |
|---------------------------------|-----------------|
| Piers Rivers and Harbors | \$40,000 |
|---------------------------------|-----------------|

Future capital repairs– Anticipated boat excise tax collections of \$13,500 and \$26,500 additional appropriation from the general taxes to be reserved for future capital improvements to the Cape Porpoise Pier and Government Wharf.

Special Project – S Brook Drainage**\$100,000**

A portion of S Brook is directed underground between the rear of Maine Stay Inn and Union Street through a 125 year old granite conduit. It is collapsing in several spots and sink holes are forming. The aging drain runs under Elm Street at Maine and the structural integrity of the road is in question. Initial year of a two-year allocation.

BOARD OF SELECTMEN REPORT

L-R: D. Michael Weston, Sheila Matthews-Bull, Allen A. Daggett, Mathew J. Lanigan, and Stuart E. Barwise

The three most important issues the Town of Kennebunkport and the Board of Selectmen dealt with in 2010/2011 were the Goose Rocks Beach lawsuit, the RSU 21 current and future cost allocation, and the school closing. All three of these issues will continue to get a lot of our attention during 2011 and beyond.

The Goose Rocks Beach issue: **The Selectmen unanimously support** the citizens of Kennebunkport in their defense of the lawsuit brought against the Town by a number of plaintiffs that own property directly on the beach, for the purpose of preventing nonbeachfront owners from walking or otherwise recreating on the beach. The Board of Selectmen applauded the voters of Kennebunkport for voting to fund \$250,000 to defend the Town against this suit. We expect the suit to be settled in favor of the Town, although a final decision by the courts is not likely within the next year; so, this is likely to go well into 2012. Members of the Board of Selectmen have attended several court hearings, an arbitration meeting, and numerous meetings with the Save Our Beaches organization.

The RSU 21 funding issue: Some members of the RSU want to revise the funding formula that was voted and approved by the citizens of Kennebunkport, Kennebunk and Arundel two years ago. The **Selectmen were unanimous in opposing** the proposal to reopen the cost sharing at this time. However, a majority of the School Board voted to do so, which led to the creation of a committee made up of representatives from all three towns. This committee was charged with reassessing the cost sharing formula. A proposal to revise cost sharing for the fiscal year 2012 school year will be on the ballot in May. It requires a two-thirds majority of voters in all three communities to change cost sharing.

There is also ongoing consideration by the RSU Board to make significant renovations to the high school, Mildred Day School in Arundel, and the Consolidated Elementary

School here in Kennebunkport. The **Selectmen unanimously agree** that all three schools require substantive upgrades in the near future. The Board of Selectmen believe, however, that decisions regarding whether the RSU should take on new debt must wait until the matter of cost sharing has been resolved so that voters know fully what the tax impacts of such debt would be.

The school closing/consolidation studies: **The Selectmen unanimously support** renovating and maintaining Consolidated School as Kennebunkport's community school.

While these three items involved a lot of our time and are the most pressing issues facing Kennebunkport, there were a number of other significant actions taken by the Selectmen during the year. Some of those highlights are as follows:

- Confirmed the appointment of Allan Moir as Fire Chief.
- Approved revaluation abatements totaling \$147,933.72 to date.
- Approved a change in auditors to Runyon, Kersteen and Ouellette.
- Approved the modification of the Goose Rocks Beach parking sticker rules and regulations.
- Approved numerous liquor and special amusement license renewals and referred one back to the applicant for clarification of state and local permitting.
- Approved several changes to the Administrative Code relative to the Town Manager and Selectmen's segregation of duties.
- Approved a number of dock applications that are sent to the Planning Board for consideration.
- Voted to end Kennebunkport's affiliation with Seaside Trolley.
- Voted to restrict kayak launching and parking at the Town pier.
- Approved the award of the wastewater treatment plant upgrade to Weston & Sampson for \$1,823,540.
- Voted changes to the Clam Ordinance as recommended by Warden David Conway that included reducing the resident commercial licenses from 20 to 12 due to the risk of over harvesting. Nonresidential commercial licenses remain at 2, and there is no change to the recreational license levels.
- Approved numerous changes to the Ordinances, the Comprehensive plan, and the Administrative Code to be included on the Town Warrant for the voters of Kennebunkport to consider.

- Voted to not change the current license fees in 2011.
- Invited town department heads to present to the public their activities, goals and accomplishments, which was very well received.

The Board of Selectmen would like to thank all of the volunteers that support our various boards and committees—without them the Town would have a difficult time functioning.

The Board would also like to thank Town Manager Larry Mead for his knowledge, insight and guidance on the various complex issues that arose this year, which I am sure will keep coming at us.

Mike Weston, Chair, Board of Selectmen

125th Legislature
Senate of
Maine
Senate District 4

Senator Nancy B. Sullivan

Dear Friends,

Thank you for the opportunity to serve as your State Senator. It is a great honor to represent Kennebunkport.

This legislative session is unique for me since it will be my final term in the Maine Senate. My journey as State Senator has been a one-of-a-kind experience. Throughout the good and the bad, I am proud of our many accomplishments for a better Maine. I am confident in the prospect of a stronger future for the people of our beautiful state.

This session will be challenging and I understand that we may not always agree on the specifics of an issue, but I respect and welcome any well-mannered conversation. I value this kind of relationship and want to extend an invitation to contact me anytime by email at SenNancy.Sullivan@legislature.maine.gov. Since I am serving on 3 working committees, I am usually in Augusta five days a week. Feel free to contact me at the State House (207) 287-1515 Monday through Friday or at home (207) 282-5594 over the weekend.

Please sign up for legislative updates at www.mainesenate.org to stay informed as the Maine Legislature does its work.

I am forever grateful for the support and opportunity to serve as your State Senator.

Sincerely,

Nancy Sullivan
State Senator

REPORT TO THE CITIZENS OF KENNEBUNKPORT

Dear Friends and Neighbors:

Another year has passed, and, as I write this letter, snow is swirling outside of my window. It has certainly been a blustery winter thus far (and not from the politicians!). On the one hand, while I dread the associated shoveling and snow blowing that corresponds to each storm, the cold and the whiteness remind me of the frozen winter tundra of my youth: days that I passionately loved and captured with each frosty breath. The memories of living in Maine with those towering snow banks and huge drifts are forever with me, as are, for many of you, the memories of your experiences with Maine's weather and landscape.

Living in Kennebunkport remains special and unique, and I believe that I am incredibly lucky to be part of this community. While time has altered the places and things from my past, our town is still vibrant, friendly, and culturally creative. Still, we do face many challenges, and I sincerely believe that it is our duty to ensure that the quality of life that we cherish today will be inherited by our children. Our beaches, our river, our ocean, our shops, and the people, who are part of the fabric of Kennebunkport, are part of an environmental quilt that is unlike any other place in Maine. Jewels within our town, such as the acres of land being preserved by the Kennebunkport Land Trust, or our historical story being preserved so elegantly by our Historical Society, are wonderful examples of giving, volunteerism, and passion. While time will instill changes on our way of life, the special qualities and places that we hold dear deserve our watch and protection.

As your representative in the Maine Legislature, such environmental, historical and cultural oversight is my duty, but it is also the responsibility of our collective community. We all play a part in our day to day living in Kennebunkport. Whether it is the simple task of requesting legislation, participating in a town meeting, or helping a neighbor shovel his or her yard, it is all a part of our obligation to ensure a better town. Such core values appear in our small businesses, our schools, our shops, our fisheries, and our homes. We all must be informed citizens who not only vigilantly seek understanding about policies and change, but who also must possess the will to energetically challenge or support the many opportunities, obstacles, or situations that Kennebunkport, and the state of Maine, will inevitably face.

In Augusta, there will be controversies and discussions about the environment, business climate, and the health of our people. Sometimes we will agree on the issues, and sometimes we will disagree. That is the nature of the political world, but while we may have a difference of opinion, I believe that all of us hope for a better tomorrow. Through hard work, community spirit, and the giving of our ourselves to the greater good, we can improve the quality of our lives and the quality of our landscape.

Thank you so much for your continued faith and confidence in me. As always, I urge you to contact me with your thoughts and ideas. I also want to thank the wonderful staff and elected officials who serve our town, as well as the many volunteers who participate in our groups, clubs, societies, and trusts. It is they who lend the stitches to the patches of the colorful quilt that we call Kennebunkport.

Sincerely,

A handwritten signature in black ink that reads "Alan Casavant".

January 14, 2011

Town of Kennebunkport
PO Box 566
Kennebunkport, ME 04046

Dear Town of Kennebunkport:

As the new session of Congress began, I was honored to become the longest, currently serving member of the U.S. Senate to have never missed a roll call vote. As the 111th Congress ended, I cast my 4,563rd consecutive vote. It is a privilege to represent you in Washington, D.C. and I appreciate this opportunity to share some of my recent work as we look forward to the opportunities and challenges that lie ahead in the 112th Congress.

Creating jobs and strengthening our economy remain our nation's most pressing challenges. Far too many families and individuals throughout Maine and our nation are still suffering from a sluggish economy and high unemployment. That is why it was so vital for Congress to extend the 2001 and 2003 tax relief laws. I strongly supported a two-year extension because allowing these laws to expire would have resulted in one of the largest tax increases in our nation's history, and job killing tax hikes could well have plunged our economy deeper into recession.

Last year, I spoke to small business owners throughout Maine who told me that a tax increase could result in a loss of jobs and threaten the viability of their businesses. It is good news that Congress passed the two-year extension of these tax relief laws before 2010 came to a close, providing more certainty to businesses and relief for all taxpayers.

After years of repeated but unsuccessful attempts by the Maine delegation to address the federal truck weights law, I authored a successful truck weights pilot program in 2009 that was in effect for one year. The pilot program permitted trucks weighing up to 100,000 pounds to travel on Maine's federal interstates, where these trucks belong, rather than being diverted to secondary roads, through small communities, downtown areas, and school zones. The benefits have been evident: improved safety, lower costs, reduced energy use, and reduced emissions. I was disappointed that the U.S. House of Representatives failed to take action either to extend the pilot program or to make it permanent. Making the truck weights program permanent will be one of my top priorities this year and will be the first bill I introduce in the new Congress.

The President signed into law a number of bills that I authored or coauthored. I was proud to join Senator Joe Lieberman in leading the effort to repeal the so-called "Don't Ask, Don't Tell" law that applied to our armed forces. This long-overdue repeal enables the U.S. to join 35 of our closest allies in welcoming the military service of any qualified individual who is willing and capable of serving our country.

My efforts to counter the smuggling of illegal drugs across the Canadian border into Maine, and vice versa, were advanced when the President signed the "Northern Border Counternarcotics Strategy Act." I was the lead Republican sponsor of this law, which requires the Office of National Drug Control Policy to develop a counternarcotics strategy similar to that of the Southwestern border in collaboration with our Canadian partners. The Senate Homeland Security Committee also conducted an extensive investigation into the Fort Hood terrorist attack. We will soon release a report with recommendations on how to reduce the possibility of such an attack in the future.

Former Senator Evan Bayh and I authored a new law that establishes a new Advisory Council to develop a national plan for combating Alzheimer's disease. For the first time, this law charges federal agencies to develop a strategy to advance efforts to fight this devastating disease, at no additional cost to taxpayers. As far too many people know, Alzheimer's disease inflicts pain and hardship on families, and costs Medicare and Medicaid billions, yet our nation has been lacking a national strategy to focus on this disease.

Maine's natural resource industries are essential to our prosperity. Last October, along with other Delegation members, I testified at an International Trade Commission hearing that resulted in a ruling that Chinese and Indonesian paper companies had been engaging in illegal trade that is unfair to our domestic industry. During the debate on the Food Safety Modernization Act, I successfully advocated for an amendment, backed by Maine's small and organic farmers, to protect our small farms from excessive regulation.

In my ongoing efforts to save jobs in Maine, I succeeded in convincing the EPA to rework regulations known as "boiler MACT" in a manner that protects the environment and public health without jeopardizing jobs in the forest products industry. I also authored successful legislation to provide small contractors more time to comply with EPA lead-based paint regulations. The high fines for non-compliance would have put many small contractors in Maine out of business.

Working with the University of Maine, I helped advance the development of deep water, off-shore wind energy. Last summer, Energy Secretary Steven Chu visited UMaine at my request, which resulted in an announcement that the Department would dedicate \$20 million to develop and test deepwater offshore wind technologies. UMaine remains on the cutting edge of this work, which has the potential to create 15,000 jobs.

I secured funding for a number of important transportation projects in 2010. For example, following my request, U.S. Transportation Secretary Ray LaHood announced that the Department would award \$10.5 million for Maine's effort to save freight railroad service in Northern Maine, and \$20 million for the rehabilitation of the Memorial Bridge between Kittery and Portsmouth.

As a member of the Senate Armed Services Committee, I worked to ensure that our men and women in uniform have the resources and support they need to protect our freedom. In 2010, I supported efforts to improve health care and other services for our military personnel and veterans, and authored key provisions to strengthen our national defense by supporting the vital work at Bath Iron Works, the Portsmouth Naval Shipyard, Pratt & Whitney, the Maine Military Authority, and other Maine industries. Following my letter last year to the President's top budget official urging him to include increased funding for the DDG-51 program in next year's budget, Defense Secretary Gates recently announced that the Pentagon would seek an additional DDG-51 in its five-year budget.

The 112th Congress will bring extraordinary challenges as we work to improve the economy, lower the unemployment rate, seek ways to reduce federal spending to bring the federal debt under control, and debate a host of other important issues. I am grateful for the opportunity to serve Kennebunkport and Maine in the United States Senate. If ever I can be of assistance to you, please contact my Biddeford Office at (207) 283-1101, or visit my website at <http://collins.senate.gov>. May 2011 be a good year for your family, your community, our state and our nation.

Sincerely,

A handwritten signature in black ink that reads "Susan Collins". The signature is fluid and cursive, with the first name "Susan" and last name "Collins" clearly legible.

RANKING MEMBER, SMALL BUSINESS

Dear Friends:

Thank you for the opportunity to offer my best wishes and warmest greetings to the people of the Town of Kennebunkport. With the New Year upon us, many of us have no doubt made resolutions that we will be striving to keep. For my part, I have renewed my pledge to tirelessly serve you as your Senior Senator in the United States Senate and to do so always with our great state of Maine at the forefront of every issue I consider and decision I make.

Undeniably, our economy remains the foremost challenge facing us today. We are confronted by an economic crisis that has already lasted for more than three years. There is still much to be done, with some Maine counties still experiencing an unemployment rate over 9 percent. The climate of economic uncertainty created by myriad new federal health care mandates and tax increases has created additional obstacles for our nation's small businesses and resulted in a consistently high unemployment rate. As Ranking Member of the Senate's Small Business Committee, it is unfortunate that several actions for which I have advocated that could have immediate and measurable effects on job creation nationwide have not been put into action.

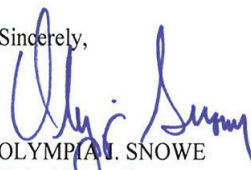

At this very moment our nation's primary job creators – small businesses – are wrestling with the onerous reporting requirements that will force employers to file '1099' statements on all transactions over \$600. I will continue to fight alongside my colleagues from both sides of the aisle for decisive policies that simultaneously thwart tax increases and repeal the policies that devastate potential for job growth in the economy so that our nation's small businesses have an opportunity to expand, thrive, and put Mainers and all Americans back to work.

The world is moving ahead with action on innovative technologies and it is past time that we set a new course for how we think about energy. Energy efficiency has emerged as one of the most effective and expeditious initiatives that can be taken to preserve valuable resources for producers and consumers. I believe we can build upon the success of past tax credits with critical energy efficiency tax incentives, which will spark innovation in our building and industrial sector and afford our constituents and businesses financial incentives to simultaneously reduce energy bills and invest in our economy. This is why I introduced and will work to pass a comprehensive package of advanced energy tax incentives that will create thousands of clean-energy and manufacturing jobs and increase U.S. energy security. And, of course, we remember today – and every day – the extraordinary contributions and courage of our brave men and women in uniform in Iraq, Afghanistan, and around the world who are the faces of the world's finest defense force.

Again, you may be assured I will continue to work tirelessly on behalf of the people of Maine and America and – in so doing – I deeply appreciate the input of all those who share with me their insights, concerns, and opinions. I encourage you to visit my Senate website www.snowe.senate.gov for additional details on my efforts, to obtain helpful government information, and to share any concerns or legislative input you may have. You can also find links there to follow me on Twitter and Facebook, as well as signing up for my email newsletter and checking out videos on my YouTube page.

You may also visit with members of my staff at my Regional Office located at 227 Main Street, Biddeford or by calling 282-4144 or toll-free in Maine at 1-800-432-1599.

MAINE

Dear friends,

I'm proud to live in a state where individuals work so hard to sustain their communities.

We hold town meetings where neighbors can find compromise amid their disagreements, while still being able to say hello the next morning at the corner store. We help our neighbors through tough times by sending care packages to overseas troops, donating to local food pantries, and raising money for sick members of the community. And we work with each other to make the most out of bad situations.

There's no doubt that times are still hard for Maine's working families, but I'm optimistic about the future because all this hard work is starting to pay off. This year, Mainers have been able to turn bad news into good for Maine's economy. In Brunswick, Kestrel Aviation announced that it would start making airplanes with composite materials on the site of the closing naval base. In Biddeford, small businesses are thriving in the space once occupied by the now closed North Dam Mill. In Port Clyde, fishermen are starting to create jobs after forming a co-op in the wake of declining prices.

What's more, Maine communities are doing what's needed to take full advantage of these and other opportunities.

We're strengthening the infrastructure on which we do business by protecting Memorial Bridge in Kittery, bringing the Downeaster to the Midcoast, and expanding broadband Internet.

Local groups and businesses are working with me to fight for regulations that recognize the successful conservation efforts of our fishermen, don't overburden our small family farms, and protect our paper companies from Chinese trade practices meant to undercut them.

We're educating workers for new jobs, like in Kennebec Valley to train solar technicians, at SMCC for composite materials, and the University of Maine for other green jobs.

And we're taking care of our people by making sure veterans get the benefits they've earned, families aren't bankrupted by illness, and seniors don't lose their hard-earned savings to the excesses of Wall Street.

It's an honor working with your communities to move Maine forward and to represent your families in Washington. If you have comments, or need help with any federal issue, please contact me at (207) 774-5019 or www.pingree.house.gov/contact.

Hope to see you in Maine soon,

Chellie Pingree
Member of Congress

TOWN MANAGER REPORT

Town Manager Larry Mead

In Maine, we all treasure the too short weeks of sunshine and warmth. Two thousand ten was memorable for the fabulous stretch of warm, sunny days that began in April and continued right through Columbus Day. Here in Kennebunkport, residents and visitors alike made the best advantage of a standout season. The beaches, restaurants, shops and hotels were extremely busy, and people everywhere seemed to make the decision to enjoy our beautiful town to its fullest.

It was a productive year in Town government as well. Staff continued to work on the proposed floodplain changes that FEMA plans to implement, with far-reaching consequences in Kennebunkport. With the support and good work of our Senators and Congresswoman, and the cooperative efforts of other Southern Maine towns, we were successful in convincing FEMA to withdraw the draft floodplain maps. Alternatively, the Town will work to persuade FEMA to do more detailed analysis of our coastline and historical weather and storm activity in the hopes of obtaining a more accurate and fair floodplain designation. This work will continue throughout 2011. One of the side effects of FEMA's planned changes to floodplain designations has been a small building boom in parts of town, particularly in Goose Rocks. Property owners have been making major changes to homes in an effort to complete work before any potential new restrictions are implemented.

The Board of Assessment Review had an extremely busy year in hearing appeals by property owners of assessed values resulting from the 2009 revaluation. The Board members put in long hours to review lots of information from appellants and from the Assessor in order to arrive at a fair decision for each property owner. It was a learning process for all involved. Many thanks to the Board members and to the Town's staff, Werner Gilliam and Assessor's Agent Donna Hays.

Progress was made this past year in improving pedestrian safety on some of our busy roads. The Town is seeking to improve pedestrian and bicycle linkages between neighborhoods. We have older, narrow roads that make it uncomfortable and difficult to walk

or ride. This past year, work was completed on Rt. 9 to extend the paved shoulder on one side of the road. As a result, there is now a much safer opportunity for residents to walk, jog or ride along Rt. 9 between the village center and Cape Porpoise. Many people are taking good advantage. In addition, work was completed on a similar project on Dyke Road at Goose Rocks Beach. This stretch was extremely well used this past summer. The Town will continue to make improvements incrementally, within available funding, on other Town roads including North Street and Ocean Avenue.

The Town was busy this past year in responding to the lawsuit filed by 25 Goose Rocks waterfront owners seeking to control and restrict the public's right to use Goose Rocks Beach for recreational activities. This is complex litigation that has been slowly moving through the court process. Most of the activity in 2010 was behind the scene, involving legal research and documentation. I appreciate the patience and support of Town residents in the effort to keep the beach open and available for all of us to use. It is likely that the matter will come to trial within the next year.

There were organizational changes within the Fire Department and at Town Hall in 2010. Allan Moir took charge as Fire Chief in May. He is well known to Town residents as our long-time Superintendent of the Sewer Department. In addition he has served over the years in many capacities within the Fire Department, serving most recently as District Chief. Because he will also continue to oversee wastewater operations, Dick Stedman was appointed to the position of Fire Administrator and will provide the day-to-day administrative support to the Department.

We welcomed back to Town Hall Audrey Williamson, who formerly worked in the Code Enforcement office. She, along with Rose Wills, will work at the front counter and handle customer transactions for both town clerk and tax collection and payments under the supervision of April Dufoe, who has taken on the management of these newly combined functions.

All of us at Town Hall were deeply saddened in July by the death from cancer of Anita Troegner. She served as Tax Collector and was a friendly, caring person who always had a good word and a smile to all who came into Town Hall. She was a good friend and a wonderful employee. She is greatly missed.

My thanks go out to the Town's staff for their continuing good work and dedication, and to my department heads, who help to keep me straight and sane. Thank you to the many volunteers on boards and committees for your selfless commitment and love of Kennebunkport, and to each of the Selectmen. Public service is not for the faint of heart in this day and age. I hope you know how very much I appreciate your willingness to serve and to make sometimes difficult decisions.

Larry Mead, Town Manager

ASSESSING DEPARTMENT REPORT

The 2011 mill rate remained at \$6.34 per thousand. The taxes were committed to the Tax Collector on July 22, 2010, with due dates of October 11, 2010, for the first half and March 10, 2011, for the second half.

The 2010 assessed valuation of the Town was \$1,816,952,830. Based on the \$6.34 mill rate, the sum of \$11,519,480.94 was committed to the Tax Collector. The 2011 assessment ratio is 100 percent of market value based on the sales that took place prior to April 1, 2010. All records in the Assessors Office are open to the public and available for review from 8:00 a.m. to 4:30 p.m., Monday through Friday. Assessing data is also available on-line by visiting the Town's website www.kennebunkportme.gov and following the Assessors Database link to the Vision Appraisal website. If you have any questions regarding assessed values, please call (207) 967-4243 extension 102.

After 33 years of service, Lorraine Brooks, the assessors assistant, retired. Her wit and knowledge are truly missed. Werner Gilliam assumed her duties while relinquishing his code enforcement responsibilities. Donna Moore Hays, a Certified Maine Assessor, continues to serve the Town as a professional consultant.

This past year, the Town has transitioned to maintaining its tax maps in a digital format. While paper maps are still available for display and use, we are now able to view properties using the Town's GIS (Geographic Information System).

We would like to also mention that veterans of wartime service and un-remarried widows of veterans are eligible for a partial tax exemption if certain criteria are met. There is also a Homestead Exemption for residents who meet certain residency requirements. Please call or stop by the town office where these forms and applications are available. Both have to be filed on or before April 1 of the year in which they are to take effect.

In closing, we would like to thank the Town Manager, the office staff, the residents of the Town, and the Board of Assessors/Selectmen for their cooperation and support during the past year.

Donna Moore Hays, CMA
Assessors' Agent

Werner Gilliam
Assessor's Assistant/Town Planner

CODE ENFORCEMENT REPORT

Commercial construction picked up a bit this year as reflected in project costs and permit income, both of which increased from last year. We also issued 1 subdivision and 10 non-subdivision growth permits for new residential dwelling units. The zone with the greatest number of new dwelling units built was Goose Rocks with 4, followed by Free Enterprise and Farm & Forest with 2 each, and Cape Porpoise East, Cape Porpoise West and Cape Arundel with 1 each. The total number of permits issued for the year was 331.

Daily code enforcement office (CEO) operations include examining building plans; issuing growth, building and plumbing permits; and performing job site inspections, as well as victualer inspections at 61 B&Bs, inns, hotels, restaurants and shops in town. Our office also worked with other town departments on special projects such as the Government Wharf project and the Wind Turbine project, from assisting with filing documents to assistance through the Planning Board process and later, the permit process. The code enforcement secretary continued to assist with the abatement process that came from the revaluation that was done, working directly with the Board of Assessment Review, the assessing department, and the residents going through the process. The CEO staff also continues to assist the Planning Board and Zoning Board of Appeals members as well as their applicants.

Residents continued to come in to the office to view their properties in relation to the proposed FEMA floodplain maps. After many meetings with various Southern Maine towns, FEMA ultimately withdrew the proposed maps, and as of the end of 2010, no new maps have been presented.

One of the biggest changes in our office in 2010 came with the retirement of Lorraine Brooks in the assessing department. Prior to her departure, she began training Werner Gilliam, our assistant code enforcement officer, who ultimately took over Lorraine's position upon her departure. We will miss him in code enforcement, but wish him the best of luck in his new position.

PROJECT COSTS/VALUE ANALYSIS FOR PREVIOUS YEARS

 Lisa Harmon, Code Enforcement Office Administration

KENNEBUNKPORT EMERGENCY MANAGEMENT AGENCY REPORT

The Dock Square parking lot is flooded during a severe winter storm on March 1, 2010.

The Kennebunkport Emergency Management Agency (EMA) maintains the Town's Comprehensive Emergency Plan and works with local, county, state, and federal officials to prepare for possible disaster situations. In an actual emergency, we will establish an Emergency Operations Center and coordinate our community's response to the situation.

Jim Burrows serves as Emergency Management Director, a volunteer position he has held since 1974. He is assisted by Dick Stedman, who has served as deputy director since 2003. Public Health Officer and Town Nurse Judy Barrett serves as the Town's shelter officer.

There were two federal disaster declarations involving York County in 2010. Both were for severe winter storms and flooding that occurred from February 23 to March 2, and again from March 12 to April 1. The Kennebunkport Emergency Management compiled local costs for response and clean up of these storms, met with FEMA officials and processed the Town's public assistance claims totaling \$44,487 for the two events. These storms resulted in numerous emergency calls for trees and wires down, a prolonged power outage, and significant flooding of streets and basements. In a federally declared disaster, the costs incurred by town agencies for response and clean up are usually eligible for reimbursement.

In any disaster situation, protecting the lives of our residents and visitors is always our highest priority. Of special concern are those residents who for health or other reasons may need help during a major emergency. In some situations, such as the 2008 ice storm, members of the Kennebunkport Police and Fire Departments and the Kennebunkport Emergency Medical Services (KEMS) may go door-to-door throughout the community doing well-being checks. If you need assistance, please do not wait for this to happen! You may call the Kennebunkport Communications Center at anytime

at **967-2454** or **967-2700** to advise us of your situation. As always, if you have an immediate emergency, please call 9-1-1 without delay.

As in prior years, we remind all property owners in Kennebunkport to be certain the street number for your property is displayed in a prominent location and clearly visible from the road so that Police, Fire, and KEMS personnel can find you without delay in an emergency. Your street number is becoming increasingly important in an era when many people no longer maintain a land-line telephone; and instead, rely on a cell phone for all communications. Calling 9-1-1 from a cell phone provides only a general location and not a specific, verified street address to our Communications Center. Emergency personnel will need to find you based on signage and your knowledge of your location. If you maintain rental property, numbers displayed on the house may be the only way your tenants will know their actual location.

Jim Burrows, EMA Director
Dick Stedman, Deputy EMA Director

KENNEBUNKPORT FIRE DEPARTMENT REPORT

In July, 2010, Kennebunkport firefighters were joined by several Arundel members for a training exercise in handling propane fires.

The Kennebunkport Fire Department consists of over 80 volunteer members responding from the Town's four stations: Cape Porpoise, Goose Rocks Beach, Port Village, and Wildes District. We presently operate 12 pieces of fire apparatus, plus 2 small boats and a jet-ski for water rescue.

Kennebunkport's firefighters are men and women of all walks of life who are committed to the safety of our town. We are a volunteer "call force" and are paid only for response to calls and some training time. We respond to fire calls, motor vehicle accidents, water rescue situations, hazardous materials incidents, missing person searches, and many

other types of emergencies. We routinely provide mutual aid to the fire departments of Arundel, Biddeford, Kennebunk, and Wells. We train regularly in many areas of our operations. Approximately 45 of us are trained at the Firefighter 1 or 2 level. Many of us have training in HAZMAT and Weapons of Mass Destruction Operations, automobile extrication, water rescue, technical rescue, and other specialized areas.

In May 2010, Allan Moir was appointed Fire Chief following the resignation of Chief Paul Moshimer. We would like to thank Paul for over 35 years of service to the Fire Department and the Town of Kennebunkport. We would also like to express our appreciation to Dave Chisholm for again serving as Acting Chief during this transition time. Also in May, Dick Stedman was appointed to serve as the Fire Administrator, a position he had previously filled on an interim basis on three separate occasions.

Chief Moir brings over 16 years experience with the department, with most of that time served as an officer, and most recently as District 2 Chief. Since his appointment, he has spent considerable time in filling open officer positions, securing training opportunities, updating policies and procedures, and maintaining the readiness of the department to respond to the Town's emergencies. Maintaining our volunteer force is a high priority and represents a considerable benefit to the Town.

In 2010 we responded to 156 emergency calls, including two extended periods of storm coverage during which multiple calls were handled for issues such as trees or electrical wires down and assisting residents with flooded cellars. We were fortunate not to experience many serious calls such as major structure fires or motor vehicle accidents with serious injury. However, in August, the Kennebunkport Fire Department assisted the US Coast Guard in a lengthy search and rescue case involving a small pleasure craft that went aground on Folly Island off of Cape Porpoise. The firefighters using the department's rescue boats were able to access the passengers on the vessel and bring four of them to safety. A Coast Guard helicopter airlifted two other persons suffering minor injuries. The nighttime operation took several hours to complete, and a Coast Guard press release acknowledged the high degree of coordination between our agencies that lead to the successful outcome.

Our most important asset continues to be our volunteer members. In 2010, we were fortunate to have three new members join our ranks! Firefighter Chris Welch successfully completed the York County Firefighter 1 & 2 Academy, and several other members are participating in our own in-town training programs. If you are interested in learning more about what we do and possibly becoming a member, please call the Fire Department business office at 967-2114 or ask any Kennebunkport Firefighter. Your inquiry may lead to the most rewarding thing you have ever done!

Dick Stedman, Fire Administrator

CAPE PORPOISE PIER HARBORMASTER REPORT

Cape Porpoise harbor

Another year has passed and Cape Porpoise Harbor remains an active and productive fishing harbor. Currently paying for pier use at this time are: 48 fishing boats 28 recreation, 4 lobster dealers and one water user.

Pier dues did increase for recreational use in 2010 to \$400.00. All others remained the same:

| | |
|----------------|----------|
| Dealers | \$715.00 |
| Lobster Boats | \$605.00 |
| Water Users | \$330.00 |
| Recreation | \$400.00 |
| Punt Fisherman | \$310.00 |

We continue to make progress on the Waterfront Ordinance and are getting very close to having a fair, working mooring plan for our waterfront. The ideas and support of everyone involved with this Ordinance has been greatly appreciated.

As predicted, a third ½ ton Lodestar chain hoist was purchased along with a new chain bucket and rain covers at a price of \$3,340.88. We will replace one remaining old hoist in the near future.

In 2010, the exterior of the Chowder House needed paint. We received bids for the paint job by several local painters and awarded the bid to Seaside Painting for the sum of \$3,684.00. Painting was completed in September.

Government Wharf needed new floats at their pier, so I dusted off my carpentry tools and built three badly needed floats for their facility. The highway department launched and secured the floats and removed the waste.

The loading and off loading of kayaks and personal watercraft is prohibited at the pier from May 15 to September 15. We are truly sorry for this inconvenience; but, due to increasing popularity of this sport, it has placed a heavy burden on the intended use of our parking lot.

I would like to remind everyone that the dumpster at the pier is for boat and pier trash only. Home trash is starting to get out of hand and is prohibited. The dumpster is monitored and violators will be reported.

I would also like to thank our parking lot attendants for an outstanding job organizing the parking situation at the pier again this year and hope to see them again this summer.

Lee F. McCurdy, Harbormaster

KENNEBUNK RIVER HARBORMASTER REPORT

Nearly 10 years have passed since I first came on board as harbormaster. Since that time, many changes have taken place, some positive and some negative. Through the years and the changes, I have diligently abided by the rules and regulations set forth in the Kennebunk River Harbor Ordinance (KRHO). On occasion, this has met with disagreement and other times with agreement to the positions I have taken in the performance of my duties. My decisions have always been in line with the provisions of the KRHO as I have understood them. The support I have received from the commercial fishing fleet, mooring holders, marinas, recreational boaters, and the administrative offices of both Kennebunk and Kennebunkport has enabled me to perform my duties to the best of my abilities.

As I review these past 10 years, I feel a strong sense of pride in what we have been able to accomplish. The number of moorings have increased. All moorings are now constructed by the requirements set forth by the harbormaster. Moorings are safety inspected biannually and all moorings are registered and charted. None of these conditions were in effect when I came onboard, but thanks to the help and cooperation of all boaters, we accomplished these tasks. We continue to be a popular harbor with a long list of applicants in line to be appointed a mooring location in the harbor. The waiting list is maintained in accurate fashion and each applicant is mailed a copy of this list on an annual basis so that they may be assured their position on the waiting list is accurately maintained.

These are just a few of the accomplishments I can proudly walk away from with a strong feeling that we have improved the conditions in the Kennebunk River Harbor. It is time for perhaps a new or different approach to maintain a safe and viable harbor. I have notified the Kennebunk River Committee that I will not seek reappointment to another term as harbormaster. I can leave the harbormaster position feeling confident that I have done my best to improve and maintain a safer, more organized harbor than when I came onboard.

In closing, I wish to thank all committee members, past and present, for your support and assistance. A special thanks goes to Bob Williamson who has generously volunteered more time and resources toward the performance of my duties than can ever be repaid. Thanks Bob.

James M. Nadeau, Harbormaster

HIGHWAY DEPARTMENT REPORT

The Highway Department was extremely busy with plowing and snow removal.

The Department crew continues to perform the work to extend pavement on roads that have a lot of pedestrian and cyclist activity. The shoulder work on Dyke Road between Rt. 9 and Kings Highway was completed in the spring and was very busy with walkers and bicycle traffic throughout the summer and fall. Along Rt. 9 the extension of paved shoulders was extended first to the Police Station and then beyond to Cape Square. As a result, Rt. 9 is now much safer for pedestrians and cyclists all the way from the village at Maine Street into Cape Porpoise. The crew also repaired a section of sidewalk on Mills Road near Cape Porpoise Square.

Maintenance to Arundel Road is now complete with the paving work that was done between North Street and the intersection of River Road.

A new sidewalk on Ocean Avenue from Chestnut Street to Greene Street will be completed in Spring 2011. A new section of sidewalk on the Pier Road from the Head of Cove back to the square will also be completed.

I would like to thank the Highway Department crew and the mechanic for the long hours and their great work they have done this year.

John Hirst, Highway Superintendent

TOWN MECHANIC REPORT

To follow up on last years' Town Report, I would like to relay this information to the townspeople:

The salt storage building staining was put out to bid, and the stain application was accomplished with outstanding results.

We plan to replace the fuel facility control system computer in the spring.

The inspection on the highway maintenance building by Woodard and Curran produced a two page report of concerns. Two items on the list have already been addressed: we replaced the rusty entrance door on the south side of the building, and also the old broken and corroded floor drains on both sides of the building. The Town Manager is applying for a grant to replace the lighting system and repair overhead doors, so nothing has been done as this is written. Some of the higher concern level items on the report are being researched for budget consideration.

As always, the Town's equipment is another year older, a little more rusty, and repair costs continue to rise. The fleet remains ready for the job asked of it, even though staying within the budget is becoming more of a challenge.

Russell Welch, Town Mechanic

PARKING LOT/DOCK SQUARE REPORT

2010 was another great year for the parking lot. We grossed \$312,230 in revenues. As usual, our staff, the police, and highway departments all contributed to a very successful summer.

Rusty (Anne) Zeddis, Parking Lot Manager

PARKS & RECREATION DEPARTMENT REPORT

The mission of the Parks & Recreation Department is to provide programs and facilities that enhance the quality of life for all of our citizens. My personal philosophy is that we maintain a small town department with a personal touch; that those involved in our programs know us and we know them.

I am very proud of the staff and the services we provide to our community. We love what we do! My biggest problem has been keeping three such dedicated individuals to a 40 hour week. The amount of revenue produced is directly proportional to the hard work we put in. We generate approximately 63% of our annual budget through program fees. Tax dollars only cover 82% of the salaries/wages of our three full-time staff. Employee benefits, program expenses, field and vehicle maintenance, utilities, and all other departmental expenses are paid through program fees. Unlike other departments, our services are used on a strictly voluntary basis, and people pay to participate out of choice, not by mandate.

Some highlights of 2010 follow. We average close to 100 children each day in our summer day camp, which is our largest piece of the budget puzzle, on both the revenue and expense sides. One parent whose son has gone from camper, to counselor in training, to part-time counselor wrote on our program evaluation:

I had to do this! Thank you for all you have done through the years. I still remember our first phone conversation, and look at him now! The best aspect of the program was growing up with the same, safe, intimate and cozy group of really nice kids and counselors. The summers spent at Kennebunkport Rec. prepared our son for a lifetime of excellent social skills and leadership.

Other parents called it affordable, active, flexible, convenient, close-knit, busy, and a ton of fun. Our Outdoor Adventure program raised \$1,300 for the York County Shelter and its Thanksgiving baskets. We had 28 sponsored soccer teams in our fall program; Paulin's Tire and Auto donated soccer balls to over 400 players. Fall baseball was added to our program line-up. Our Halloween Festival on Temple Street was very well received. Youth basketball had over 90 children in our introductory level program, an almost 300% increase in participation from 2009. Coach Dube, boys' varsity coach at KHS, ran basketball skills clinics for our 3-6 grade leagues. Our ice skating area at the Park at Crow Hill has been used more with each passing year. The Prelude Craft Fair was no longer shared with the KCPTA so all revenue came to the department. We contracted a coach bus to Boston for the Radio City Rockettes' Christmas show;

this first-ever venture left many participants wanting more such trips.

Nationally, “the impact of sedentary lifestyles is causing a health crisis of epidemic proportions resulting in nearly 365,000 deaths per year that are attributable to obesity. Over the last decade, obesity among adults has increased by 60% and children are increasingly overweight and at-risk for many adult-onset diseases such as diabetes and cardiovascular disease.” That very sobering statement should call all of us to action. The Parks & Recreation Department has a unique opportunity to foster livable communities and improve lifestyle behaviors that contribute to health. The access, affordability, and inclusive nature of our programs and facilities are critical to reversing the obesity trend by engaging the public in active recreational pursuits.

We solicited public input through a needs assessment on election day in November. Approximately 21% of those who voted that day took the time to complete our survey. The statistical data gathered will be used in grant applications for the number one expressed need of walking/bike trails, listed by over 70% of respondents. Cross country ski/sledding areas received the next highest number of votes which again directs us toward trails. The development of new walk/bike paths was also the need that respondents were most willing to fund through tax dollars, with the purchase of land to preserve open space as a close second. We also separated our surveys to be able to compare the needs/desires of our demographic groups.

Teamwork, collaboration, and flexibility are vital to our success. We work with the Highway Department, the Sewer Department, the Health Office, and the Police Department. Outside of Town departments, we share resources and programming with Consolidated School and the school district, the CSPTA, Kennebunk Hoops, Travel Soccer, Kennebunk Kennebunkport Little League, Youth Lacrosse, and Boy and Girl Scouts. We hope to strengthen our relationship with the Kennebunkport Conservation Trust in the development of trails and sharing of facilities.

Thank you for the opportunity to serve you for another year.

Carol G. Cook, Director of Parks & Recreation

PLANNING DEPARTMENT REPORT

While the economy may have slowed the number of construction projects, planning for the future continues. Work continues on the Comprehensive Plan with the Growth Planning Committee which has consisted of an approved portion of the Land Use and Transportation Chapter. The 2011 June warrant will include the Recreation and Cultural Resources Chapter. We continue to have a good working relationship with Spatial Alternatives who provides useful data that will help to guide future planning. Other significant planning projects include:

FEMA

Last year FEMA released their preliminary floodplain maps which indicated some drastic changes for most coastal properties. Kennebunkport and Kennebunk jointly

hired Robert Gerber of Sebago Technics to review FEMA's data to ensure that these maps were as accurate as possible. Numerous other communities did the same and the findings indicated that these maps were far from perfect. As a result of these imperfections, the preliminary maps were suspended and ultimately rescinded. Kennebunkport along with other communities is now in the process of working with FEMA to determine where additional study is needed. Thanks also to Senator Susan Collins' office for assisting with this process. We are confident that the revised maps will more accurately represent the coastal flooding hazards that are experienced here.

Map Digitization

The transition toward digital tax maps has assisted greatly in the development of other maps and analysis beneficial for the Town. As an example, many property owners were able to obtain copies of maps which showed the specific effects of FEMA's preliminary flood maps. We now have mapped water resources that will aid with the development of a highly accurate Shoreland Zoning Composite. With the assessing data linked to these maps, we are also able to assist other departments with their analysis and data display needs.

While building permit and site plan reviews have continued to be slow, many other tasks take place behind the scenes, such as continued work on developing the Town's digital database of maps and property information, inventorying our collection of property surveys, and responding to numerous questions and concerns dealing with subdivision and land use development.

Werner Gilliam, Planner/Assessor's Assistant

POLICE DEPARTMENT REPORT

*Steven Shisler, Chief Joseph Bruni, Jason Hafner, Nathan Jones
Kurt Moses, Christopher Simeoni, Mark Vaughan*

In 2010, The Kennebunkport Police Department received a grant from the federal

government for \$217,047.00 to place a full-time officer in the Kennebunk Middle School. Obtaining funding to cover this position has been eight years in the making, and we are extremely proud that we were one of six police departments in the State to receive the grant award. Officer Nathan Jones has been assigned to this much needed position and will work full-time during the school year at the Middle School, then return to patrol in Kennebunkport during the busy summer months.

Congratulations go out to Officer Shane “Tucker” Brooks who we hired full-time in December of 2010. He will replace Officer Jones in the patrol schedule. I also wanted to mention that his family has lived in Kennebunkport for generations. He is truly a “local.” He will be attending the Maine Criminal Justice Academy in August of 2011.

The Town of Kennebunkport is under an FCC mandate to convert our two- way radio operations to “narrowband” channel usage by January 1, 2013. This process involves relicensing, replacing or reprogramming all of our radios. As mentioned last year, it would be prudent for the Town to make the changes over the three fiscal budgets to minimize the monetary impact on a given fiscal year. Two years ago, the police department was awarded a federal grant that paid for all of the cruiser radios. This past year, we purchased portable radios for the police department and obtained our radio frequency licensing well in advance of the January 2013 deadline. For fiscal year 2012, we plan on replacing the base station radios, one of which has been in service since 1974.

From all of us here at the police and communications departments for the continued support and acknowledgements from you our citizens that we proudly serve and protect, we say THANK YOU!

Lastly, to the staff of officers and dispatchers, thank you for your dedication to the safety of our citizens and keeping up with the changes in laws and training to make you better at your jobs.

Kurt Moses, Interim Chief of Police

PUBLIC HEALTH AND NURSING SERVICE REPORT

The Kennebunkport Public Health Department is located at 101 Main Street, sharing the site with the Kennebunkport Police/Communications Departments. A nurse is in the office Monday–Friday, from 8:00–9:30 a.m. and from 1:00–2:00 p.m.

Messages may be left on the nurses' answering machine by calling 967-4401. The on-call nurse checks the machine for messages on weekends and holidays. Any messages left after 4:00 p.m. will be returned the following morning.

Residents are encouraged to visit the nurses during office hours for blood pressure readings, blood sugar evaluations, dressing changes, treatments and consultation. The office provides a variety of free resources and materials regarding disease prevention, health promotion/education, and community events.

The Public Health Department continues to actively promote programs that focus on improving the health and welfare of our community members. Our service provides skilled nursing care in residents' homes as well as at the Public Health Office. Interim Health Care assists our staff by providing Medicare covered services such as occupational therapy, physical therapy, speech therapy, home health aides and certified nursing assistants. The Public Health Department is Medicare B certified.

The nurses made 2,256 home nursing visits and 539 health supervisory home visits. Residents made 373 office visits for treatment and 274 for consultations. We would like to remind residents that the Public Health Department has a free durable medical equipment loan closet; this closet is funded by the Health Council. Articles include wheelchairs, walkers, commodes, toilet risers, crutches, and canes.

Five Medical Officer Complaints were filed and responded to by the Public Health Administrator. All Health Officers were to be certified by July 1, 2010. Since all Health Officer complaints are directed to and investigated by me as your Public Health Administrator, I have completed the State's requirements. Kennebunkport remains in compliance with this policy.

The Public Health Administrator administers the General Assistance Program, as well as the social service programs for Kennebunkport residents and guests. The status of this function can be found in the General Assistance report.

Our annual Flu and Pneumonia Clinic was held in October. We administered 330 doses of Flu vaccine and 20 doses of Pneumonia vaccine. The Public Health Department continues to be responsible for the Hepatitis B administration and TB testing programs for town employees, volunteer Fire and KEMS.

A free hearing clinic was conducted by Marti Andrews, M.A., C.C.C.A. February 5 was our kick off promotion for a stronger healthier Kennebunkport. Four hundred and fifty pamphlets focusing on Heart Disease—the number one cause of death for women—were distributed to Kennebunkport businesses and organizations. The Public

Health Office and KEMS earned the distinction of making Kennebunkport a Healthy Heart Community. We will continue to work together to help the residents and guests of Kennebunkport adopt healthier lifestyles. This years' Public Health programs varied from teaching the Brownie Scouts first aid, sponsoring physical activity events such as Be Well Kennebunks and Walk 100 Miles in 100 Days, Brown Tail Moth and Lyme disease prevention programs to FEMA Emergency Preparedness Informational kits.

The Shelter Alliance Program continues to be a very successful project. Funds from recycled phones are donated to Caring Unlimited, Sanford Maine. Please bring your used wireless phones to the Health Office.

Residents are reminded not to discard unused prescription and over-the-counter medications in your household trash or sewer/septic systems. Please bring them to the Public Health Department for proper disposal. Disposing medications in your septic or sewer system can adversely affect the systems efficiency as well as influence the status of our watersheds. Kennebunkport Public Health and Police Departments participated in the drug disposal project sponsored by the Maine Attorney General's Office. Those who are using sharps such as syringes to treat Diabetes, please bring them to our office for disposal in our Hazardous Wastes container to prevent accidental needle sticks by family members, trash handlers and pets.

We would like to thank the Atria staff and the Kennebunkport Health Council for providing the monthly senior brunch at Atria. We would also like to thank the Nonantum for providing our Senior Holiday lunch.

The Kennebunkport Public Health Department continues to manage the Healthy Maine Beach Program. We post, per EPA guidelines, an advisory when the enterococci level is over 104 colonies of bacteria. The summer of 2010 was for the most part hot and dry. An advisory was in place at Goose Rocks Beach for 16 days. The highest enterococci reading was 7,701 on July 14. This sample was taken at the mouth of the Batson Smith River. Colony Beach had an advisory in place for seven days. The highest reading was 187 on June 2. The summer of 2010 dedicated water sampling testing team consisted of Linda Hanna, Bob Osthues, Lee Mc Curdy and Judy Barrett.

The Portside Rotarians, local lobstermen, and volunteers from the Conservation Commission and Kennebunkport Trust conducted two huge beach/island clean-up days. Glenna Turner of Beach Grass, spearheaded a five day community celebration in observance of World Oceans Day. Several educational and fun activities were conducted at various businesses. A clean up of Colony Beach was part of these events. This past summer, the Public Health Department distributed over 200 *Healthy Maine Beach Swimming Guides* and 200 *Healthy Boating* pamphlets.

The Kennebunkport Health Council invites any resident of the Town who is interested in the health and social welfare of the community to join the volunteer board. Please contact the Public Health Department for meeting dates and times.

We wish to extend our appreciation to Dr. Willard Stitzell, D.O., the members of the

Kennebunkport Health Council, the Healthy Maine Beach volunteers, and to all who have assisted us in our efforts to maintain a healthy community. We also wish to thank all of our patients' families and friends who remembered our office with memorial donations.

Judith A. Barrett, R.N., B.S.
Susan Y. Jackson, R.N.

GENERAL ASSISTANCE REPORT

General Assistance Program

The General Assistance Program is mandated by the State of Maine legislature. All recipients are responsible for meeting their own basic needs by any means available before applying for General Assistance. All eligible recipients are required to perform workfare; a failure to do so or falsifying information on an application results in an automatic disqualification of benefits for 120 days in any state of Maine community. Kennebunkport's General Assistance Program passed the Department of Health and Human Services audit.

Eighteen General Assistance applications were filed during July 1, 2009, and June 30, 2010. The number of actual applications filed does not reflect the residents who requested an application and a meeting to discuss the process, but then decided not to apply for this program mostly due to the budget review and accountability process. As Kennebunkport's GA Administrator, the focus continues to be assisting residents with finding resources that meet the escalating rental, mortgage, food or heating costs. During the winter of 2009–2010, the Kennebunkport Emergency Fuel Program provided for 34 emergency fuel deliveries of 100 gallons. This program is funded by donations. Your generosity is assisting many families who would be struggling to keep warm. The Kennebunkport Emergency Fuel/Food Program has enabled me to dedicate all funds budgeted toward the State of Maine General Assistance Program to be used for housing assistance. Affordable housing and lack of medical coverage, especially for non-emergency care continue to be the major problems that are placing our families in crisis. In the past, completing an application and budget review before a GA Administrator could refer a resident to a social service program was not necessary. It is currently a requirement for the majority of social service programs. It takes time to assist residents or a relative who needs guidance as to where to start through the maze of options in both the private and governmental sectors.

York County is fortunate to have three medical/dental clinics to provide care for those without insurance. Note: In the State of Maine, a dental issue is one of the four top reasons for an emergency room visit. The lack of routine dental care is a major contributing factor to several chronic medical conditions.

The Biddeford Free Clinic
189 Alfred Street
Biddeford, Maine
Hours: 6:00 to 9:00 p.m. (Monday and Thursday)

York County Community Action Free Clinic

32 Patriots Lane

Sanford, Maine

Hours: 8:30 a.m. to 5:00 p.m. (Monday, Wednesday, Thursday, Friday)

Community Dental

Thacher Brook Business Park

Biddeford, Maine

Hours: 8:00 a.m. to 4:30 p.m. (Monday–Friday)

282-1305

Food Distribution

My major concern as your General Assistance Administrator is the number of families who are experiencing difficulty with providing meals for their household. Requests for access to the local food pantries, soup kitchens and the State of Maine Food Stamp Program are rising at an alarming rate.

The residents of Kennebunkport are extremely fortunate to have several resources to assist them. The Church Community Food Panty was utilized 139 times this past year by Kennebunkport families. To access this program, residents must contact the Public Health Department at 967-4401, Monday–Friday. The Church Community Outreach Service also offers a fresh produce/bakery goods distribution every Friday morning, 9:00 a.m., at Saint Martha’s Church, Route One, Kennebunk. Kennebunkport residents have also obtained groceries at the York County Shelter and area soup kitchens.

The monthly Surplus Food Distribution Program is held on the “teen” Tuesday of the month, from 12:30–1:30 p.m., at the Dorothy Stevens Community Center, Thompson Road, West Kennebunk. This distribution is sponsored by the General Assistance Departments’ of Arundel, Kennebunk and “the Port.” All food is obtained through the Food Rescue Program out of Jagers Mills, Sanford. At this time, I would like to extend a special thank you to all who donate nonperishable food at the various collection sites, and to those who pick up the goods at grocery stores and bakeries and deliver them to our county food pantries, soup kitchens, and shelters. Thank you the stockers of shelves, the packers of boxes, and the special needs shoppers. Thank you to the Plant-A-Row volunteers who are out in the fields gleaning fruits and vegetables and to the home gardeners and farmers who dedicate part of their harvest to feed our neighbors. Thank you to those who took time out of their busy holidays to shop, pack, and deliver holiday dinners. And, last but not least, the Kennebunkport Health Council and Portside Rotary for sponsoring Stuff the Bus on both Election Days. Kennebunkport residents filled the pantry shelves and corridors.

Secret Santa provided Christmas gifts for 17 Kennebunkport children. Forty-four holiday dinners were delivered. There was no Salvation Army activity this past year.

Used cell phones are collected for Shelter Alliance to assist Caring Unlimited. Please leave them at our door, and we will be sure to pass them along to the appropriate agency.

General Assistance Administrators

York County General Assistance Administrators continue to meet with various federal, state and private sector representatives to review methods of funding and alternative resources to meet community residents' basic needs. GA Administrators are also required to attend Department of Human Service classes to keep current with new legislation. As Kennebunkport's GA Administrator, I represent Kennebunkport on the York County Winter Emergency Task Force. Due to time restraints, I have had to step down from a number of committees this past year.

Thank Yous

A special note of thanks is extended to the Wildwood Fire Company's Ladies Auxiliary, Church on the Cape, Village Baptist Church, Secret Santa, Senior Elves, the Church Community Food Pantry, Seacoast Garden Club, American Legion Auxiliary, Eastern Star, Portside Rotary and the Kennebunkport Health Council. I would also like to thank those in our community who donate their time and resources to help the less fortunate in our community.

Any resident of Kennebunkport who is in need of assistance to meet a basic need, or who has any questions concerning federal, state, or county programs is encouraged to call the Health Office at 967-4401.

Judith A. Barrett, R.N., B.S.

REGISTRAR OF VOTERS

People often ask me how many registered voters we have in Kennebunkport. This is a difficult question to answer because the number changes daily. Every day people move into town, move out of town, pass away or reach their 18th birthday. All of these events cause the numbers to change. So, I will answer the question as of the day I wrote this report. There are 2,626 registered voters. Of those that are registered, there are: 742 Democrats, 977 Republicans, 70 Greens, and 837 Unenrolled Voters.

As usual, I must thank Barbara Barwise, my Deputy Registrar of Voters. If you registered to vote, changed your address or changed your party enrollment at the polls, or if you came into Town Hall and I wasn't there, she was the one who probably helped you. She is always there when I need her, and she puts in long hours at the polls. I couldn't do it without her.

If you have any questions about the election process, voting, or registering to vote, please call me at 967-4243 ext. 110. Otherwise, please don't forget to exercise your right to vote!

April Dufoe, Registrar of Voters

SEWER DEPARTMENT REPORT

In 2010, the Wastewater Treatment Plant processed a total of 124,206,000 gallons of wastewater and no septic waste. The wastewater treatment process generated a total of 1,362,395 gallons of biosolids that was composted into 1,833 yards of compost. Just for comparison, here are the numbers for the last four years:

| Year | Gallons Treated | Gallons of Biosolids Produced | Yards of Compost Produced |
|------|-----------------|-------------------------------|---------------------------|
| 2010 | 124,206,000 | 1,362,395 | 1,833 |
| 2009 | 146,939,000 | 1,247,550 | 1,200 |
| 2008 | 140,869,000 | 1,529,747 | 1,200 |
| 2007 | 119,540,000 | 1,293,945 | 1,423 |

The treatment plant has maintained a ninety five (95%) percent removal rate.

Two thousand ten was another busy year for the department at the treatment plant and the collection system. We are still inspecting and working with the restaurants to bring them into compliance with the Sewer Use Ordinance in regards to having grease traps. We will be back out there in the spring doing more inspections.

We have also been doing the maintenance on the collection system such as cleaning sewer lines, manholes, and pump stations. We also had a number of manhole covers to raise because the highway department overlaid the road with asphalt.

The water district has installed a new water main on Kings Highway at Goose Rock Beach and Turbats Creek Road, which meant more work for us. Before they could dig up the roads, we had to layout all of the sewer mains and all of the house services on those roads. We did not want them hitting any of our sewer lines. While they were installing the water mains, we were down there constantly checking on their progress and confirming the location of our sewer lines.

We signed a contract with Weston & Sampson from Peabody, Massachusetts to do an upgrade to the treatment plant. They started work at the plant in October and will be at it until April 2011. While they are doing the upgrade, we still need to operate the plant and meet all of our discharge requirements. This upgrade presents a challenge to both them and us. We have to keep all of the plant operating and still be able to shut down and bypass equipment that is going to be replaced.

Allan K. Moir, Sewer Superintendent

TOWN CLERK REPORT

This year has been full of changes for the Town Clerk's department. With the passing of our dear friend and colleague Anita Troegner in July of 2010, the Town Manager made the decision to merge the Town Clerk and the Tax departments, with me as the Department Head for both departments. In time, once all training is complete, all of us "out front" will be able to assist you with all Town Clerk, tax and registration functions. The Town Clerk and Assistant Clerks will be able to license your dog, issue your hunting or fishing license, sell beach stickers, and register your vehicles. We believe this will be more efficient and more convenient for everyone. Our goal is to carry on Anita's tradition of excellent customer service while still upholding the laws we have taken an oath to obey.

When you come into Town Hall, you will see a new face out front. Audrey Williamson began working as an Assistant Clerk and Assistant Tax Collector in September of 2010. Some of you will recognize her from the Code Enforcement Department where she worked from 2003–2008. In 2008, she and her family moved to the Netherlands for two years. I feel very lucky to have her since she is a quick learner and has wonderful customer service skills.

The following is a brief summary of 2010 town meetings/elections.

May 4, 2010 – R.S.U. #21 District Budget Meeting

May 18, 2010 – R.S.U. #21 Budget Validation Referendum Election

We voted on the school budget in a two-step process as required by the school consolidation law. The first step was to vote on the various segments of the budget at a district-wide meeting of Kennebunk, Kennebunkport and Arundel voters. It was held at Kennebunk High School at 7:00 PM for the purpose of approving the 2010/2011 school budget; the total budget proposed was \$35,077,000. All of the articles were approved as written in the warrant.

The second part of the school budget process was the Budget Validation election held 14 days later. Kennebunkport, Kennebunk and Arundel each held elections at our own town polling places to approve the budget that was adopted at the above district budget meeting. In Kennebunkport, there were 394 ballots cast either in person or by absentee ballot, and when combined with the vote totals from the other two towns, the budget passed. The voters also voted to continue the budget validation referendum process for an additional three years.

June 8, 2010 – State Primary Election

On this day, those enrolled in a political party had their chance to vote for their candidates to go on the November ballot. The offices to be filled this year were: Governor; Representative to Congress-District 1; State Senator-District 4; Representative to the State Legislature-District 137; York County Treasurer; York County Register of Deeds; York County Sheriff; York County District Attorney–District 1; and, York County Commissioner–District 2. There were 479 Democrat, 618 Republican, and 20 Green ballots cast.

June 8, 2010 – State Special Referendum Election

The State had four bond questions and one citizen's-initiated People's Veto to repeal the tax law changes that were passed by the legislature in the previous session. There were 1,339 ballots cast either in person or by absentee ballot, and all questions were passed in Kennebunkport.

June 8, 2010 – Annual Town Meeting

The first half of our Annual Town Meeting is a secret ballot vote to elect our Town officials and to vote on any referendum questions that the Selectmen might propose. This year, there were two Selectman seats and one R.S.U. #21 Director seat open. Sheila Matthews-Bull and D. Michael Weston each ran unopposed for the three-year terms to the Board of Selectmen. Norman Archer ran unopposed for the R.S.U. #21 Director's seat and was elected to a three-year term. There were also seven referendum ballot questions: five regarding amendments to the Property Tax Assistance Ordinance, the Comprehensive Plan and the Land Use Ordinance concerning Mobile Home Parks, the definition of Accessory Apartments and the expansion of non-conforming buildings passed easily. The last two questions asked voters to release two sewer easements, which they did. This day saw 1,337 people voting either in person or by absentee ballot.

June 13, 2010 – Continuation of Annual Town Meeting

On Saturday morning at 9:00 a.m. at Consolidated School, voters reconvened to vote on the 2010-2011 Town budget. Anyone who was there will tell you that Town Meeting is definitely alive and well in Kennebunkport! It was standing room only for the 500-plus concerned citizens that were present. The article that drew the most interest was the one to raise and appropriate money for the legal budget to fund the Town's defense of the Goose Rocks Beach lawsuit. The vote was overwhelmingly in favor of the Town's position to defend the public's right to use the beach. It was a wonderful thing to see local democracy in its purest form. All other articles were approved as written in the Warrant.

November 2, 2010 – Special Town Meeting

At this election, the Town ballot had four questions. The voters easily passed amendments to the Comprehensive Plan, the Kennebunk River Ordinance, the Administrative Code and the Land Use Ordinance regarding Mobile Homes and Subdivision Reviews. There were 2,045 people who voted either in person or by absentee ballot.

November 2, 2010 – State General Election

The State had two ballots on this day. Statewide, voters elected Paul LePage for Governor; Chellie Pingree as Representative to Congress; Nancy Sullivan as State Senator for District #4; Alan Casavant for Representative to the State Legislature in District #137; Debra Anderson as York County Register of Deeds; Maurice Ouellette as York County Sheriff; Kathryn Slattery as York County District Attorney; and Richard Duttremble as York County Commissioner for District #2. There were 2,047 ballots cast either in person or by absentee ballot.

November 2, 2010 – State Referendum Election

The second part of the state ballot had three referendum questions on it. The first question was a Citizen's Petition to allow a casino to be built in Oxford County. The question failed in Kennebunkport but passed statewide by a small margin. Questions 2 and 3 were bond questions, both of which were approved by local voters.

I want to thank Rose Wills for stepping up and helping while Anita was sick and also for being patient with me during the transition of the two departments into one. It has been a lot of work, and we never could have done it without her.

I also want to thank Sally McKay who came out of retirement to help us when we were short-handed this year. Every time we needed her help, she was always right there, and her wonderful sense of humor brought smiles to our faces and brightened our day.

I want to thank Barbara Barwise. Words cannot express how helpful and supportive she is to me. She is a wealth of knowledge, especially about the history of Kennebunkport. At this point, we have worked together for so long now that Barbara knows what I want and how to do it sometimes even before I ask. I am beyond grateful.

I also want to thank Christian Barner, our Moderator; Wayne Adams who stepped in as Deputy Moderator for several articles at Annual Town Meeting this year; and Barbara Rencurrel and Claire Julian who serve as wardens for our elections. They are required to put in very long hours on election days and keep the polling place compliant with all the election laws. I thank all my ballot clerks as well. This year Lillian Bartlett, Joan Sutter, Raven Dufoe, Mark Dufoe, Chris Perry, Pierre Boulanger, Ki Leffler, Lisanne James, Joan Dawson, Sally McKay, Ellen Doubleday, Dave Doubleday, Lynda Parrott, Ann Marie Perry, Mary McLaughlin, Kathy Jones and Mette Eglinton all gave up their time to work at the polls to make it possible for all of us to express our opinions and vote. Most have been with me for quite a while and are an invaluable resource to our town.

And now the statistics for 2010. I issued 84 marriage licenses, many hunting and fishing licenses and certified copies of vital records, 730 dog licenses, one kennel license, 28 liquor licenses, 14 special amusement permits, 58 victualers licenses, 20 non-resident recreational clam licenses, 100 resident recreational clam licenses, two non-resident commercial clam licenses, 10 resident commercial clam licenses, 71 daily clam licenses, two trolley permits, two horse-drawn carriage permits and three pedicab permits. I also processed 90 passport applications, five new business licenses and 12 burial permits. There were 33 recorded deaths and 15 recorded births, of which eight were girls and seven were boys.

Please feel free to call me Monday–Friday, 8 AM to 4:30 PM with your questions or concerns at 967-4243 ext. 110.

April Dufoe, Town Clerk

RECORDED DEATHS – 2010

| DATE | | DECEASED | AGE |
|-----------|----|--------------------------------|-----|
| January | 23 | Mary Shea Trant | 94 |
| February | 1 | Robert J. Shuris | 81 |

| | 21 | Cynthia R. Bailey | 25 |

BUDGET BOARD REPORT

The Budget Board is again pleased to submit its report to the citizens of Kennebunkport. As in previous years, we continue to have an excellent rapport with the Board of Selectmen and excellent communication. Again this year, we will meet with them in joint session as the budget is presented by the Town Manager and department heads. We will listen carefully to the dialogue and reasoning, ask questions, and make notes. We will then meet in a series of meetings, as a separate Board, with the Town Manager and department heads, and review carefully every budget request that has been made. We will then make the Budget Board's recommendations.

As in previous years, the Budget Board will request that the administrative recommendations, the Board of Selectmen's recommendations, and the Budget Board's recommendations be printed in each Article and be reported in the Town Meeting Warrant.

The Budget Board feels that the process continues to be done in keeping with the democratic processes that have long been a custom and tradition of Maine and New England.

The Budget Board expresses its appreciation to all town employees, the department heads, the Town Manager, and the Board of Selectmen for their cooperation, assistance, and dedication to our community.

CEMETERY COMMITTEE REPORT

Before and after the clean up at the Rhodes-Somers Cemetery.

The evidence of Kennebunkport's patriotism lies in its cemeteries. Soldiers from this town have gone to war as far back as the French and Indian Wars (1756-1763). There are veterans of the American Revolution, War of 1812, Civil War, World War I and II, Korean War and the Vietnam War, buried in Kennebunkport cemeteries. In the Arundel Cemetery alone, there are about 336 veterans. At least 38 other veterans are buried throughout the Town in its 80 or so smaller cemeteries.

Here is a little known fact about the monument in Dock Square. This information is from the Town records from 1909: "At the dedication of the soldiers and sailors monument at Kennebunkport, Monday, May 31, the names of the soldiers who served their country during the Civil War were read together with their time of service and other honorable mention. These names are to be placed in a strong box that will be placed in a receptacle beneath the monument in honor of meritorious service. The list was read at the dedication with the following introduction: Names of men who were natives or residents of the Town of Kennebunkport who volunteered and served with honor on land and sea in the war that preserved the Union, 1861 to 1865, and who were brave and true, in these, the days and hours of our countries greatest peril."

Each year the veterans of the American Legion honor our veterans by putting a flag at their burial site. If you are aware of a veteran's headstone that does not get a flag around Memorial Day, please let us know.

This past year, the Cemetery Committee did major clean up at the Robinson Cemetery and the Rhodes-Somers Cemetery (along with the help of a youth doing community service). Chains were attached to granite posts on cemeteries in the Cole Benson Road area and also to a cemetery down Bufflehead Lane. Trees were removed in several cemeteries. The list of veterans was updated with better descriptions of location.

More tree work needs to be done in the Tristram Perkins Cemetery and the Wildes Cemetery along with whatever the winter and spring winds leave us. The beautiful fence in the School Street Cemetery is undergoing repairs. The remainder of our money will go toward repairing headstones in the Village Cove (North Street) cemetery.

Thanks to all those who care for the cemeteries on their properties and for all of the others who work on our town cemeteries.

Rita Schlegel

CONSERVATION COMMISSION REPORT

The Conservation Commission continued its efforts to educate the public about the importance of maintaining water quality in our coastal towns as well as strengthening its goal of raising awareness on energy efficiency and renewable energy.

Over the last year, the “Lawns for Lobsters” program has continued to grow both in our town and across the state. More and more lawn signs popped up on peoples’ lawns. Members of the Conservation Commission continued to attend conferences and meet with other Commissions to help grow the program. To learn more about the program, please visit our webpage under the link “appointed boards” on the Town Website at www.kennebunkportme.gov.

Work continued on our Town’s educational renewable energy project of installing a wind turbine at the police station. A comprehensive sound study took place to make sure that all abutters to the project would not be adversely affected from noise produced by the wind turbine. The sound study demonstrated that there would be insignificant sound disturbances at the neighboring homes in almost all scenarios. On the rare occasion that extreme winds occurred, we did learn that the system could be turned down during those periods if a neighbor was being adversely affected. After this satisfactory sound study, we received approval from the Planning Board to install a SkyStream wind turbine on a 60’ pole. Requests for proposals have been sent out, and we hope to begin construction in the summer.

Once the wind turbine is in place, we will be working with Kennebunkport Consolidated School to provide lots of educational opportunities in math and science, as well as social responsibility in regards to renewable energy. The students will be able to compare the wind turbine’s energy production to that of the solar panels installed on their rooftop at the school. They will see how on some days, solar panels produce more energy than wind turbines; and on others, wind turbines produce more than solar. We will also work to educate the students on the concept that Maine has one of the highest rates of asthma in the country. Doing our part to reduce the amount of energy produced from coal, reduces the amount of particulates in the air, and will help reduce the amount of asthma attacks and deaths as more and more people choose cleaner solutions to producing energy.

During this cold winter, we focused most of our energy researching opportunities for our residents to improve their home energy efficiency and therefore decrease their heating fuel consumption. We read up on the Property Assessed Clean Energy (PACE) program being offered to municipalities by Efficiency Maine and invited Dana Fischer, who is running the program, to come and educate us on the benefits of getting involved.

Basically, PACE is a program that provides a way for people to spend less money heating their homes. A qualified home energy auditor comes to your home and performs a very detailed energy audit. You are then given a list of suggested home energy improvement measures to take, like adding cellulose insulation in your ceiling. Through PACE, you can get a low interest rate loan for up to \$15,000, and for up to 15 years to help you get the work done. One of the main goals of the program is that your monthly savings on fuel costs will be more than your monthly payment on the loan, making it a win-win solution from the beginning. There are a lot more details to share with you as we move along in the process. The Kennebunkport Conservation Commission looks forward to the opportunity to provide workshops and meetings with the public so we can make this program a success here in Kennebunkport.

As we have in the past, a few of our members worked with the Kennebunkport Conservation Trust with the Discovery Days, and the Trust in our Children programs. We also worked with the DMR in their phytoplankton monitoring program.

GOVERNMENT WHARF COMMITTEE REPORT

Government Wharf

The reporting year for 2010 was yet another very quiet one with business as usual. The members got together in the spring to do some much needed maintenance repairs. The moneys used for maintenance is obtained from our annual dues from the members. With aging pilings and structural supports starting to decay below the water line, the Wharf is still in need of all new supports and building. The Wharf revitalization project is still in the works, but slowed due to the lack of full financial funding. We still hope to move forward with the project in the upcoming year.

Once again, we thank you for the support of the commercial fisherman.

Raymond Billings, Chair
Jeff Davis

Ron Francoeur
Dennis H. Goulet

GROWTH PLANNING COMMITTEE REPORT

Since our last report of February 2010, the Growth Planning Committee submitted an addendum to the Comprehensive Plan Land Use chapter “Growth Areas” for the June 2010 referendum. That warrant item passed and was accepted with 1,477 votes in favor and 408 against. The “Transportation” chapter that was submitted in November 2010 passed and was accepted with 908 votes in favor and 299 votes against.

These two warrants contain numerous references to the “character” of the Town. (Not to be confused with the “characters” that live in our community). This character has additional distinction and diversity within the community as defined by zones, districts, neighborhoods and developments. Creating vocabulary that encourage these distinctions and conceive supportive ordinances that protect and guide community vision is the strategy of any Comprehensive Plan. Explaining our past, defining the present, and portraying the future is the true tactical work that the GPC undertakes twice a month. I am very fortunate as chair to have such a dedicated volunteer committee to share this work with, but truly the Town (all of us) is to be congratulated for supporting Werner Gilliam as Town Planner, he is the foundation on which we, the GPC, build our work.

Our current sights are twofold:

Mapping out the identified Publicly-Owned-Facilities, Privately-Owned Facilities Open to the Public, and The Kennebunkport Conservation Trust parcels that are described in the “Recreational and Cultural Resources” chapter using “Google” maps with access at the Kennebunkport Town website.

Revising the “Economics” chapter with current census data.

We have lost our newest member Laurie Petersen to the demands of life and work. She was a very intelligent listener and will be sorely missed. As always, we could use additional members; so if interested, please contact the town offices and ask for Werner. Thanks to you all again for your votes of confidence and your questions about our work.

KENNEBUNK RIVER COMMITTEE REPORT

The Committee continues to meet monthly to review all activity relative to the Kennebunk River. The significant event of 2010 was the withdrawal of the Town of Arundel from the group. This will leave Kennebunk and Kennebunkport as the participating towns. Also, members of the committee will be from these two towns, plus two other members to be voted upon by the two member towns.

The 2010 boating season appears to have gone well with no major issues. The Pump-out station was deployed for the full season and was well utilized and of great benefit to boaters. Several dock, wharf, and mooring applications were handled with virtually no significant issues.

The DEP grant money for the pump-out vessel and support was approved and will be received early in 2011.

The existing River Ordinance was updated and approved by both towns. The Committee has developed a "Plan for a Plan" relative to pursuing the permitting and funding to dredge the River. This strategic initiative will be a priority for 2011.

The Harbormaster, Jim Nadeau, continues to provide outstanding support to the Towns, Committee, and its residents.

The Committee recognizes continued support and cooperation from Kennebunk and Kennebunkport.

LIGHTING COMMITTEE REPORT

We see our mission as preserving the night sky for residents, visitors and future generations. The old incandescent platter lights create a unique ambience to our area. Yet, there are areas in the Dock Square where tourists and residents feel the lighting is inadequate.

This past year, the Committee started an inventory of all the lights in the Dock Square area including the corridor to the North Street Parking lot. The purpose was to see where lighting was located and where it might be needed. This investigation and solutions shall be our mission in 2011.

Anyone interested in our night environment in town is encouraged to join the Lighting Committee.

Please read our ordinance, available on line, and evaluate your own exterior lighting for compliance. If there are any questions give our Committee a call for assistance.

The Committee was sorry to lose a long-term member Scotty Falconer who has moved out of town. We thank him for his counsel and participation over the years.

James M. Stockman, Chair
George Acker

Robert Fairbanks
Julie Gerrish

Marie Henriksen

PARSONS WAY COMMITTEE REPORT

The Parson Way Committee continues to care for Parsons Way. Our mission to maintain the vegetation persists with annual trimming, thus preserving the intent of Henry Parsons that the parcel “. . .should be kept free for its scenic effect and natural beauty and for the enjoyment of the townspeople and their guests. . . and should be kept open and clear for the unobstructed view of the ocean. . . .”

The Parsons Way Committee meets periodically as needed to discuss the annual trimming, the possible eradication or control of invasive species and bench installation, maintenance and requests. The Committee also meets periodically with the Conservation Commission to discuss their concerns with invasive species and any new developments to deal with the containment of them. The Committee also meets periodically with our Town Manager, Larry Mead, to discuss any public concerns or developments.

Our newest venture may be the installation of a granite bench that will be engraved repeatedly over time. We envision this bench as a permanent memorial for people to remember loved ones similar to the wooden benches. However, this bench will be a collection of names over time. We are still working out the details with the Town Manager on how this might work. Stay tuned.

Louise Spang, Chair
Richard Griffin

PLANNING BOARD REPORT

The Planning Board had another active year in 2010 with no major projects, but a steady stream of residential and commercial applications as well as several proposed changes in the Land Use Ordinance. The Board was very pleased to have Peter Fellenz join us as a new alternate member.

The applications before the Board in 2010 included the following:

| PURPOSE OF APPLICATION | NUMBER OF CASES | |
|--|-----------------|------|
| | 2009 | 2010 |
| Residential building renovation, rebuilding, or landscaping | 8 | 10 |
| Nonresidential additions or change of use | 6 | 14 |
| Piers, ramps, wharves and walkways | 5 | 10 |
| Revision of previously approved subdivision or site plan approvals | 5 | 6 |
| Maintenance dredging (Kennebunk River) | 3 | |
| Bank stabilization | 1 | |
| Easement creation/driveway installation | 1 | |
| Golf course improvements | 1 | 2 |
| Wind turbine | | 1 |

The increase in applications for improvements in the Shoreland Zone/Floodplain continued, some presumably prompted by the impending change in FEMA's floodplain maps.

Gordon Ayer, Ken Burford, Leo Famolare, Peter Fellenz, John Hathaway, and Greg Reid all were active contributors to the Board's work during the year. We also wish to especially thank Lisa Harmon in the Code Enforcement Office and Trish Saunders (minutes) for their excellent support during the year. Two thousand eleven will undoubtedly be another busy year for the Board.

David Kling, Chair

RECREATION COMMITTEE REPORT

2010 proved to be both successful and informative.

The winter afforded lots of use of the Park at Crow Hill and the provided skating. This has proven to be a wonderful success. The community had asked for this several years ago and through collaborating with so many we were able to fulfill a desire of the Town's folk with outstanding success. We hope you have taken the opportunity to enjoy our community skate park.

Spring and fall soccer was very well supported by area youth athletes, volunteering parents, and sponsorships from our very supportive business community.

The senior trips were once again well attended. The coach bus trip to Boston to see the Radio City Rockettes was a huge success.

We again had an outstanding Halloween Festival on Temple Street. The sub-committee and volunteers put together a wonderful evening of parading, dancing and neighborly fun. We hope everyone is looking forward to the 2011 festival!

As we have stated before, we are always looking to the future. This year's top achievement was the completion of a Parks and Recreation Needs Assessment. Our community was asked what they would like and how they were willing to achieve it. With over 300 assessments returned, we as a committee have a better understanding of what to focus our efforts on and how we may go about achieving the desired goal.

Thank you to everyone who took the time to fill out the assessment and return it to us. We hope to be able to address your concerns and make this wonderful community of ours just that much better.

We as a Committee would like to publicly acknowledge the dedication and passion of the staff of the Recreation Department. Their efforts on the behalf of our community are truly appreciated by this Committee.

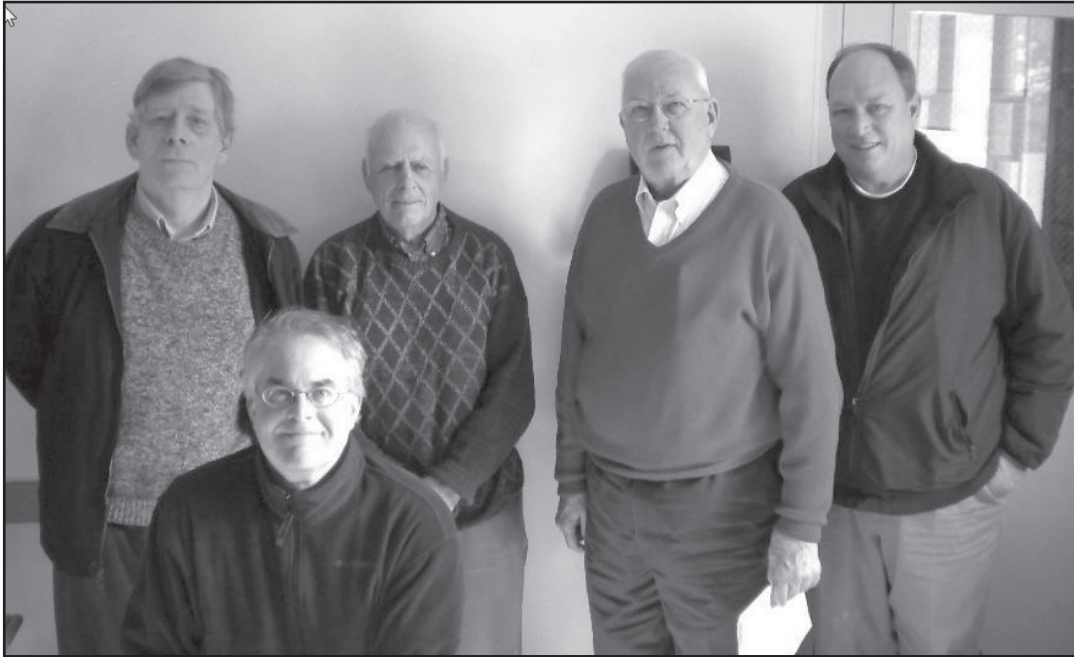

The Recreation Committee would like to give thanks and acknowledgement to our very supportive townspeople, our wonderful volunteers, and to the generous local businesses. Without the trust and support of all of you, we could not provide the programming we believe so much in, both now and in the future. Thank you.

SEWER ADVISORY COMMITTEE REPORT

*Sewer Advisory Committee members: Front–Stephen Couture
Back, L–R: Joseph Martin Mead, C. Ripley Emerson, Jr., Bob Convery, Richard Johnson*

This past year, the Sewer Advisory Committee met three times with a quorum for two of the meetings.

In December of 2010, the group discussed the proposed budget for 2011. There was a full discussion of containment of costs and adequate funding for the coming year.

Earlier in the year, the Committee inspected the latest plant construction and how the schedule was being met. Expansion is required for new development and improved waste handling.

The sewer department has maintained its reliable operation during the year. Old lines were flushed and internally inspected. The traveling video camera viewed the inside lines along Ocean Avenue.

The Sewer Superintendent is now shared with the Fire Department as its Chief. The department is well organized and doesn't suffer with joint leadership. The employees are well trained and keep the department ready for all situations.

C. Ripley Emerson, Jr., Chair
Bob Convery
Stephen Couture
Richard Jonson
Joseph Martin Mead

SHADE TREE COMMITTEE

This year, nature spared our tree canopy from any major ice storms or wind damage, so all of our removals and pruning were only a result of growth, aging or decay. The large maple tree overhanging Dock Square has decayed to the point where it is a potential hazard to the public, and it will be removed early in 2011. Fortunately, it was a good year for our Elm trees with only one loss due to disease. Annually, the Shade Tree Committee plants six to eight new trees in strategically selected locations throughout the Town.

The Shade Tree Committee monitors approximately 1,240 tagged shade and ornamental trees throughout the community. This year, the condition of each tree was updated noting its location, structure, health and vigor. Together with members of the Shade Tree Committee, the Town Arborist, Robert Palmer, evaluated each tree and the resulting data will be entered into the Town's GIS (Geographical Information System) database.

The GIS is a comprehensive database with many municipal uses. The Shade Tree Committee has participated in this program for several years. In 2011, the Shade Tree Committee will be applying for a grant that will dramatically enhance our use of this software program.

Arbor Day was celebrated locally at Consolidated School on May 21. The students prepared a special program for the day; the Tree Warden, Rick Griffin, spoke and then the Committee displayed the new Tree City USA flag commemorating our 33rd year. Retiring school Principal Kathy Pence was surprised with a lovely "Susan Magnolia" that was later planted in her honor to thank her for her 25 years of service to Consolidated School.

A new *Tree City* brochure is in the planning as is a republication of the bookmarks with local tree information. The Kennebunkport Shade Tree Committee looks forward to installing the "34 years" banner on our two Tree City USA signs next spring.

Joanne Gamble, Chair
Steve Doe

Ron Hanby
Ki Leffler

Suzanne Stohlman
Rick Griffin, Tree Warden

SHELLFISH CONSERVATION COMMITTEE REPORT

During 2010, the occurrences of Red Tide and flood closures were much less than previous years, so that the softshell clam harvest was greater for our commercial diggers.

License sales remained steady, i.e. 100 residential recreational, 20 nonresident recreational, 71 daily recreational for residents and nonresidents, 10 resident commercial, and 2 nonresident commercial.

Harvest limits remained at one peck (12.5 lbs.) for recreational diggers per day, and 50 lbs. per day for commercial diggers, except for an increase to 100 pounds per day at Back Cove for the months of September, October, and November as recommended by the Department of Marine Resources' biologist in order to increase flats turnover and promote growth. Also, acting upon the advice of the DMR biologist, we closed the Cape Porpoise High Flats during December, January, and February in order to protect the unusually large number of juvenile clams from being frozen by digging.

Since the number of commercial license applicants has remained fairly steady over the past three years at a lower number than we had anticipated when we began offering commercial licenses, we decided to cap the number conservatively at 12.

Looking ahead, we believe that we have a good future for our flats and opportunity for our diggers.

David Conway, Clam Warden
Ross Anderson
J. Steven Kingston
Chris Nunan

Norman Nunan, Sr.
Eric Wildes
Charles Zeiner

SIDEWALK COMMITTEE REPORT

I would first of all like to thank Joe Bruni for his valuable participation in our sidewalk meetings over the past years. We wish you well Joe, and want you to know that you will be missed.

This past year the sidewalk-bicycle path along Route 9 was built to extend all the way from Bailey Court to Bradbury's Market. In Goose Rocks, the left side shoulder on Dyke Road to the Kings Highway was also completed, as was a strip of sidewalk across from Nunan's Lobster Hut in Cape Porpoise that was in disrepair.

There are several projects in the works for the future, but for 2011, we want to complete the following three projects:

1. On Ocean Avenue from Union Square to Green Street, the existing sidewalk is narrow in places and in disrepair. This is a heavily traveled area especially in the summer when there are a series of craft shows on the Village Green. A new sidewalk will be constructed with curbing where needed, hopefully before summer.
2. In Dock Square, there are steps leading from Mountain Tops T-Shirts down to a hardtop walkway that extends across the entrance to the Honor Parking area. From there, pedestrians have nowhere to go but out into the busy street. A new sidewalk will allow them to continue safely around the corner to a crosswalk which will lead to steps heading back up Union Street and perhaps a stop for an ice cream cone.

3. In Cape Porpoise on Pier Road, the existing sidewalk from the Wayfarer extending down to the head of the Cove narrows to a crosswalk, presenting a safety issue because of the sharp curve. This part of the sidewalk will be removed and grassed over. In its place, a new sidewalk with granite curbing will be built on the opposite side of the street, extending from the head of the cove around the curve to the driveway before the Wright Gallery where a crosswalk will be placed.

Thanks for your support in helping keep our beautiful town looking good and safe for everyone.

Tony Viehmann, Chair
Joseph Bruni, Chief of Police
Ralph Clement

John Hirst, Highway Superintendent
Barbara Winterson

SOLID WASTE COMMITTEE REPORT

If solid waste is an economic indicator, then things are looking up in Kennebunkport. Our waste to be burned at MERC increased 302 tons! Yes, tons—which is a 13% increase over 2009. The weather was better, so we had more tourists and more of everything that goes along with more people in our area.

Our recycling, however, was less—only 296 tons—31%!!! less than 2009. We must do better. With all items mixed recycling, it is not that difficult for all of us to participate. With our new governor proposing to stop the bottle deposit program, we could see a dramatic upswing in the waste we take to MERC. Remember, solid waste disposal is the third largest item in our budget and is one area we can change by changing our habits. To borrow from Tony Payne in the Portland Press Herald, “What do you think, and what are you going to do about it?”

Saturday summer pick up at Goose Rocks continues and is still much appreciated by all. Unfortunately, homeowners are still taking their lobster dinner waste, etc. to the bins by the beach, and the two at each entrance are overflowing regularly. Another area we could improve on. Any ideas out there?

The shared hazardous waste pick up at Sea Road in the fall is still available for our citizens to dispose of old paint, chemicals, and the like.

Remember, all Kennebunkport citizens may take recycling and yard waste to the Sea Road station at no cost. You would still need to pay to dispose of other items like computers, TV's, furniture, etc. They do not accept any garbage.

Again, a big “thank you” to Oceanside Rubbish for all their good service. We appreciate their coming no matter the weather or congestion. Good job!

Ki Leffler, Chair
Rip Emerson, Vice-Chair

ZONING BOARD OF APPEALS REPORT

The Zoning Board of Appeals (ZBA) is made up of members of the Town who consider three types of applications: Administrative Appeals, Variances, and Conditional Uses.

Administrative Appeals come from someone who is appealing a decision of the Town Code Enforcement Office in regards to some land use proposal. A Variance to the ordinance's regulations can be granted for lot size, lot width, lot frontage, lot coverage, building height, and lot line setbacks. However, certain conditions must apply in order to be approved for any of these. The possible Conditional Uses that may be granted, which vary from zone to zone, are Animal Husbandry, Home Occupation, Child Care, Hand Crafts, and Roomers. These also require certain conditions.

The members of the ZBA are Mark Messer, chair; Beth Maloney; Herb Cohen; Janet DesChenes; Chris Perry; Thomas Shore and Richard Smith. The meetings are the second and fourth Monday of the week, as needed. In 2010, there was only one application that was presented to the board.

Mark Messer, Chair

ARUNDEL CEMETERY CORPORATION REPORT

2010 was another active year for the Arundel Cemetery.

On February 25, 2010, there was a huge storm that damaged some of the largest trees in the cemetery. One in particular broke off at its base. Luckily, when it fell, it did not hit any monuments. Several other trees had to be topped in an effort to save them. Later in the year, these trees were removed because they were failing to respond to treatment. In late summer, we had to remove four more trees due to their deteriorating condition.

Care of our old trees is a constant problem. The rock maples were planted by the road in 1909, and several of them had to be removed or trimmed. In 1934, 30 spruce trees were planted. These trees are an integral part of the beauty and sense of peace at the cemetery. Over the years, we have fought to keep them healthy by fertilizing, trimming and removing those that are a threat to monuments on gravesites. Each year, an arborist meets with the Board to discuss the condition of the trees and select any that should be removed due to their unhealthy condition.

This year, two lot owners made gifts of flowering trees to the cemetery in memory of their husbands. These trees were planted in the fall in Sections 25 and 28. At that time, the Board also established a policy regarding gifts of trees.

The Clerk's Office recorded deeds for four new lots sold. There were 39 burials and 1 disinterment in the past year. Of the burials, 19 were full and 20 were cremations making cremations 51 percent of the total.

Reverend Robert Howes resigned from the Board in October. He has been a vital member of the Board since 2002. His insight and wisdom will be greatly missed.

The Board will elect a new member at the Annual Meeting in January. Dorset Norby has been nominated for that position.

As in the past, we wish to thank the Town of Kennebunkport for its continued support in our efforts to care for the graves of our veterans. We also wish to thank the American Legion for putting the flags on the veterans' graves for Memorial Day.

KENNEBUNK, KENNEBUNKPORT AND WELLS WATER DISTRICT REPORT

The Kennebunk, Kennebunkport and Wells Water District is a quasi-municipal public water utility that was established in 1921 by an act of the Maine State Legislature. The District serves an area that encompasses the Towns of Kennebunk, Kennebunkport, Wells, Ogunquit, Arundel and small portions of Biddeford and York. The area includes a population which varies seasonally from about 30,000 to over 100,000. It is directed by a four-member Board of Trustees, one each elected from the Towns of Kennebunk, Kennebunkport, Wells and Ogunquit.

For the Water District, 2010 was, from a financial perspective, a very good year. Compared with the prior year, 2010 saw a 14 percent rebound in water production, a \$500,000 increase in revenues, and a significant reduction in operating costs. All of this contributed to a projected positive net income for 2010 of about \$367,000 as compared to a net loss of \$108,971 for 2009. The 5 percent water rate increase that went into effect on April 7, 2010, contributed approximately \$200,000 to the increase in revenues. The remainder was due to increased water usage.

In spite of a somewhat sluggish economy, the District experienced modest growth (143 new accounts, as compared to only 74 in 2009), resulting in a customer growth rate of slightly over 1 percent, as compared with the typical 1½ to 2 percent growth rate prior to 2009.

Operating costs were reduced by a variety of factors, including several previously reported cost-cutting measures that were implemented in 2009, an unexpected drop in the cost of water treatment chemicals, and the District's award of a \$391,000 grant and a \$1.636 million, 0 percent bond package for a 2-1/2 mile water replacement project in Goose Rocks Beach in Kennebunkport. This District-designed and installed project allowed a large amount of District labor and equipment to be charged to this "capital" account, which is financed by the 0 percent long-term bond, thereby reducing operating costs. Another significant cost reduction was realized during 2010; through attrition and cross-training between departments, one additional full-time position was eliminated, saving over \$60,000 in wages and benefits.

Although 2010 was an overall wetter year than was 2009, the 65" of precipitation was distributed quite differently than it was in 2009, resulting in a relatively dry and beautiful summer, improving tourism and overall water usage. As a result, the total annual water production of 1.008 billion gallons was 14 percent more than the 881 million gallons produced during 2009, which had been the lowest water production year since 1995. The District's recently (2007) developed groundwater sources were once again instrumental in helping the District meet water demands without the need for purchasing water from neighboring utilities, producing 41 percent of all of the District's water supply for 2010 while reducing chemical costs by nearly \$60,000. As previously reported, due to the many financial, operational and water quality benefits relating to the use of groundwater, the District is developing an additional high-quality, high yield groundwater supply in the Alewife area of Kennebunk.

During 2010, the well site, which is located off Kimball Lane, was approved by Maine's Drinking Water Program for use as a public drinking water supply. In order for it to be placed in service, water main extensions along Alewife Road and Kimball Lane will be installed. The first extension along Alewife Road is already scheduled for construction in 2011. Once the new well is placed into service, which should occur by 2013, it is expected to produce 40 percent of the District's water needs. At that point, approximately 80 percent of the District's total water supply will be from groundwater, with the remaining 20 percent coming from Branch Brook.

The District is proud to have been honored with two prestigious awards in 2010. One from the American Water Works Association was for the New England Region annual Safety Award. This was given in recognition of the District's excellent safety record and its achievement of being awarded by Maine's Department of Labor and Bureau of Labor Standards the SHAPE award in 2009. This award, whose acronym stands for "Safety and Health Award for Public (Sector) Employers," is to recognize employers that strive to provide a "safe and healthful" workplace for its employees. The District is one of only two water utilities in Maine to have ever been given this recognition. The second award, from the New England Water Works Association, was their annual Exemplary Source Water Protection award. It recognizes the District's longstanding leadership, commitment and cooperative efforts with numerous stakeholders to preserve and protect the land and water resources of the Branch Brook aquifer.

The following is a partial list of distribution projects funded and installed by the District during 2010. These projects typically relate to our goal of optimizing water quality, enhancing fire suppression capabilities and improving system reliability by replacing outdated and substandard facilities with an eye toward accommodating anticipated growth.

Storer Street, Kennebunk: Replaced 220 feet of old 10-inch cast iron water main with a 12-inch ductile iron main. (Relocation of the water main due to a Sewer District project.)

Marshall Point Road and Skipper Joe's Point Road Kennebunkport: Replaced 2100 feet of old 10-inch cast iron main with 16" polyethylene (HDPE) and 16" ductile iron main. (Water quality, system reliability and fire suppression improvement.)

King's Highway and Sand Point Road, Goose Rocks Beach, Kennebunkport: Replaced 10,400 feet of old 10-inch cast iron main with 16-inch ductile Iron main. (Water quality, system reliability and fire suppression improvement.)

Turbat's Creek Road, Kennebunkport: Replaced 1250 feet of old 8-inch cast iron main with an 8-inch PVC main. (Water quality and fire suppression improvement.)

South Street, Kennebunkport: Replaced 350 feet of old 2-inch galvanized steel main with a 3-inch HDPE main. (System reliability and in conjunction with a Town of Kennebunkport street project.)

Ogunquit Tank Access Road near South Street, Ogunquit: Installed 400 feet of 16-inch ductile iron main. (Performed in conjunction with a relocation of the Ogunquit Heights Booster Station, improving system reliability and efficiency.).

In addition to the above projects, individuals and developers funded numerous water main extensions totaling over 3,000 feet in length.

During 2010, the District undertook significant changes to its water treatment process. As a result of its ongoing migration toward groundwater as a primary source of supply, several chemical changes were necessary. Due mostly to the higher mineral content of groundwater, the water treatment regimens for both corrosion control and disinfection were changed. The specific changes and their ramifications are discussed in detail in the District's Winter 2011 issue of *What's on Tap* and on the District's website, www.kkw.org.

Drinking water quality remains a top priority. We are pleased to report that in addition to making significant water quality improvements with our unique blending of groundwater and surface water, all State and Federal water quality standards were met during 2010. By maintaining a dedicated, well-trained staff and continually upgrading our process equipment and control systems, we continually strive to assure the highest degree of reliability in the quality of drinking water for our customers.

The Trustees of the District appreciate the continuing effort and dedication of their employees, as well as the support and cooperation of their customers, area contractors and State and local municipal officials.

KENNEBUNKPORT CONSERVATION TRUST REPORT

"The Kennebunkport Conservation Trust (KCT) is dedicated to preserving land in conservation for use by all people of current and future generations and to provide preservation and maintenance of properties that reflect on the heritage of Kennebunkport."

2010 was a year in which the mission statement of the Kennebunkport Conservation Trust was well served, for in no previous year has so much been done in so many different areas to fulfill its objectives. The underlying foundation of the KCT is land protection, and a limited and well defined list has been created to accomplish the Trust's goals. Most of these properties serve to connect or enhance existing holdings. Last year saw five of these pieces protected. A bargain sale purchase of a piece of land owned by Scott and Kate Eaton, bordering Tyler Brook on the ocean side of the Mills Road, protected a beautiful view shed. Across the street, the Trust made another bargain sale purchase of a 13.5 acre lot owned by Don and Luverne Preble Tinkham which has frontage on the Batson River. Together, these properties will help to maintain the appearance of

the Mills Road between Cape Porpoise and Goose Rocks Beach. In the central woods just above Cape Porpoise square, the Trust purchased the 31 acre Lynch property. It connects to our Tyler Brook holdings and will provide a wonderful space for wildlife habitat and passive recreation. At the head of our Jim and Agnes Steele trail is the 25.8 acres King property. This property was purchased for \$100,000 during the year, and contained enough valuable habitat to receive a \$75,000 state protection grant. At the end of the year, the Trust was delighted to receive a 14.6 acre piece of land near Mast Cove, the very generous gift of David and Lisanne James. This wooded parcel located between School Street and North Street not only helps to protect the look and feel of the downtown section of Kennebunkport, it also offers the opportunity to create a learning trail between the Consolidated School and our Grist Mill property. It is a wonderful piece of protection of our community for which we are very grateful!

For those holdings that reflect the heritage of our community, the Trust has taken the position that we should bring and maintain them to the period of their greatest historic significance. On that basis, after years of diligent work led by Scott Dombrowski and Mike Weston, the Trust finally completed the permitting process to bring Goat Island back to the look of the mid 1950s. This coming summer, the walkway between the house and tower will be rebuilt, as will the bell tower and a small fuel shed. The construction will not only give the island back its distinctive look, it will also allow for the full historic interpretation of the lighthouse and the role it played, and continues to play, in our town's history. Come spring, we will encourage everyone to follow the work taking place, as well as the beauty of the island and its surroundings, from our new webcam. It will be found on our webpage: kporttrust.org.

During the year, Steve Simcock was hired as a project manager to oversee all that is taking place on our Grist Mill property. He helped lead the effort to obtain the permits necessary to revitalize the Clem Clark boathouse. Electricity will be brought back to the building, seasonal private bathrooms installed and new pilings added with the intent of making this piece of our maritime history able to last another 100 years and more. In fulfillment of our pledge to use this property for passive access to the Kennebunk River, a ramp and float were installed to allow for the launching of kayaks and canoes. It has been very well received by all who have seen or used it. And in keeping with our pledge to bring our properties to their highest and best use, we are exploring the possibility of bringing back the tidal grist mill that once was a focal point of the community. Were it recreated, it would be one of only two remaining tidal mills in America and would add both beauty and historic significance to the Town and property. It could also play a significant role in our "Trust in our Children" program. Private funding has been provided for both the mills construction and endowment, allowing membership contributions to remain going to our primary land protection efforts.

The highest and best use of most of our land involves leaving it just the way it is. In some areas, trails are highly desirable and a great deal of work was done in 2010 to enhance our trail network. With the addition of so many other properties, it was voted to rename our town forest holdings to the Edwin L. Smith Preserve and a large stone sign was created and placed at the beginning of the trail system. Mr. Smith, Agnes Steele's grandfather, was the first to start to consolidate the land in that part of town.

Bill Case, Bud Danis, Brandon Gillard, Chris Smith worked tirelessly with other volunteers and by the year's end over 10 miles of trails had been created there including very attractive walkways over wet areas. David Jourdan used his GPS experience to map not only these trails but also those located at Tyler Brook and the Emmons Preserve. The use and enjoyment of the property has increased dramatically.

In order to extend the trails on the Emmons Preserve to our holdings across the Batson, Keith Fletcher put together a grant proposal to the state to fund a walking bridge across the river at its narrowest point off of the Mark and Gail Roller Trail. The effort was successful, all the permitting completed, and the bridge will be put in place this year.

Maintenance of all of our properties was accomplished by our exceptional volunteers. Bob Osthues did a great job mowing the lawn of the Emmons Preserve while David James took care of the Grist Mill property. Work was done on most of our holdings. Upgrades were made to our barn, tractor, lawnmowers and other equipment. Scott Dombrowski oversaw volunteers who went out to Goat Island every other Wednesday to accomplish specific tasks. More visitors than ever before found their way there and all were warmly greeted. Adam Kyasky and Kyle Dimock helped to keep the lawns mowed, the docks and floats repaired in addition to the countless other requirements of the island. Bob Haskell and the Island Stewards did another great job watching over the islands. Brown Tail Moths were again a challenge, but on March 16, Bob was successful in bringing 25 forest entomologists from around the northeast (Quebec to Pennsylvania) to Vaughn's Island to examine and discuss our problem. Hopefully, a solution can be found. The Trust also worked with state wildlife experts this year and used Stage Island as a place to try and bring back the threatened New England Cottontails.

The Trust's investment committee worked diligently to keep our portfolio safe but growing, and figured out the best ways to finance projects. The Trust's Capital Campaign Committee was formed and met often to finish off the capital campaign which would allow the organization to continue its active role within Kennebunkport, having years of accomplishments and activity like this one. Timber Point, the land that defines the eastern side of Goose Rocks Beach, as well as our other future protection efforts, is also an integral part of the capital campaign.

Archaeological work was done on Goat Island as part of our permitting process. There, it was discovered that the original stone house was actually located about 10 feet east of today's structure. Work was also done at the Grist Mill. This year, a phase two dig will be completed there. And some days were devoted to digs on the islands as we continue to search for our past. Finds there included many remnants of our earliest ancestors.

Our programs continued to run and be enjoyed by many. Our "Trust in our Children" partnership with the Consolidated School brought spring and fall field trips to our properties and tied in the experiences to the science, math and history curriculums. In order to improve and better coordinate the various activities, Leia Lowery was hired on a stipend basis to work with volunteers and establish schedules and agendas. She

will also oversee our “Discovery Days” summer activities which also took place last year, seeking to find those areas that “spark” our children’s curiosity and interests and lead them to greater learning and fulfillment.

The Trust headquarters was used extensively in 2010 by a number of organizations. The University of New England, Kennebunk High School, the Animal Shelter, Equest, Save Our Beach and many others used the building for meetings, retreats, fundraisers, appreciation nights or other worthwhile functions. The Chamber of Commerce held a fundraiser for Haiti. Abigail Ackley raised money for relief work in Africa. Nathan Poore organized a ride to fund Autism research. The Trust charges no fee for the use of the building to those whose work helps our community or those in it.

The KCT made many organizational improvements in 2010 as well. Mike Weston continued to improve our accounting. Our fundraising software was upgraded to a Giftworks program. Chris Smith created a Facebook page for the organization to improve upon our outreach and communication. Our e-mail list grew to over 750 and our beautiful photos and thoughts of the week continued to be sent out each Friday. An advisory committee was established to help advise the executive director and talk through ideas and issues. Ed Hutchins was added to the Board of Directors and brings with him a lifetime of knowledge and a long family history regarding the community. Because of their many contributions, Chris Smith and Brandon Gillard were added to our Board of Trustees. And, most of all, Lisa Lassey was hired from a large pool of candidates to be the Trust’s new Assistant Director. She brings to the Trust many needed skills and has already moved the organization forward in its efficiency, quality, number of newsletters and ability to seek out funding.

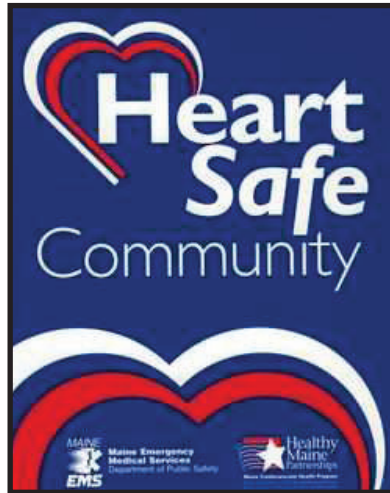

A number of successful events were held during the course of the year. Twelfth Night had a large and appreciative audience celebrating Kennebunkport’s, until that night, unknown connection to ancient Rome. David Mallett’s concert was enjoyed by all who filled Atlantic Hall. Jennifer and John Comeau and their band performed a wonderful benefit concert at the Trust in June. The Colony Hotel hosted a July, Sunday afternoon concert by Top Hatz in their ballroom which was great fun. The Phillip H. Matthews Memorial Lobster bake was another great success with the largest crowd ever, free t-shirts, a wonderful meal provided by Ed Bull, Mark and Giselle Nadeau, Dick Ackley, Paul Carr, Port Lobster, Langsford Road Lobster, Bob O’Reilly, Allen Daggett and many other local lobstermen. Music by Billy Billy, Straight Lace and the James Montgomery Blues Band kept everyone happy and dancing. And the day ended with spectacular fireworks donated by Steve Pelkey and Atlas Fireworks in honor of Phil. What a day! The Flotilla of Friends filled the shore of Goat Island with colorful Kayaks on Labor Day. Brian Prichard brought color and style to our streets with his antique car rally. The Nonantum held a breakfast buffet to benefit the Trust in October. Also in October, the Trust united with the Heartwood College of Art for its annual Trust in Art auction where renowned local artists painted scenes from Trust properties and auctioned them off. The artwork was some of the best yet and the evening was successful for all. Keep an eye open for this year’s auction where the theme will be Goat Island.

The 2010 Volunteer of the Year award went to two individuals. David Jourdan was one recipient. He has done countless tasks for the KCT. He has walked each of the trails with his GPS, created maps, printed and distributed them. He has solved our computer questions and helped to install our new programs. He has worked on trails, taken photographs, assisted with programs and much more, including stepping forward to be our next treasurer. For years now, Charlie Wright has been in charge of our webcam on Goat Island. Every day he has focused the camera on the best scene available, sunrises, sunsets, high surf, ships going by, animals, visitors, whatever came into his artistic eye. He has also helped with such activities as Trust in Art, auctions, the website or anything else that we asked of him. For years of service to the Trust and community, our thanks and appreciation go out to Dave and Charlie as the representatives of the many who faithfully serve.

During the year, memorial contributions were received in loving memory of: Mary Pierce, Reverend Ward Gamble, Priscilla Berry, Paul Emmons, John Pinel, Henry Griffin, Helen Murray, Harold Guy Boyce, Gloria Hall and Harry Hall III, Ellen Garrity, Dr. Charles McCullough, Dorset and Llaney Norby, Donald Tompkins and Barbara Barner. Contributions were also received in honor of: Sasha Wentworth and Uriah Moon Simonsic, Robert and Linda Rice, Reenie Perlmutter's retirement, Pixie and Bob Lown, P. Roland and Beatrice Whitworth, Herber and Maxine Weintraub's 50th wedding anniversary, Dick Mason, Jack Calcutt, Joan Junker, Hildy and Don Aldrich, Deborah Marathon, Alba Mangone, Catherine O'Brien, and Bill Forrest's birthday. As always, we are very grateful for the support that has been given us. It is only by all of us working together, supporting a common cause in this special place, that such great victories have been won. That's what a community is all about. That's what we're all about, and we hope that you will continue with us as we carry on with our efforts to forever protect the beauty and character of Kennebunkport. Your membership is key. Together we can make a difference. Together we can do great things.

Tom Bradbury, Executive Director

KENNEBUNKPORT EMERGENCY MEDICAL SERVICES, INC. (KEMS)

KNOW THE SIGNS OF HEART ATTACK.

DON'T MISS A BEAT.

Heart Attack Warning Signs

- Pain or discomfort in the jaw, neck or back.
- Feeling weak, lightheaded, or faint.
- Chest pain or discomfort.
- Pain or discomfort in arms or shoulders.
- Shortness of breath.

*Women often report symptoms of discomfort rather than pain.

At the first sign of heart attack,

Call 911 Immediately!

Don't miss a beat!

FACE STROKE BEFORE IT FACES YOU

Stroke Warning Signs

Knowing the signs of a stroke can help you or someone you know get quick treatment. Warning signs of stroke usually appear very suddenly and there is often more than one.

Warning signs include:

- Numbness in the face, arm or leg.
- Slurred speech.
- Blurred vision.
- Dizziness or loss of vision.
- Severe headache.

At the first sign of stroke,

Call 911 Immediately!

Time lost is brain lost!

In 2010 Kennebunkport and KEMS received recognition as a "Heartsafe Community" from the Maine Cardiovascular Health Program and Maine Emergency Medical Services.

Kennebunkport Emergency Medical Services is a private, nonprofit, volunteer agency that provides emergency medical care to the people of Kennebunkport. We provide mutual aid to surrounding communities such as Kennebunk, Arundel, and Biddeford, as well as receive aid from the same communities when needed.

We have over 50 trained responders dedicated to providing excellent care to our community. These are your neighbors, coworkers or perhaps family members who dedicate hundreds of hours every year to ongoing training and responding to calls. Even with these dedicated members on the roster, we still need additional volunteers. No experience is needed, just a willingness to help and some free time. If you are interested in helping us help the community, contact any KEMS member, call our office phone 967-9704, or send an email to kemsal@roadrunner.com for more information.

2010 was a busy year for KEMS. We responded to 375 calls for assistance, as well as developed specifications for a new ambulance. This new vehicle will be delivered this spring and will have more space for lifesaving equipment as well as an improved design to increase the efficiency of our crews.

In the past year, Kennebunkport also became a “Heartsafe Community” thanks to the hard work of our administrator Matt Leach. This designation is granted by the Maine Cardiovascular Health Program and Maine Emergency Medical Services which recognizes training, education, response capability and other key indicators in the treatment of sudden cardiac arrest, heart attack, and stroke.

Some of our goals going forward in 2011 will be an increased emphasis on CPR training for the community. Education and awareness of the warning signs, and the importance of calling 911 immediately are key elements of the Heartsafe designation. Please review the warning signs of a heart attack or stroke at the top of the page. If you, a family member or friend notice these signs, call 911 immediately. Time is critical. The life saving procedures we can provide have the most benefit when given early. If you have not taken a CPR class yet, why not enroll? If it’s been some time since you took a class, a refresher is a great idea. Citizen CPR is a key link in the chain of survival. While our responders are highly trained, ordinary citizens are often the first people at the scene of an emergency. Their actions and the CPR they perform can make a difference in the patient’s outcome.

I am proud to have been appointed Chief of Operations for KEMS, and I will continue to work hard to provide the best care possible to the people of Kennebunkport. I would also like to thank Sue Stedman for her service as Chief over the past year. She continues as an active volunteer as she has been for many years. Thank you Sue!

I want to personally thank each and every KEMS volunteer for their selfless dedication to our organization. Without their time commitment, none of this would be possible. Special thanks also to the Fire Department members, Police Officers and Dispatchers. Working together, we can provide the best emergency response for Kennebunkport.

Below is a list of our members. Take note of the designation after their name. It represents many hours of initial classroom and “Field Clinical” hours along with continuous training to achieve and maintain their certification. Most of our members also go above and beyond the requirements with many hours of additional training every year. We also currently have two members enrolled in an EMT-Intermediate class which will allow them to provide care and procedures above and beyond the EMT level.

Finally, remember to dial 911 at the first sign of an emergency. In particular, review the warning signs of a heart attack or stroke and consider enrolling in a CPR class. Contact our office for more information. Working together we can make Kennebunkport a safer place.

Mike Drew, Chief of Operations

CAPE PORPOISE LIBRARY REPORT

Library Hours and Services

Tuesday, Thursday 1:00—4:00 p.m.

Friday, Saturday 9:00 a.m.—noon

Computer Internet/Email

Wireless Accessibility

(207) 967-5668

cplibrary@cape-porpoise.lib.me.us

Cape Porpoise Library had a busy year in 2010. We continue to develop books on CD and DVD movie collections. Of course, we provide the latest fiction and nonfiction bestsellers and accept ordering suggestions. Our “Mostly Maine” section includes an interesting history of Cape Porpoise which new local homeowners find fascinating. During the summer months, the Internet was very busy with usage by visitors and waitresses at a local eatery.

We are so appreciative of the many books that were donated for our successful Annual Book Sale which was held on July 31. We also appreciate the time and effort of the many volunteers who helped with this major yearly fundraiser. Again, after the sale, the librarian of the York County jail took away several boxes of appropriate unsold books for the inmates. We collect donated books year-round for the ongoing book sale section at the library.

Many longtime residents of Cape Porpoise regard the library as a central element of their community and feel so strongly about its services that in the past year alone, monetary donations to the library have been received in memory of two members of the community who had passed away.

The generous support of the townspeople of Kennebunkport, through their repeated inclusion of a sum in the annual town budget, provides both necessary funding for a major share of the library’s operating expenses and evidence that the library is widely appreciated as a valued part of the community services. Many Cape Porpoise residents and even a few visitors have further demonstrated their love and appreciation of the Cape Porpoise Library by their unsolicited private donations.

Please visit our special library in Atlantic Hall at Cape Porpoise Square. It’s a fun place for chatting with friends and discussing favorite books in a warm and comfortable atmosphere. We always have a jigsaw puzzle laid out on the table for all to enjoy. On Tuesdays, there is a large quilting group gathered in Atlantic Hall directly behind the library. The ladies are a huge part of our library and come in for books or to make copies of quilting patterns.

Once more, we are grateful to the voters of Kennebunkport for their continued generosity and to the Board of Trustees of Atlantic Hall for their support.

Sue Perkins, Library Director

LOUIS T. GRAVES MEMORIAL PUBLIC LIBRARY REPORT

Greetings from the Graves Library.

2010 was filled with a variety of programs, events, some milestones, and a few quiet moments. It was another year of providing great service to the wonderful people of Kennebunkport—a community we never take for granted. We hope we had what you were looking for each time you came through the doors at 18 Maine Street. Maybe you checked out the new James Patterson novel, an Oscar-nominated DVD, printed off a magazine article for school, borrowed a book on CD to listen to in your car or studio, or found a quiet space to sit and work on a project or glance at local newspapers.

We sustained our number of circulated items (67,933—missing last year's total by 57!) Our overall registrants went down by 56, but that was due to better recordkeeping of patrons who moved or passed away. It was not because we did not sign up a large volume of new users and visitors. We offered 209 programs with a total of 3,508 attendees. A few of these programs offered were:

People: Harvey Reid, Captain John, Tony Viehmann, Anita Silvey, Dave Jourdan, Ann Beattie, Gerry Boyle, Lily King, Scott Magoon, Nanci Boutet, Diane Kordas, and Dr. Seuss.

Programs: Center for Wildlife, Tax Help, Live Theater during Celtic Night, a bi-monthly Knitting Circle, Book Bingo, National Gaming Day and Games for Teens, Summer Reading, Girl Scouts and Tiger Scouts, Storytime, Community Service for Kids, Holiday Stories, a Pirate Party, Shipwrecks of the Kennebunks, a Book Trailer Contest, Lunch and Learn Lectures, the Creation of an Alphabet Book with Mrs. Cmaylo's Kindergarteners, and lots of Poetry.

We finished off the year strong with over 4,550 hours of recorded volunteer time. This is unheard of in most public libraries. I would like to thank Lois Badger, Kitty Bassett, Jan Brennan, Carol Bowes, Miriam Clasby, Huddy Cohen, Joan Dawson, Judy Drinon, Carol Ellis, Mette Eglington, Ruth Fernandez, Deborah Gelardi, Gretchen Graham, Fran, Norman, and Nancy Hayes, Nancy Kling, Louise Kralich, Toni Kraus, Judy Merrill, Harriet Mill, Madge Phillips, Vivi Schubert, Xandra Sharron, Cleo Siderides, Anita and Ben Stephens, Suzanne Stohlman, Linda Wade, Bob and Linda Wall, Hal and Barbara Worthley. There were also many junior volunteers who read shelves and helped with various community projects. They were Lucas Brown, Zeke Wilson, Ben Dubay, Susan-Caitlan Seavey, Tom Henry Reagan, Sidney Brown, Parker Fairfield, Gabe Wilson, Oliver Wainman, Tia Stockwell, and William O'Neil.

I would like to extend a very special thanks to our staff: Kay Beote, Jean Bailey, Jen Raymond, Lisanne James, Lynda Bryan, Judith Finnegan, and Marilyn MacDonald; our staff subs: Paul Romanos and Linda Littell, and our custodians Rusty Adams and Michael Tarabilda.

We would also like to thank the residents of Kennebunkport, the Public Works Depart-

ment, Town Manager, Larry Mead, and our Selectmen Liaison, Mike Weston.

Forty percent of our budget comes from you. Your tax dollars allow us to be open 42 hours per week, acquire books, movies, magazines, and newspapers to be loaned out to anyone with a library card and provide over 200 quality programs to all ages. We want to be that special place in the village where you can to meet with friends, family, and fellow classmates to sit by the fire in the winter, enjoy the air conditioning in the summer, and browse for books all year round.

Mary-Lou Boucouvalas, Library Director/Children's Librarian

LIBRARY STATISTICS - 2010

| | | | |
|-------------------------------------|--------|-------------------------------|-------|
| Total circulation | 67,933 | Programs (All) | 209 |
| Total registrants | 6,433 | Participants (All) | 3,508 |
| Book purchases | 1,209 | Volunteers | 51 |
| Memorials and gifts | 601 | Volunteer Hour served | 4,552 |
| Total collection | 35,762 | Public Internet activity | 3,887 |
| Interlibrary loans (borrowed) | 277 | Public wireless activity | 438 |
| Interlibrary loans (to others) | 77 | Public meetings | 118 |
| Classroom visits/school field trips | 34 | Visits to daycares/preschools | 44 |

Our dear friend, Mary Handlen (1913—2011)

SCHOLARSHIPS AVAILABLE FOR KENNEBUNKPORT STUDENTS

The Olympian Club of Kennebunkport Scholarship Fund was established in 1996 with gifts from friends and members of the Olympian Club of Kennebunkport. The fund is to benefit the University of Maine at Orono; however, campuses within the University of Maine system are eligible as well. Dedicated to “all the ladies who were ever members of the club,” its purpose is to provide scholarship assistance for undergraduate students studying Nursing. A second preference shall be for students in Pre-Medical/Dental/Optomerty, and a third preference shall be for students of any discipline. The minimum award is at least one-third of the tuition amount, including mandatory fees.

To qualify, recipients must be residents of Kennebunkport at the time of high school graduation and must have a financial need and a reasonable academic record. They must be of good character and show good work habits.

Interested students should contact the Office of Student Financial Aid at one of the following four locations, which have nursing programs: University of Maine, Orono, Maine 04469; University of Southern Maine, 96 Falmouth Street, PO Box 9300, Portland, Maine 04104-9300; University of Maine at Fort Kent, 25 Pleasant Street, Fort Kent, Maine 04743; University of Maine at Augusta, 46 University Drive, Augusta, Maine 04330-9410.

SUPERINTENDENT OF SCHOOLS REPORT
Maine Regional School Unit 21
The Schools of Arundel, Kennebunk, and Kennebunkport

"Preparing responsible, contributing citizens in a global society."

Andrew R. Dolloff, Superintendent of Schools
James W. Barnes, Business Administrator

Dr. Patrick M. Manuel, Assistant Superintendent
Susan M. Mulsow, Director of Special Services

2010 was another eventful year in the life of our schools. Most notably, Kennebunkport Consolidated School celebrated its status as one of only two schools in Maine to be recognized as a national Blue Ribbon School, as our students performed in the top 1% of students in Maine in the New England Comprehensive Assessment Program (NECAP). One of only 80 schools nationwide to be recognized for high student performance, Consolidated School was honored with a visit from United States Senator Susan Collins who proudly wore her KCS shirt during the school-wide celebration. On a more sobering note, long-time Consolidated Principal Kathy Pence retired after providing the school with outstanding leadership for more than two decades. Kathy's knowledge, energy, and love of the children of Kennebunkport will be greatly missed. Fortunately we have found a wonderful and extremely capable new principal in Mr. David Crandall, and I am confident he will provide continued excellent leadership for Consolidated School.

At the Middle School of the Kennebunks, our students continue to perform and participate successfully in a wide variety of learning opportunities. One of only six International Baccalaureate middle schools in New England, MSK produces some of the highest-performing students in Maine on NECAP testing, and students are continuously involved in unique and challenging programs. Recently, Apple, Inc. recognized teacher Mary McCarthy and her students for their work developing promotional podcasts that highlighted the unique charm of Kennebunkport. Students also assisted in the redesigning of several rooms at the Nonantum, and are eagerly looking forward to the opening of the Swift Center for Innovation and Design, an on-campus lab that will further enhance our students' opportunities in technology applications.

Our students at Kennebunk High School are also among the most accomplished in Maine. In 2010, as one of only two International Baccalaureate high schools in the state, KHS graduated the first International Baccalaureate diploma students in Maine. Meanwhile, nearly 90% of students taking Advanced Placement exams received scores of 3 or higher (out of a possible 5), compared with less than 60% at the state and national level.

One of our greatest challenges in the coming years will be the need to address facilities-related concerns at Consolidated School and the High School. It is my hope that a clear plan will be finalized soon; one that the voters of Kennebunkport will be able to embrace fully and will provide our students and communities with durable, comfortable, and functional facilities for decades to come.

I look forward to the coming year and working with our dedicated and talented staff, as well as the many parents, volunteers, and elected officials who understand the importance of maintaining high-quality schools for our communities. Thank you for your continued support of our students.

Thank you,

Andrew R. Dolloff
Superintendent of Schools

HOW TO IDENTIFY YOUR PLASTICS FOR RECYCLING

With the large variety of plastics available, the average consumer often has difficulty distinguishing between the types of plastic discards. To facilitate recycling, these items are coded by the manufacturers. A coding numeral can be found on the bottom of a plastic container. For easy identification of your plastic items, please refer to the following numbering system:

| Plastic Recycling Reference Chart <i>The following items will be picked up curbside:</i> | | |
|--|---|--|
| Coding Number | Item | Description |
| 1 | Polyethylene Terephthalate (PET) | Soda bottles, generally referred to as custom PET (peanut butter type jars, dishwashing liquids, liquor bottles). |
| 2 | HighDensity Polyethylene (HDPE) | Clear (white) containers or colored containers. The clear bottles (milk and water jugs) are also known as natural HDPE. Colored bottles will primarily consist of liquid detergent bottles, motor oil bottles, cosmetic bottles. |
| 3 | Vinyl or Polyvinyl Chloride (PVC) | Crystal clear cooking oil bottles, shampoo bottles, etc. |
| 4 | Low Density Polyethylene (LDPE) | Most LDPE will be in the form of plastic bags. Additionally, plastic lids and some squeeze bottles are made from LDPE. |
| 5 | Polypropylene (PP) | These bottles include syrup containers, ketchup bottles, yogurt containers, margarine tubs, and most bottle caps. |
| 6 | Polystyrene (PS) | Numerous molded products are made from PS. They include coffee cups, meat trays, plastic utensils, videocassette cases.. |
| 7 | A catch all numbering for materials not included above. | Most often packaging in number 7 containers will consist of glues or metal-based materials. |

There are also other methods which you can use to differentiate between bottles. Most mistakes are made in segregating PET from PVC bottles; however, these types of bottles can be readily distinguished by the molding scar on their bottom. PVC has a horizontal scar (often referred to as a “smile”). When a PVC bottle is bent or creased, a white mark will show at the point of the bend. PET has a circular scar (called a “bullet hole” or “nipple”).

For questions regarding recycling or trash collection service, please call Oceanside Rubbish, Inc. at 646-3230, or Nicole at the Highway Department, at 967-5728.

RECYCLING REFERENCE CHART

Items picked up curbside

| Items | <u>Recycle</u> these items | <u>How to prepare</u> items | <u>Exclude</u> these items |
|------------------------------------|---|---|--|
| Glass | Brown & clear glass. Bottles and jars. | Rinse clean. Remove lids. Co-mingle in bin. | No broken jars or bottles. No drinking glasses. No light bulbs. No window glass. No ceramics or china No green glass. |
| Plastics #1-7 | Plastics numbered 1 through 7. | Clean containers. Flatten to save space Co-mingle in bin. | No plastic bags, even if they are identified as #2 plastic. No motor oil or hazardous waste containers. |
| Metal and Tin Cans | Tin cans Aluminum cans Empty paint cans Aerosol cans Aluminum foil and plates | Empty and clean containers. Do not put in sharp lids (unless crushed in can). Co-mingle in bin. | No food waste left in cans. |
| Paper | Mixed paper Junk mail Pressed board (cereal boxes etc.) Office paper | No need to bundle. | Do not use plastic bags to bundle paper together. |
| Newspaper and Magazines | Newspapers Catalogues Magazines Telephone books | No need to bundle together. | Do not use plastic bags to bundle paper. |
| Corrugated Cardboard | Corrugated boxes | Flatten and cut up to size no larger than 4 ft by 4 ft. | If wet outside, wait until next recycling day. |
| Returnable Bottles and Cans | Any deposit | Rinse clean. Remove lids. Co-mingle in bin. | Bottles can have any deposit label. Check wine bottles. |

For questions regarding recycling collection service, please call Oceanside Rubbish, Inc. at 646-3230.

Note: Recycling is collected *every* Saturday in GSRB during the summer.

For questions regarding recycling collection service, please call Oceanside Rubbish, Inc. at 646-3230; or Nicole, at the Highway Department at 967-5728.

TRASH AND RECYCLING COLLECTION SCHEDULE

In Kennebunkport, trash is picked up weekly. Recycling is picked up every other week as indicated on the calendar on the opposite page (except at Goose Rocks Beach during the summer as indicated below.)

Trash and recycling containers may be put out no earlier than 4 p.m. the day prior to scheduled collection and should be removed within 24 hours of pick up.

Hours of trash and recycling collection: No earlier than 6:30 a.m. and completed no later than 6:00 p.m.

Non-collection holidays: Thanksgiving, Christmas, and New Year's. Alternate collection days will be advertised on the Town government Cable Channels 2/16 and the Town Website at <http://www.kennebunkportme.gov>.

GOOSE ROCKS BEACH TRASH AND RECYCLING COLLECTION SCHEDULE

Trash and recycling collection occurs on Fridays in the Goose Rocks Beach area in the spring, fall and winter.

In the summer, the collection schedule changes as follows:

GOOSE ROCKS BEACH SUMMER OF 2011 COLLECTION DAYS

Both recycling and trash collection occurs
every week
on Saturdays beginning
May 28, 2011, through September 10, 2011

The schedule returns to Friday pick up of trash on September 16, 2011, and every other Friday for recycling pick up beginning September 23, 2011.

SINGLE-STREAM RECYCLING

The Town of Kennebunkport uses the "single-stream" recycling process. This process means that all recycling (paper and commingled containers) can be put into one recycling bin. Oceanside then brings the combined recyclables to a facility where they are sorted on a system of conveyor belts.

Sorting the recyclables is **not** needed. Please continue to put all trash in trash bins, and all recycling in recycling bins.

If you have any questions, please contact Nicole, at the Highway Dept. at 967-5728.

TOWN ONLINE SERVICES

Pay online with a credit card or electronic check:

Parking tickets
Personal property tax
Real estate tax
Sewer bills.

There is a convenience fee for all online services.

Convenience Fees

| | |
|----------------------------------|-----------------------|
| Electronic Checks | \$2.95 |
| Real Estate and Property Tax | 2.95%, minimum \$2.00 |
| Parking Tickets and Sewer Bills: | |

| Payment Amount | Fee |
|--|---------|
| \$0.00 to \$50.00 | \$2.00 |
| \$50.01 to \$100.00 | \$3.00 |
| \$100.01 to \$200.00 | \$6.00 |
| \$200.01 to \$300.00 | \$9.00 |
| \$300.01 to \$400.00 | \$12.00 |
| \$400.01 and above...Add \$3.00 to listed total for each \$100 payment range or portion thereof. | |

Vehicle **re-registrations** can be processed with *e-checks only* through Rapid Renewal program. Convenience fees dependent upon vehicle type.

For online services, visit the Town Website at www.kennebunkportme.gov and select the blue **Online Bill Payment** tab.

TOWN BOARDS/COMMITTEE MEETING BROADCASTS AVAILABLE ONLINE

The Town is now offering as a public service, online availability to all town board and committee meetings that are broadcast on local cable channels 2 or 16. These meetings may be accessed via the internet at <http://www.townhallstreams.com/locations/kennebunkport-maine>, or visit the Town's Website at <http://www.kennebunkportme.gov> and click on the blue button for on-line meetings.

All meetings broadcast on cable channels 2 or 16, such as the Board of Selectmen, Planning Board, Growth Planning Committee, and RSU #21 will be streamed "live" on the internet at the above address and available for viewing at any time for one year after the initial broadcast.

The web access is hosted by Town Hall Streaming, a Maine company based in York.

This service will allow residents to view meetings at individual's convenience. It will benefit households that do not have cable service and also property owners who do not live year-round in Kennebunkport.

In addition to board and committee meetings, the Kennebunkport Town Hall Streams' site will make available other local broadcasts of interest.

BEHIND THE SCENES

The Town's meeting broadcasts have come a long way from when we first started televising in 2002. Since then, we've added the "lower thirds" (the text identifying the speaker "talent"), video streaming (access to these broadcasts via the internet) and remote capability. We plan to do more remote work this year at special events such as the Town Meeting at Consolidated School.

Currently, we are replacing old cameras with new ones to improve the video quality, and a third camera will become more mobile, thus giving us better shots on the displays and guest lecturers. We are also improving the lighting by adding "back lights" so you will be able to see the "talent" and not have them blend into the background.

In the future, we plan to increase the data speed so the streaming video will have a better resolution. We will work on streamlining the production room ergonomically, and hopefully adding a better way to capture presentations so we can air them along with the meeting.

Below are the gentlemen responsible for making these broadcast improvements.

Videographer Michael Davis

Videographer David Powell

NOTES

SCHEDULE OF TOWN BUSINESS HOURS

| | | |
|--|---------------------|--|
| Town Office 6 Elm Street | Monday - Friday | 8:00 a.m. - 4:30 p.m. |
