

Town of Kennebunkport

Annual Report 2012

The Louis T. Graves Memorial Public Library's 100th Year Anniversary

ON THE COVER

Louis T. Graves Memorial Public Library

The building is 200 years old . . . the library is 100!

1813 Original red brick building built as the Kennebunk Bank in Arundel.

1815 Customs District installed on second floor.

1831 Bank's charter revoked, property purchased by US government for use as a Customs House.

1894 Kennebunkport Free Library founded by Mrs. Anne Talbot. She donated books, bookcases, and hired librarian.

1898 Library moved to second floor of Customs House.

1913 Customs District eliminated. Building leased by government to Mrs. Talbot as a library.

Originally built in 1813 as the Kennebunk Bank in Arundel, this red brick building still stands tall in the heart of Kennebunkport 200 years later. In 1815, the Customs District was installed on the second floor. After the bank's charter was revoked in 1831, the United States Government purchased the property to be used as a Customs House. After the Customs District was eliminated, the building was leased by Mrs. Anne Talbot to be used as a library. The Kennebunkport Public Library Association was formed in 1916 to circulate books, goods, and services to the community. Abbott Graves and his family purchased the property from the Government in 1920 and later deeded it to the Library Association in memory of their son, Louis Talbot Graves. In 1974 the building was named to the National Register of Historic Places.

The Louis T. Graves Memorial Public Library has been loaning books for 100 years (1913-2013), and proudly serves residents of Kennebunkport and the surrounding area. The library is located at 18 Maine Street, P.O. Box 391, Kennebunkport, ME 04046, (207) 967-2778, Website: www.graveslibrary.org. Year-round library and book sale. Hours: Monday–Friday 10:00 AM–6:00 PM; Saturday 9:30 AM–12:00 PM

Our Mission is to act as a cultural and intellectual commons by providing free and unfettered access to knowledge and life-long learning through print, electronic resources, activities, programs, and services. The library collaborates with others to meet the needs of the **entire** community for education, information, recreation, and communication. Let us be here for you.

TOWN REPORT DEDICATION

In Memory of

Mathew J. Lanigan

Board of Selectmen: 2004–2012

Chair: 2007–2009

Kennebunkport experienced an immense loss with the death of Mat Lanigan. His love for Kennebunkport was demonstrated by all he did to give back through service to the Town, to the business community, and to the Consolidated School community. Mat's gifts were many, including energy, commitment, dedication, and an irrepressible zest for life. He cast a wide shadow and is deeply missed.

TOWN OF KENNEBUNKPORT

TOWN WARRANT ANNUAL TOWN MEETING June 11 and 15, 2013

State of Maine

County of York, SS

To: April Dufoe, a resident of the Town of Kennebunkport, in the County of York, State of Maine.

GREETINGS:

You are hereby required in the name of the State of Maine to notify and warn the voters of the Town of Kennebunkport in said County of the Town Meeting described in this warrant.

To the voters of Kennebunkport: You are hereby notified that the Annual Town Meeting of this municipality will be held at the Village Fire Station, 32 North Street in said Town on Tuesday, the eleventh day of June A.D. 2013, at 8:00 o'clock in the forenoon for the purpose of acting on Articles numbered one (1) and one a (1a) and Questions 1 through 3 as set out below. The polls for voting on Articles 1 and 1a and Questions 1 through 3 shall be opened immediately after election of the Moderator at 8:00 a.m. on June 11, 2013, and shall close at 8:00 p.m. While the polls are open, the Registrar of Voters will hold office hours to accept the registration of any person eligible to vote, to accept new enrollments, and to make any necessary corrections or changes to any names or addresses on the voting list. The continuation of said meeting will be held at the auditorium of the Consolidated School building in said Town on Saturday, the fifteenth day of June A.D. 2013, at 9:00 o'clock in the forenoon for the purpose of acting on Articles numbered 2 through 59 as set out below.

ARTICLE 1. To choose a Moderator to preside at said meeting.

ARTICLE 1a. To elect under the provisions of Title 30-A, M.R.S.A. Section 2528, the following Town Officers: two Selectmen, Assessors, and Overseers of the Poor, each for a term of three years, one Director of R.S.U. #21, for a term of three years and to vote on the following referendum Questions 1 through 3:

QUESTION 1
AMENDMENT TO THE LAND USE ORDINANCE CONCERNING
NONCONFORMING LOTS

Shall an ordinance entitled “June, 2013 Amendment to the Kennebunkport Land Use Ordinance Concerning Nonconforming Lots” be enacted? (A true copy of which is on file in the Town Clerk’s Office and is incorporated by reference.)

[Note of Explanation: This amendment will require that new or replacement construction on nonconforming lots shall be designed to conform with the same architectural style as the original building or a design that is comparable to the structures in the immediate neighborhood.]

QUESTION 2
AMENDMENT TO THE GROWTH PLANNING COMMITTEE ORDINANCE

Shall an ordinance entitled “June, 2013 Amendment to the Growth Planning Committee Ordinance” be enacted? (A true copy of which is on file in the Town Clerk’s Office and is incorporated by reference.)

[Note of Explanation: This amendment will allow the Growth Planning Committee to update the data and charts in the Comprehensive Plan as changes occur from year to year without having to get approval from the voters.]

QUESTION 3
AMENDMENT TO THE SOLID WASTE ORDINANCE

Shall an ordinance entitled “June, 2013 Amendment to the Solid Waste Ordinance” be enacted? (A true copy of which is on file in the Town Clerk’s Office and is incorporated by reference.)

[Note of Explanation: This amendment would update the Solid Waste Ordinance to account for the new agreement between the Town and Casella Waste Systems for the handling of the Town’s solid waste.]

Article 2: To see if the Town will vote to authorize the Town Treasurer, with the advice and approval of the Municipal Officers on behalf of the Town to sell and dispose of Real Estate acquired by the Town for nonpayment of taxes thereon, and to execute quitclaim deeds on such terms as they deem advisable, and to authorize the Treasurer to discharge unmatured liens on payment of taxes, interest and costs. All Real Estate to be sold by the Town for nonpayment of taxes to persons who were not the former owners thereof must be properly identified and advertised for sealed bids at least twice in any local newspaper, namely the Portland Press Herald, Biddeford Journal Tribune, or the York County Coast Star, the first advertisement to be not more than thirty days before the deadline for submitting bids and the last not less than fifteen days before said deadline. Former owners of Real Estate, as described above, shall be given first refusal to buy the property provided all back taxes, interest and lien costs have been paid. Notification of sale and request for sealed bids shall be publicly posted fifteen days prior to said deadline in three places within the Town, namely, the Town Office, the area known as the "Cape Square", and Goose Rocks Beach Fire Station. Opening of sealed bids shall be open to the public and held within fifteen days after the deadline for submitting bids. The date, time, and place of opening the bids must be included in the newspaper advertisements.

Selectmen recommend adoption of this article – Voted 4-0.

Article 3: To see if the Town will vote to authorize the Town Treasurer, with the advice and approval of the Municipal Officers on behalf of the Town, to waive the foreclosure of any tax lien mortgage by recording a waiver of foreclosure in the York County Registry of Deeds for any real estate title to which they deem not in the best financial interest of the Town to hold, said authorization to waive not to prevent the Town Treasurer, with the advice and approval of the Municipal Officers, from later foreclosing on said tax lien pursuant to law, as they deem advisable.

Selectmen recommend adoption of this article – Voted 4-0.

Article 4: To see if the Town will vote to make all real and personal property taxes due and payable upon presentment of bills and to charge seven percent (7.00%) per annum on the first half if unpaid after September 10, 2013 (or 45 days after the date of commitment if commitment is after July 25, 2013) and on the second half if unpaid after March 10, 2014.

Selectmen recommend adoption of this article – Voted 4-0.

Article 5: To see if the Town will vote to set the interest rate to be paid by the town on abated taxes at five percent (5.00%) for the fiscal year 2014.

Selectmen recommend adoption of this article – Voted 4-0.

Article 6: To see if the Town will vote to authorize the Selectmen to accept easement deeds on behalf of the Town granting the Town the right to plant and maintain certain trees on private property located within the Town.

Selectmen recommend adoption of this article – Voted 4-0.

Article 7: To see if the Town will vote to authorize the Tax Collector or Treasurer to accept prepayments of taxes not yet committed pursuant to 36 M.R.S.A. § 506.

Selectmen recommend adoption of this article – Voted 4-0.

Article 8: To see if the Town will vote to authorize the Selectmen to accept unconditional and conditional gifts of money or property on behalf of the Town, other than gifts of sewer extensions, subject to ratification by the Town at an annual or special town meeting held within one year of the Selectmen's acceptance, except that such ratification shall not be required for a donation of money to the Town to supplement a specific appropriation already made, to reduce the tax assessment, or to reduce the permanent debt.

Selectmen recommend adoption of this article – Voted 4-0.

Article 9: To see if the Town will vote to authorize the transfer of unencumbered surplus fund balance on June 30, 2013, for the Local Circuit Breaker account, such unencumbered surplus fund balance to be estimated at \$5,000, but not to exceed the actual unencumbered balance for said purposes existing as of June 30, 2013.

Selectmen recommend adoption of this article – Voted 4-0.

Budget Board recommends adoption of this article – Voted 9-0.

Article 10: To see if the Town will vote to authorize the transfer of unencumbered surplus fund balance on June 30, 2013, for the Sidewalk Improvement capital expense account, such unencumbered surplus fund balance to be estimated at \$21,400, but not to exceed the actual unencumbered balance for said purposes existing as of June 30, 2013.

Selectmen recommend adoption of this article – Voted 4-0.

Budget Board recommends adoption of this article – Voted 9-0.

Article 11: To see if the Town will vote to authorize the transfer of unencumbered surplus fund balance on June 30, 2013, for the Legal Fees account, such unencumbered surplus fund balance to be estimated at \$30,000, but not to exceed the actual unencumbered balance for said purposes existing as of June 30, 2013.

Selectmen recommend adoption of this article – Voted 4-0.

Budget Board recommends adoption of this article – Voted 9-0.

Article 12: To see if the Town will vote to authorize the transfer of unencumbered surplus fund balance on June 30, 2013, for the Special Projects capital expense account, such unencumbered surplus fund balance to be estimated at \$120,800, but not to exceed the actual unencumbered balance for said purposes existing as of June 30, 2013.

Selectmen recommend adoption of this article – Voted 4-0.

Budget Board recommends adoption of this article – Voted 9-0.

Article 13: To see if the Town will vote to authorize the transfer of unencumbered surplus fund balance on June 30, 2013, for the Administration capital expense account, such unencumbered surplus fund balance to be estimated at \$3,500, but not to exceed the actual unencumbered balance for said purposes existing as of June 30, 2013.

Selectmen recommend adoption of this article – Voted 4-0.

Budget Board recommends adoption of this article – Voted 9-0.

Article 14: To see if the Town will vote to authorize the transfer of unencumbered surplus fund balance on June 30, 2013, for the Police capital expense account, such unencumbered surplus fund balance to be estimated at \$2,250, but not to exceed the actual unencumbered balance for said purposes existing as of June 30, 2013.

Selectmen recommend adoption of this article – Voted 4-0.

Budget Board recommends adoption of this article – Voted 9-0.

Article 15: To see what sum the Town will vote to raise and appropriate for the Administration account.

Amount requested: \$792,925

Selectmen recommend the amount requested – Voted 4-0.

Budget Board recommends the amount requested – Voted 11-0.

INTRODUCTION TO THE FISCAL YEAR 2014 BUDGET

The FY14 budget proposal maintains the level of municipal services to residents and property owners. The operating budget of \$6.5 million increased by \$53,939, or just less than one percent. The Capital Outlay budget presents an increase of 39% in the amount of \$361,130. When combined, the total FY14 budget is 5.6% above FY13 in the amount of \$415,569.

On the operating side of the budget there are several noteworthy items:

The employee health insurance plan has been restructured to achieve significant cost savings while maintaining a high quality of insurance benefits for employees. The proposed budget is \$100,000 lower than it would have been without this change, which includes a policy that is 19% less expensive than the former policy, increases the employee's share of the policy cost by 70% in this budget, and increases the employee's share by an additional 25% in the FY15 budget. These changes, which have been negotiated as part of the collective bargaining agreement with the Town's unionized employees will provide continuing cost savings to taxpayers in the years ahead.

Three separate Town Departments deal with land use issues: Code Enforcement, Assessing, and Planning. As part of this budget, the three departments are reorganized under unified management. A new position of Director of Planning and Development is proposed to oversee the combined departments. Organizationally, it is more efficient and more cohesive to have one management position responsible for land use issues. All three offices are functionally interrelated, in addition to being physically located in the same office space at Town Office. The three functions share administrative support, benefit from shared record keeping and data management, and benefit from coordinating customer service. Maine's recent adoption of a uniform building code (MUBEC) has created new standards of training, certification, and record-keeping that municipalities must adhere to. The Federal Emergency Management Agency (FEMA) will introduce new flood plain standards in 2014 that will have wide-ranging effects on a large proportion of Kennebunkport's properties. The increasing complexity and rapid pace of change in land use regulations and law make it more important than ever to have clear accountability. This reorganization accomplishes that.

The progression of the litigation over Goose Rocks Beach allows for a reduction in the proposed legal budget of \$150,000. It is unknown, pending a decision by the Maine Law Court, whether a second trial related to title pleadings will take place. The level of expenditures in FY14 is dependant on that ruling. The budget reduction in the legal budget was offset by a requested allocation of \$126,000 to the Goose Rocks Beach reserve fund,

which was approved by voters at the August 2012 election enacting the Beach Use Ordinance.

The Capital Outlay budget increase is attributable to the proposed expenditure of \$600,000 for road improvements. An analysis of the Town's expenditures over the past 30 years documents the need for a sustained annual investment in the Town's roads. The fact is that asphalt is petroleum based, and the dramatic increase in oil prices over many years means that significantly more dollars are required to keep roads in good repair.

Nonproperty tax revenues are projected to increase by 7.3%, in large measure due to proposed increases in building permit fees. As a result, the net municipal tax commitment, after accounting for nonproperty tax revenues, is projected to increase 5.3%, resulting in a 14-cent increase to the municipal tax rate.

The York County assessment is 13% higher than last year due to the County's decision to change its fiscal year to July–June, rather than a calendar year. This requires a one-time additional six-month assessment to York County municipalities. The Board of Selectmen opted to spread the added expense over five budget years, rather than a single payment. The additional cost is \$106,000 in each of the next five years. The County increase will add 7 cents to the tax rate.

The RSU-21 assessment was not finalized at the time the annual report was printed. However, as a result of the district-wide vote to modify cost sharing between the three member towns, the Kennebunkport assessment will increase by \$634,000 in FY14, or an additional 35 cents on the tax rate. The school administration estimated that the Town's assessment would increase an additional \$210,000 beyond the cost sharing adjustment, or 11 cents on the tax rate. However, the final amount is dependant on voter approval and any legislative changes to state aid.

FISCAL YEAR 2014 BUDGET
ANALYSIS OF EXPENDITURES

<u>Major Cost Categories</u>				
Expense Categories	2013 Approved Budget	2014		
		Town Manager	Increase (Decrease)	% Diff
Personnel salaries	2,499,712	2,656,175	156,463	6.26%
Staff retirement and health	1,057,711	1,069,877	10,310	0.97%
Staff development and education	87,585	97,129	9,544	10.90%
Utilities	257,489	265,519	8,030	3.12%
Legal	385,000	235,000	(150,000)	-38.96%
Waste disposal	473,203	440,820	(32,383)	-6.84%
Contracted services	210,806	216,560	5,754	2.73%
Insurance	139,048	145,284	6,236	4.48%
Vehicle Fuel	98,575	98,275	(300)	-0.30%
Road maintenance supplies	90,500	92,500	2,000	2.21%
Supplies	133,784	138,920	246	0.18%
Repairs and maintenance	97,148	108,948	11,800	12.15%
Debt service	407,401	322,139	(85,262)	-20.93%
Outside Agencies	275,836	284,231	8,395	3.04%
Other expenses	182,345	277,705	95,360	52.30%
Social Services	22,900	23,900	1,000	4.37%
Capital Outlay	911,070	1,272,200	361,130	39.64%
Totals	7,330,113	7,745,182	408,323	5.57%

Personnel: Wages and salaries increased by 3.3% over the FY13 budget. The contractual cost of living increase in FY14 is 2.5%; however, there is a residual increase of .8% from the bargaining agreement negotiated in FY13. The contractual increase accounts for approximately \$82,500 of the budget increase. The balance of the increase stems from the Assessing, Code Enforcement, Police, Goose Rocks Beach reserve, and personnel contingency accounts. The Assessing and Code Enforcement marginal increase of \$26,000 is associated with the reorganization of the departments and an additional half-time person to support the Assessor's Agent. The Police Department's marginal increase of \$30,800 is due to overtime costs (\$17,650) related to the new patrol officer's attendance at required training, and hours budgeted (\$4,800) to train the individual hired to replace the administrative support person who is retiring in September. Funding of additional patrol services (\$12,000) at Goose Rocks Beach is required by the new ordinance. Within the personnel contingency line there is an additional \$10,000 budgeted in

order to fund the payment of accrued vacation and sick time to employees who retire.

Staff Retirement and Health: The Town instituted substantive changes in its health insurance plan by shifting from a point-of-service plan to a plan that includes a health reimbursement account, and by increasing the employee's share of the premium cost. The reduction in health costs from FY13 is \$40,000. However, without the changes that were instituted, the increase in health insurance would have been over \$60,000. This represents a net budget savings of \$100,000. Once again this year the trustees for the Maine State Retirement System voted to increase the required employer contribution for employee retirement plans, 22% higher for regular retirement plans and 5% higher for the police plan. This increase was not anticipated.

Staff Development and Education: The increased cost is primarily related to the cost of bringing on a new police officer, including uniform costs.

Legal: The initial, and hopefully final, trial in the Goose Rocks Beach lawsuit concluded in September with a judgment in favor of the Town. The plaintiff's have appealed the decision to the Law Court. Funds are requested for FY14 as a contingency should a second trial be ordered as a result of the pending appeal. However, the requested appropriation is a reduction of \$150,000.

Solid Waste: In December the MERC facility closed in Biddeford. As a result, the Town was able to negotiate a new contract with Casella, Inc. for the disposal of solid waste. This contract provides substantial savings to the Town. The solid waste account is reduced by over \$33,000.

Debt Service: The 1992 sewer bond was paid in full in FY13, with a corresponding reduction of \$77,500 related to that particular bond.

Outside Agencies: This category includes appropriations for the Graves Library, Cape Porpoise Library, KEMS, the Kennebunk River Harbormaster, the Arundel Cemetery, July 4 fireworks, Memorial Day expenses, and flowers for the Dock Square Monument. All of these items were funded in FY13. Two additional expenses are in the FY14 budget proposal; \$1,000 to the Chamber of Commerce and \$2,500 to the Kennebunkport Historical Society.

Other Expenses: Voters approved a Beach Use Ordinance establishing a reserve fund for expenses related to the management and operation of Goose Rocks Beach. The appropriation for this fund is \$126,000. Of this amount, \$35,000 is directed towards the cost of Police services, including daily beach patrol.

CAPITAL BUDGET ANALYSIS

Expense/Department	2013 Approved Budget	2014		
		Proposed Budget	Increase (Decrease)	% Diff
Capital Outlay				
Administration	8,500	27,000	18,500	217.65%
Police	56,750	40,500	(16,250)	-28.63%
Communications	50,000	50,000	0	0.00%
Fire	197,820	202,700	4,880	2.47%
Highway	120,000	112,000	(8,000)	-6.67%
Road Improvement	250,000	600,000	350,000	100.00%
Sidewalk construction	25,000	50,000	25,000	100.00%
Recreation	25,000	25,000	0	0.00%
CEO	3,000	15,000	12,000	100.00%
Piers	50,000	50,000	0	0.00%
Special Projects	125,000	100,000	(25,000)	-20.00%
Totals	911,070	1,272,200	361,130	39.64%

Capital Outlay: The proposed capital budget represents 16.4% of total municipal expenditures. Last year, the capital budget was 12.4% of total expenditures. By way of comparison, capital expenses represented 14.5% of total in FY08. This year's proposed appropriation is consistent with the capital plan agreed to last year by both the Budget Board and the Selectmen. The \$600,000 funding requested for road improvements is increased significantly from last year due to the ongoing need in the Town's road infrastructure. The continued escalation in the cost of asphalt, which is petroleum based, is a factor in the need for additional funding for road rehabilitation.

Administration: \$27,000

- Historic Preservation: \$2,000 allocation for ongoing preservation of historical documents at Town Hall. An additional \$3,000 will be allocated from a dedicated reserve fund to supplement the requested appropriation.
- Equipment: \$25,000 is requested to replace the telephone system and equipment at Town Office and to integrate the system with the Police Department facility.

Police: \$40,500

- Equipment: \$9,000 is requested to purchase evidence lockers and a security door in order to achieve an adequate level of custodial care of evidence.

- \$2,000 is requested to replace two radar units. This will be matched with State grant funds.
- Vehicles: The Department is requesting \$29,500 to replace one cruiser.

Communications: \$50,000

- Building Improvements: \$50,000 is requested for the building reserve fund. The needs at the Police facility include expanding the existing space to enable the building to function as an operations center during emergency response situations such as tropical storms, hurricanes, and severe winter weather. In addition, the building is not in compliance with required security protocols related to general public access to areas dedicated to police operations. The meeting room in particular should be reconfigured to allow for separate entry from the outside so that people who have not been screened for security clearance may continue to use that portion of the building.

Fire: \$202,700

- Equipment: \$18,200.
 - The Fire Department has over 140 air bottles that must be replaced no later than 15 years from purchase. The Department has developed a replacement schedule through 2021 that will allow for a consistent budget allocation. The cost is \$11,200
 - \$7,000 is requested to purchase an air compressor system to fill air bottles. This is a joint project with Kennebunk Fire and Rescue. The system will be located at the Washington Hose station. The Town's share will be \$17,000. The balance of funds was previously appropriated and carried forward in reserve.
- Miscellaneous: \$7,000. The manufacturer of the gas detectors used by the Fire Department no longer services this equipment. Funding is requested to acquire a detector for each of the four stations, as well as one docking station to be used to calibrate the detectors.
- Personal Protective Equipment: \$17,000. The Department must perform annual testing of 100 personnel who may wear air tight masks in performance of duties. In addition, the Department replaces at least nine sets of turnout gear as either replacements to existing responders or first sets for new responders. This allocation of \$17,000 allows the Department to acquire the equipment needed to perform this test in house.
- Building Improvements: \$20,000. The Village Fire Station needs to have some siding and trim replaced and the building needs to be painted.

- Radio Replacement: \$10,500. Replacement of eight radios with programming software.
- Apparatus Reserve: \$130,000. The Department has completed a long-term replacement schedule for all fire apparatus through 2034. This plan projects the use of funding from the Kittredge and Seavey trust funds as well as town appropriations.

Highway: \$112,000

- Equipment: \$22,000. The blower used with the 2007 Trackless was purchased in 1999. This attachment is the workhorse for sidewalk snow removal and is frequently breaking down due to age and wear and tear.
- Vehicles: \$90,000. A replacement schedule for Highway Department vehicles has been completed through FY18.
 - The John Deere loader was purchased in 1994. It has 9,200 hours of operation. The loader is used over the road, as well as in the sand and salt shed. It is standard practice during winter operations to keep the loader running at the salt shed for hours at a time in order to keep the hydraulics warm. Given the age of the equipment, there is a concern that the loader may lose the engine or transmission while idling and lose its trade-in value.

Road Improvements: \$600,000

- Goose Rocks Road: \$500,000. The Goose Rocks Road is losing integrity to the surface on much of the 4-mile length. It was last over-laid in 2002. The estimate for the entire length from Log Cabin Road to Route 9 is just over \$900,000, which includes reclaiming with cement treatment about 20% of the road. The overlay would be 2" of asphalt. The work would be done in two phases in both FY14 and FY15.
- Various road overlays: \$75,000: Turbats Creek Road (from Ocean to Wildes District Road), last overlay was 1995, Wildwood Road, Proctor Ave, Bellewood Avenue. All three roads were last paved in 1993.
- Cross Street: \$25,000. Widen the travel lane in order to allow for delivery trucks to use Cross Street. Replace existing streetlight with two pedestrian scale lights. Replace protective fencing at the corner of Union and Cross, above S-Brook embankment.

Sidewalk Construction: \$50,000

- \$50,000 is requested for the sidewalk reserve fund in order to continue with the pedestrian and bicycle enhancements that are ongoing.

Recreation and Park Improvements: \$25,000

- Reserve: \$25,000 is requested for the Recreation and Parks reserve fund. Funding will be retained for future improvements to the playgrounds at Parsons Field and Beachwood Park, and for the future replacement of the Department's mini-bus.

Code Enforcement: \$15,000

- Computers: Purchase of a software system that will manage and track permit issuance, inspections, and record keeping. The software will also integrate with the existing Assessing Department software, which will create seamless and efficient record keeping. This expenditure will also save \$5,000 that would otherwise be needed to update the Assessing software.

Piers/Rivers and Harbors: \$50,000

- Reserve: At the end of FY13 there will be \$214,000 in the Piers, Rivers and Harbors reserve fund. This budget request is for \$50,000 in anticipation of future maintenance needs at both Cape Porpoise Pier and Government Wharf. Design, engineering and environmental permitting has already been completed for major rehabilitation of Government Wharf at a cost in excess of \$500,000. The Town plans on applying for state funding through MDOT when the next opportunity arises. The Town's application during FY13 State application process was not accepted because the total funds available limited the maximum award by the State to between \$120,000 to \$150,000.

Special Projects: \$100,000

- A portion of S-Brook is underground at the intersection of Maine Street with Elm Street, and continues behind a private residence to the large swale near Union Street. This underground structure is made of granite blocks in part and is well over 100 years old. Sections of it have collapsed and sinkholes are now appearing. A camera inspection of the drainage structure revealed several problem areas. This allocation of \$100,000 will be combined with appropriations from the last two budget years to replace the portion of the drainage structure between Elm Street and the outfall at the bridge on Union Street. The proposed work will extend from Elm Street down Maine Street, and then up Union to Cross Street. It will include constructing a sidewalk on Maine Street and adding drainage and curbing on Maine Street. The Water District will replace a 12" water main.

Board of Selectmen
Town of Kennebunkport, Maine

We were engaged by the Town of Kennebunkport, Maine and have audited the financial statements of the Town of Kennebunkport, Maine as of and for the year ended June 30, 2012. BOARD OF SELECTMEN REPORT

*L-R: Edward W. Hutchins, D. Michael Weston, Sheila Matthews-Bull
Stuart E. Barwise, and Allen A. Daggett*

I'd like to begin my report with good news. After many weeks of testimony and fact finding, the York County Superior Court of Maine found in the Town's favor the Goose Rocks Beach lawsuit. Goose Rocks Beach, this community's treasure, is open to the public for recreational use. During the long process, the Town did work together with beachfront owners, back-lot owners, and representatives from the Select Board and Conservation Trust to develop a working relationship with property owners. A Goose Rocks Beach Ordinance was developed through negotiation and cooperation. A Beach Advisory Committee was elected, and they will oversee and regulate the rules. It was a great example of our willingness to work together to maintain our "small town" community atmosphere. However, I must add that an appeal has been issued, and we await word from the courts.

Our Wildwood Fire Station celebrates its 100th Anniversary this year. We tip our hats to all of our firemen, past and present, who have volunteered their time and expertise to keep our community safe.

We continue our capital improvements with the upgrading of roads and sidewalks. With so many of our residents walking, running, and biking, we endeavor to keep everyone safe by widening roads and paving the shoulders to enhance the public's safe use.

The RSU cost sharing issue was once again put before the residents of Kennebunk, Arundel, and Kennebunkport. A year ago last May, the School Board's attempt to

change the cost sharing formula failed to pass. The School Board opened this issue again late last year, and the proposed changes in the formula passed by a very slim margin on March 26. We were only 78 votes shy of keeping the originally negotiated agreement in place. Consequently, residents in Kennebunkport will see an increase in their share of the operating and capital expenditures of RSU 21. The formula changed from 60% property value and 40% student population, the original negotiated formula, to 90% property value. We will be repaying any new debts at 100% property value. As we only have 16% of the students, many of our residents regard this as an unfair change. I believe this issue will be ongoing.

On a sad note, Mat Lanigan, business owner, Selectman, and our friend, passed away in December. He took it upon himself to be our Business/Town Ambassador by meeting and greeting all the new faces in town. He could often be seen on the bridge by his store, the Emporium, with a coffee in hand, talking to folks about such topics as town politics, directions to President Bush's summer home, or the best place to get a lobster roll. Each Christmas Prelude for many years, he took charge of decorating the bridge for the very popular holiday event.

But during this time of sadness, we saw our town pull together to help support Mat's wife and family with fundraisers and contributions. Members of our community helped by providing meals, babysitting service, and Christmas gifts. Friends and acquaintances continue to lend their support. Now the Town, in recognition of his outstanding service to our community, will dedicate the bridge coming into Dock Square, and it will forever more be known as the Mathew J. Lanigan Bridge or "Mat's bridge".

Finally, I and the entire Select Board would like to thank you all for your many contributions to our town, be it volunteer service on our committees, or your service to our various organizations and churches. This is what makes our community what it is and why we love it.

Sheila Matthews-Bull, Chair, Board of Selectmen

126th Legislature
Senate of
Maine
Senate District 4

Senator David E. Dutremble
3 State House Station
Augusta, ME 04333-0003
(207) 287-1515

Dear Residents of Kennebunkport,

It is my great pleasure and honor to serve as your State Senator during the 126th Maine State Legislature.

Maine faces serious challenges, and overcoming them will require hard work and a spirit of collaboration. Legislators of both parties need to be able to work together to address the many complex issues we face. We need to do more to bring good paying jobs to Maine. We need to address our healthcare costs, and we must continue to help our most vulnerable friends, family members, and neighbors through difficult times – just as we have always done here in Maine.

We have many challenges, but also many opportunities that I hope we can take advantage of in the months ahead. Shortly after I was elected to the Senate in 2012, I was honored to be chosen as the Senate Chair of the Inland Fisheries and Wildlife Committee. I am excited to lead a committee that has such a broad impact on Maine's tourism economy and natural resources. I am also a member of the Criminal Justice and Public Safety Committee, where I am putting my work experience as a Lieutenant Firefighter and Emergency Medical Technician to good use.

As your State Senator, I am here to listen to your legislative needs and concerns, as well as act as a liaison between you and the State government. I can be reached by phone at the State House at 287-1515. You may also e-mail me at SenDavid.Dutremble@legislature.maine.gov.

Please feel free to contact me with your questions or concerns.

I am honored and grateful for the opportunity to serve you.

Sincerely,

David Dutremble
Senator, District 4

Friends and Neighbors:

It's hard to believe that another year has passed, and we have witnessed so many interesting changes in our community and in our state. As your Legislator, I remain proud of our town spirit and character, as well as impressed by our town staff, who give so much to our quality of life here in Kennebunkport. Our town remains a special place: a desired attraction to those from afar, while a secure home for those who wish to live, work and raise a family.

This represents the beginning of my last term as your legislator, a position that I have held for the past six years. I have tremendously enjoyed my service on your behalf, and I will continue to advocate for your interests in Augusta during the upcoming two years. I thank you so much for your continued confidence and trust in me.

Though there have been many positive happenings during the past twelve months, the passing of Mathew Lanigan was a profound and poignant loss for the community. Mat personified the essence of the town, through his passion for volunteering and his zest for life. The power of his being and personality was visible to all, as so many members of the community offered their love, prayers and support to the Lanigan family throughout the fear, anxiety, and grieving process. While Mat consistently represented the best aspects of Kennebunkport during his lifetime, his many friends transcended his love of community by the of their love to which they gave his family.

Never in my life have I ever seen such an outpouring of affection for anyone within any community. That says a great deal about the character of Mat Lanigan, and his connections to so many people. Hopefully, very soon, the Dock Square Bridge will be renamed in Mat's honor. It is a fitting tribute to an inspirational man, whose talent was being a builder of bridges between all sorts of people from all sorts of places. It will be a permanent memorial to his legacy within the community.

Yes, Kennebunkport is a special place. Mathew Lanigan embraced the community with all of his heart and soul. From decorating the bridge during Prelude, to holding conversations with passing friends or strangers. From serving as a Selectman, to being a local businessman, husband, and father. Mathew's passing has created a huge void within our community. The challenge from Mat is clear: who among us will step forward to fill that void, by doing what we, as a community, do best: volunteering, caring, and working hard. Thank you for allowing me to be part of your community.

Kennebunkport, ME 04046

Dear Friends,

It is a privilege to represent Maine in the United States Senate, and I am deeply grateful for the trust the people of Maine have placed in me. Public service is a responsibility I take seriously. In 2012, I reached a milestone by casting my 5,000th consecutive roll-call vote. I have never missed a single roll-call vote, a record unique among current Senators.

As we enter 2013, the economy and jobs remain my top priorities. As a senior member of the Defense Appropriations subcommittee, I am committed to keeping our nation secure and our skilled defense workers on the job. I secured funding to increase the shipbuilding programs at Bath Iron Works and advance essential modernization projects at the Portsmouth Naval Shipyard. I was honored to receive the Navy League's Congressional Sea Services Award for 2012 as the leading advocate for our maritime services and US shipbuilding.

Maine's economic future recently received a boost with significant federal funds for deep-water, offshore wind energy research and development at the University of Maine and in private sector firms. Maine has some of the strongest and most consistent winds off our coast, and we have some of the world's leading researchers. These funds will help Maine be a world leader in developing this clean, renewable energy source, ultimately resulting in the creation of thousands of good-paying jobs for our state.

As a leader on the Transportation Appropriations Subcommittee, I am also working to ensure that investments are made in our transportation infrastructure. Early last year, construction began on a modern, safe, and efficient replacement for the Memorial Bridge at Kittery, a project for which I worked to secure funding. Working with the State Department of Transportation, I also secured federal funding to replace the aging Martin Memorial Bridge in Rumford and the decrepit Richmond-Dresden Bridge. In 2013, I will continue to seek funding for improvements in our roads and bridges to make traveling safer and more efficient for our citizens and to facilitate commerce. It is also gratifying to see the heaviest trucks on the Interstates where they belong rather than on our downtown streets and country roads. This is the result of a law I authored in 2011.

Maine's environment is critical to our economy and the health of our residents. I opposed efforts in 2012 that would have weakened the landmark Clean Air Act and would have exposed our state to emissions from coal-fired power plants elsewhere. At the same time, I have continued to work with a bipartisan group of Senators to ensure that federal regulations on industrial boilers protect our environment without imposing onerous burdens on our forest-products industry and other manufacturers.

Many Mainers contacted me last year to express concern about the Postal Service, which is essential to our economy and our way of life. Last year, the Senate approved legislation I co-authored to help put the Postal Service on a sound financial footing since it has been losing billions of dollars. Although the House failed to act on our bill, the Postal Service has heeded my requests to keep open the vital mail processing center in Hampden. I will continue to work to ensure that all Mainers, regardless of the size of their communities, have access to the postal services upon which they rely.

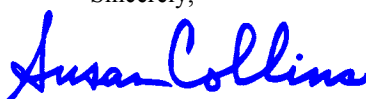

As the daughter of a World War II veteran wounded in combat, I know how important quality, accessible health care is for our veterans. This past year, I worked to ensure that our rural veterans' health care facilities are fully staffed and to strengthen our Veterans' Homes. Federal health agencies also began an investigation into whether Maine veterans were exposed to toxic defoliant chemicals while training at Gagetown, New Brunswick.

With shortages of medications putting patients at risk, I co-sponsored legislation to encourage manufacturers to report anticipated production problems to help avert shortages. Through this voluntary approach, more than 200 potentially life-threatening shortages were prevented last year.

While Congress averted a huge increase in tax rates for middle-income American families and small businesses, there remains a lot of work to be done to reduce our unsustainable \$16.4 trillion debt. It is essential that we do so in a responsible way, but that Washington stop delaying decisions that will help shape our economy and future prosperity.

I remain committed to doing all that I can to address your community's concerns in 2013. If I may be of assistance to you in any way, I encourage you to contact my state office in your area.

Sincerely,

A handwritten signature in blue ink that reads "Susan Collins". The signature is fluid and cursive, with the first name "Susan" and last name "Collins" clearly legible.

Susan M. Collins
United States Senator

United States Senate

February 6, 2013

Town of Kennebunkport
P O Box 566
Kennebunkport, Me 04046-0566

Dear Friends,

As I begin my service as your new Senator, I wanted to report to you on my first days in Washington. I have been assigned to four committees: Armed Services, Budget, Intelligence, and Rules. These appointments provide a great opportunity for me to take important and substantial action on behalf of Maine.

My position on the Armed Services Committee will allow me to honor our obligations to servicemen and veterans, as well as ensure the strength, efficiency, and sustainability of our military. Serving on the Intelligence Committee will similarly allow me to help guarantee the continued safety of all Americans. Our intelligence community plays a pivotal role in identifying and understanding security threats around the world, and I welcome the chance to engage in this vital process.

Without question, the expanding federal debt must be addressed in a significant and timely manner. Our federal government's systems of revenue and spending are out of balance; we cannot continue to spend beyond our means and pass on debt to future generations. As a new member of the Budget Committee, I will work to ensure that necessary spending is tempered with fiscal responsibility. There is no single solution to this multi-faceted problem, and any realistic budget plan must include both increased revenues and decreased spending.

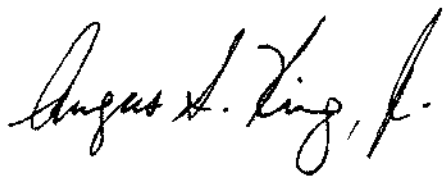

And finally, one of the most pressing issues that we face is the inability of Congress to get things done. Our Government has been slowed by bitter partisan gridlock, and this level of inaction is inexcusable. From my position on the Rules Committee, I intend to push for procedural reforms – including changes to the filibuster and requiring the disclosure of all political campaign donors. Our citizens deserve to know who is funding the outside expenditures that are now such a big part of political campaigns, even here in Maine.

Please remember that your individual perspectives are critical in helping me represent the diverse interests of Maine. Do not hesitate to share any thoughts, questions, or concerns that you may have. You can visit my website at <http://www.king.senate.gov> and provide your input there, or call my Washington office at (202) 224-5344. I also encourage you to visit or contact any of my

six state offices, which are listed on the website. Finally, you can keep in touch with me on Facebook at <https://www.facebook.com/SenatorAngusSKingJr>.

Again, I appreciate this opportunity to let you know what I am working on; in all of these matters, I am determined to be a strong voice for the people of Maine.

Sincerely,

A handwritten signature in black ink that reads "Angus S. King, Jr." The signature is written in a cursive, flowing style.

January 22, 2013

Dear Friend,

I hope this letter finds you and your family well. It continues to be an honor to represent you, and I wanted to take a moment to share with you some of the work I've done in Washington and Maine over the last year and look ahead to the rest of this year.

Given the partisan environment and lack of compromise in Washington, I have been looking for ways to help Maine people and the Maine economy that rise above those partisan differences.

One issue I worked hard on last year was local food and local farming. Farming—particularly smaller, sustainable farms—is a growing part of Maine's economy. For too long national farm policy has primarily benefitted giant agribusinesses in other parts of the country. So I introduced the Local Farms, Food and Jobs Act to bring local farmers the resources they need to keep growing.

Every five years, Congress is supposed to pass a farm bill, which sets the nation's farm policy. As we debated a farm bill last year, we were able to get most of the provisions in the Local Farms, Food and Jobs Act included in the legislation. Congress has yet to pass that farm bill, however, but we are working to make sure those important provisions that will help local farms in Maine remain included when they do.

Sometimes the most practical solutions don't even involve legislation or Washington. For example, as the lobster industry struggled with low prices and an oversupply of lobster last summer, I wrote to the heads of all the cruise ship companies that visit Maine. I was surprised to learn that none of them were buying local, fresh lobster for their passengers and I asked the CEO's of each company to consider doing so. I'm happy to say that a number of them agreed to buy lobster locally when their cruise ships made stops in Portland, and ordered thousands of pounds of Maine lobster for their passengers.

I am beginning this year with a new assignment to the House Appropriations Committee. This is a big responsibility, since it is the committee where virtually all the spending decisions are made. These decisions can have a real impact on Maine, from how much funding is available to shipbuilding to things like funding for first responders and schools.

Everyone agrees we need to reduce the deficit, but how we go about that is a matter of great debate. I believe we need to cut unnecessary spending but at the same time keep investing in the things that will grow our economy and provide a bright future for our children. And I'm sure we will debate those issues on the Appropriations Committee.

I want to also take this opportunity to remind you that I am always ready and willing to help you out if are having an issue with a federal agency. My office can make inquiries to a federal agency on your behalf; connect you with resources and more. No question is too small and we are always happy to hear from you. If there is anything I can do, please don't hesitate to contact me at (888) 862-6500 or www.pingree.house.gov.

Hope to see you in Maine soon,

Chellie Pingree

TOWN MANAGER REPORT

Town Manager Larry S. Mead

The residents of Kennebunkport had a very good year in 2012 as Justice G. Arthur Brennan ruled in favor of the Town in finding that the public had established a right to the recreational use of Goose Rocks Beach in its entirety. Judge Brennan's October decision followed a three-week trial at which a stream of residents testified that they had been using the beach routinely, and without objection, for scores of years. While this decision in favor of the residents of Kennebunkport is a huge victory, the final outcome remains to be decided in 2013 or 2014 by the Maine Law Court, which will consider the merits of the plaintiff's appeal of the lower court judgment.

An additional important milestone at Goose Rocks Beach was the successful outcome of extensive negotiations between the Town, over 50 beachfront owners, and 186 back-lot owners, leading to a mutually binding agreement for the public recreational use of the beach areas in back of each of the beachfront owners' properties. Residents flocked to a special town meeting on August 20 and overwhelmingly approved a new ordinance ratifying the beach use agreements, which were subsequently recorded with each property at the York County registry of deeds. Under the agreements, the public is guaranteed recreational use of Goose Rocks Beach on almost 60% of the length of the beach regardless of the final outcome of the beach lawsuit, a Beach Advisory Committee is established to help guide management of the beach, a permanent maintenance and operations fund is established, owners are assured a 25' preferred use area adjacent to their properties, on-street parking is limited to 173 spaces, and the Town agrees not to

propose future land use ordinance changes that would intensify the use of the beach. Kudos to the dedicated representatives of the Goose Rocks community who stayed at the table and negotiated in good faith over many weeks in the interest of upholding the common good and restoring the spirit of community at Goose Rocks. You know who you are!

School issues were front and center during the past year. Cost sharing was debated for the third time in the past few years, and the committee established by the School Board recommended changes that will increase Kennebunkport's share of the school budget while lowering that of Arundel and Kennebunk. The question of withdrawal from the RSU was topical in Kennebunkport in light of the proposed cost sharing changes as well as the Town of Arundel's consideration and vote on withdrawal. The Selectmen formed a committee to study the educational options available to the Town and a report detailing estimated costs of forming a separate school district was submitted to the Selectmen in May.

The third school related issue was proposed renovations to the Consolidated School. When the RSU-21 Facilities Committee recommended that proposed improvements to Consolidated be predominantly directed to health and safety issues with a reduced scope of work addressing space and functional limitations, the Board of Selectmen took the position that the renovations should be substantial enough to bring the school up to current state standards. Subsequently, the School Board appointed a Consolidated Building Committee to assess needs and make recommendations. The Building Committee has developed a renovation plan that would give Kennebunkport a facility that we could all be proud of and one that will create a teaching environment that will meet the needs of our students for the next 25 years. Looking ahead, voters from all three member towns of the RSU will need to make some tough choices in 2014 regarding what level of investment will be made at Consolidated, the High School, and Mildred L. Day School in Arundel.

Town voters gave approval to a number of ballot measures, including a Harbor Management Ordinance regulating the Town's coastal waters, limitations on horseback riding at Goose Rocks Beach, a prohibition of consumer fireworks, updates to commercial sign regulations, and adoption of Maine's uniform building code (MUBEC).

Voters also approved the final sections of the Town's Comprehensive Plan, concluding a determined and dedicated effort by members of the Growth Planning Committee to get voter approval of an updated plan. Congratulations to all of those who served on the GPC over the past seven years. You deserve a service medal!

Planning work was done in three different project areas that deserve mention. The Lighting Committee submitted to the Selectmen a study of pedestrian lighting needs in the Village area between the North Street parking lot and Green Street. The Central Maine Power lighting fixtures in this area mostly date from the 1950s. The time is approaching when they will need to be replaced, and it behooves the

Town to be proactive so that we are not constrained by the choices available from CMP, which remain limited.

A pedestrian traffic study was conducted in and around Union Square at the intersection of Union Street and Ocean Avenue. The summer months bring a predictable conflict between pedestrians and vehicles in this location. The existing pedestrian crossings and sidewalks are indisputably inadequate to the demand as the study data documents. Several options were developed to improve traffic interactions at Union Square and recommendations will be forthcoming next year.

Staff also began planning work on improvements to Wildes District Road, one of the Town's oldest roads. Much of Wildes District Road needs to be repaved. However, the needs go beyond surface paving. The road base is very poor for most of the road's length, and the narrow, winding layout creates hazards for pedestrians and bicyclists, not to mention vehicles. Using aerial photography and field work, a preliminary plan was completed that locates structures, trees, walls, utility poles, culverts and more on both sides of the road for its full length. In the year ahead, Town staff will invite residents to provide input on the plan to improve the road.

The Highway Department's garage received a new roof structure, as well as a ventilation system and new lighting. This will certainly lower the energy consumption in the building, saving money each year. In addition, the ventilation system and roof structure will dramatically reduce the amount of moisture in the building that should lower maintenance costs on the Department's trucks and improve working conditions for Department personnel.

It is difficult to come to terms with Mat Lanigan's death at a much too young age. Mat was a hard working Selectman. He lifted spirits whenever he came into the Town office, quick with a kind word and a laugh. He is sorely missed.

Larry S. Mead, Town Manager

ASSESSING DEPARTMENT REPORT

The 2013 mill rate rose to \$6.90 per thousand, up a little less than 1 percent from last year. The taxes were committed to the Tax Collector on July 26, 2012, with due date of September 10, 2012, for the first half and March 11, 2013, for the second half.

The 2012 assessed valuation of the Town was \$1,843,733,310. Based on the \$6.90 mill rate, the sum of \$12,721,759.84 was committed to the Tax Collector. The 2013 assessment ratio is 100 percent of market value based on the sales that took place prior to April 1, 2011. All records in the Assessing Office are open to the public and available for review from 8:00 A.M. to 4:30 P.M., Monday through Friday. Assessing data is also available on-line by visiting the Town's website at www.kennebunkportme.gov and following the Assessor's Database link to the Vision Appraisal website. If you have any questions regarding assessed values, please call (207) 967-4243 extension 102.

Werner Gilliam continues to serve in a multipurpose role with the day to day assessing responsibilities along with functioning as Town Planner. Donna Moore Hays, a Certified Maine Assessor, continues to serve the Town as a professional consultant.

This is the third year we have had tax map data available via the GIS Maps link. We continue to update and add more information to this site. Paper maps are also available for display within the Assessing Office at Town Hall.

We would like to also mention that veterans of wartime service and un-remarried widows of veterans are eligible for a partial tax exemption if certain criteria are met. There is also a Homestead Exemption for residents who meet certain residency requirements. Please call or stop by the town office where these forms and applications are available. Both have to be filed on or before April 1 of the year in which they are to take effect.

In closing, we would like to thank the Town Manager, the office staff, the residents of the Town, and the Board of Assessors/Selectmen for their cooperation and support during the past year.

Donna Moore Hays, CMA
Assessors' Agent

Werner Gilliam
Assessor's Assistant/Town Planner

CODE ENFORCEMENT OFFICE REPORT

Residential building was up from last year, as well as commercial construction and many renovations this year. The new restaurant/hotel project in Dock Square was nearing completion, as well as projects at Goose Rocks Beach.

We issued 12 non-subdivision growth permits for new residential dwelling units, which was two more than last year. The zones with the greatest number of new dwelling units built were Cape Arundel and Village Residential East both with 3, followed by Goose Rocks and Farm and Forest each with 2, and Cape Porpoise West and Free Enterprise each with 1. The total number of permits issued for the year was 315.

Daily code enforcement activities continue to include examining building plans; issuing growth, building and plumbing permits; and performing job site inspections, as well as inspections at more than 60 B&Bs, inns, hotels, restaurants and shops in town. The code enforcement secretary continues assisting with the abatement process that came from the revaluation that was done, working directly with the Board of Assessment Review, the Assessing Department and the residents going through the process. The Code Enforcement staff continues to also assist the Planning Board and Zoning Board of Appeals members as well as their applicants, and as always, we thank all of our respective Board members for volunteering their time. It is a pleasure to work with them.

KENNEBUNKPORT EMERGENCY MANAGEMENT AGENCY REPORT

A January 1933 storm caused severe damage to several cottages along Goose Rocks Beach when their seawalls were destroyed.

Kennebunkport Emergency Management maintains the Town's Comprehensive Emergency Plan and works with local, county, state, and federal officials to prepare for possible disaster situations. In an actual emergency, we will establish an Emergency Operations Center and coordinate our community's response to the situation.

Jim Burrows serves as Emergency Management Director, a volunteer position he has held since 1974. He is assisted by Dick Stedman, who has served as Deputy Director since 2003. Public Health Officer and Town Nurse Judy Barrett serves as the Town's Shelter Officer.

There were no federal disaster declarations for York County in 2012. However, the advance of Hurricane Sandy up the East Coast caused considerable concern as initial projections indicated that the storm could make landfall as far north as our area. Public safety department managers began preparations for a major storm. However, these plans became unnecessary as Sandy instead pummeled the New Jersey coast and New York City. On the northern fringe of Sandy's path, Kennebunkport experienced just some elevated winds and brief power outages.

THE LOWELL SUN

LOWELL, MASS. SATURDAY JANUARY 28 1933

N. E. COAST FEARS HIGH TIDE

Three Cottages Washed Into Sea

KENNEBUNKPORT, Me., Jan. 28. (AP)—Three summer cottages were washed into the sea at Goose Rocks here today under the heavy pounding of the northeast storm which has battered the coastline for 24 hours.

They were owned by Mrs. Grace Burnham, Pawtucket, R. I., Craig Lothrop, Brookline, Mass., and a man named "Libby."

Town officials estimated the loss at \$35,000.

In any disaster situation, protecting the lives of our residents and visitors is always our highest priority. Of special concern are those residents who for health or other reasons may need help during a major emergency. If you believe you may need assistance during a disaster situation, please call the Kennebunkport Communications Center at anytime at **967-2454** or **967-2700** to advise us of your situation. As always, if you have an immediate emergency, please call 9-1-1 without delay.

Once again, we remind all property owners in Kennebunkport to be certain that you have displayed the street number for your property in a prominent location and clearly visible from the road so that Police, Fire and KEMS personnel can find you without delay in an emergency. This number is becoming of increasing importance in an era when many people no longer maintain a land-line telephone, and instead, rely on a cell phone for all communications. Calling 9-1-1 from a cell phone provides only a general location and not a specific, verified street address to our Communications Center. Emergency personnel will need to find you based on signage and your knowledge of your location. If you maintain rental property, numbers displayed on the house may be the only way your tenants will know their actual location.

Jim Burrows, EMA Director
Dick Stedman, Deputy EMA Director

KENNEBUNKPORT FIRE DEPARTMENT REPORT

Kennebunkport firefighters conduct structure fire training under simulated conditions at the Seacoast Training Facility in Ogunquit. If any Kennebunkport property owner may be considering demolition of a building, please contact us! We are always seeking suitable buildings in which we may conduct realistic training!

The Kennebunkport Fire Department consists of over 75 volunteer members responding from the Town's four stations: Cape Porpoise, Goose Rocks Beach, Port Village, and Wildes District. We presently operate 11 pieces of fire apparatus, plus 2 small boats for water rescue.

Kennebunkport's firefighters are men and women of all walks of life who are committed to the safety of our town. We are a volunteer "call force" and are paid only for response to calls and some training time. We respond to fire calls, motor vehicle accidents, water rescue situations, hazardous materials incidents, missing person searches, and many other types of emergencies. During severe storms and other disaster situations, we stand by to assist the community in any way that may be needed. We routinely provide mutual aid assistance to the fire departments of Arundel, Biddeford, Kennebunk, and Wells.

Kennebunkport firefighters train regularly in many areas of our operations. Over 40 of us are trained and state-certified in structural firefighting at the Firefighter 1 or 2 level. Many of us have completed training in HAZMAT and Weapons of Mass Destruction Operations, automobile extrication, ice and water rescue, technical rescue, wildland firefighting, and many other specialized areas.

During 2012, four members completed their state certification as Firefighter 1 and 2, either through in-house programs or the York County Chiefs' Fire Academy. These members are Matt Philbrick, Leon Rossouw, Dan Saunders, and new member Stevie Souza, each of whom spent at least 240 hours training toward this objective.

Also during 2012, all members who operate our fire apparatus underwent an evaluation process to remain qualified to drive emergency vehicles in accordance

with new state guidelines. In addition, qualified drivers are required to complete an Emergency Vehicle Operations course or to have completed a Commercial Drivers License training program.

Last year, we were fortunate to have four new members join our ranks! We welcome Josh Bolstridge, Gerry Dworkin, Max Hutchins, and Stevie Souza. If you are interested in learning more about what we do and possibly becoming a member, please call the Fire Department business office at 967-2114 or ask any Kennebunkport firefighter. Your inquiry may lead to the most rewarding thing you have ever done!

Dick Stedman, Fire Administrator

District Chief Jim Burrows instructs our Town Hall staff in the proper use of fire extinguishers.

CAPE PORPOISE PIER HARBORMASTER REPORT

Those currently using the pier at this time are: 47 fishing boats, 31 recreational boats and 4 lobster dealers.

Pier Dues did not increase in fiscal year 2013 and remained as follows:

Dealers	\$715.00
Lobster Boats	\$605.00
Recreation	\$400.00
Punt Fisherman	\$310.00

Progress is being made on our mooring program. Data is being collected and so far permits have been issued to a 170 moorings in the Kennebunkport waters. This data has been collected through word of mouth and by tagging moorings. There are approximately 100 moorings that remain unregistered, most of which are in the Goose Rocks Beach area. If you have not had your existing mooring permitted, please see me or call at 207-967-5040.

All moorings that have been issued a permit must have their permit numbers clearly visible on the mooring ball. All persons paying pier fees at Cape Porpoise pier must also have their permit number clearly visible on their punts that are stored at the punt float. All unmarked punts will be removed. Thank you to all of you that have contacted me and received your permit. Your cooperation is greatly appreciated.

We had a few repairs done to the bait shed last season. Southern Maine Refrigeration replaced the evaporators in the cooler as planned, and Robert Zuke Builders, Inc. resingled the roof and replaced trim boards. In the spring, I will do the siding work and paint the bait shed.

For your safety and the safety of others, please be prepared before heading out to sea. Take a boater's safety course, check marine forecasts, tell someone where you are going, and always wear your life jacket. It is also a good idea for kayaks and personal watercraft that do not need to be registered to have the name and contact information of the owner placed somewhere it can be seen so that it may be returned to you if lost. Have a fun and safe boating season.

Lee F. McCurdy, Harbormaster

KENNEBUNK RIVER HARBORMASTER REPORT

The 2012 boating season got underway in mid-April with the biennial mooring inspections that involved about 35 of the 68 total moorings we have in the Kennebunk River. The mooring work barge had undergone a complete overhaul of being sandblasted, repainted, and repaired where needed, which made the job that much easier to perform. It was observed during inspection that most of the upper mooring chains were in poor condition from corrosion and constant movement in the strong tides we have. These “top” chains were 3/8 inch galvanized marine grade mooring chain when newly installed, and are rated for the vessels we have on them. However, due to the rapid rate of corrosion in two years time, I have now opted to increase the size of the “top” mooring chain to 1/2 inch diameter and the best marine grade possible. While this is only a slight increase in cost, it is of great insurance and peace of mind that the vessels will be safe on the moorings. The “bottom” chains will remain at 5/8 inch, and 5/8 inch shackles will be used throughout.

The moorings are inspected visually top to bottom biennially, with the optional use of the work barge for the flat rate fee of \$100. Any tackle deemed unsafe will be replaced by the Harbormaster. The owner of the mooring will be required to repay the Town of Kennebunk for any new tackle that was replaced.

Prior to any inspection work being performed however, the owner will be given the option to do the work themselves with a visual final inspection by the Harbormaster, or have the Harbormaster conduct the job completely.

A mooring inspection form will be included with the mooring registration if the mooring is due for inspection. The form will need to be signed and returned indicating the owner’s option for conducting the required inspection.

Mooring registrations are \$150 for both nonresidents, and residents. Mooring registrations for commercial use are \$100.

The Town has two transient moorings for the nightly use of \$25 per night, with a three night maximum stay.

Please call 207-205-0991 for transient mooring reservations, or if you have any other questions about the moorings in the Kennebunk River.

There is a waiting list for obtaining moorings in the Kennebunk River. This list can be viewed on the Kennebunk Town website, and an application can be downloaded as well. There are approximately 50 persons on the waiting list at this time.

The 2012 season also included the arrival of the brand new Harbormaster boat, which is a 16 foot rigid hull inflatable with a 50 hp outboard. The nimble and practicable boat allows easy access to points above the Route 9 bridge at times of high tide. It is also very convenient to tie alongside of other boats without damage,

to go to areas where it is low water such as small creeks and inlets, and to be able to put on a beach when needed.

I would like to thank the Kennebunk River Committee, Kennebunk and Kennebunkport Selectmen, Town Managers, Kennebunk Police Department, and all who were involved to make this possible as it has been long overdue.

Each year, the Kennebunk River is increasing in boating traffic from very large motor yachts, to paddle boards and kayaks. On a typical mid-July weekend, the river from the Route 9 bridge seaward can be especially crowded with such a mix of vessel traffic.

As the popularity of paddle boards and kayaks are on the increase, I would like to urge these operators that you **must** obey the Navigational Rules of the Road.

When paddling your board, canoe, or kayak, you are considered a vessel like any other boat on the water. Powered or not, you must stay to the right of the channel in the direction of travel, and as far to the right as possible. Always be aware of what is behind you, and let any vessel larger than you, pass you.

When you are in a group and needing to cross the channel, cross at a right angle to the channel, so that your presence in the channel will be as brief as possible. Move as swiftly as possible as a single unit. Please do not let the group spread out. This will help the operator of an oncoming vessel avoid the group. If the group is large, assign end boats so the group does not spread out too wide on either side. A group might have to wait for a break in passing traffic. When waiting, have all members of the group lay down their paddles if possible, so the passing boaters will know they have the right of way. Allow any oncoming vessels to pass, and then cross astern of them. Also, do not cross too close behind large vessels. Beware of turbulence being kicked up by the vessel.

For power boats a “No Wake” rule is strictly enforced on the Kennebunk River. Your speed is only allowed to be “headway speed only,” which means the slowest speed a vessel can operate while maintaining steerage. You are responsible for your wake and any damage or injury you cause.

In closing, please be courteous to one another whether you are on a paddle board or operating a large vessel. Make sure you have adequate life jackets for all persons on board, along with the necessary safety gear for your vessel.

It’s always a short boating season, so let’s safely enjoy it to the fullest!

Thank you for your cooperation,

Raymond Billings, Kennebunk Harbormaster

HIGHWAY DEPARTMENT REPORT

The 2012 winter was one of the milder winters on record with not a lot of snow falling and the frost barely taking hold, making for an early spring. In between winter road maintenance, other winter work included a lot of roadside brush and vegetation clearing, including Beachwood Avenue, Winter Harbor Road and portions of Goose Rocks Road.

Spring cleanup occupied much of April with streets being swept throughout town. Other spring work included painting crosswalks and finishing up the sidewalk project on Pier Road by altering the curve radius near head-of-the-cove. Portions of the Police Station were painted and wood rot repaired. The crew got a start on extending the road shoulder on portions of Ocean Avenue. The crew did extensive work on the Whitten Hill Road, replacing culverts, improving drainage, widening and fixing shoulders, and installing erosion control in ditches. Following this preparation, the road was reclaimed, graded and paved. The Whitten Hill Road is much improved along its entire length. Catch basins were repaired on Ocean Avenue. The crew continued work to widen and prepare the road shoulder on Ocean Avenue between the Wanby and Elizabethan Drive. This work is to prepare for paving with a goal of improving safety for bicyclists and pedestrians on the back-side of Ocean Avenue, eventually continuing to Turbats Creek Road.

In addition to Whitten Hill, the following roads were paved: Broadway, Community House Road, Dorrance Road and Hayward Avenue.

I would like to thank the Highway Department crew: Eric Smith, Scott Lantagne, Ray Leskowsky, Rick Merrill, Kevin Paradis, and Mechanic Russ Welch for their great work in 2012.

John Hirst, Highway Superintendent

TOWN MECHANIC REPORT

Since last year's town report, many changes have occurred to the Highway Department's maintenance/storage building. The building has been upgraded with a new high efficiency roof system, new propane unit heaters, ventilation system with nitrous oxide, carbon monoxide, and high humidity sensors. New high efficiency T-6 florescent lighting was also installed.

In the midst of the upgrade, a new 10,000-lb two post auto lift was delivered and installed. The offset arm design is very user friendly, and it is much safer now to work under the Town's heavier pickup trucks.

The 2011 International plow truck was finally delivered in the early spring (2012) after the plowing season was over. The equipment installation and paint was excellent.

The latest 2012 International plow truck was completed and delivered the first week of January. After radio equipment was installed, the truck was put into service.

After many years of use in bad weather and a constant bath of road salt and calcium chloride, the Town's eight to ten year old trucks are being consumed with rust. Some body rebuilding or replacement will need to be addressed at some point.

Russell Welch, Town Mechanic

PARKING LOT/DOCK SQUARE REPORT

2012 was another great year for the parking lot. We grossed \$326,100 in revenues. As usual, our staff, the police, and highway departments all contributed to a very successful summer.

Rusty (Anne) Zeddis, Parking Lot Manager

PARKS AND RECREATION DEPARTMENT

Another year of fun and games!!!

Collaboration was important in 2012. Our site-based after-school program with Big Brothers/Big Sisters continued to flourish. "Stuff the Bus" to benefit the local food pantry, one with Kennebunkport Public Health, and one with the schools' PTAs, was very rewarding. Our fall soccer program had a professional coach through Maine Premiere Soccer to lead weekly clinics for players and coaches. We hosted the Brazilian Soccer Camp and the Southern Maine Rugby Lobster Pot tournament on Parson's Field.

We were blessed with countless dedicated volunteers who served as coaches, referees, trip leaders, park stewards, etc. The second United Way Day of Caring had students from the New School in Kennebunk, Portside Rotary, and other volunteers at Beachwood Park for spring cleaning, planting of shrubs, and working with the Highway Department to lay drainage pipe on the back side of the tennis courts. Portside Rotary returned in the summer to hang new swings and in the fall to stain picnic tables and complete a seasonal clean-up. Mother Nature was not as cooperative and maintaining ice at The Park at Crow Hill was a challenge.

Our regular programming included Kennebunkport After-School Adventure, Early Release Wednesday trips, vacation activities, summer day camp and programs such as swimming, archery, mini-golf, Quick Start Tennis, kayaking, and youth golf clinics, Outdoor Adventure for middle school students, youth sport programs in basketball and soccer for pre-school through 6th grade, and lacrosse through 5th grade. We hosted Eliot Community Services at our summer day camp before going

to see Circus Smirkus at Rockin' Horse Stables. Discount tickets to Funtown/Splashtown, Water Country, and Portland Sea Dogs were available in our office. We featured a Mad Science week-long camp in the summer and held after-school Mad Science programming as well. Special events included our Mother/Son bowling, the annual Sweetheart (Father/Daughter) dance, the MRPA HotShot basketball competition, Arundel Barn Playhouse performance of Rogers and Hammerstein's *Cinderella*, and two Prelude craft fairs.

Our seniors were "on the road again" with trips averaging one a month. We enjoyed luncheons at the Southern Maine Community College Culinary Arts Center, viewed exhibits at the Portland Museum of Art and the Farnsworth Museums, saw *Burt and Me* at the Hackmatack Playhouse, cruised Lake Winnepesaukee on the M/S Mount Washington, and were thoroughly entertained by the PSO's Magic of Christmas. We received free admission to The Hal McIntyre Orchestra, to Maine's 195th Army Band, and to "Country Roads: The Music of John Denver and Dan Fogelberg" at the OOB Pavilion thanks to the generosity of the Howard L. Green Foundation.

As we look to 2013, we will continue the theme of "Building the Citizen of Tomorrow" in our youth programs. Further collaboration with Portside Rotary at the newly re-named Rotary Park at Beachwood will bring about more much-appreciated change. We also plan to introduce disc golf in a local park, try something different with the Collette Canyon Tour in late September, and commit to on-line program registrations. What do you want to do? Please share your ideas.

Carol G. Cook, Director of Parks and Recreation

PLANNING DEPARTMENT REPORT

2012 was a busy year in the Planning Department with a number of significant changes. Work on the Comprehensive Plan has reached a milestone. Thanks to the Growth Planning Committee, all chapters have been reviewed and updated from the original 1996 plan. After a short break, the Committee has begun to move forward with proposals for implementation. Other significant planning projects include:

FEMA

Three years ago FEMA released their preliminary floodplain maps which indicated some drastic changes for most coastal properties. As previously reported, these maps were rescinded due to considerable objection from many coastal communities which resulted in FEMA proposing a new process entitled RISK MAP. As reported last year, FEMA was also interested in re-mapping inland floodplain areas. As a result, Robert Gerber of Ransom Environmental was hired to determine a process that allowed us to map our own inland floodplains in such a manner that would be easily integrated into the remapping process. This project has been completed and submitted to FEMA. Once revised preliminary maps have been released, all affected property owners will be notified. We are projecting that revised maps will become effective June 2014. Continued thanks also to Senator Susan Collin's office for remaining diligent in assisting with this process.

ON-LINE GIS

We continue to add more information to the Town's online GIS maps. Soon to be available will be updated imagery flown in 2012. This imagery was part of the Maine GeoLibrary Orthoimagery Program. By participating in this statewide program, we were able to purchase these services at a substantially reduced cost. Use of these web tools continue to be high and well received. Property owners needing assistance with this service may call or e-mail Werner Gilliam at 967-4243 ext. 102 or wgilliam@kennebunkportme.gov.

ORDINANCE REVISIONS

Voters approved the new waterfront ordinance which provides for clear standards regarding the placement of moorings in all coastal areas with the exception of the Kennebunk River. Boat owners looking to have a mooring are encouraged to contact Harbormaster Lee McCurdy at 967-5040 or e-mail lmccurdy@kennebunkportme.gov.

Kennebunkport now follows the Maine Uniform Building Code as created by the state a few years ago. This helps provide for uniform construction standards among Maine communities

Werner Gilliam, Planner

POLICE DEPARTMENT REPORT

The Police Department on a cold winter day.

The year 2012 brought change, anticipation, and reevaluation to the Kennebunkport Police Department. Many policies such as, Use of Force, High Speed Pursuits, and Receiving Complaints, have been updated to bring the agency into compliance with not only state mandates but also industry best practices. We continue to work on physical areas of the police department where needed upgrades have happened with continued budget support. The prisoner processing area got a new bench to assist in the security of prisoners, a multi-use sink, and eyewash station. The police station received new paint on the exterior along with repairs to the front porch and railings. The process to fix other areas will need to be a priority in the future to provide a safe work environment for our employees and maintain the facility.

The department took the initiative to look into the future and saw that costs and availability of ammunition for the then current weapons carried by officers would be problematic. The decision was made to change to a smaller caliber as well as upgrade to a safer holster system. With trade-ins and a need to be wise with the budget, the transition was made with minimal cost and obvious savings looking ahead.

We continue to be proactive in getting out and being seen in neighborhoods, schools, and businesses. Officers conducted over 2,500 foot patrol details during 2012 in all areas of the community around the clock. The feedback has been positive, and citizens are encouraged to approach officers and interact with them.

In 2012, one of the ways we looked at saving money while continuing to provide the level of service of years past was the introduction of the "Community Safety Officer" (CSO). The CSO is a civilian position that monitors parking locations, walks in the neighborhood and business district, and patrols the beach. The CSO helps with directions for visitors as well as functioning as another set of eyes for the police department. The CSO receives training at the police department in many areas that range from the process for issuing a parking ticket to radio communications.

The department said “good-bye” to Sergeant Steven Shisler after 20 years of dedicated service to the citizens of Kennebunkport. He decided to retire and take a position in his hometown. The department held a cookout at the police station in his honor where he was presented with a large shadow box to remind him of his years of service. We will miss him, but we move on with wonder as we look for a new officer to fill the vacant position.

The Communications Department has had some computer upgrades as well as a change in some of the software it uses. The dispatch center had a seamless transition over to narrow band communications which are mandated by federal regulations by 2013. They continue to give a level of service to the public which is unmatched by other similar municipalities.

This year was my first full year as Chief, and I am proud to be part of the Kennebunkport Police Department. I have been in law enforcement for over 26 years and have never witnessed such dedication to service, community, and professionalism as I see on a daily basis from the men and women of this agency. I thank each of you for your service and for the willingness to adapt to changes that have been implemented in hopes of making the agency grow and improve.

I must give a special thanks to all town employees who support the police department every day. Our job can be difficult but would only be harder without your unwavering assistance in our times of need. And to the citizens of Kennebunkport, I thank each of you for the support given to this agency. Without a solid partnership with the community, our mission would be almost impossible. I look forward to serving this fine community in the years ahead.

Craig A. Sanford, Chief of Police

PUBLIC HEALTH AND NURSING SERVICE REPORT

The Kennebunkport Public Health Department is located at 101 Main Street, sharing the site with the Kennebunkport Police/Communications Departments. A nurse is in the office Monday-Friday, from 8:00-9:30 a.m. and from 1:00-2:00 p.m.

Messages may be left on the nurses' answering machine by calling 967-4401. The on-call nurse checks the machine for messages on weekends and holidays. Any messages left after 4:00 p.m. will be returned the following morning.

Residents are encouraged to visit the nurses during office hours for blood pressure readings, blood sugar evaluations, dressing changes, treatments and consultation. The office provides a variety of free resources and materials regarding disease prevention, health promotion/education, and community events.

The Public Health Department continues to actively promote programs that focus on improving the health and welfare of our community members. Our service provides skilled nursing care in residents' homes as well as at the Public Health Office. Able Home Health, Coastal Rehab, Gentiva and Interim Health Care assists our staff by providing Medicare and private insurance covered services such as occupational therapy, physical therapy, speech therapy, home health aides and certified nursing assistants. The Public Health Department is Medicare B certified.

The nurses made 2,234 home nursing visits and 420 health supervisory home visits. Residents made 363 office visits for treatment and 307 for consultations. We would like to remind residents that the Public Health Department has a free durable medical equipment loan closet; this closet is funded by the Health Council. Articles include wheelchairs, walkers, commodes, toilet risers, crutches, and canes.

Two Health Officer complaints were filed and responded to by the Public Health Administrator. All Health Officers were to be certified by July 1, 2010. All Health Officer complaints are directed to and investigated by your Public Health Administrator. Kennebunkport remains in compliance with this policy.

The Public Health Administrator administers the General Assistance Program as well as the social service programs for Kennebunkport residents and guests. The status of this function can be found in the General Assistance report.

Our annual Flu and Pneumonia Clinic was held September 26. We administered 250 doses of high and regular dose flu vaccine and 9 doses of pneumonia vaccine. The Public Health Department continues to be responsible for the Hepatitis B administration and TB testing programs for town employees, volunteer Fire and KEMS.

A free hearing clinic was conducted by Marti Andrews, M.A., and C.C.C.A.

The Public Health Department and KEMS sponsored adult and child CPR as well as AED classes for the community. We are also joining forces with KEMS to have the new bright orange emergency information refrigerator cards in every Kennebunkport household. Please contact either KEMS or the Public Health Department if you need cards or assistance with completing them.

On June 9, the Public Health Department and Nelson Analytical Lab/Kennebunk sponsored our annual Well Water Testing Day. There are over 1,000 Kennebunkport households who have well water as their water supply. It is extremely important to have your well water tested every year for a dug well and every three years for an artesian well. We had 47 families participate. Of those samples, 21% were positive for total coliform bacteria and some level of arsenic was found in 6.4%. Of those tested, 100% were below the maximum contamination level for fluoride. We are in hopes that as more Kennebunkport residents become aware of the importance of maintaining safe drinking water and the ease of obtaining a sample, that testing the home well water status will become part of the household's yearly maintenance tasks.

Residents are reminded not to discard unused prescription and over-the-counter medications in household trash or sewer/septic systems. Please deposit your medications in the large green secured box located in the Police Department's lobby. NO SYRINGES. Disposing medications in your septic or sewer system can adversely affect the systems efficiency as well as influence the status of our watersheds. Those who are using sharps such as syringes to treat diabetes and

various illnesses, please bring them to our office for disposal in our Hazardous Wastes container. Proper disposal is the key factor to prevent accidental needle sticks by family members, trash handlers and pets. Kennebunkport Public Health and Police Department participated in the drug disposal project sponsored by the Maine Attorney General's Office.

The Kennebunkport Public Health Department continues to manage the Healthy Maine Beach Program and post, per EPA guidelines, an advisory when the enterococci bacteria level is over 104 colonies of bacteria. The Healthy Maine Beach team had a busy summer. Every Tuesday morning at 7:30 A.M., they collected the required data and were up to their waists obtaining water samples. If there was an elevated sample, a retest was done until the level of bacteria was below the mandated advisory posting level. An elevated enterococci bacteria advisory was posted five times. On June 6, the sample reading was 958, this season's highest at Site 3—Goose Rocks Beach. The Colony Beach reading was 238. Watershed education continues to be a major focus of this program. *Healthy Maine Beach* and *Healthy Maine Boating* pamphlets were distributed throughout the summer.

As part of the outreach efforts, Linda Hanna and Bob Osthues presented an awareness of beach water quality and sample testing to the children attending summer camp at the Community House. The summer of 2012 dedicated water sampling testing team consisted of Linda and Steve Hanna, Bob Osthues, Lee McCurdy and Judy Barrett. The Portside Rotarians, local lobstermen, and volunteers from the Conservation Commission and Kennebunkport Trust conducted two huge beach/island clean-up days.

The Kennebunkport Health Council invites any resident of the Town who is interested in the health and social welfare of the community to join the volunteer board. Please contact the Public Health Department for meeting dates and times.

We wish to extend our appreciation to Willard Stitzell, D.O., the members of the Kennebunkport Health Council, the Healthy Maine Beach volunteers, and to all who have assisted us in our efforts to maintain a healthy community. We also wish to thank all of our patients' families and friends who remembered our office with memorial donations.

Judith A. Barrett, R.N., B.S
Susan Y. Jackson, R.N.

GENERAL ASSISTANCE REPORT

General Assistance Program

The General Assistance Program is mandated by the State of Maine legislature. All recipients are responsible for meeting their own basic needs by any means available before applying for General Assistance. All eligible recipients are required to perform workfare; a failure to do so or falsifying information on an application results in an automatic disqualification of benefits for 120 days in any Maine community or township. Kennebunkport's General Assistance Program passed the Department of Health and Human Services 2012 audit.

Eighteen General Assistance applications were filed during July 1, 2011, and June 30, 2012. Eleven applicants qualified for the State of Maine General Assistance Program. The number of actual applications filed does not reflect the residents who requested an application and a meeting to discuss the process, but then decided not to apply for this program mostly due to the budget review and accountability process. As Kennebunkport's G.A. Administrator, the focus continues to be assisting residents with finding resources that meet the escalating rental, mortgage, food or heating costs.

During the winter of 2011–2012 the Kennebunkport Emergency Fuel Program provided for 52 emergency fuel deliveries of 100 gallons. This program is funded by donations. Your generosity is assisting many families who would be struggling to keep warm. The Kennebunkport Emergency Fuel/Food Program has enabled me to dedicate all funds budgeted toward the State of Maine General Assistance Program to be used for housing assistance. Affordable housing and lack of medical coverage, especially for nonemergency care continue to be the major problems that are placing our families in crisis. In the past, completing an application and budget review before a G.A. Administrator could refer a resident to a social service program was not necessary. It is currently a requirement for the majority of social service programs. It takes time to assist residents or a relative who need guidance as to where to start through the maze of options in both the private and governmental sectors. It is becoming more and more difficult to find additional resources for our residents due to the federal and state cutbacks in funding in the social service and medical areas.

York County is fortunate to have three medical/dental clinics to provide care for those without insurance. Note: In the State of Maine, a dental issue is one of the four top reasons for an emergency room visit. The lack of routine dental care is a major contributing factor to several chronic medical conditions.

The Biddeford Free Clinic

189 Alfred Street

Food Distribution

My major concern as your General Assistance Administrator is the number of families who are experiencing difficulty with providing meals for their household. Requests for access to the local food pantries, soup kitchens and the State of Maine Food Stamp Program continue to rise at an alarming rate.

The residents of Kennebunkport are extremely fortunate to have several resources to assist them. The Church Community Food Panty was utilized 64 times this past year by Kennebunkport families. To access this program, residents must contact the Public Health Department at 967-4401, Monday—Friday. The Church Community Outreach Service also offers a fresh produce/bakery goods distribution every Friday afternoon, 1:00 P.M., at Saint Martha's Church, Route One, Kennebunk. Kennebunkport residents have also obtained groceries at the York County Shelter and area soup kitchens.

The monthly Surplus Food Distribution Program is held on the "teen" Tuesday of the month, from 12:00—12:30 P.M., at the Dorothy Stevens Community Center, Thompson Road, West Kennebunk. This distribution is sponsored by the General Assistance Departments' of Kennebunk and "the Port." All food is obtained through the Food Rescue Program out of Jagers Mills, Sanford. At this time, I would like to extend a special thank you to all who donate nonperishable food at the various collection sites, and to those who pick up the goods at grocery stores and bakeries and deliver them to our county food pantries, soup kitchens, and shelters. Thank you the stockers of shelves, the packers of boxes, and the special needs shoppers. Thank you to the Plant-A-Row volunteers who are out in the fields gleaning fruits and vegetables, and to the home gardeners and farmers who dedicate part of their harvest to feed our neighbors. Thank you to those who took time out of their busy holidays to shop, pack, and deliver holiday dinners. And, last but not least, the Kennebunkport Health Council for sponsoring Stuff the Bus on both Election Days. Kennebunkport residents filled the pantry shelves and corridors.

Back to School Needs

This past fall, we again sponsored Stuff the Backpacks. The outpouring of donated school supplies was tremendous, far exceeding our expectations. We were able to provide and fill 37 backpacks and 5 HUGE boxes of supplies for our school children.

Secret Santa provided Christmas gifts for 10 Kennebunkport families. Fifty-two holiday dinners were delivered. There was no Salvation Army activity this past year.

Used cell phones are collected for Shelter Alliance to assist Caring Unlimited. Please leave them at our door, and we will be sure to pass them along to the appropriate agency.

General Assistance Administrators

The York County General Assistance Administrators continue to meet with various federal, state and private sector representatives to review methods of funding and alternative resources to meet community residents' basic needs. General Assistance Administrators are also required to attend Department of Human Service classes to keep current with new legislation.

Thank Yous

A special note of thanks is extended to the Kennebunkport Health Council, Wildwood Fire Company's Ladies Auxiliary, Church on the Cape, He Cares Ministry, Village Baptist Church, Secret Santa, Senior Elves, the Church Community Food Pantry, Seacoast Garden Club, American Legion Auxiliary, Eastern Star, Portside Rotary, the Kennebunkport Village and Goose Rocks Beach volunteer fire members. I would also like to thank those in our community who donate their time and resources to help the less fortunate in our community.

Any resident of Kennebunkport who is in need of assistance to meet a basic need, or who has any questions concerning federal, state, or county programs is encouraged to call the Health Office at 967-4401.

Judith A. Barrett, R.N., B.S.

REGISTRAR OF VOTERS REPORT

In Maine, we hold caucuses to determine which candidate each party supports as the nominee for President of the United States. For all other federal, state and county offices to be elected in November, the candidates for each party are chosen at primary elections in June. The Presidential caucuses were held in February. The local Republican caucus was held at the Rhumb Line Resort. The Democratic caucus was a joint caucus with Kennebunk, Kennebunkport and Arundel which was held at the Kennebunk Town Hall auditorium. There were large turnouts at both caucuses. It is real grass roots democracy and being even just a small part of it was exciting.

I registered hundreds of new voters this year because of the Presidential election. People often ask me how many registered voters we have in Kennebunkport. This is a difficult question to answer because the number changes daily. Every day people move into town, move out of town, pass away or reach their 18th birthday. All of these events cause the numbers to change. So, I will answer the question as of the day I wrote this report. There are:

2644 - Registered Voters

Of those that are registered, there are:

762 - Democrats

999 - Republicans

64 - Greens

819 - Unenrolled Voters

As usual, I must thank Barbara Barwise, my Deputy Registrar of Voters. If you registered to vote, changed your address or changed your party enrollment at the polls, or if you came into Town Hall and I wasn't there, she was the one who probably helped you. On December 31, 2012, she retired. I miss her so very much, and I am glad we had the opportunity to work together for the last eight years.

If you have any questions about the election process, voting or registering to vote, please call me at 967-4243 ext. 110. Otherwise, please do not forget to exercise your right to vote!

April Dufoe, Registrar of Voters

SEWER DEPARTMENT REPORT

In 2012, the Wastewater Treatment Plant processed a total of 110,748,000 gallons of wastewater. The wastewater treatment process generated a total of 1,845,000 gallons of biosolids that was turned into 1,550 yards of compost.

Just for comparison, below are the numbers for the past three years:

Year	Gallons Treated	Gallons of Bio-Solids Produced	Yards of Compost Produced
2012	110,748,000	1,845,000	1,550
2011	111,810,000	1,177,000	1,618
2010	124,206,000	1,362,395	1,833
2009	146,939,000	1,247,550	1,200

The Sewer Treatment Plant

This year was pretty quiet for the department, with no big projects to deal with. It was just the routine operation and maintenance for us to do. Seeing that we did not have much to report, it is a good time to give you some background on the Sewer Department.

The original treatment plant and collections system was constructed in the early 1970s. The treatment plant was located behind the Consolidated School off of School Street. The collection system was installed in the following areas: Dock Square, down Ocean Avenue to Kings Highway, South Maine Street, Maine Street, and School Street and most of the streets that intersect with these streets.

In 1981, the Town approved an upgrade to the treatment plant and an expansion of the collection system. The collection system was extended up North Street and the side streets. It went out Ocean Avenue to the Cape Arundel area and took in all of the side streets. It also went down the Wildes District Road all of the way to Cape

Porpoise. The system was also extended to the Turbats Creek area. In the Cape Porpoise area, it was installed on Langsford Road, Pier Road, and out the Mills Road to Marshalls Point Road and most intersecting roads.

In the early 1990s, we extended the collection system to the Goose Rocks Beach area to eliminate the numerous failing septic systems. This expansion took in the whole beach area along with Marshall Point Road.

With the expansions of the collection system, we now needed to do some upgrading at the treatment plant. The first project that we did was increase the aeration capacity of the plant. We installed three new aeration tanks; one of the three new aeration tanks has three times the capacity of all of the three old aeration tanks. The new aeration tanks went online in the spring of 1998.

The next project we did was increase our sludge storage capacity and upgrade our chemical disinfection system. The chemicals we use for disinfection needed to be stored in a heated area to keep them from freezing. We were concerned about any odors that might come off of the sludge storage tanks. We had the engineers design the project with an air filtration system. The system was designed to keep a slight vacuum on the area of sludge storage and chemical storage area. The air is drawn out of the building and exhausted into a Bio Filter to scrub out any odors. The sludge storage tanks and chemical systems went online in 2005.

The last project done at the treatment plant was upgrading the headworks. The headworks is where the wastewater comes into the plant and starts the treatment process by screening out the inorganic matter. The installation of the new headworks solved two problems, one was a safety issue with the old influent tanks and the other was with the disposal of the inorganic matter that came off of the old screens. This project went online in the spring of 2011.

We maintain the treatment plant, a compost operation, and the collection system with a crew of only 7.5 employees; we share a secretary with the Highway Department.

Following are some statistics on the collection system:

- There are approximately 500 manholes in our collection system.
- The pipes' diameters range from 8 inch to 18 inches.
- There is approximately 18.5 miles of gravity sewer pipe in our collection system
- There are 16 major pump stations and 90 grinder pump station.

Allan K. Moir, Sewer Superintendent

TOWN CLERK REPORT

Presidential election years always bring a huge voter turnout to the polls and this year was no exception. Besides electing a new President of the United States, Olympia Snowe retired as U.S. Senator after many years of holding the seat, creating a vacancy to be filled. A citizens' petition put the issue of allowing same sex marriages on the referendum ballot, causing a near record number of voters to exercise their constitutional rights. The Town Clerk's office was open many additional evenings and weekend hours to conduct voter registration and absentee voting to make it as easy as possible for people to vote at their convenience, and to help keep the lines down at the polls on election day. It worked. Although election day was very busy, there were no long lines during the day and everything went quite smoothly.

The following is a brief summary of all the 2012 town meetings/elections:

May 1, 2012 – R.S.U. #21 District Budget Meeting

We vote on the school budget in a two-step process as required by the school consolidation law. The first step is to vote on the various segments of the budget at a district-wide meeting of Kennebunk, Kennebunkport and Arundel voters. It was held at Kennebunk High School at 7:00 P.M. for the purpose of approving the 2012/2013 school budget. The total budget proposed was \$35,888,933. After some discussion, all the articles were approved as written in the warrant.

May 15, 2012 – R.S.U. #21 Budget Validation Referendum Election

The second part of the school budget process is the Budget Validation election, held 14 days later. Kennebunkport, Kennebunk and Arundel each held elections at our own town polling places to approve the budget that was adopted at the above district budget meeting. In Kennebunkport, there were 217 ballots cast either in person or by absentee ballot. The budget passed here by a margin of 182-35 and with the votes in all three towns combined, the budget passed.

June 12, 2012 – State Primary Election

Those enrolled in a political party got their chance to vote for their candidates to appear on the November ballot. The offices to be filled this year were U.S. Senator, Representative to Congress from District 1, State Senator from District 4, Representative to the Legislature from District 137, York County Judge of Probate and York County Register of Probate. There were 432 Republican, 283 Democratic and 8 Green ballots cast.

June 12, 2012 – Annual Town Meeting

The first half of our Annual Town Meeting is a secret ballot vote to elect our Town officials and to vote on any referendum questions that the Selectmen might propose. This year there were two Selectman seats, one R.S.U. #21 Director seat, and one K. K. & W. Water District Trustee seat open. Stuart Barwise and Allen Daggett ran unopposed for the two seats on the Board of Selectmen, each with a term of three years. Robert Domine and Charles Kiezulas ran for the R.S.U. #21 Director's seat

and Robert Domine was elected to a three-year term. Jim Burrows ran unopposed for the K. K. & W. Water District Trustee seat. There were also nine referendum ballot questions. One was an amendment to the Comprehensive Plan. There were four amendments to the Land Use Ordinance concerning parking space standards, docks and piers, signs and the Maine Uniform Building and Energy Code. The last three were to adopt new ordinances on Fireworks, Horse Riding at Goose Rocks Beach, and a Waterfront Ordinance. This day saw 823 people voting either in person or by absentee ballot, and all questions passed by large amounts.

June 15, 2012 – Continuation of Annual Town Meeting

On Saturday morning, at 9:00 A.M., at Consolidated School, voters reconvened to vote on the 2012-2013 Town budget. It was a very well attended town meeting. The article that drew the most interest was the one to raise and appropriate money for the legal budget to fund the Town's defense of the Goose Rocks Beach lawsuit. After only one quick question, the vote was overwhelmingly in favor of the Town's position to defend the public's right to use the beach. This has been a very emotional issue for the voters at town meeting, and there was a rousing round of applause after the vote. All other articles were approved as written in the warrant.

August 20, 2012 – Special Town Meeting

This Special Town Meeting was called to consider two pieces of town business. First, the voters approved the transfer of Ladder 14 to the Village Fire Company with the condition that if it is sold, the proceeds will go toward the purchase of new apparatus to be owned by the Town. The rest of the meeting was spent discussing the pros and cons of adopting the Beach Use Ordinance. After more than an hour of discussion, the vote by written ballot was 233 in favor and 76 against; so, the Beach Use Ordinance was adopted.

November 6, 2012 – Special Town Meeting

At this election, the Town ballot had three questions. The voters easily passed amendments to the Comprehensive Plan, the Land Use Ordinance regarding signs, and the authorization for the Town to become a member of Maine Municipal Association's Property and Casualty pool. Also, Mike Weston ran unopposed for the At-Large member of the Beach Advisory Committee.

November 6, 2012 – State General and Referendum Election

For the General Election and the second ballot this day, even though Kennebunkport has more Republicans than Democratic voters, Barack Obama won with 1,323 votes to Mitt Romney's 1,073 votes. Also voted into office were Angus King for U.S. Senator, Chellie Pingree for Representative to Congress from District 1, David Dutremble for State Senator from District 4, Alan Casavant for State Representative from District 137, Robert Nadeau for York County Judge of Probate, and Carol Lovejoy as York County Register of Probate. The State Representative race was very close with Alan Casavant beating Bill Guay by only 15 votes which was affirmed at a recount.

The State ballot also had five questions. Four of the questions were bond questions which the Kennebunkport voters approved. The fifth and most controversial question was to allow same sex marriages in Maine. The question passed in Kennebunkport and state-wide, making Maine the first state in the nation to vote to allow same sex marriages by a statewide vote of the people instead of by a bill passed by the legislature. There were 2,443 ballots cast either in person or by absentee ballot making this the second largest election ever in Kennebunkport with an 89% voter turnout!

I want to thank Rose Wills, Audrey Williamson, and Sally McKay for handling much of the customer service transactions. We try very hard to give you that “small town experience” when you come into Town Hall and to be as helpful as possible.

I want to also thank Barbara Barwise, my Deputy Town Clerk. She retired on December 31, 2012, and we will miss her very much. She is a wealth of knowledge, and I am so glad I had the opportunity to work with her for the last eight years.

Lastly, I want to thank Christian Barner, our Town Meeting Moderator and Barbara Rencurrel, who served as Warden for our elections. They put in very long hours on election days and keep the polling place compliant with all the election laws. I also want to thank all of my ballot clerks. This year, Claire Julian, Lillian Bartlett, Raven Dufoe, Mark Dufoe, Chris Perry, Ki Leffler, Lisanne James, Sally McKay, Ellen Doubleday, Dave Doubleday, Lynda Parrott, Ann Marie Perry, Mary McLaughlin, Jackie Fiorentino, Pierre Boulanger, Jan Dicey, Doug Dicey, Kathy Jones and Mette Eglinton all gave up their time to work at the polls. They are all loyal and dedicated citizens of the Town, and we owe them a debt of gratitude for their service on election days.

And now the statistics for 2011.... We issued 95 marriage licenses, many hunting and fishing licenses, 500 certified copies of vital records, 771 dog licenses, 25 liquor licenses, 16 special amusement permits, 60 victualers licenses, 20 non-resident recreational clam licenses, 94 resident recreational clam licenses, one non-resident commercial clam license, 4 resident commercial clam licenses, 23 daily clam licenses, two trolley permits, two horse-drawn carriage permits, and three pedicab permits. We also processed 5 new business licenses, 9 burial permits and hundreds of Goose Rocks Beach parking passes. There were 31 recorded deaths and 18 recorded births, of which 12 were boys (I guess it was a banner year for boys) and 6 were girls. We also processed over 6,000 tax payments, registered thousands of cars as well as 473 boats, 63 snowmobiles and 35 ATVs, not to mention the constant stream of questions we answer and the miscellaneous tasks we do on a daily basis.

Please feel free to call me Monday – Friday, 8 A.M. to 4:30 P.M. with your questions or concerns at 967-4243 ext. 110.

April Dufoe, Town Clerk

BUDGET BOARD REPORT

The Budget Board is again pleased to submit its report to the citizens of Kennebunkport. As in previous years, we continue to have an excellent rapport with the Board of Selectmen and excellent communication. Again this year, we will meet with them in joint session as the budget is presented by the Town Manager and department heads. We will listen carefully to the dialogue and reasoning, ask questions, and make notes. We will then meet in a series of meetings, as a separate Board, with the Town Manager and department heads, and review carefully every budget request that has been made. We will then make the Budget Board's recommendations.

As in previous years, the Budget Board will request that the administrative recommendations, the Board of Selectmen's recommendations, and the Budget Board's recommendations be printed in each article and be reported in the town meeting warrant.

The Budget Board feels that the process continues to be done in keeping with the democratic processes that have long been a custom and tradition of Maine and New England.

The Budget Board expresses its appreciation to all town employees, the department heads, the Town Manager, and the Board of Selectmen for their cooperation, assistance, and dedication to our community.

CEMETERY COMMITTEE REPORT

Before clean up.

Bryan Ebbrecht and Ann Sanders.

After clean up.

New found headstones.

This year we have made a number of interesting discoveries. Clarie Nickerson did years of research on the cemeteries in Kennebunkport when she was alive, which is the basis of most of our knowledge about the cemeteries in town. When there is a question, we refer to her research contained in a book at the Kennebunkport Historical Society. This year, we have been able to add some newly found information to previous research.

We were told about a cemetery off of Wildes District Road that we did not even know existed. It is the graveyard of Mary Wildes, wife of Jacob Wildes. Jacob actually is buried in another cemetery further down the road. There are a few fieldstones in this cemetery also, which indicates other burials there.

On the Kennebunkport Conservation Trust property there is a large cemetery containing two headstones and a number of fieldstone markers. While cleaning this cemetery, we came across two other headstones that were buried beneath many years of soil. The found headstones were the parents of the 16 year old boy whose headstone we already knew about in this cemetery. The parents lived into their nineties.

A young man from Kennebunk was working on an Eagle Scout project to clean up another cemetery close to the KCT property. He, along with all his volunteers, did an amazing job cleaning up, straightening posts, cutting trees, righting headstones, etc. This cemetery is in the middle of the woods and three quarters of a mile from a parking area so a lot of material needed to be lugged in and out. In the process, they unearthed six other headstones we did not know existed. None of the headstones were listed in Clarie's research. We are very grateful he picked one of our cemeteries to work on!

Brown Excavating made us aware this year of a headstone that had been on their property for over 20 years. They had no idea where it came from. It was the headstone of a seven year old girl, Mamie Littlefield. We did extensive research in

our records and in those of surrounding towns. Not finding information on her, the headstone was given to the Kennebunkport Historical Society. A researcher there did find information on this young Mamie, but we are still in the dark as to where her gravesite is.

How many more hidden cemeteries or buried headstones are out there? If you are aware of a lost cemetery, we would love to hear about it.

In the new year, we will continue to repair or replace broken headstones, rake and cut and straighten cemeteries in need, GPS others that will eventually get on town maps, etc.

As always, thanks to the American Legion for remembering our veterans with flags each year. Also, thanks to Jim Burrows and Steve Bryant for keeping our visible cemeteries mowed and cleaned, and clear of broken trees and branches. Many thanks to all those in town who care for the cemeteries on their properties or near their properties. It is a wonderful sign of respect for those who have passed away.

CONSERVATION COMMISSION REPORT

In 2012, the Kennebunkport Conservation Commission continued its work toward protecting our town’s natural resources.

Interest in best management practices for fertilizers, pesticides, and insecticides continues to be a high priority for the group. This summer, “Lawns for Lobsters” signs were placed on town properties offering an opportunity for residents to see how healthy a lawn can look without a lot of chemicals. Residents also continue to take great pride in displaying the signs in their own lawns, letting friends and neighbors know they are doing their part to protect the environment.

The group also began meeting regularly with the Kennebunk Conservation Commission working on the common goal of creating ongoing educational opportunities for the two communities in regards to decreasing their use of lawn chemicals. The two groups will be co-hosting the screening of a documentary written by a woman who is both a scientist and a cancer survivor. The film educates the public about the link between chemicals in our air, water, and land and cancer. Students from University of New England will be working with us on the program.

The two Commissions also hope to find ways to reach their summer residents who may not be aware of how many chemicals are being put on their lawns during their absence.

The wind turbine up at the police station continues to produce clean, renewable energy. This year, Sarah Lachance met with all of the 5th graders from

Kennebunkport Consolidated School at the site. The children were all very interested in learning about the wind turbine and how it worked. The program offered an opportunity for kids to discuss different types of renewable energy and how they work in their town. They were able to make comparisons between this system and the solar pv system on the roof of their school. The 5th grade teachers have also been using the curriculum that the Conservation Commission bought for them last year.

GOVERNMENT WHARF COMMITTEE REPORT

2012 proved to be a record setting year for the total amount of lobsters caught in the State of Maine. The Department of Marine Resources (DMR) reported in a preliminary report that 123 million pounds of lobsters were caught, outpacing the record catch of 104 million pounds caught in 2011. This huge increase of lobster put such a large amount of supply in the marketplace, that the demand could not support it. This increase in supply combined with a slumping US and Global economy, caused a drop in the total value by \$3.7 million compared to last year. While Downeast Maine saw most of these record catches, Midcoast through Southern Maine saw only some of it. With boat prices averaging about \$2.00 per pound at times statewide, many lobstermen were working twice as hard for less money. As a result, the DMR has stepped in to address the situation so the fishery can be better managed to maximize value. As the lobster industry pumps about \$1 billion into Maine's economy annually, it is vital to maintain a steady and strong industry.

The weather through the summer was fantastic for working the waters, but the late fall weather quickly changed. Strong storms with heavy sea conditions resulted in many traps being washed ashore. The members of Government Wharf join together annually each spring to perform beach clean-ups of lost lobster traps, and related gear to keep our beaches as clean as possible. Our next beach clean-up is planned for mid-April of 2013. If you have lobster gear on your property, or have any questions or concerns, please call the Kennebunkport or Kennebunk Harbormaster. You can also notify the Maine State Marine Patrol.

The revitalization project on Government Wharf has been put on hold for the time being, while the lack of funding has still been the issue and difficult to obtain. In the meantime, all the members join together each spring to perform maintenance duties which include carpentry, painting, and mechanical repairs to keep the commercial fishing wharf a safe and functioning facility. With dues collected annually from each of the members, the money is used to fund the maintenance of the wharf.

Once again, we thank you for the continued support of the commercial fisherman.

Raymond Billings, Chair
Jeff Davis

Ron Francoeur
Dennis H. Goulet

GROWTH PLANNING COMMITTEE REPORT

Since our last report of February 2012, the Growth Planning Committee has finished its review of the Comprehensive Plan. This will mark our seventh year of submitting warrant items in the form of chapters for the Town's approval. We have been very fortunate these past years to have the continued support from the majority of the Town's residents. As we move forward into the year 2013, we are setting our sights on creating meaningful implementation policies and ordinance revisions. Our goal is the creation of supportive ordinances which protect and guide our community's vision. The continued purpose of any Comprehensive Plan is to explain our past, defining the present, and portraying our future. I am very fortunate as chair to have such a dedicated volunteer committee to share this work with, but truly the Town (all of us) is to be congratulated for supporting Werner Gilliam as Town Planner; he is the foundation on which we, the GPC, build our work.

As always, we could use additional members; so if interested, please contact the town offices and ask for Werner. Thanks to all of you again for your votes of confidence and your questions about our work.

Jamie Houtz, Chair

Charles Reid, Sr.

KENNEBUNK RIVER COMMITTEE

The Committee continues to monitor activities relative to the condition of the Kennebunk River in efforts to retain its viability and importance to the Kennebunks. The Committee reviewed many significant events in 2012 all with great success and cooperation from both towns.

A few of the significant events recommended and/or approved by the Committee in 2012 are:

- Proposed changes to the Kennebunk Harbor Ordinance.
- Proposed Grist Mill reconstruction from the Kennebunkport Conservation Trust.
- Purchase of new harbormaster boat.

The Pump-out barge on the river continues to be increasingly utilized. The barge is used as a cleaning outlet for boats to discharge waste that may otherwise be dumped into our off-shore waters.

The Committee has been notified by Harbormaster Ray Billings of numerous reports of safety issues from local boat captains and transient boaters with regard

to paddle-boarders and kayakers along the river channel. The Committee, along with the Harbormaster, is working to develop and enforce “rules on the river” for the safety of everyone.

The Committee is deeply saddened to report the passing of our friend and Chair Joel Beck on March 16, 2012. Under Joel’s leadership, the Army Corps of Engineers conducted a river sounding in 2012 to ascertain information necessary for any future dredging of the Kennebunk River. Joel was also responsible for obtaining the grants necessary to establish and maintain the much-needed pump-out barge. The Committee will always remember his friendship, determination, ability to “stand his ground” for the better of the river and his years of tireless contribution to the Committee and to the Kennebunks.

The Committee would like to recognize the continued support and cooperation from both Kennebunk and Kennebunkport.

Rick Roberts, Chair

LIGHTING COMMITTEE REPORT

We see our mission as preserving the night sky for residents, visitors and future generations. The old incandescent platter lights create a unique ambience to our area.

Residents are bringing to the Committee’s attention areas in town, namely School Street and Main Street in Cape Porpoise that seem to be inadequately illuminated, according to those reports.

Any additional municipal lighting proposed in town needs to be voted on at Town Meeting because of cost.

Due to changes in lighting technology, the Committee is starting to review possible changes in our ordinance.

Anyone interested in our night environment in town is encouraged to join the Lighting Committee.

Please read our ordinance, available online, and evaluate your own exterior lighting for compliance. If there are any questions, give our Committee a call for assistance.

James M. Stockman, Chair	Robert Fairbanks	Marie Henriksen
George Acker	Julie Gerrish	

PARSONS WAY COMMITTEE REPORT

The Parson Way Committee continues to care for Parsons Way. Our mission to maintain the vegetation persists with annual trimming, thus preserving the intent of Henry Parsons that the parcel “. . . should be kept free for its scenic effect and natural beauty and for the enjoyment of the townspeople and their guests . . . and shall forever be kept open and clear for the unobstructed view of the ocean.”

The Parsons Way Committee meets periodically as needed to discuss the annual trimming and maintenance, the eradication and control of invasive species, as well as reviewing requests for benches. Town Manager Larry Mead is helpful in fielding questions and concerns from the public and coordinating much of the work.

This past year, a new bench was installed on a beautiful knoll overlooking the ocean near the Cape Arundel Inn. Residents and visitors alike are encouraged to take advantage of the secluded benches, the scenic walkways, and to enjoy the unparalleled views along Parsons Way.

Louise Spang, Chair

Richard Griffin

PLANNING BOARD REPORT

The Planning Board had a moderately active year in 2012. Most of the proposals that came before the Board were for relatively routine residential and commercial structures or uses. After a lengthy review, the Board also reapproved the previously approved application for the “Olde Port Village” subdivision. As of the end of January 2013, however, no performance guarantees had been posted for Olde Port Village, (which are a prerequisite of permits being issued). The Board also reviewed several proposed changes to the Land Use Ordinance and the Subdivision Regulations.

The applications before the Board in 2012 included the following:

PURPOSE OF APPLICATION	NUMBER OF CASES	
	2011	2012
Residential building renovation, rebuilding, or landscaping	12	8
Nonresidential construction, additions or change of use	6	10
Piers, ramps, wharves and walkways	2	3
Revision or reapproval of previously approved subdivision or site plan approvals	7	4
Bank stabilization	1	1
Golf course improvements	2	0

Ken Burford retired from the Board after many years of service, and he is thanked for his contribution to the community. We also welcomed Helen Conaty to the Board. Ken and Helen were joined by Gordon Ayer, Leo Famolare, Peter Fellenz, John Hathaway, and Greg Reid as active contributors to the Board's work during the year. We again wish to especially thank Lisa Harmon in the Code Enforcement Office and Trish Saunders (minutes) for their excellent support during the year. 2013 will undoubtedly be another busy year for the Board.

David Kling, Chair

SEWER ADVISORY COMMITTEE REPORT

During 2012, the Committee met about three times but had only a couple meetings with a quorum. Due to a computer crash, the meeting reports were lost.

The budget was gone over in detail with many questions answered about various expenditures, salaries, and proposed purchases.

Sewer is a well supervised and operating department. Material and equipment purchased were needed and justified. The major equipment replaced was pumps at the Kings Highway main pumping station and a generator at the Wildes District pump station. The service truck was also replaced.

Whenever possible, all equipment replaced is done with the purpose of standardization and availability in the future. When equipment is removed and no longer needed, it is sold to the lowest bidder. This was done with two generators.

The personnel are well trained for performing many overlapping tasks for redundancy and coverage of an absentee operator. The upgrading of the department is progressing with well thought out planning for better performance and anticipated future requirements.

The Sewer Department's safety record has been very well supported.

C. Ripley Emerson, Jr., Chair

Bob Convery

Stephen Counture

Richard Johnson

Joseph Martin Meade

SHADE TREE COMMITTEE REPORT

The Shade Tree Committee continues to monitor over 1,250 tagged trees which influence the public right of way and have value to the Town according to nationally accepted standards. Without any major storm damage, 2012 was a relatively quiet year. Nevertheless, the annual maintenance is constant.

Treatment for Dutch Elm disease has minimized the loss of our elms. This year 18 Elms, in addition to approximately 70 other trees of various varieties, were trimmed

or pruned to remove dead wood, repair damage or improve structure. We continue to fertilize young and distressed trees to improve the health and vigor.

Committee members celebrated the State of Maine Arbor Week at the Longfellow School in Portland on May 22, and locally at Consolidated School on May 25. Mrs. Mildner's kindergartners put on a very appropriate tree presentation; and this year, spruce seedlings were given out to each student.

Tom Burns of GIS Mapping and Analysis in Portland is reorganizing the tree database, and it is being integrated with the Town geodatabase. The tree inventory overlay should be completed and added to the Town's GIS in May of 2013. When this process is completed, trees will be able to be located within 12-18 inches of its actual location, and all of its vital information will be available online. For the 35th consecutive year, Kennebunkport was recognized as a Tree City USA.

Joanne Gamble, Chair
Stephen G. Doe

Kathryn Leffler
Suzanne Stohlman

Rick Griffin, Tree Warden

SHELLFISH CONSERVATION COMMITTEE REPORT

License sales for the year were:	Resident Recreational	94
	Nonresident Recreational	20
	Resident Commercial	4
	Nonresident Commercial	1
	Daily	23

During 2011, the Board of Selectmen at the recommendation of the Shellfish Conservation Committee closed the Cape Porpoise high flats for a six-month period due to overharvesting to allow juvenile clams to grow to legal 2 inch size.

In 2012, the majority of juvenile clams had not reached this size, and also due to a surge in green crab predation, the closure was extended until May 1, 2013, when the situation will be reviewed.

The clams of the open Back Cove flats were heavily harvested, so the Town agreed to order a one-year moratorium on commercial digging until October 1, 2013, and place a one peck per week harvest limit on recreational digging. Both open and closed areas of our flats have a good population of juvenile clams, and their growth will determine how we manage this resource. We will be reviewing the status of all our flats in the spring of 2013.

David Conway, Clam Warden

Chris Nunan

Norman Nunan, Sr.
Eric D. Wildes
Charles F. Zeiner

SIDEWALK COMMITTEE REPORT

There are two projects in the works for this year. The first is to build a sidewalk on the left side of Ocean Avenue from Wanby Beach to Elizabethan Drive heading toward Cape Porpoise. The shoulder preparation has already been completed.

The second project is in Cape Porpoise on the Mills Road (Route 9). The sidewalk that extends from the square to the Cape Porpoise Motel will be continued down to Boatswain Lane. At this point, the construction will move across the street and continue to the ball field and possibly to Marshall Point Road.

I would like to extend special thanks to our Town Manager, Larry Mead, for being so interested and involved in our town's sidewalks. Larry is always on top of what needs to be done and has creative ideas on how to accomplish them.

As always, thank you for your support and suggestions to help make our town safe for walkers and cyclists, as well as drivers.

Tony Viehmann, Chair

ZONING BOARD OF APPEALS REPORT

The Zoning Board of Appeals (ZBA) is made up of members of the Town who consider three types of applications: Administrative Appeals, Variances, and Conditional Uses.

Administrative Appeals come from someone who wants to appeal a decision or order of the Code Enforcement Office in regards to some land use proposal. The ZBA hears from both parties and then decides if the Code Enforcement Office made an error. A Variance to the Ordinance can be granted for lot size, lot width, lot frontage, lot coverage, structure height, and lot line setbacks if the ZBA determines that there is an undue hardship. The possible Conditional Uses that may be granted vary from zone to zone and include Animal Husbandry, Home Occupation, Child Care, Handcrafts, and Roomers. Certain conditions in the Ordinance guide the decision making.

The current members of the ZBA are Mark Messer, chair, Dick Smith, Herb Cohen, Chris Perry, Tom Shore, and Paul Cadigan.

Mark Messer, Chair

ARUNDEL CEMETERY CORPORATION REPORT

The year 2012 was an active year for the Arundel Cemetery. Peter Graham was elected as the new director to replace Reverend Pat Adams who had resigned. We certainly appreciate the years that Reverend Adams spent with us.

Other than general business, we spent much of the year concentrating on the condition of our trees. We all feel that the trees are such an integral part of the cemetery that we must do everything we can to care for them. Many are diseased and need of special care. With this in mind, we have consulted several professional arborists. The end result is that the trees on the North Street side of the cemetery have been deemed diseased and need to be removed.

Weather permitting, this winter the trees will be removed. In the spring, they will be replaced by a mixture of red maple, elm, and dogwood trees. These trees will not interfere with the power lines that are enmeshed in the pines. It is exciting to get started on this project to rejuvenate that area of the cemetery.

With this in mind, we have established a tree fund which will help defray the cost of such an expensive project. We also have some money left from the donation that was given for the new fencing.

The clerk's office recorded eight lots that were sold in 2012. There were 29 burials, of which 12 were full burials and 17 were cremations.

As in the past, we wish to thank the Town of Kennebunkport for its continued support of our efforts to care for the graves of our veterans. We also wish to thank the American Legion for putting the flags on the veterans' graves for Memorial Day.

KENNEBUNK, KENNEBUNKPORT AND WELLS WATER DISTRICT

The Kennebunk, Kennebunkport and Wells Water District is a quasi-municipal public water utility that was established in 1921 by an act of the Maine State Legislature. The District serves an area that encompasses the Towns of Kennebunk, Kennebunkport, Wells, Ogunquit, Arundel and small portions of Biddeford and York. The area includes a population which varies seasonally from about 30,000 to over 100,000. It is directed by a four-member Board of Trustees, one each elected from the Towns of Kennebunk, Kennebunkport, Wells and Ogunquit.

From a financial perspective, 2012 represented an above average year for the District. Compared with the prior year, 2012 saw a 6.4% increase in water production, a \$166,000 increase in revenues and a \$467,000 decrease in operating costs. It should be noted that \$100,000 of this decrease was related to a cost saving change to our employees' health insurance plan. All of this contributed to a projected net income for 2012 of approximately \$375,000, as compared to a net loss of (\$164,000) in 2011 and a net income of \$449,000 in 2010.

The somewhat sluggish economy of the past four years has, at least on a local level, been picking up a bit with the District experiencing relatively healthy growth (190 new customers, as compared to 110 in 2011), resulting in a customer growth rate of nearly 1½%. This compares well to the typical 1½% to 2% annual growth rate experienced prior to the recession of 2009. The District's total number of metered customers now stands at 13,019.

Precipitation during 2012 was considerably less than the 10-year average (46.1" vs. 57.5"), resulting in the driest year over the past decade, which included the drought of 2002/2003. It is anticipated that this winter's snowy weather will help recharge local aquifers for the upcoming summer. The dry weather, combined with a slight uptick in the economy resulted in a total annual water production of 1.026 billion gallons, as compared to 964 million gallons produced during 2011. The District's recently-developed groundwater sources were once again instrumental in helping the District meet water demands without the need for purchasing more costly water from neighboring utilities. These groundwater sources produced 32% of all of the District's water supply for 2012.

As previously reported, the District is developing an additional high-quality groundwater supply in the Alewife area of Kennebunk. During 2012, the new Kennebunk River Well produced 56 million gallons of groundwater during a nearly three-month, full scale, online pump test. In addition to producing some of the highest quality groundwater derived from any local production well, the test produced some valuable data, which will assist in the design of a new water treatment facility along Kimball Lane, which is planned for construction in 2013. As usual, this facility is being designed and built primarily by District staff, assuring an efficient design and quality workmanship.

The District is continuing to undertake changes to its groundwater treatment processes. Due to the relatively high mineral content of the Merriland River Well, the water treatment regimen for this source is being changed to enhance water quality and corrosion control. During 2012, in-house design and construction began on a small (16-foot by 20-foot) water treatment facility along the Bypass Road in Wells for this purpose.

During 2012 the District also designed and built (again, mostly in-house) a water pressure booster station in Arundel, located along Route 1 near the Kennebunk River. This facility, named the Arundel South Booster, in addition to increasing water pressure for all Arundel customers, has the capability of moving large volumes of water (for fire fighting, etc.) in either direction—north to Arundel or south to Kennebunk.

As in both 2010 and 2011, the District was once again successful in being awarded a low-interest State Revolving Fund (SRF) financing package for the replacement of over 7,100 feet of old obsolete cast iron water main. This project, which was partially completed in the fall of 2012 (see Fortunes Rocks Road, Biddeford below), will be financed by a \$1.2 million, 20-year bond at an interest rate of less than 1.5%.

The following is a partial list of distribution projects funded and installed by the District during 2012. These projects typically relate to our goal of optimizing water quality, enhancing fire suppression capabilities and improving system reliability by replacing outdated and substandard facilities with an eye toward accommodating anticipated growth.

- Fortunes Rocks Road, Biddeford: Replaced 4,800 feet of old 8 and 10-inch cast iron water main with 12-inch PVC main. (In conjunction with a City of Biddeford road rebuilding project and for water quality, system reliability and fire suppression improvement.)
- Western Avenue, Kennebunk: Replaced 730 feet of old 10-inch cast iron main with 12-inch PVC and ductile iron main. (In conjunction with a Town of Kennebunk road rebuilding project and for system reliability.)
- Port Road, Kennebunk: Replaced 2,100 feet of old 10-inch cast iron main with 12-inch PVC main. (In conjunction with a Town of Kennebunk road rebuilding project and for system reliability.)
- Kimball Lane, Kennebunk: Installed 1,600 feet of 16-inch PVC main from the Kimball Lane right of way to the new Kennebunk River well site.

In addition to the above projects, individuals and developers funded several water main extensions totaling 1,145 feet in length.

Drinking water quality remains a top priority. We are pleased to report that in addition to making significant water quality improvements with our unique blending of groundwater and surface water, all State and Federal water quality standards were met during 2012. By maintaining a dedicated, well-trained staff and

continually upgrading our process equipment and control systems, we continually assure the highest degree of reliability in the quality of drinking water for our customers.

The Trustees of the District appreciate the continuing effort and dedication of their employees, as well as the support and cooperation of their customers, area contractors and State and local municipal officials.

Richard H. Littlefield, President	Normand R. Labbe, P.E. Superintendent
James E. Burrows, Vice-President	Scott J. Minor, P.E. Assistant Superintendent
Thomas P. Oliver, Trustee	Wayne A. Brockway, MBA Treasurer
Robert A. Emmons, Trustee	

KENNEBUNKPORT CONSERVATION TRUST

Once again, thanks to a wide base of community support, 2012 proved to be a highly successful year for the Kennebunkport Conservation Trust. The organization's energy level was high, and accomplishments were many.

Our number one concern coming into the year was the Goose Rocks Beach lawsuit and the short and long-term effects a decision to potentially privatize the beach would have upon the Trust and the community. Even with the best intentions of today's owners, if privatization was to someday happen, then certainly great pressure would be placed upon our current Goose Rocks Beach holdings as more beachgoers were directed to that space. The pressure would also be upon us to try and purchase more lots to increase our footprint there. Quite probably, these lots would be at a higher cost than they are currently assessed. As to the Town at large, a ruling in favor of the plaintiffs would have had a dramatic effect upon nearly all citizens of the Town. Over time, it could have significantly impacted the value of homes at or near the beach, affected our tourist-based economy, and would have had a dramatic impact on the recreational expectations of many of our citizens. So, at the beginning of the year, we tried to use our recent Timber Point and Timber Island success to bring people together towards a resolution of the lawsuit that would avert the crisis. A great deal of time and energy was devoted to the process. Regular meetings were held at the Trust which involved plaintiffs, town officials and the Trust, and hundreds of e-mails were generated. The Trust also retained the services of attorney Durward Parkinson, who worked with the court appointed mediator, Justice Horton, toward trying to find an acceptable middle ground for all. The result of all this work culminated in a document that, though not perfect, had the ability to bring people to a consensus. In the end, over 90% of the back lot owners and approximately 85% of the non-plaintiff beachfront owners signed onto the agreement. Despite our best efforts, it did not prevent the lawsuit from taking place. That was disappointing. Still, the Goose Rocks Beach agreement was passed by a large majority, and it is now in place to keep the beach as we know it for many years to come. What's more, the ultimate decision fully in favor of the Town and prescriptive use rights will serve to guarantee the future of this wonderful community resource. Our thanks go out to the very many who worked so hard to

protect this beloved place so that future generations will be able to enjoy it as we now do. That spirit is at the essence of the Trust's mission.

Timber Island.*

Photo by Robert Dennis

Last year, exterior additions were made to Goat Island Lighthouse. The walkway that was washed away in the blizzard of 1978 was rebuilt, the bell tower, used to house the mechanism to ring a large bell when visibility was low in the days before electricity, was reconstructed and the old fuel house restored. This year, under the direction of light keeper Scott Dombrowski, attention was turned to the interior of the house. The downstairs was remodeled to its appearance in the 1950s. Special attention was given to the kitchen which received both a new/old look and vintage appliances. A great deal of work was also done on the light tower. All the old paint was removed, and the brick work repointed, leaving the structure in its best condition in many years. One of the highlights of the year was a lighthouse keeper's reunion, a gathering of former keepers of Goat Island light to reminisce and reconnect, and a chance for us to gain valuable stories and pieces of history. Families came from as far away as Texas, and we thank everyone who was involved for such an enjoyable and emotional weekend. As in the past, many visitors made their way to the island during the course of the year. We are currently working to enhance the telling of the island's tale. Photos taken by Scott and Karen Dombrowski are regularly placed on the island's Facebook page (Goat Island Lightstation) so that everyone can gain a sense of lighthouse life. A webcam located at Goat Island, and updated faithfully by Charlie Wright, provides ever changing views of the light and harbor and can be found on the Trust's webpage (kporttrust.org).

Ursula Worrell was the Trust's poster girl for kitchen renovations in the Keepers' Quarters. Her husband, Charlie Worrell was in the Coast Guard and served on Goat Island from 1969-1972. Ursula and Charlie brought their entire family from Texas to the Island for KCT's Keepers' Reunion this fall.

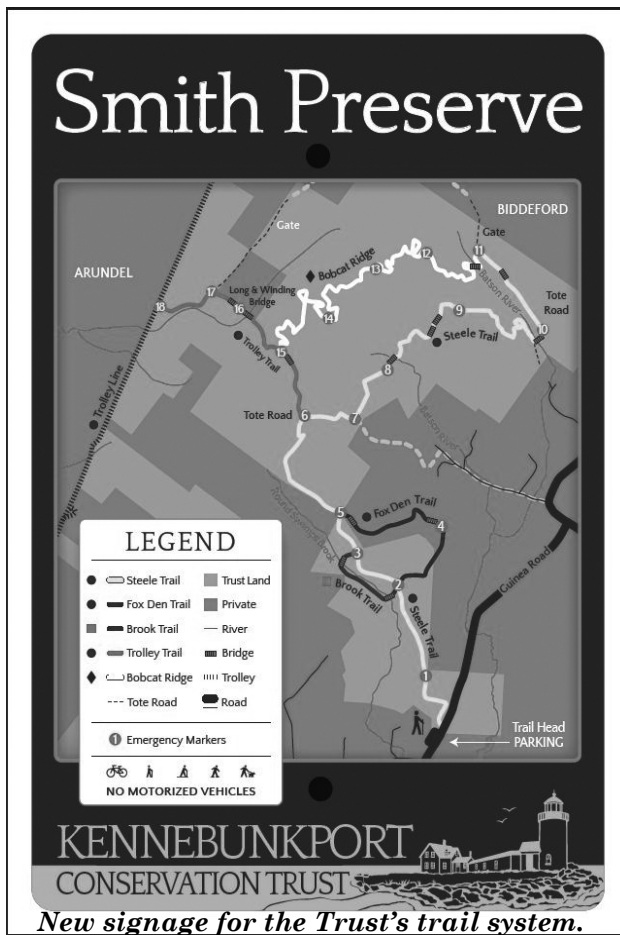

Ursula Worrell and the newly renovated kitchen on Goat Island during the Keeper's Reunion.

The goal of the Trust for our properties that reflect the heritage of our community is to bring and maintain them to the era of their greatest historical significance. We are certainly practicing that with our Grist Mill holding. Under the direction of project manager Steve Simcock, the final work has been done on the Clem Clark boathouse. In addition, permitting has begun with the hope of bringing back the tidal grist mill that once was a highlight in our community. Were it rebuilt, it would be the only working tidal mill in America and would add both beauty and great historic significance to the Town and property. It could also play a significant role in our "Trust in Our Children" program. Private funding has already been raised for much of the mill's construction and endowment. Archaeological work continued on the site under the direction of Peter Morrison and Pam Crane, resulting in even more knowledge of the site's history. Should we obtain the permits, the Trust plans to use lumber and equipment of the same age as that which is being replaced. Those materials have already been found, as has the means of training a miller. What an exciting project and learning opportunity this could be! Stay tuned.

The Grist Mill in the last century.

Exciting too is all that has, and is, taking place at the Edwin L. Smith Preserve. The trail system continues to expand, allowing an ever increasing number of residents and visitors to see a beautiful part of our community that for most, until recently, was little known. Under the direction of Bud Danis, Brandon Gillard and Chris Smith, over 12 miles of trails have been created. This year, with the additional help of David and Bethany Jourdan, all new signage has been developed which will make our visitors much more aware of their location, and hiking or biking opportunities in the forest. New trail maps will also soon be available. Both will serve to improve people's safety and enjoyment while on the trails. In addition, thanks to the generosity of Gerry Dworkin of Lifesaving Resources, along with a Trust contribution, rescue equipment was donated to KEMS that will be of great use should there ever be an emergency need in the woods or on the islands.

Improvements were also made to our trails at the Emmons Preserve and Tyler Brook Preserve. Access was also created off of Beachwood Avenue to what will become our Batson's River Trail.

In addition, students from Kennebunk High School, working with Leia Lowery, have done a great deal of work on what will become a learning trail which will start just across the bridge crossing the Batson's River at the Emmons Preserve. The kids have designed the trail; cleared brush where needed, hauled in supplies, built wet area crossings and have begun the process of indentifying plants, trees and areas of significance to highlight. This work will be enhanced through the efforts of some junior high classes who are creating apps for some of the Trust holdings. Our thanks go to all of them and to Bryan Ebbrecht who for his Eagle Badge Scout project put a lot

of effort into cleaning up the old Thompson Cemetery which borders the trail. The Trust also received a grant with which professional foresters drew up a land management plan for both the Smith and Tyler Brook Preserves.

Working collaboratively with Kennebunk High School, a Learning Trail is being created at the Emmons Preserve. Pictured, KHS alternative education science class members work to clear the path.

Ganny's Garden in its first year blooming.

Photo by Robert Dennis

Ganny's Garden on the River Green saw its first full summer. Elizabeth Spahr took on the task of weeding and caring for the garden on a weekly basis. Helene Lewand from Blackrock Farm saw to it that the soil was improved, an expanded irrigation system was installed, and more beautiful plants added. Hundreds of spring bulbs were also planted, guaranteeing that this wonderful garden will remain a source of great community beauty and pride. The garden is supported from a separate fund. If you would like to become a supporter of the garden, you can contact tom@kctoffice.org or go to our website.

Maintenance of all of our properties was accomplished by our exceptional volunteers. Bud Danis, Bob Haskell and Doug Butler did a great job mowing the lawn of the Emmons Preserve while David James took care of the Grist Mill property. Gail Roller and Ginny McCrae did a wonderful job with our gardens. Dan Viehmann was available to help with Bryant Point. John Hammond and Bridget Burns were in each week to help around the office, and there were many more. Scott Dombrowski oversaw volunteers who went out every other week to accomplish specific tasks at Goat Island. Once again, Scott organized a memorable visit from the "Flying Santa" who arrived by helicopter to the delight of the cold, but appreciative children (and adults) in attendance. Mark Dufoe, with Kennebunk Light and Power, was a lifesaver in helping us to get our island and grist mill floats in and out of the water. Bob Haskell once again led his Island Stewards to a successful year overseeing the islands of Cape Porpoise. They were able to meet and greet many visitors to the islands, making sure that everyone was having a good time while still looking out for safety concerns and maintaining the environmental integrity of these special places. Bob and the stewards also joined forces with the Gulf of Maine Lobster Foundation and local lobstermen and volunteers to conduct a highly successful island cleanup in the spring. Jim Bither, David Kling, Bill Dugan and David Jourdan met often to make sure that our investments too were safe and positioned to achieve their greatest potential. We were also pleased to welcome, and appreciated the help from, three interns from the University of New England: Alex Katsoulakos, Lauren DiMinico and Danielle Behn.

Thanks to all of these people and to the many others who helped out in so many ways.

Under the leadership of Leia Lowery, our “Trust in our Children” program had another successful year. Consolidated School field trips were held on our properties in the spring and fall, and several classes came to the headquarters for a winter session. The middle school continued working on apps for our holdings. And for the second year, the Trust presented “Community Connections” for Kennebunk High School. Organized by Lisa Lassey and Leia Lowery, 22 nonprofits were brought to the school to talk with all freshmen class members about their missions. A booklet was made that will help lead students to volunteer activities that will hopefully excite their curiosity and quest to learn as well as help a variety of local worthwhile organizations. Our thanks are extended to Principal Sue Cressey for all of her help and enthusiasm.

Fifth graders from Consolidated School explore Stage Harbor on their KCT fieldtrip. Thanks to Tony and Nancy Viehmann for encouraging so much learning in their front yard.

Keeping with our policy that the Trust headquarters' use should be free for any organization that is benefiting the citizens of our community, the building was used extensively for meetings, retreats, fundraisers, appreciation nights and other worthwhile functions.

Our organizational reach continued to grow with 1,000 addresses now receiving our weekly photo and thought of the week. The size of our Goat Island Lightstation, Kennebunkport Conservation Trust, Trust in Our Children, and Ganny's Garden Facebook pages continue to grow. A major focus for this year will be the redesign of our website, which includes the Goat Island webcam.

We were honored this year when the Kennebunk—Kennebunkport Chamber of Commerce recognized the Trust with their “Nonprofit of the Year” award. We will continue to work hard to uphold the faith that has been bestowed upon us.

A number of successful events were held during the course of the year. Twelfth Night started off the year with a large and enthusiastic crowd becoming super heroes for the evening. Our show told the story of a super hero convention that was held in Kennebunkport which went sadly awry. Great fun was had by all. A David Mallett concert was held to a filled and appreciative Atlantic Hall audience in February. The Colony Hotel hosted a Sunday afternoon concert to benefit the Trust, and the Nonantum Hotel hosted a breakfast on our behalf in the fall. In July, the Trust hosted “Food, Folk and Fun” and the event lived up to its name. Sponsored by F. L. Putnam Investment Management Co., a large tent was placed in the field behind the headquarters in which Erica Brown and the Bluegrass Connection performed. Hamburgers and hotdogs were served and free t-shirts given out, all for only \$5.00 a person. The Phillip H. Matthews Memorial Lobsterbake attracted our largest crowd ever. Tours of Goat Island Lighthouse were given. A wonderful meal was provided by Ed Bull of Cape-Port Caterers; Mark and Giselle Nadeau of Ned’s Bakes and BBQs; Dick Ackley; Paul Carr; Stedman Seavey of Bradbury Bros. Market; Sonny Hutchins at Port Lobster; John Greene of Lansford Road Lobster; Bob O’Reilly; Allen Daggett; Michael Emmons; Gary Ridlon; Bill Matthews; Ron Francouer; Peter Eaton and Ed Hutchins. Music was by BillyBilly, Straight Lace, and from Austin, Texas, Mingo Fishtrap—and was amazing! The day ended with a spectacular fireworks display in honor of Phil donated by Steve Pelkey of Atlas Fireworks, for which the whole town is incredibly grateful! In the fall, the Trust once again united with the Heartwood College of Art for our annual Trust in Art auction. The theme this year was Timber Point, and the artwork which was auctioned off for the benefit of both organizations was beautiful. Be sure to come to next year’s event for both the fun of the reception, quality of the art and the excitement of the auction. We are grateful to Kennebunk Savings Bank for their sponsorship of both the Lobsterbake and Trust in Art. Their continued support is greatly appreciated!

*Sheila Matthews-Bull and
Tom Bradbury at the
Phillip H. Matthews
Memorial Lobsterbake.*

*Brandon Gillard and Chris Smith,
2012 Volunteers of the Year for their
work on KCT Trails.*

The 2012 Volunteer of the Year award went to three individuals. Chris Smith and Brandon Gillard were honored for all of the work they have put into the creation of the trails on the Smith Preserve. They have worked both tirelessly and enthusiastically. They have both given valuable advice as well as backbreaking labor, and we are all appreciative.

*Dave James, 2012 Volunteer of the Year for his work at
the Grist Mill Property and for being such an important
member of Board of Trustees.*

David James is our other recipient. He has been working to keep our Grist Mill property in good order. He is faithful in his attendance at Trust meetings, his disseminating of valuable information, and his generosity in support of the organization and its mission. Congratulations and well deserved to all!

We were saddened at the end of last year by the loss of Dr. Charles McCullough and Dr. Peter Morgane. We are extremely grateful to them for their bequests to our organization which became key factors in our ability to forever preserve Timber Point and other parts of our mission. Bequests have become an integral part of the Trust's ability to accomplish its goals. This year, we will be establishing the Trust Legacy Circle to further highlight how important such support is to our community. During the year, memorial contributions were received in loving memory of: Jeff Caron, Hale Whitehouse, Linda and Thomas Currie, Stewart Jones, Francis and Adelaide Collier, Diana Worthley, Paul H. Emmons, Jeanne Curtis, Jeanne Parris Halliwell and Harriet Marable-Halliwell, Herb Pick, Thomas Carey, Dory Harrington, Anne Cantfill Doyle, Philip Brooks Eaton and Libby Strickland.

Donations were given in honor of: William Pumphrey's 90th birthday, President and Mrs. Bush's birthdays, Pixie and Bob Lown, Jo and Libby Todrank, Steve and Linda Hanna, Mr. and Mrs. Gabe Choquette, Damian and Donna Denegre, Leigh Bloom and Michele Sakaguchi, John and Ro Bloom, Tom Bradbury's birthday, and Carol and Bob Sherman.

As always, we are grateful for the support that has been given us. It is only by all of us working together, supporting a common cause in this special place that such great accomplishments can happen. That's what a community is all about. That's what we are all about. We encourage you to join us in our efforts as we try to forever preserve the beauty and character of Kennebunkport for this generation and all those that will follow. Our funding is nearly entirely based on the private contributions of individuals. That's why your membership is essential. Memberships can be obtained on our website: kporttrust.org. Together we can make a difference. Together we can do great things.

Tom Bradbury, Executive Director

KENNEBUNKPORT EMERGENCY MEDICAL SERVICES, INC. (KEMS)

Kennebunkport Emergency Medical Services is a private, nonprofit, volunteer agency that provides emergency medical care to the Town of Kennebunkport. We also participate in mutual aid agreements with the Towns of Arundel, Biddeford, Kennebunk, and Wells. The ambulance is stationed at the Cape Porpoise Fire Station, where space is leased for the ambulance and crew quarters.

KEMS responded to 352 ambulance calls during 2012. Our common calls for service have ranged from a victim suffering life threatening cardiac arrest to a victim with a simple laceration. Our goal is to treat each and every patient with the highest level of professionalism and care.

We provide emergency medical responses utilizing 44 members and 17 probationary members, all are highly trained volunteers. Our volunteer staff is complimented by 15 per-diem paramedics, which are staffed on a regular basis. This system allows us to provide advanced life support on a regular basis, which includes defibrillation, IV/IO access, advanced medication and other advanced procedures.

Our volunteers are the very heartbeat of this organization and we are thankful for each and every one. They are your friends, neighbors, and co-workers; these people have taken time out of their lives to help others in our community. Our amazing group of volunteers committed 9182.5 hours of coverage to the town throughout the year; we also had 1589 hours of probationary coverage during this time. Paramedic staffing was supplied 8208 hours of 2012. These figure do not include all the other various training courses attended throughout the year. If you are aware of anybody that is interested in volunteering please contact our KEMS business office at 207-967-9704 or email us at kemsa1@roadrunner.com.

Our fees for service and the generous donations from the people of Kennebunkport cover most of KEMS operating expenses. However in 2013 we are again requesting

a portion of our funding from the Town to help us meet our annual operating budget. This budget allows us to supplement our group of highly trained volunteers with paid Advanced Life Support providers (Paramedics) on a regular basis. These paramedics work as full-time employees in surrounding communities and are employed by KEMS on a per-diem basis. We are fortunate to employ a group of dedicated EMS professionals who care about the community they serve and its volunteers.

KEMS would like to recognize all our members that have completed continuing educational opportunities throughout the year.

EMT Paramedic (1200 hrs) Joshua Grzyb, Mathew Smith

Currently enrolled-Theodore Petersen, Matthew Cyr, Paul Clement, KJ Hurtibise

UNE College of Osteopaths- Megyn Beyer, Shane Griffith

At our annual KEMS Awards Banquet the following were specifically honored for their continued effort and support of Kennebunkport Emergency Medical Services:

Featured Left to Right:

Joshua Grzyb—EMT-Intermediate of the Year
Shawn Sullivan—Chief of Operations

Stephanie Stanton—New Member of the Year
Theodore Petersen—EMT of the Year
Shawn Labrecque—Driver of the Year
Matt Leach—Paramedic of the Year/Administrator
Kaitlin Hook—Probationary Member of the Year (missing from photo)

Our organization along with the Town of Kennebunkport lost a very important part of our organization with the passing of Mat Lanigan. Mat served Kennebunkport EMS as a Selectmen's Representative and was extremely involved in our annual fund drive. There will be a very big hole left in our group with his absence.

We also want to thank the Kennebunkport Police officers, Firefighters, and Dispatchers that make up our Emergency Response Team. They are truly professionals and make each call for service a coordinated and successful event.

We wish to thank the citizens of Kennebunkport for their continued support. This organization is able to provide high quality care, due to your generous contributions each and every year.

KEMS continues to offer CPR programs on a regular basis reflecting our HeartSafe community initiative. This has been a collaborative effort between KEMS and Kennebunkport Public Health. We will continue to work together in making Kennebunkport a healthier and safer community through this initiative.

KEMS began in 1979 with a small group of volunteers and an old Cadillac ambulance donated to the Town by the Bibber family. Today, we continue to dedicate ourselves to serving the residents of our community with the highest level of care that can be provided.

CAPE PORPOISE LIBRARY REPORT

Library Hours and Services
Tuesday, Thursday 1:00 – 4:00 p.m.
Friday, Saturday 9 a.m. – noon
Computer, Fax, Copier
Wireless Accessibility
(207) 967-5668
cplibrary@cape-porpoise.lib.me.us

The Cape Porpoise Library is a signature element of the Cape Porpoise community. In 2012, we continually strove to provide our patrons and visitors with the highest quality reading and learning materials. The library has a warm and welcoming atmosphere in which to enjoy not only the excellent inventory and accessories, but also a place to visit friends and neighbors from near and far that share our world. Without the contributions from these same friends and neighbors, the support of the Atlantic Hall Board of Trustees, and the continued generosity of the Kennebunkport taxpayers, it would be very difficult to achieve and maintain such success.

Our patronage and circulation continue to grow each year. We keep our inventory up-to-date with the very latest fiction and nonfiction adult reading material. We have many children and young adult books in a special section of the library. Through purchases and donations, we have greatly expanded our collection of DVDs and books on CDs.

In July, the library benefited from a successful annual summer book sale, which could not have been accomplished without the dedication and hard work of our volunteers and many, many book donors. Our ongoing book sale shelves are also popular with summer visitors and winter travelers for purchase.

The staff and volunteers continue to dedicate their time and knowledge to ensure that the Cape Porpoise Library remains as a vital and important resource in our community as it has for many decades.

Please drop in to work on a jigsaw puzzle which is always on display; meet and greet old and new friends; and view or participate in the beautiful quilting projects when the very friendly ladies gather every Tuesday in Atlantic Hall!

Sue Perkins, Library Director

LOUIS T. GRAVES MEMORIAL PUBLIC LIBRARY REPORT

According to a policy brief written by Dr. Roger E. Levien in 2011 on behalf of the American Library Association, it is his opinion that:

A library that focuses on the community does so by providing work and meeting spaces for community groups; convening groups to work on community projects; holding events of community interest in its room; creating and maintaining archives of local records, artifacts, and memoirs and memorabilia; and organizing displays and exhibits of materials of local interest. (Levien. *Confronting the Future: Strategic Visions for the 21st Century Public Library*, p. 4)

When I first read Dr. Levien's 30-page article, it really grabbed my attention. I refer to it often to remind myself of how far we have come and where we need to be as a public library. While focusing on the community, we also need to make sure we always have in place the following standards:

- (1) PEOPLE – Helpful, caring, thoughtful staff.
- (2) PLACE – An Inviting facility that is right in the middle of town.
- (3) PRICE – No charge to anyone.
- (4) PRINCIPLE – Freedom to access what you need when you need it.
- (5) PRIDE – The community supporting through taxes, fundraisers, and book sales.
- (6) PACKAGE – Information, education, and entertainment function as a whole.

We do our part at Graves Library to provide all of these things to the residents of Kennebunkport and neighboring cities and towns. On any given day of the week, we offer a variety of projects for your children: after school events, outreach to preschools and daycares, weekly story time, craft workshops, special holiday events, an extensive summer reading program with author visits, and lots of relevant reading materials, parenting programs, homework help, puzzles, magazines, and movies. Best-selling books and materials to support the school curriculum are always our top priority.

We also offer a monthly morning book group, weekly chess, and a formal lecture series featuring some of New England's top authors, poets, artists, and illustrators. In 2012, we had the good fortune to have historian and Pulitzer Prize winning author, David McCullough join us for an evening to talk about *Americans in Paris* (and here in Maine).

In 2013, some additional programs will be offered for you and your family. We encourage you to check in with us at www.graveslibrary.org, on Facebook, our ongoing Blog, or better yet, in person to learn what is going on in "your" community library. In February, we started an "apps" Club to share resources for your portable device. The group meets every Thursday afternoon at 1:00 PM. We are hosting

computer classes, an evening book group, and more classroom visits and after school programs. Also in 2013, local resident Joyce Butler, has completed writing a two volume history of *Becoming Kennebunkport : the Evolution of an American Town*. The proceeds from these books will be a fundraiser for the library. More important, it will educate the reader about people, places, anecdotes and factual information that has over time shaped this seaside town.

Our great library celebrates 100 years of service this year. The changes that have confronted us since 1913 have been quite remarkable. We hope that we can continue to provide excellent services for another 100 years to the residents and friends of Kennebunkport. It is with your help that we can do this. We try to stay up with technology issues, bestsellers, and current trends. We offer outstanding programs with authors, illustrators, artists, poets, and short storytellers, a quiet place to read or study, movie rentals, local newspapers and a variety of magazines. We also have tax help and forms, downloadable audio and e-books, interlibrary loans, public computers and Wi-Fi access, fax, scan, copy, and notary services.

Many people are responsible for this effort. The impeccable, conscientious staff includes: **Terri Bauld, Kay Beote, Lynda Bryan, Amanda Cook, Denise Dion-Sullivan, Judy Finnegan, Lisanne James, Linda Littell, and Judy Merrill**. These women spend their shifts helping you pick out good books, finding articles, processing materials for checkout, hosting a variety of programs and a few hundred other things. For me, every day is a joy to come in and work with these fine people.

I would be remiss if I did not also thank our trusted, helpful volunteers that contribute over 6,500 hours a year of their personal time: **Lois Badger, Kitty Bassett, Jan Brennan, Miriam Clasby, Joan Dawson, Judy Drinon, Carol Ellis, Mette Eglinton, Ruth Fernandez, Gretchen Graham, Fran and Norman Hayes, Nancy Hayes, Nancy Kling, Louise Kralich, Marilyn MacDonald, Susan McCachran, Harriet Mill, Gertrude Reoch, Paul Romanos, Vivi Schubert, Anita and Ben Stephens, Suzanne Stohlman, Michael Tarabilda, Linda Wade, Bob and Linda Wall, Harold and Barbara Worthley, and Silas Woodman**. These people spend time at the library every week performing a variety of tasks. Some of them work the desk, some cover books, some research books for sale, some help with programs. Without them, we would not be able to keep our doors open 42 ½ hours a week.

For the next 100 years, may we strive to continue with all six Ps. The total “package” is here at 18 Maine Street, ready to serve you.

LIBRARY STATISTICS - 2012

Total Circulation	69,429	Interlibrary Loans (borrowed)	169

SCHOLARSHIPS AVAILABLE FOR KENNEBUNKPORT STUDENTS

The Olympian Club of Kennebunkport Scholarship Fund was established in 1996 with gifts from friends and members of the Olympian Club of Kennebunkport. The fund is to benefit the University of Maine at Orono; however, campuses within the University of Maine system are eligible as well. Dedicated to "all the ladies who were ever members of the club," its purpose is to provide scholarship assistance for undergraduate students studying Nursing. A second preference shall be for students in Pre-Medical/Dental/Optomety, and a third preference shall be for students of any discipline. The minimum award is at least one-third of the tuition amount, including mandatory fees.

To qualify, recipients must be residents of Kennebunkport at the time of high school graduation and must have a financial need and a reasonable academic record. They must be of good character and show good work habits.

Interested students should contact the Office of Student Financial Aid at one of the following four locations, which have nursing programs: University of Maine, Orono, Maine 04469; University of Southern Maine, 96 Falmouth Street, PO Box 9300, Portland, Maine 04104-9300; University of Maine at Fort Kent, 25 Pleasant Street, Fort Kent, Maine 04743; University of Maine at Augusta, 46 University Drive, Augusta, Maine 04330-9410.

Maine Regional School Unit 21
The Schools of Arundel, Kennebunk, and Kennebunkport

"Preparing responsible, contributing citizens in a global society."

Andrew R. Dolloff, Superintendent of Schools
Bruce A. Rudolph, Business Administrator

Sara Zito, Assistant Superintendent
Susan M. Mulsow, Director of Special Services

SUPERINTENDENT OF SCHOOLS REPORT

I am pleased to take this opportunity to report to the citizens of Kennebunkport on the wonderful successes of their students in Regional School Unit 21. 2012 was an eventful year for the district, with a new cost-sharing formula being proposed for the district, the Town of Arundel voting to remain with the RSU, and plans being refined for the proposed renovation of Consolidated School, Mildred L. Day School in Arundel, and Kennebunk High School. Through all of this, the students of Kennebunkport continue to shine in every conceivable measure.

Students at Kennebunkport Consolidated School have consistently performed at the highest percentile in Maine on regionalized testing programs. Although this is not the sole measure of a high-performing school, it does provide us with important data on student performance, and I am pleased to report that our students in kindergarten through grade 5 continue to impress with their academic prowess. As with any successful school, this does not happen without tremendous support from home. The parents and community members of Consolidated School provide that support at a level that is well beyond the norm demonstrating that, although it may not take a village to raise every child, it certainly helps.

Kennebunkport students in grades 6-8 enjoy a great deal of success at the Middle School of the Kennebunks, Maine's only International Baccalaureate middle school. Many unique learning opportunities are available at MSK, including programs that are supported by the Education Foundation of the Kennebunks and Arundel. The 8th Grade Leadership Retreat at Camp Kieve, a three-day program in which all members of the class, and a significant number of staff members, travel to Kieve to participate in experiential learning activities is one example of such opportunities. MSK students perform among the highest ten percent in Maine on standardized testing, while their participation in co- and extra-curricular activities provides us with many outstanding performances.

Kennebunk High School offers students a wide variety of academic and co-curricular opportunities. Much like Consolidated School, the facility is in need of significant renovations, but the programming available to students rivals that found in any high school in Maine. Our current plans to expand international programming include enrolling students from other countries at KHS, which will allow us to explore sending our own students abroad for cultural learning opportunities as well. KHS students are consistently among the highest performers in Maine, and our recent graduates are found in colleges and universities throughout the country. Many KHS alumni continue to make significant contributions to their communities around the globe, and we are reconnecting with them through on-line social networking as we seek to strengthen the ties between KHS and the world beyond us.

It is a pleasure to work with a community that places a high value on the education of its children. I look forward to providing you with reports of continued excellence from our students in the future.

Sincerely,

Andrew R. Dolloff
Superintendent of Schools

87 FLETCHER STREET, KENNEBUNK, MAINE 04043

Note: Recycling is collected *every* Saturday in GSRB during the summer.

For questions regarding recycling collection service, please call Oceanside Rubbish, Inc. at 646-3230; or Nicole, at the Highway Department at 967-5728.

TRASH AND RECYCLING COLLECTION SCHEDULE

In Kennebunkport, trash is picked up weekly. Recycling is picked up every other week as indicated on the calendar on the opposite page (except at Goose Rocks Beach during the summer as indicated below.)

Trash and recycling containers may be put out no earlier than 4 PM the day prior to scheduled collection and should be removed within 24 hours of pick up.

Hours of trash and recycling collection: No earlier than 6:30 AM and completed no later than 6:00 PM.

Noncollection holidays: Thanksgiving, Christmas, and New Year's. Alternate collection days will be advertised on the Town government Cable Channels 2/16 and the Town Website at <http://www.kennebunkportme.gov>.

GOOSE ROCKS BEACH TRASH AND RECYCLING COLLECTION SCHEDULE

Trash and recycling collection occurs on Fridays in the Goose Rocks Beach area in the spring, fall and winter.

In the summer, the collection schedule changes to Saturdays as follows:

GOOSE ROCKS BEACH SUMMER OF 2013 COLLECTION DAYS

Both recycling and trash collection occurs
every week
on Saturdays beginning
June 15, 2013, through September 7, 2013

The schedule returns to Friday pick up of trash on September 14, 2013, and every other Friday for recycling pick up beginning September 20, 2013.

SINGLE-STREAM RECYCLING

The Town of Kennebunkport uses the "single-stream" recycling process. This process means that all recycling (paper and commingled containers) can be put into one recycling bin. Oceanside then brings the combined recyclables to a facility where they are sorted on a system of conveyor belts.

Sorting the recyclables is **not** needed. Please continue to put all trash in trash bins, and all recycling in recycling bins.

If you have any questions, please contact Nicole, at the Highway Dept. at 967-5728.

HOW TO IDENTIFY YOUR PLASTICS FOR RECYCLING

With the large variety of plastics available, the average consumer often has difficulty distinguishing between the types of plastic discards. To facilitate recycling, these items are coded by the manufacturers. A coding numeral can be found on the bottom of a plastic container. For easy identification of your plastic items, please refer to the following numbering system:

Plastic Recycling Reference Chart <i>The following items will be picked up curbside:</i>		
Coding Number	Item	Description
1	Polyethylene Terephthalate (PET)	Soda bottles, generally referred to as custom PET (peanut butter type jars, dishwashing liquids, liquor bottles).
2	HighDensity Polyethylene (HDPE)	Clear (white) containers or colored containers. The clear bottles (milk and water jugs) are also known as natural HDPE. Colored bottles will primarily consist of liquid detergent bottles, motor oil bottles, cosmetic bottles.
3	Vinyl or Polyvinyl Chloride (PVC)	Crystal clear cooking oil bottles, shampoo bottles, etc.
4	Low Density Polyethylene (LDPE)	Most LDPE will be in the form of plastic bags. Additionally, plastic lids and some squeeze bottles are made from LDPE.
5	Polypropylene (PP)	These bottles include syrup containers, ketchup bottles, yogurt containers, margarine tubs, and most bottle caps.
6	Polystyrene (PS)	Numerous molded products are made from PS. They include coffee cups, meat trays, plastic utensils, videocassette cases..
7	A catch all numbering for materials not included above.	Most often packaging in number 7 containers will consist of glues or metal-based materials.

There are also other methods which you can use to differentiate between bottles. Most mistakes are made in segregating PET from PVC bottles; however, these types of bottles can be readily distinguished by the molding scar on their bottom. PVC has a horizontal scar (often referred to as a “smile”). When a PVC bottle is bent or creased, a white mark will show at the point of the bend. PET has a circular scar (called a “bullet hole” or “nipple”).

For questions regarding recycling or trash collection service, please call Oceanside Rubbish, Inc. at 646-3230, or Nicole at the Highway Department, at 967-5728.

RECYCLING REFERENCE CHART

Items picked up curbside

Items	<u>Recycle</u> these items	<u>How to prepare</u> items	<u>Exclude</u> these items
Glass	Brown & clear glass. Bottles and jars.	Rinse clean. Remove lids. Co-mingle in bin.	No broken jars or bottles. No drinking glasses. No light bulbs. No window glass. No ceramics or china. No green glass.
Plastics #1-7	Plastics numbered 1 through 7.	Clean containers. Flatten to save space. Co-mingle in bin.	No plastic bags, even if they are identified as #2 plastic. No motor oil or hazardous waste containers.
Metal and Tin Cans	Tin cans Aluminum cans Empty paint cans Aerosol cans Aluminum foil and plates	Empty and clean containers. Do not put in sharp lids (unless crushed in can). Co-mingle in bin.	No food waste left in cans.
Paper	Mixed paper Junk mail Pressed board (cereal boxes, etc.) Office paper	No need to bundle.	Do not use plastic bags to bundle paper together.
Newspaper and Magazines	Newspapers Catalogues Magazines Telephone books	No need to bundle.	Do not use plastic bags to bundle paper.
Corrugated Cardboard	Corrugated boxes	Flatten and cut up to size no larger than 4 ft by 4 ft.	If wet outside, wait until next recycling day.
Returnable Bottles and Cans	Any deposit	Rinse clean. Remove lids. Co-mingle in bin.	Bottles can have any deposit label. Check wine bottles .

For questions regarding recycling collection service, please call Oceanside Rubbish, Inc. at 646-3230.

\$100.01 to \$200.00	\$6.00
\$200.01 to \$300.00	\$9.00
\$300.01 to \$400.00	\$12.00
\$400.01 and above...Add \$3.00 to listed total for each \$100 payment range or portion thereof.	

Vehicle **re-registrations** can be processed with *e-checks only* through Rapid Renewal program. Convenience fees dependent upon vehicle type.

For online services, visit the Town Website at www.kennebunkportme.gov and select the blue **Online Bill Payment** tab.

TOWN BOARDS/COMMITTEE MEETING BROADCASTS AVAILABLE ONLINE

The Town offers as a public service online availability to all town board and committee meetings that are broadcast on local cable channels 2 or 16. These meetings may be accessed via the internet at <http://www.townhallstreams.com/locations/kennebunkport-maine>, or visit the Town's Website at <http://www.kennebunkportme.gov> and click on the blue button for on-line meetings.

All meetings broadcast on cable channels 2 or 16, such as the Board of Selectmen, Planning Board, Growth Planning Committee, and RSU #21 are streamed "live" on the internet at the above address and available for viewing at any time for one year after the initial broadcast.

The web access is hosted by Town Hall Streaming, a Maine company based in York.

This service allows residents to view meetings at individual's convenience. It benefits households that do not have cable service and also property owners who do not live year-round in Kennebunkport.

In addition to board and committee meetings, the Kennebunkport Town Hall Stream's site will make available other local broadcasts of interest.

NOTES
